WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with various firms and contractors for labor, supplies, etc. Communications from the heads

of the several departments were as follows:

PARK DEPARTMENT.

BOSTON, November 3, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—The George Wright Golf Course Clubhouse is rapidly nearing completion. The placing of the Ludowici Norman Shingle Tile on the roof of this clubhouse is a very important matter.

This tile must be placed by men who know absolutely what they are doing. The roof is in various sections, each section having a different pitch; also, there are straight and curved valleys, straight hips, dormer windows, etc. Each of these parts must meet the main body or field exactly. There are also various shades and they must be blended together in a correct manner. In other words, each special piece has its particular place in the roof and the department would be in considerable difficulty if these specials were wrongly installed.

I have had the district office at Oliver street comb the W. P. A. for men entirely familiar with this work without success. I have also tried, without success, to obtain men from the outside who could do this work.

The Government purchased this tile at a cost exceeding \$8,000 and the company who sold the tile to the Government are the only logical people to oversee this entire job and to furnish men to install the difficult sections.

This company, the Alfred LoCascio & Son Company, Incorporated, 73 Newbury street, Boston, is continually doing work for the Library Department, and I have received a proposal from them in which they agree to sort the tile, line the roof, install trim and cut work, and guarantee same for the sum of \$1,850.

As this tile was paid for by the Government, and the entire building as set up in project form will cost over \$155,000, I respectfully request that I be given permission to award this company a contract, without advertising, for the reasons stated above.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 12, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In connection with the construction of the addition to the Suffolk County Court House and the demolition of the present House of Detention, it has become necessary to house the prisoners awaiting trial in some other location.

With this thought in mind, I have conferred at length with the Suffolk County Court House Commission and the Police Department and we have arrived at the conclusion that the most favorable location is Police Station 16, Back Bay.

Plans and specifications for the remodeling of a section of this police station into a house of detention have been prepared by the Suffolk County Court House Commission with the assistance of P. J. Dinn & Co., experts in prison cell work.

Inasmuch as time is of the essence in this work and nothing could be gained by advertising for bids, this being the work of specialists, I respectfully request permission to award this contract to P. J. Dinn & Co. in accordance with the plans and specifications in the sum of \$14,750 without the usual form of advertising.

Respectfully yours,
ROSSELL G. HALL,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, November 9, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to extend the term of the contract between the City and the Socony-Vacuum Oil Company, Incorporated, approved by your Honor on November 7, 1935, for furnishing fuel oil to the Fire and Institutions Department boats, from September 30, 1936, to December 1, 1936.

This contract calls for medium fuel oil, the kind of fuel oil that the Institutions Department boat "Stephen J. O'Meara" has been using. The Commissioner of the Institutions Department is desirous of making a test of heavy fuel oil under the boilers, for the reason that if the use of heavy fuel oil proves satisfactory, it will mean a saving to the city of approximately \$1,500 per year. The Commissioner of the Institutions Department has informed me that he will be able to make a report on the burning of the heavy fuel oil by December 1, 1936.

Bids were publicly opened and read on September 15, 1936, for medium fuel oil, with alternate bids received on heavy fuel oil, for the Institutions Department boat "Stephen J. O'Meara" until December 31, 1936, with the option of purchasing on the same terms and conditions until September 30, 1937. No recommendation as to the award of this contract has been made, pending the report from the Commissioner of the Institutions Department.

In view of the above facts, I respectfully request that you approve this extension until December 1, 1936, at which time the report from the Commissioner of the Institutions Department will have been received, and a new contract can be awarded.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

ANIMALS FOR ZOO.

The Mayor has approved the following request from the Park Department:

PARK DEPARTMENT.

November 5, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—This department has six male llamas at present in our zoological exhibit in the Animal Range, Franklin Park, and I respectfully request permission to dispose of three of them in trade for stock we can use to good advantage.

With your permission, I can arrange with Mr. Warren E. Buck, animal dealer, 420 Garden avenue, Camden, New Jersey, a trade, wherein I can obtain animals to the value of \$955.

This offer is an exceptionally good one, as there is no shortage of llamas on the market,—males in particular are hard to dispose of. I would like to exchange these males for:

1 Diana Monkey	\$125
3 Moustache Monkeys	225
2 Male Red-Headed Mangabeys	120
2 Male Gray-Cheeked Mangabeys	120
2 Male Sooty Mangabeys	70
1 Black Ape	175
2 Male Mozambique Monkeys	120
Total	\$955

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Osborne Office Furniture Company have been allowed to amend the contract for furnishing and installing furniture and equipment in the intermediate school in the Washington Irving District, striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The Contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

Morris Gordon and Son, Incorporated, have been allowed to amend the contract for furnishing and installing furniture and equipment in the intermediate school in the Washington Irving District, striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The Contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

I. Shannahofski has been allowed to amend the contract for furnishing and installing furniture and equipment in the addition to the Robert Gould Shaw School by striking out the word and figures "August 15, 1936," on page 10, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 10 shall read: "The Contractor shall start work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

Morris Gordon & Son, Incorporated, have been allowed to amend the contract for furnishing and installing furniture and equipment in the addition to the Robert Gould Shaw School by striking out the word and figures "August 15, 1936," on page 10, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 10 shall read: "The Contractor shall start work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

J. L. Hammett Company have been allowed to amend the contract for furnishing and installing furniture and equipment in the addition to the Robert Gould Shaw School by striking out the word and figures "August 15, 1936," on page 10, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 10 shall read: "The Contractor shall start work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on

October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

McCarthy Brothers have been allowed to amend the contract for furnishing and installing furniture and equipment in the addition to the Robert Gould Shaw School by striking out the word and figures "August 15, 1936," on page 10, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 10 shall read: "The Contractor shall start work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

Dennett & Bigelow, Incorporated, have been allowed to amend the contract for furnishing and installing furniture and equipment in the addition to the Robert Gould Shaw School by striking out the word and figures "August 15, 1936," on page 10, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 10 shall read: "The Contractor shall start work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the Specifications."

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Zigmund Talent, 24 Havelock street, Dorchester, in the sum of \$15.75, as compensation for damage to automobile caused by defect in highway on Blue Hill avenue, at the intersection of Canterbury street, Dorchester, April 7, 1936.

Mary A. Hallinan, 57 Mallet street, Dorchester, in the sum of \$25, as compensation for personal injuries caused by defective sidewalk on Roseland street, near corner of Santuit street, Dorchester, April 10, 1936.

Nellie S. Coleman, 30 Hemenway street, Boston, in the sum of \$5, as compensation for personal injuries caused by defective sidewalk which surrounds the triangle at Tremont street, Broadway and Shawmut avenue, August 23, 1936.

Daniel A. Barry, 173 Metropolitan avenue, Roslindale, in the sum of \$6.15, as compensation for damage to automobile caused by depression in highway in front of 130 Metropolitan avenue, April 6, 1936.

May T. Cayting, 7 George street, West Roxbury, in the sum of \$35, as compensation for personal injuries caused by defective sidewalk in front of 728 South street, Roslindale, August 14, 1936.

Café de Paris, 165 Massachusetts avenue, in the sum of \$2.86, as refund on twenty-six unused refuse tickets purchased in June, 1936, and returned to the Public Works Department on August 28, 1936.

Mayflower Liquor & Wine Company, 176 Boylston street, Boston, in the sum of \$1.98, as refund on eighteen unused refuse tickets purchased on August 8, 1936, and returned on August 18, 1936, to the Public Works Department.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Mercer street, bounded:

Westerly by Tileston street, seven and 24-100 feet; northwesterly by another part of Mercer street, one hundred ninety-five and 94-100 feet; northeasterly by the same, six feet; and southeasterly by the same, two hundred feet, containing eleven hundred and eighty-eight square feet, more or less.

The sewerage works to be constructed are as follows: 185 linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimated that the abutting lots of land on both sides of Mercer street, excluding the lot at the southerly corner of Mercer street and Tileston street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1163, Sewerage Works, Mercer Street, Hyde Park, October 13, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Kastantas Abazarius and Anthony Abazarius.....	\$100 00
2. Kastantas Abazarius and Anthony Abazarius.....	80 00
3. Stan Rodzruas.....	93 98
4. The Pennsylvania Fire Insurance Company.....	Nothing
5. Frank Losordo.....	\$83 50
6. Frank Losordo.....	83 50
7. Frank Losordo.....	83 50
8. Frank Losordo.....	83 50
9. Frank Losordo.....	83 48
Total.....	\$691 46

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Mercer street, Hyde Park district, under the order of the Board of October 30, 1936, and awards no damages therefor.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Hyde Park district, designated as Mercer street, leading northeasterly from Tileston street for a distance of approximately two hundred and fifteen feet, as shown on a plan on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

I. THOMAS E. CUDDIHY.

It is with deep regret that the Fire Commissioner announces the death, on October 21, 1936, of Apparatus Operator Thomas E. Cuddihy of the High Pressure Service.

The funeral was held from his late residence, 25 Brown avenue, Roslindale, at 9.30 a. m., October 24, 1936, followed by services at the Church of the Sacred Heart, Cummins Highway and Brown avenue, at 10 a. m.

The chief of department made the customary detail to act as a funeral escort and the members of the High Pressure Service were granted time off in order to attend the funeral services.

II. NEW ASSIGNMENT CARD.

As announced in General Order No. 50, c. s., a new assignment card is being issued to the department today for Box 3215, Dorchester avenue and Kemp street.

III. FIRE ALARM BOX REMOVED FROM SERVICE.

Box 12-7322 (on No. 11 circuit), School Buildings Department, East First and Summer streets, has been removed from service. Company commanders will make the necessary correction on the assignment card for Box 7322.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the American District Telegraph Company in this department:

Signal 573, manual alarm.

Signal 574, waterflow alarm.

Westinghouse Electric and Manufacturing Company, 12-22 Farnsworth street. Apparatus to respond: Engine 38, Ladder 18, District Chief 3. Nearest box 7112.

V. BOSTON AUTOMATIC FIRE ALARM ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 626, building 525 East Second street.

Signal 636, shed in rear of 516 East Second street.

Signal 637, cooper shop, rear 516 East Second street.

Signal 638, boiler room, rear 516 East Second street.

Signal 639, office building, 516 East Second street.

Signal 575, 19 H street, third floor only.

Signal 576, bonded warehouse (enter rear 516 East Second street).

Signal 577, 526 East Second street.

Apparatus to respond to all foregoing signals; Engine 1, Ladder, 5, District Chief 6. Nearest box 7315.

Signal 212, 12-18 Pittsburgh street. Apparatus to respond; Engine 39, Ladder 18, District Chief 3. Nearest box 7112.

VI. EXHIBITION OF FIRE-FIGHTING RELICS.

The Fire Commissioner is in receipt of a letter from Mr. George R. Marvin, clerk of the Bostonian Society, in which he extends an invitation to all members of the Fire Department to view a special exhibit of relics of fire-fighting in the early days. The exhibition is being held in the Old State House, and the hours are from 9 a. m. to 4 p. m. daily, except Sundays and holidays, and there is no admission charge.

VII. COMMENDATION.

Apparatus Operator Francis P. Donahue of Engine Company 39 and Hoseman Henry M. Ducey of Engine Company 38 are hereby commended for wading into the waters of Dorchester Bay, on October 14, 1936, and carrying ashore a woman whom they had noticed in the water, apparently in a helpless condition. These men were on a meal period at the time.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. Fox,
Chief of Department.

CIRCULAR LETTER NO. 11.

CITY OF BOSTON,
MAYOR'S OFFICE, November 5, 1936.

To the Heads of Departments.

GENTLEMEN,—You are requested to submit to me on or before November 30, suggestions for legislation pertaining to your respective departments which you deem advisable to have submitted for enactment by the next session of the Legislature.

Yours truly,
FREDERICK W. MANSFIELD, Mayor.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 7.

New Bedford, Wednesday, December 9.

New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use

the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in

that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being parts of the private ways known as Hart street and Prospect street, bounded:

Westerly by Baker street, thirteen and 3-100 feet; northwesterly by another part of Hart street, five hundred forty-three and 29-100 feet; northerly by the same and by another part of Prospect street, sixty-one and 88-100 feet on a curve of thirty-six feet radius; north-easterly by another part of Prospect street, thirty-nine and 16-100 feet; northerly by the same, twenty-seven and 38-100 feet on a curve of twenty-four feet radius; northeasterly by land hereinafter described as taken from Old Colony Railroad Company, twelve and 76-100 feet; southerly by another part of Prospect street, forty-six and 42-100 feet on a curve of thirty-six feet radius; southwesterly by the same, thirty-nine and 16-100 feet; southerly by the same, and by another part of Hart street, forty-one and 25-100 feet on a curve of twenty-four feet radius; and southeasterly by another part of Hart street, five hundred forty-eight and 42-100 feet, containing eighty hundred and eighty-two square feet, more or less.

A parcel of land, supposed to belong to Old Colony Railroad Company, bounded:

Southwesterly by Prospect street, twelve and 76-100 feet; northwesterly by other land supposed to belong to said company, by two measurements, fourteen and 92-100 feet on a curve of twenty-four feet radius and five feet; north-easterly by the same, twelve feet; south-easterly by the same, by two measurements, five feet and seventeen and 4-100 feet; containing two hundred and fifty-one square feet, more or less.

The sewerage works to be constructed are as follows:

In Hart street 550 linear feet of 5-foot circular concrete surface drain, and in Prospect street and in private land 136 linear feet of 5-foot circular concrete surface drain.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes in Hart street, Prospect street and private land off Prospect street, West Roxbury district, under the order of the Board of October 30, 1936, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Owners Unknown (Hart street and Prospect street) 8,082 square feet..... Nothing
Old Colony Railroad Company, 251 square feet..... \$1

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rules, which were adopted June 29, 1936, and were effective July 6, 1936, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from September 4, 1936, are hereby extended for a further trial period of sixty (60) days, from November 3, 1936.

The Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and November 6, 1935, are hereby amended as follows:

Parking of vehicles is prohibited in the following streets:

Arion Street, Dorchester.

Both sides, from Columbia road to Davenport avenue, twenty-four hours.

Clayton Street, Dorchester.

West side, from Leonard street to a point seventy-five (75) feet north of Leonard street, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be thirty (30) days, the following rules are effective November 7, 1936:

The following street is one way in the direction indicated:

Academy Hill Road, Brighton.

From Chestnut Hill avenue to Washington street.

Vehicles are excluded from the following street:

Tavern Road, Roxbury.

From Field street to Ruggles street.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted August 26, 1936, and was effective September 8, 1936, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from November 7, 1936.

The Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and November 6, 1935, are amended as follows:

Section 8, Part 2, is amended by adding the following:

Sleeper Street, South Boston.

Both sides, from Congress street to Northern avenue, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted August 27, 1936, and was effective September 8, 1936, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from November 7, 1936.

The Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and November 6, 1935, are amended as follows:

Section 8, Part 2, is amended by adding the following:

Main Street, Charlestown.

North side, from Beacham street to Dorrance street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of parades on Armistice Day, November 11, 1936, parking of vehicles is prohibited in the following streets, from 8 a. m. to 4 p. m.

Arlington Street, Downtown Boston.

Both sides, from Boylston street to Commonwealth avenue.

Commonwealth Avenue, Downtown Boston.

South roadway, both sides, from Arlington street to Hereford street.

Voted, That as urgently required by considerations of public safety and convenience, the following rules which were adopted September 9, 1936, and were effective September 12, 1936, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from November 11, 1936.

Parking of vehicles is prohibited in the following streets:

Brown Avenue, West Roxbury.

North side, from Cummins Highway to a point one hundred fifty (150) feet west of Cummins Highway, twenty-four hours.

South side, from Allen street to Seymour street, twenty-four hours.

Waldo Terrace, Brighton.

East side, from Henshaw street to Washington street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows effective November 16, 1936:

Section 8, Part 2, is amended by striking out the following:

Norman Street, Downtown Boston.

East side from Merrimac street to Green street, twenty-four hours.

South Margin Street, Downtown Boston.

South side, from Pitts street to Prospect street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Norman Street, Downtown Boston.

Both sides, from Merrimac street to South Margin street, twenty-four hours.

East side, from South Margin street to Green street, twenty-four hours.

South Margin Street, Downtown Boston.

South side, from Pitts street to Norman street, twenty-four hours.

Both sides, from Norman street to Staniford street, twenty-four hours.

South side, from Staniford street to Prospect street, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

Norman Street, Downtown Boston.

From Merrimac street to Green street.

Section 24, Part 1, is amended by adding the following:

Norman Street, Downtown Boston.

From South Margin street to Green street.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Taylor terrace, Dorchester district, as a highway, from Arcadia street to Charles Street Footway, with the name of Toledo street or some other distinctive name bounded and described as follows:

A highway named Toledo terrace is here-

by laid out, from Arcadia street to Charles Street Footway, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Arcadia street, twenty-five feet; easterly by the easterly line of said Toledo terrace as hereby laid out, two hundred feet; southerly by the southerly line of said Toledo terrace as hereby laid out, twenty-five feet; and westerly by the westerly line of said Toledo terrace as hereby laid out, two hundred feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the easterly and westerly sides of said Toledo terrace will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots in the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Toledo Terrace, Dorchester, Assessment Plan, June 16, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department:

Lot.	Amount.
1. Michael and Mary Caliri.....	\$165 00
2. Johanna McInnes.....	200 00
3. City of Boston.....	250 00
5. Patrick J. and Mary T. Walsh.....	196 80
6. Florence L. Donoghue.....	106 50
7. Dennis and Margaret McLaughlin.....	108 50
8. George and Annie Harkins.....	113 00

\$1,139 80

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Toledo terrace (formerly Taylor terrace), Dorchester district, as a highway, under the order of the Board of October 20, 1936, and awards no damages therefor.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 545 East Second street, rear, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner of record, Michael J. Mahoney, cannot be located, but a notice of the unsafe condition has been posted on the external wall of the building. The building is in such an unsafe condition that written approval is requested to enter the premises and remove the building in accordance with the provisions of sections 4 and 5, chapter 550, Acts of 1907, as amended.

The building at 156 K street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owners, Rose Tegen of 188 Highland street, Roxbury, and Susan Callahan of 432 East Fifth street, South Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the unsafe condition. Written approval is requested to enter the premises and remove the building in accordance with the provisions of sections 4 and 5, chapter 550, Acts of 1907, as amended.

CONSTRUCTION OF STREETS.

The Mayor has approved the following request of the Public Works Department:

November 4, 1936.

To the Mayor of Boston.

In accordance with the provisions of section 4 of chapter 393 of the Acts of 1906, I hereby certify that public necessity requires that the construction of the following streets, which have been laid out and ordered constructed under the authority of said act, be carried on after November 15, 1936, and respectfully request your approval therefor:

Fremont street, Dorchester, from Babson street to River street.

White Oak road, West Roxbury, from Wren street to Wren street.

Toledo terrace, Dorchester, from Arcadia street 200 feet southerly.

Yours respectfully,

C. J. CARVEN,
Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING X-RAY APPARATUS.

The Supply Department of the City of Boston invites proposals for furnishing to the Boston City Hospital, X-ray apparatus, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, November 25, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 14.) Superintendent of Supplies.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT ELECTRIC LAMPS FOR THE PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, large incandescent electric lamps. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Large Incandescent Electric Lamps." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, November 23, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Nov. 14.)

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1937. Proposals, accompanied by a certified check in the amount of \$200, if filed, at the office of the Trustees, Central Library Building, before 12 o'clock noon on Wednesday, December 2, 1936, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for work may be obtained at the office of the Comptroller, Central Library Building, on and after Saturday, November 14, 1936.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ELLERY SEDGWICK, Vice President.
(Nov. 14-21-28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF LARGE INCANDESCENT LAMPS AND MINIATURE MAZDA LAMPS.

The Supply Department of the City of Boston invites proposals for furnishing large incandescent lamps and miniature Mazda lamps to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for fifty per cent (50%) of the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Monday, November 23, 1936, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 14.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FIRE HOSE TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing fire hose to the Fire Department. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each proposal taken out.* The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The bid, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, November 24, 1936, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 14.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR NEW PUMP FOR CALF PASTURE PUMPING STATION.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing new pump in Calf Pasture pumping station, South Boston, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for New Pump for Calf Pasture Pumping Station," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Monday, December 7, 1936, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Nov. 14.) Commissioner of Public Works.

CITY OF BOSTON.

LISTING BOARD.

PROPOSALS FOR PERFORMANCE OF WORK IN CONNECTION WITH THE LISTING OF RESIDENTS TWENTY YEARS OF AGE OR OVER FOR THE YEAR 1937.

The Listing Board for the City of Boston invites proposals for the performance of the work and to furnish the material in connection with the work of listing the residents of Boston, beginning January 2, 1937. The bidder must use the form of proposal to be obtained at the office of the Property Clerk of the Boston Police Department, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$1,000, payable to and to become the property of the Listing Board for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, November 20, 1936, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Listing Board reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as it deems for the best interest of the Listing Board of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 25 per cent of the estimated contract amount.

No. 47

THROUGH DEVELOPMENTS AND IMPROVEMENTS MADE AT EAST BOSTON AIRPORT UNDER DIRECTION OF PARK COMMISSIONER LONG, WITH THE ACTIVE SUPPORT AND EFFORT OF MAYOR MANSFIELD, THE PORT NOW HANDLES MORE THAN 5 PER CENT OF AIR TRAFFIC OF ENTIRE COUNTRY, WITH AN AVERAGE USE BY 6,000 PERSONS PER MONTH FOR THE YEAR—PRESENT PROGRAM OF IMPROVEMENTS WHEN COMPLETED WILL SHOW CITY AS SPENDING \$200,000 AND W. P. A. \$500,000, GIVING WORK TO 500 PERSONS OVER A YEAR'S PERIOD—PLANS BEING CONSIDERED FOR FUTURE GROWTH ALSO.

Under the supervision of Park Commissioner William P. Long and at the direction of and with the hearty support of Mayor Frederick W. Mansfield, the Boston Airport is closing the year 1936 with a record for achievement and accomplishment unexcelled by any other airport on the Atlantic seaboard and which makes it one of the outstanding air centers in the entire country, if not in the world.

The program of development, as carried out thus far at the port, has been made at a cost of \$200,000 on the part of the city and a contribution of \$500,000 by the Federal Government, with the employment of more than five hundred citizens of Boston, for a period of over one year. It is estimated, so busy has been the airport this year, due to continued improvements and growth of renown, that at least 100,000 persons will have made use of the port for flights for business purposes, with an average traffic of 6,000 persons per month. Of the total passengers carried in the entire United States for the year, statistics show that 5 per cent of these arrive or depart from the Boston Airport. The importance of this figure is shown when it is considered that Newark, accredited with being the busiest airport in the country, handles 25 per cent of all the passengers carried on airlines.

Establishment by the United States Army.

The Boston Airport was established in 1922 when the Commonwealth of Massachusetts leased the mud flats at Jeffries Point to the United States Army and the Massachusetts National Guard. The lease contained the provision that its free use should be allowed to commercial airplane operators of whom, of course, there were only a handful at that time. Four sheet-iron hangars were erected and two runways, 1,500 feet long by 100 feet wide, were developed. Later on, a commercial hangar was erected. The original concrete hangar floors, flush with the field, may still be seen and will probably be removed in the next year to make way for a hard surface apron, now under consideration.

It is interesting to note that the Boston Airport was the first landing area for airplanes to be designated as an *airport* instead of as a flying field. Since this time, nearly all major landing areas have been so designated.

After the epochal flight of Lindbergh, it became evident that the airplane as a means of transportation was to take an important place in the life of the community, and therefore, in 1927, after the necessary legislation had been enacted by the Commonwealth, some 75 acres of land, partially in use, were leased to the city for a period of twenty years. The land was subject to certain restrictions, subject to the previous leases from the Commonwealth to the Army and commercial interests and its development as an airport commenced under Park Commissioner William P. Long.

Acquisition by the City of Boston.

The Park Department, after consultation with its Air Board and aviation authorities, drew plans for immediate development, which was commenced in the spring of 1928. A passenger terminal and administration building, the finest of its kind, was erected by the city and hangar sites were leased to a number of operators, who erected thereon at their own expense hangars of approved design. The development from this point forward continued steadily until it became obvious that additional land was needed, when a lease to additional areas was secured from the Commonwealth and land along the Narrow Gauge Railroad was purchased outright to prevent further building by private interests to the northwest and so that obstacles detrimental to the use of the airport might not be erected thereon. A bond issue was authorized by the Legislature and the original area of 75 acres was increased by hydraulic fill to approximately 275 acres. The usable area of the airport was more than doubled under this program from 75 to approximately 190 acres.

First Development with Relief Labor.

At the commencement of the depression, further development was continued by the city with welfare labor. The areas thus far developed were added to and the lighting system was expanded. At this point the Federal Government inaugurated the C. W. A. The work was continued under these auspices and further developed under the E. R. A. and W. P. A. It is interesting to note that the first constructive project to be inaugurated as part of a relief program was the airport development at the Boston Airport.

(Continued on page 1324.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

FORREST P. HULL, *Editor*, Room 73, City Hall.
JOSHUA H. JONES, JR., *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, Room 73, City Hall.

Entered as second class matter at Boston Post Office.

STREET AGENCIES

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, November 23, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Nov. 14, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 164; nonresidents, 39; total, 203.

Death rate per 1,000 of population: All deaths, 13.16; nonresidents deducted, 10.63.

Death rate per 1,000 of population:

Last week, 15.00; corresponding week last year, 12.70.

Deaths by age periods, sex, etc.: Under one year, 14; one year to four years, inclusive, 3; sixty years and over, 105. Total deaths: Male, 115; female, 88; deaths in hospitals and institutions, 133; deaths of colored, 5.

REPORTABLE DISEASES: CASES AND DEATHS.*

CIVIL SERVICE EXAMINATIONS.
(STATE.)STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 7.

New Bedford, Wednesday, December 9.

New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three

months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

EAST BOSTON AIRPORT.

(Continued from page 1321.)

WORK ACCOMPLISHED WITH FEDERAL AID.

With Federal and City aid, approximately 85 acres have been filled, leveled, graded and surfaced with cinders, so that with the completion this next month of the present program, the airport will have been trebled in size until it is now a completed unit which compares favorably in appointments, although not in size, to any airport in the eastern section of the country. During this development, the general surroundings have not been neglected, and through the constant efforts of the Park Department the approaches and roads have been improved and landscaping effects originally insisted upon by the Park Department give it a well ordered and pleasing appearance.

Improvements of a miscellaneous nature, including the erection by the Commonwealth of the finest military hangar in the country, the addition of a seaplane ramp and seaplane floats which make it a combined land and seaplane port, have added materially to the utility of the airport and have made it the center of aviation for New England.

Under the W. P. A. there has been completed the finest boundary lighting and flood-lighting system to be found anywhere in the country. This consists of over fifty boundary lights spaced at 250 feet intervals around the field, three major flood-lighting units, and other necessary aids to navigation.

The Administration Building has been altered, improved and painted. Short concrete take-off strips, to be later extended, have been installed. There has been constructed and put in use a concrete platform for calibrating compasses and the drainage system has been supplemented with the installation of approximately 1,500 feet of drain pipe, together with fifty catch-basins.

Tool shelters and equipment buildings have been erected for present and future work and many miscellaneous changes, including the relocation of fences, have been made.

The improvements under this program have been made at a cost of approximately \$200,000 to the city and of \$500,000 to the Federal Government. Under the present W. P. A. program, now nearing completion, an average of five hundred men have been employed over a period of one year.

When in 1928 the airport was leased to the city, its original sponsors were very much interested in the type of man that would guide its destiny. It was essential that the airport be placed under an existing city department and under the direction of a commissioner with the necessary qualifications and foresight to insure its proper development. The most logical department seemed to be the Park Department.

The Administration, therefore, was prevailed upon to place the airport under Commissioner Long's supervision and that this choice was well justified has surely been attested to by the growth and development which has taken place through several administrations.

To take direct charge of the operation, maintenance and development of the airport, it was necessary to select a superintendent of exceptional qualifications. A man to fill the position must first of all need to be an experienced flyer. Administrative ability, technical and engineering qualifications, together with an ability to handle the public, are

also necessary. Here was a new industry with no precedents and no men trained for the position. After a survey of men available and qualified for the duties and after rejecting a large number of applicants, Capt. Albert L. Edson, Operations Officer of the Massachusetts National Guard, and, in civil life, secretary to the State Examiners of Electricians, was selected.

Captain Edson served as an aviator during the World War, was a graduate of the Electrical and Mechanical Engineering Courses at the Massachusetts Institute of Technology, had many years' training in mechanical lines and was an aviator with over twelve years' flying experience. As a resident of Boston for over seventeen years, this was a logical choice, and it has been through his ability and constant efforts that the airport has been developed in accordance with sound principles which have resulted in its high standing at the present time.

Captain Edson is thoroughly familiar with all phases of air transport operation as well as the operation and maintenance of aircraft. He has flown in nearly every part of the United States and visited all the major airports of importance in search of the best ideas and principles of operation which have been embodied in the development of the Boston Airport.

GENERAL TREND OF AIR TRANSPORTATION.

National statistics show a tremendous increase in passengers using airlines during the past year and this increased business despite the depression has been reflected in the activity at the Boston Airport. During the first eight months of 1935 over 33,000 passengers arrived at or departed from the Boston Airport on transport airlines, and this figure does not include the special flights, charter flights and flights by private owners for business purposes. It is estimated that the total passengers handled on scheduled airlines at the Boston Airport will reach a total of 50,000 for the year 1936 and a conservative estimate, which includes all flights, indicates that at least 100,000 persons will have made use of the Boston Airport for business purposes for the year 1936. The figures also show that there has been an increase of 62 per cent in 1936 over 1933 and an increase of 35 per cent over the year 1935. It is also significant that no month in 1936 shows a decrease over the corresponding month of the year previous. There was an increase of 121 per cent in January, 1936, over the same month of 1935 and a 50 per cent increase in July, 1936, over July, 1935. The present indications point to an average traffic of 6,000 passengers per month. A further analysis of statistics shows that of the total passengers carried in the United States, 5 per cent of them arrive and depart from the Boston Airport. The Newark Airport, acclaimed as one of the busiest terminals in the country, handles 25 per cent of all the passengers carried on the airlines. The development of the Boston Airport under the Boston Park Department has unquestionably been responsible in stimulating and making Boston the center of aviation for the New England States. Not only is the airport used by the United States Army, Massachusetts National Guard, United States Coast Guard and the United States Navy, but its excellent seaplane facilities have rendered it the only airport in the East where planes may readily change their equipment from wheels to floats for

operation on our many inland lakes. In addition to the facilities provided for transportation of its citizens, the Boston Airport has made of itself a center for the sale of airplanes, the distribution of supplies and the repair of aircraft from all over New England. The excellent repair shops afforded and the fact that it is a center for the Department of Commerce Inspection Service make it the focal point to which pilots from all over New England come for repairs, tests and materials. Over 100 planes are housed at the Boston Airport, direct employment is given to approximately five hundred pilots, mechanics, linemen, stewaresses, clerks and salesmen, to say nothing of associated employment created in industries and crafts supplying parts and materials for the operations of planes and of the airport. In addition to the strictly commercial flying, the airport is used by many private flyers who commute regularly to their summer residences and hunting lodges, and who use the airplane as a pleasure vehicle.

The fact also that the airport is open twenty-four hours a day and is the only airport in Massachusetts fully equipped for night flying has helped to make it the most important terminal in New England.

FURTHER LONG RANGE DEVELOPMENT NECESSARY.

Despite the increase in facilities and size of the airport, it has been barely possible, in the last five years, to keep abreast of the times and to keep up with the demand for service, including the necessary control features required to make flying safe. Unquestionably, it will be necessary in the near future to exclude student flying and to do this it will be necessary to develop other airports in the metropolitan area to an extent where they can adequately take care of this class of business. Other airports are in existence, but to date, lack of lighting facilities, lack of adequate drainage to insure all-weather operation, lack of hangars and of other facilities have mitigated against the use of other airports by the majority of persons learning to fly and by private flyers.

In the past, a 90 per cent completion of all trips scheduled was considered a good average by the airlines, but today, it is running close to 95 per cent and it is very apparent that the future of the industry depends on the fulfillment of the public demand that a 100 per cent schedule be maintained. In order to accomplish this result the airlines and the Department of Commerce have, during the past year, improved their facilities by the installation of instruments which enable them to fly "blind," through fog and bad weather. De-icing equipment has been installed on the wings and propellers of their airplanes, and as far as the airplane itself is concerned, flying in every conceivable sort of weather is close to accomplishment. The airports, however, have lagged behind in the development of facilities which will enable planes to land safely under bad weather conditions. While the Boston Airport is probably second to none in so far as good weather facilities are concerned, it must, however, immediately consider the extension of its present areas so as to provide for a "blind landing runway" from the southwest to the northeast. In addition to the necessary radio equipment, lights and aids to navigation that this will entail, it will be necessary for this purpose to extend the airport some 2,400 feet to the northeast towards Winthrop over the city-owned flats and to

extend it some 2,000 feet to the southwest towards the existing channel, in order to provide for a blind landing runway of approximately 7,000 feet in length. The need for this expansion is imperative if full use is to be made of the existing facilities. Such a development will entail the installation of some 16,000 feet of new bulkheads to supplement and replace the present ones which are badly in need of repair and will necessitate the filling of approximately three hundred more acres of adjacent mud flats. To consummate this improvement will take several years, will double the size of the present airport, and will involve over the next five years an expenditure of approximately five million dollars.

ADDITIONAL HANGAR SPACE AND LARGER HANGARS NEEDED.

Another serious situation which is tending to arrest the development of the Boston Airport is the lack of hangar space and hangars of adequate size. The present hangars with their 100-foot doors were built when airplanes with wing spreads of 150 feet were not thought possible. Today the regular scheduled airlines are using airplanes with wing spans of 95 feet, carrying a total of twenty-four people, including the crew. Airplanes now under construction which will be in service next year, or in 1938 at the latest, will have a wing span of 145 feet and will carry in the neighborhood of forty passengers. There is no hangar on the airport large enough to house these planes and it is doubtful if private capital will venture to build such a hangar under the existing conditions. In any event, without seriously jeopardizing the landing area at the airport, there is no area available at the present time on which there could be erected such a hangar. This means that either the present hangars must be torn down and new hangars erected or additional land to the northwest be acquired and used for this purpose. The city of Newark is at the present time building from city funds a hangar which it will rent to airlines and which will be approximately 1,000 feet long by 250 feet wide, with a door height of 40 feet.

A NEW LEASE FROM THE COMMONWEALTH NECESSARY.

The present lease from the Commonwealth to the city expires in approximately twelve years and if the development of the airport is to continue, it is imperative that steps be taken during the coming session of the Legislature to secure a new long-term lease of at least fifty years.

The present hangars are owned by the operators and under normal conditions will be written off in the next twelve years. It will be impossible for them to justify the expenditure of further sums for new hangars or alterations to the present hangars involving hundreds of thousands of dollars on a tenure of only twelve years.

Aside from the future program as outlined above, there is a vital necessity during the coming year for improvements of a miscellaneous nature which are essential for the proper functioning of an airport. Traffic control and the installation of a two-way radio system is the first and immediate requirement. Boston is the only major airport in the country not to possess this equipment, which is particularly necessary from the safety viewpoint with the increased volume of business.

EXTENSION OF PORTER STREET NECESSARY.

The Boston Airport enjoys the advantage of having excellent approaches from the air and it also enjoys the distinction of being the most accessible airport to the city of any major airport. It is less than two miles from the heart of the city and the Sumner Tunnel brings it within a twenty-minute ride from the center of the city. Only the lack of an adequate road from the East Boston side of the tunnel to the airport prevents it from being the most accessible airport in the world. At the present time it is necessary to travel from the tunnel entrance to the airport over a series of crowded narrow streets on which the fatalities from automobile accidents are as high as anywhere in the city. The extension of Porter street from the tunnel entrance to the airport with a parkway approach would remedy this situation at a cost of approximately \$200,000.

IMMEDIATE IMPROVEMENTS DURING THE NEXT YEAR.

Other improvements immediately necessary to take advantage of an otherwise excellent airport are additional fencing to keep unauthorized persons from the field, rebuilding and alterations to the present seaplane ramp and the installation of a marine railway for seaplanes, the extension and repair of water mains, the hard surfacing, with concrete, of areas adjacent to the hangars, the cinder-surfacing of additional areas, changes in the terminal building and additional lighting and bulkhead repairs.

The hard surfacing of certain parts of the landing, taxiing, and areas used for loading planes is imperative on account of the increased weight of the airplanes now in use. The weights of present airplanes run well over ten tons, the weights of next year's airplanes will be close to twenty tons and the load is concentrated almost in its entirety on two wheels, resulting in a pressure of approximately ten tons on an area of less than two square feet.

ORIGINAL DEVELOPMENT JUSTIFIED.

It seemed rather fanciful perhaps, when seven years ago the architect caused to be painted in the main waiting room of the Administration Building a large mural depicting the Boston Airport as the center of aviation for the United States, but recent developments have indicated that this may soon be the case. During the past year, various airlines, struggling for supremacy in the United States, have announced increased schedules to the Boston Airport and other airlines are now endeavoring to secure in Washington the necessary Federal permission to make their terminal at Boston instead of at New York. It is becoming increasingly evident that the foresight of the municipality in developing this splendid airport has been well justified.

It has been no mean task to provide these facilities and has required continuous construction work, during the past seven years, in order to keep abreast of a fast growing industry. Millions of cubic yards of material have been dredged from the harbor and hauled in from nearby cities in order to provide the necessary landing areas and to provide an anchorage for seaplanes. The average visitor sees only the surface of the airport and the airplanes in flight, but in order to make possible the safe flight of airplanes in all kinds of

weather and during the hours of darkness, it has been necessary to install thousands of feet of drainage, many miles of wire and conduit for lighting purposes, teletype machines and telephone lines for communication, and radio beams and aerial beacons for the navigation of aircraft in bad weather.

The almost phenomenal increase in air passenger traffic during the past few years has, it should be borne in mind, taken place during depression years. There is every indication that with a return of prosperity these increases will be insignificant compared with what is to come in the next five years.

A review of history will show that out of every depression some new industry or development has led the way. Thinking minds have expressed the opinion that the aviation industry is destined to be a major factor in the recovery from the present depression and that it will take an important place in our national life. Boston, with its splendid port facilities and with its splendid airport, is most certainly in an enviable position to lead the way.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

M. Solimando has been granted an extension of time until December 11, for the completion of the contract for constructing new control tower on roof of present tower, Administration Building, East Boston Airport.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 20-inch pipe and a surface drain of 5-foot by 5-foot 4-inch U-shaped concrete (W. P. A. Project 65-14-8337; Work Project 5772.) in Old Centre street between Board of Survey street No. 627 and 120 feet southwesterly, in the West Roxbury district, at an estimated cost of \$4,000.

A sanitary sewer of 1-foot 10-inch by 2-foot 2-inch U-shaped concrete and eleven catch-basins (W. P. A. Project 65-14-4959) (Old Harbor Village) in Hyde street, between Dorchester avenue and Old Colony avenue, in the South Boston district, at an estimated cost of \$38,000.

DEPARTMENT CHANGES.

The following changes in the numbering and compensation of the city employees have been made during the week ending Thursday, November 19:

INSTITUTIONS DEPARTMENT.

The following change has been made in the personnel for the week ending Thursday, November 12:

Long Island Hospital.

Appointment: Emanuel Silva, fireman, \$33.50 a week and board, temporary for three months.

PUBLIC BUILDINGS DEPARTMENT.

The temporary employment of John F. Craven as ambulance driver at \$30 a week (seven days a week) has been extended for a period of two months from November 16.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to continue the temporary employment of Frank Costello as construction carpenter at \$6 a day, for from thirty to sixty days, to fill a vacancy, effective November 17.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to continue the temporary employment of John A. Walsh as steam-roller engineer at \$41.50 a week, for two months from November 15, on W. P. A. and maintenance road-way construction.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to continue the temporary employment of John J. Bardon as fireman at \$41.50 a week, for three months from November 13, to fill a vacancy at the Calf Pasture pumping station.

CONTRACTS AMENDED.**DEPARTMENT OF SCHOOL BUILDINGS.**

The Rugo Construction Company, Incorporated, have been allowed to amend the contract for erecting and completing an addition to the South Boston High School, by striking out lines 1, 2, 3 and 4 of paragraph 9 on page 4 of said contract and substituting therefor the following so that said paragraph 9 on page 4 shall read: Unit Prices: Additions in the quantities of work for any of the items listed below shall be paid for in accordance with the unit price set against each item. The said contract is further amended by striking out "Included under Item F of the proposal forms" in line 13 on page 5 of said contract, so that said paragraph shall read: A differential in price for the deduction of quantities or work not performed by order of the superintendent of construction for the following items of work shall be as follows.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Acting Mayor.

BUILDING DEPARTMENT.

Upon November 16 the Acting Mayor approved a contract with the City Building Wrecking Company to take down the building at 156 K street, Ward 6, for the sum of \$49. The following bids were received:

City Building Wrecking Company, \$49; Central Building Wrecking Company, \$74; American Building Wrecking Company, Incorporated, \$80; Hub Building Wrecking Company, Incorporated, \$84; New England Building Wrecking Company, \$124.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon November 16 the Acting Mayor approved a contract with M. DeSisto Company for trench ledge drilling and blasting in Centre street, between Bogandale road and Spring street, West Roxbury, the lowest bidder, at an estimated cost of \$1,600. The following bids were received November 12:

M. DeSisto Company \$1,600; Roxbury Concrete Construction Company, Incorporated, \$1,670; J. D'Amico, Incorporated, \$1,700; R. Zoppo, \$1,800.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon November 16 the Acting Mayor approved a contract with R. Zoppo for sewerage works in Mercer street, Hyde Park, at an estimated cost of \$795.99. The following bids were received November 16:

R. Zoppo, \$795.99; J. D'Amico, Incorporated, \$863.25; Rossi Construction Company, \$907.06; Roxbury Concrete Construction Company, \$980.96; H. Baker Company, \$997; Standard Contracting Company, \$1,037.50; John Williams, \$1,090.66; D. A. Rossano, \$1,367.50.

SUPPLY DEPARTMENT.

Upon November 16 the Acting Mayor approved contracts with lowest bidders for furnishing chestnut coal for the Soldiers' Relief and Public Welfare Departments, until December 31, 1936, with the option of purchasing on the same terms and conditions until May 1, 1937, for the various districts (except Brighton and Charlestown). Such contracts, based upon estimated quantities, total the following respective amounts:

The Boston Ice Company, Roxbury District, \$55,080; Dorchester District, \$34,280; South End District, \$48,920; South Boston District, \$24,148. Total, \$162,428.

County Coal Company, Jamaica Plain District, \$9,820; West Roxbury, Roslindale and Hyde Park Districts, \$10,410. Total, \$20,230.

Tidewater Coal Company, North End and West End Districts, \$23,212.

East Boston Coal Company, East Boston District, \$21,310.

In the Brighton District, award of a contract to the Metropolitan Coal Company was recommended in the estimated contract sum of \$7,400.

In the Charlestown District, award of a contract to E. S. Morse & Co., one of the second lowest bidders, in the estimated

contract sum of \$13,600, was recommended because the lowest bid was for the same type of coal furnished by one of the welfare coal contractors last year, for delivery of part of which the city has withheld payment because of the contractor's failure to comply with the specifications.

Bids, opened October 22, were as follows:

Roxbury District.

Approximately 900 Tons, Delivery In November, 1936, and April, 1937, in Quarter Tons, Per Quarter Ton.—The Boston Ice Company, \$2.90*; D. J. Cutter & Co., \$3.50; Burns Brothers, \$3.50; Staples Coal Company, doing business as City Fuel Company, \$3.65; Metropolitan Coal Company, \$3.50; Batchelder-Whittemore Coal Company, \$3.50.

Has Bidder Agreement With Such Trucking or Other Company for Delivery of Coal Under This Bid?—Batchelder-Whittemore Coal Company, no; The Boston Ice Company, no; Burns Brothers, no; E. S. Morse & Co., no; Suffolk Coal Company, yes.

* Contract awarded.

Upon November 16 the Acting Mayor approved contracts with bidders as indicated for furnishing range oil for the Public Welfare and Soldiers' Relief Departments until December 31, with the option of purchasing on the same terms and conditions until April 30, 1937.

The lowest bidder in all districts was the Hanley Oil Company, Incorporated. The Hanley Oil Company, Incorporated, agrees that the best interest of the city would be served by awarding this company a contract for only one district, namely, the Dorchester district, in order to insure prompt delivery and efficient service.

For the Roxbury district, the second lowest bidder was the Heath Oil Company, also the second lowest bidder in the Jamaica Plain, Hyde Park, West Roxbury and Roslindale districts. The Heath Oil Company agrees that the best interests of the city would be served by

awarding this company a contract for the Jamaica Plain, Hyde Park, West Roxbury and Roslindale districts, in order to insure prompt delivery and efficient service.

It was recommended that awards of contracts be made to Hanley Oil Company, Incorporated, the lowest bidder in the Dorchester district, and to the second lowest regular bidder in all other districts, except Roxbury (in all of which districts Hanley Oil Company, Incorporated, is the lowest bidder), and to the third lowest bidder, namely, Everett Fuel Company, in the Roxbury district (in which district Hanley Oil Company, Incorporated, is the lowest bidder and Heath Oil Company the second lowest bidder).

The approximate amounts of the contracts were as follows:

Lynch Super Oil Company, Brighton district, 45,000 gallons, 6.86 cents a gallon, \$3,087.

Heath Oil Company, Hyde Park, West Roxbury and Roslindale districts, 90,000 gallons, 5.816 cents a gallon, \$5,234.40; Jamaica Plain district, 89,000 gallons, 5.816 cents a gallon, \$5,176.24.

Tidewater Coal Company, North and West End districts, 210,000 gallons, 6.063 cents a gallon, \$12,732.30.

Pennsylvania Oil Company, Charlestown district, 60,000 gallons, 6.336 cents a gallon, \$3,801.60; South End district, 210,000 gallons, 6.336 cents a gallon, \$13,305.60.

Gill Brothers, East Boston district, 307,000 gallons, 6 cents a gallon, \$18,420.

Hanley Oil Company, Incorporated, Dorchester district, 340,000 gallons, 5.721 cents a gallon, \$19,451.40.

Everett Fuel Company, Incorporated, Roxbury district, 435,000 gallons, 6.063 cents a gallon, \$26,374.05.

Congress Oil Company, South Boston district, 275,000 gallons, 6.093 cents a gallon, \$16,755.75.

Bids, opened October 26, were as follows:

POLICE DEPARTMENT ORDERS.

General Order No. 245.

A trial board consisting of Captains Gleavy, Connolly and Wall, having heard by reference a complaint made by Francis J. Murphy, captain, Division 9, against Patrick J. Murphy, 1st, patrolman, Division 9, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty.

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the said Patrolman Patrick J. Murphy, 1st, be suspended for a period of fifteen days, as of November 3, 1936, and at the expiration of said period of suspension he perform 105 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

Weighers of Goods: Albert W. Holland, 15 Eliot road, Revere, Mass.; Charles Smith, 77 Middlesex avenue, Swampscott, Mass.

Severally laid over a week under the law.

RESCISSION OF MILLION-DOLLAR LOAN.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1936.
To the City Council,
Gentlemen,—On July 2, 1936, a tax title loan of \$4,000,000, the proceeds of which were to be used to pay revenue loans of 1935, was authorized by your Honorable Body. Under this authorization \$3,000,000 has been borrowed from the Commonwealth, and from present indications no further borrowing will be made for this particular purpose. In view of this fact, the \$1,000,000 authorized but not issued should be rescinded, and I submit herewith an order providing for this rescission, and respectfully recommend its adoption by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the right to borrow money, the proceeds to be used to pay revenue loans of 1935, under the provisions of section 1, chapter 281, of the Acts of 1936, amending section 2 of chapter 49 of the Acts of 1933, approved by the Acting Mayor on July 2, 1936, be limited to \$3,000,000, and that the authorization to borrow in excess of said amount for said purpose be, and the same hereby is, rescinded.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.
Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Auditing Department:

Referred to Executive Committee.

SALE OF LAND, SANFORD PLACE.

The following was received:

City of Boston,
Office of the Mayor, November 6, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated October 22, 1936, and a letter from Sidney Dunn, Esq., dated October 19, 1936, relating to an offer to purchase certain property situated on Sanford place, Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is \$326.90, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a price of \$326.90, is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
October 22, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Mr. Sidney Dunn, 6 Beacon street, acting as attorney in behalf of the Volunteer Co-operative Bank, Boston, Mass., in the sum of three hundred twenty-six dollars and ninety cents (\$326.90) for the land and building No. 2 Sanford place, Boston. Copy of the offer is attached.

The costs to the city up to December 30, 1935, amount to three hundred twenty-six dollars and ninety cents (\$326.90), which includes the non-payment of taxes since the year 1928, but does not include interest, costs or other charges.

I suggest that this offer be accepted and the property returned to the bank at a private sale, and I cannot see where there can be any criticism if this sale is allowed, as the building on this lot comprises and is attached to another building not owned by the city, and under no circumstances could be sold as a separate unit or partitioned off.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSWELL G. HALL,
Real Estate Division.

Sidney Dunn,
Counselor at Law,
6 Beacon Street,

October 19, 1936.

Roswell G. Hall, Superintendent, Public Buildings Department.

Dear Sir,—The City of Boston holds title to property No. 2 Sanford place, Boston, Mass., under a decree dated June 30, 1936, and in this particular case the Volunteer Co-operative Bank is the mortgagee, and through error the notice was mislaid in the bank and the bank was defaulted.

The mortgage held by the bank covers this property and property on Nos. 8 and 10 East Lenox street, and the house being on Nos. 8 and 10 East Lenox street, the back door enters upon this lot and it is therefore necessary that this lot go with the other house.

Through a representative of the bank arrangements were made with the Collector's Office to redeem the property for the face of the taxes, interest and costs being waived. The amount being \$326.90.

I have taken the matter up with the Law Department to re-open the case and they said that they do not allow that to be done and suggested that I get in touch with your department to see about obtaining possession of the property.

I am hereby requesting on behalf of the bank that a deed be obtained from the City of Boston to the Volunteer Co-operative Bank for the amount above mentioned, and hope that it will be possible for you to obtain a deed from the city for that sum.

Thanking you in advance for any consideration you may be able to obtain in this matter, I remain,

Very truly yours,

SIDNEY DUNN.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated June 30, 1936, foreclosed a right of redemption under tax deed recorded with Suffolk Deeds, Book 5148, page 72, to about 650 square feet of land situated on the westerly side of Sanford place, Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made in behalf of the Volunteer Co-operative Bank by Mr. Sidney Dunn of Boston, in the sum of \$326.90; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land to the said Volunteer Co-operative Bank for the sum of \$326.90; and it is hereby further

Ordered, That said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the said Volunteer Co-operative Bank a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises to said Volunteer Co-operative Bank upon the payment to it by the said Volunteer Co-operative Bank of the sum of \$326.90.

Referred to the Committee on Public Lands and Tax Titles.

1937 POLICE LISTING.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1936.
To the City Council,

Gentlemen,—I transmit herewith a letter from the Police Commissioner relative to your order of October 5, 1936, concerning the police listing to be taken in January, 1937.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

October 27, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—Replying to your recent communication inclosing City Council order of October 5, 1936, which reads as follows:

"To instruct all police officers on the taking of the 1937 police listing in January next, to obtain from each person listed, a listing card signed by each person and witnessed in writing by the officer in each case."

and requesting consideration and report thereon, I am in receipt of a report from the superintendent stating that the limited time allotted for this work with the present complement of the Force, which is greatly undermanned at the present time, makes it practically a physical impossibility for police officers to undertake the additional work that would be required.

The efficiency of the department in serving the public would be seriously impaired if this additional duty were imposed upon police officers, having in mind the period that is prescribed by law for completing police listing in this city.

Very truly yours,
E. M. McSWEENEY, Police Commissioner.
Placed on file.

INFORMATION RE CITY-OWNED PARCELS OF LAND.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings and a letter from the City Collector relative to your order of October 5, 1936, concerning information pertaining to city-owned parcels of land.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
October 14, 1936.

John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—Referring to the attached order of the City Council, with reference to certain named parcels of city-owned property, I have to advise you as follows:

A. The number of families at each address is not available right now but the matter is being looked up and I will forward the information just as soon as I have it.

B, C and D. The matter of rent collections is in the hands of the City Collector and I respectfully suggest that the last three questions be referred to him.

Respectfully yours,
ROSWELL G. HALL,
Superintendent of Public Buildings.

City of Boston,
Collecting Department, October 20, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Reference is made to a communication from you, bearing upon a vote taken by the City Council under date of October 5, 1936, regarding certain parcels of property owned by the city.

It has been suggested by the Superintendent of Public Buildings that subdivisions B, C and D of said vote be answered by this department, and the information requested is given in the attached list.

Yours very truly,
JOHN F. DOHERTY,
City Collector.

STREET CONSTRUCTION.

The following was received:

City of Boston,
Office of the Mayor, November 6, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Commissioner of Public Works relative to your order of October 5, 1936, concerning street construction and reconstruction, whether with C. W. A., E. R. A., or W. P. A. assistance, in the City of Boston during the years 1933 to 1936, inclusive.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department,
November 6, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—In reply to your note of October 8, with attached order of City Council dated October 5, 1936, I beg leave to submit a list of streets newly constructed during the years 1934, 1935 and 1936 in answer to question 1a. This department is unable to answer question 1b, namely, as to the amount expended, as all records relative to expense are kept by the W. P. A. administrative forces and must be secured from the local administrator, Col. Thomas F. Sullivan.

Replying to question 2a as to streets reconstructed, the following list is respectfully submitted showing the streets so done during the years 1935 and 1936. Replying to question 2b as to the amount of money spent, I beg leave to state that the amount of money spent by this department under Item H, which takes care of Emergency Relief Projects, hiring of equipment and necessary materials, in 1934 amounted to \$50,266; 1935, \$257,000; and in 1936, \$300,000.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

OLD AGE ASSISTANCE APPLICATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Overseers of the Public Welfare relative to your order of October 19, 1936, concerning information pertaining to the administration of old age assistance applications.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Overseers of the Public Welfare,

November 6, 1936.

Mr. John F. Gilmore, Jr.,

Assistant Secretary to the Mayor.

Dear Mr. Gilmore,—The following is the information you requested for the City Council:

1. Number of applications for old age assistance pending, 3,070.

2. Number of visitors now assigned, temporarily or permanently, to investigation of cases, 35.

3. In normal times, because of the small number of social workers and typists, the average time required for completion of the investigation and official action is four weeks. For the past four months, because of the greatly increased number of applications under the new law, the average time required has been longer. If there is an emergency, the department can attend to it through its Dependent Aid Division, even before eligibility for old age assistance is proven.

Very truly yours,

JOHN C. L. DOWLING,
Executive Director.

Placed on file.

WARD 14 LIGHTING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Acting Commissioner of Public Works relative to your order of May 25, 1936, concerning the installation of better lighting facilities at the intersection of Columbia road and Ceylon street, Ward 14.

Respectfully,

JOHN I. FITZGERALD, Acting Mayor.

City of Boston,

Public Works Department, October 20, 1936.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I return order of the City Council requesting better lighting facilities at the intersection of Columbia road and Ceylon street, Ward 14, and respectfully report that a new electric lamp lay-out was installed on Ceylon street, from Columbia road to Quincy street, and the situation referred to in the City Council order has been attended to.

Respectfully yours,

JOSHUA ATWOOD,
Acting Commissioner of Public Works.

Placed on file.

REORGANIZATION OF DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.

Gentlemen,—I again present for your consideration the plan for the reorganization and consolidation of city departments.

I am not unaware of the adverse action taken by your Honorable Body when this matter was before you on former occasions, but it is so obviously for the best interests of the city that I venture to present it to you again, earnestly urging you to reconsider this matter.

I have already explained that no city employee need have any fear if this consolidation is effected and that all civil service, pension and retirement rights will be preserved to them.

This consolidation ought to be made. We are proceeding under an antiquated form of city government, with much duplication and its consequent waste. The adoption of this order will merely mean that the city will function better than it ever did before, money will be saved for the taxpayers and no danger or damage of any kind can flow from it.

I earnestly urge its consideration and immediate adoption.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

(Appended was ordinance for reorganization and consolidation of certain city departments as submitted and appearing in the minutes of May 4, 1936.)

COUN. WILSON—Mr. President, I requested certain information from the Mayor as long ago as June 29 in regard to the consolidation of the departments, and I had hoped that that might come through at least with the reintroduction of the ordinance. Has any such information been received?

Chairman GALLAGHER—No, sir.

The message and ordinance were referred to the Committee on Ordinances.

FISKE WHARF PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.

Gentlemen,—So impressed am I with the importance of procuring the Fiske Wharf property at the offered price of \$25,000 that I am again presenting an order for the appropriation of that amount for your consideration.

The City of Boston, although it has a very extensive waterfront, owns very little waterfront property and this particular parcel is so advantageously situated near to the North End Park and the North Ferry that its acquisition at the present time would seem to be very desirous from the standpoint of the city's best interests.

I most respectfully urge upon you, therefore, the reconsideration of this matter to the end that the appropriation may be made and this land acquired.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Appended was the following:

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$25,000, to the appropriation for Fiske Wharf Property, Purchase of, \$25,000.
Referred to Executive Committee.

SALE OF LAND, 61 DOVER STREET.

The following was received:

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated October 26, 1936, relating to an offer to purchase certain property situated at 61 Dover street, Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$1,550, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$1,550 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Buildings Department,

October 26, 1936.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from H. B. Colcord, 5 Lithgow street, Dorchester, for the house at 61 Dover street, Boston, in the sum of fifteen hundred and fifty (1,550) dollars.

The costs to the city up to May 28, 1936, amount to one thousand two hundred twenty-eight dollars and forty-three cents (\$1,228.43), which includes the nonpayment of taxes since the year 1931, but does not include interest.

If and when the above amount of fifteen hundred and fifty (1,550) dollars is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of fifteen hundred and fifty (1,550) dollars will be the

minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,

ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated May 28, 1936, foreclosed a right of redemption under a tax deed filed in the Land Court, Suffolk Registry District, with certificate of title No. 30422, to about 1,362 square feet of land situated on the southerly side of Dover street in Boston, as is more fully described in said tax deed, the said tax deed being Document No. 114021; and

Whereas, An offer to purchase the said premises has been made by Mr. H. B. Colcord, in the sum of \$1,550; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of \$1,550; and it is hereby further

Ordered, That the said Superintendent of Public Buildings be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to Committee on Public Lands and Tax Titles.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Margaret Allison, for compensation for injuries caused by an alleged defect in Boston Common.

Michael J. Cadigan, for compensation for injuries caused by an alleged defect at Washington street and Mosgrove avenue.

Thomas J. Carey, for compensation for injuries caused by an alleged defect in Washington street, Roxbury.

H. B. Coles, for compensation for injuries caused by an alleged defect at 200 Fairmount avenue.

Frank Collins, for compensation for damage to truck by city car.

James M. Doherty, to be reimbursed for judgment issued against him on account of his acts as operator of car of Paving Division.

John P. Finnegan, to be reimbursed for judgment issued against him on account of his acts as operator of truck of Water Division.

Jeremiah E. Galvin, for compensation for damage to property at 93 La Grange street, caused by blasting.

Coleman Joyce, for compensation for damage to property at 40 Glide street, caused by bursting of water pipe.

Kiley & Powers Garage, for compensation for damage to garage by city truck.

Bernice La-Sall, for compensation for damage to car by city truck.

Daniel A. Major, for refund on dog license.

John J. McCarthy, for compensation for bursting of water boiler at 55 Leicester street, caused by water being shut off.

Richard Meier, for compensation for injuries caused by an alleged defect in Mary Hemenway School.

Melvin Morrison, for compensation for injuries caused by an alleged defect at 14 Woodbine street, Roxbury.

Evelyn M. Rothman, for compensation for injuries caused by an alleged defect at 1691 Commonwealth avenue.

Norman D. Schulze, for compensation for damage to car by city team.

Ralph Spector, for compensation for damage to car by city truck.

Marie A. Swift, for compensation for damage to property at 813 South street, caused by falling tree.

Anna J. Taylor, for compensation for injuries caused by an alleged defect at 410 Hyde Park avenue.

Treadeasy Shoe Store, for refund on sign permit.

Ina E. Walsh, for compensation for injuries caused by an alleged defect in Boston Common.

SALARY OF ASSISTANT PROBATION OFFICER.

A communication was received from the justice of the Dorchester Municipal Court with reference to salary of assistant probation officer of court.

Referred to Executive Committee.

APPROVAL OF TAX TITLE LOAN.

Notice was received from the Emergency Finance Board of vote passed October 27, 1936, approving loan of \$1,000,000 for care of dependents, mothers' aid and old age assistance.

Placed on file.

NOTICE OF MAYOR'S ABSENCE.

Notice was received from his Honor the Mayor of absence from the city from October 7-28 and November 4-5.

Placed on file.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in the City of Boston for the month of November.

Report accepted; said order passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. TOBIN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along the southerly side of Leonard street, from Adams street to Harbell terrace, Ward 15, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

LIST OF CITY EMPLOYEES.

Coun. WILSON offered the following:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to submit to the City Council a complete list of all city employees who have died, or been retired, or promoted, during (a) 1934, (b) 1935, and (c) 1936, giving in each case the name of the employee, position held, amount of annual pay, whether the position has been filled, and at what present salary.

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to submit to the City Council a complete list of the positions to be affected by the proposed consolidation of departments and the proposed "elimination of unnecessary duplication in department work," giving in each instance (a) the name of the employee, (b) his department, (c) position held, (d) present salary.

Coun. WILSON—Mr. President, I take the liberty of again presenting these two orders at this time, being word for word the orders introduced and passed under suspension of the rule as long ago as the 29th of June. They have to do with the proposed consolidation of departments, and if we should obtain this and other information perhaps this almost continual shadow-boxing between the Mayor's office and the Council may stop and possibly the ordinance may some day go through. But, as one member of the Council, whether or not I am in favor of consolidation, I shall certainly continue to vote against it if the Mayor's office does not care to give us information which we are certainly entitled to have.

The orders were passed under suspension of the rule.

WAGES PAID BY TIDEWATER COAL COMPANY.

Coun. WILSON offered the following:

Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, to promptly investigate concerning the reported payment of wages by the Tidewater Coal Company to chauffeurs and helpers substantially below the prevailing and customary rate of wages.

Coun. WILSON—Mr. President, I offer that without verification of the facts and figures, but as a result of information received from the labor union concerned, my understanding being that the prevailing and customary rate of wages for chauffeurs and helpers amounts to \$33 and \$29 a week, with a report to the effect that this particular successful bidder is paying very substantially below that generally accepted wage. Of course, I have in mind that the contract in question is one involving over \$70,000, and under the terms of the contract it is of course to be assumed that the prevailing and customary rate of wages is to be paid. We had a lot of trouble last year in reference to the fuel contracts. It may be that this particular concern, perhaps because of the salaries or wages it pays, is in a position to make good rates for a contract, but I personally believe that where such contracts are to be made, under the law, they should be made in every instance in accordance with these requirements, which we are naturally to expect will be carried out under the law by a reputable concern, and that there should be some check-up, first, in reference to the financial standing of a company, second, with reference to the ability that the successful low bidder has shown to go through with such a contract, and, third, whether he is really making good on the contract, acting on the level, or getting an undue advantage through the medium of scalping the wages of employees.

The order was passed under suspension of the rule.

CHARLESTOWN POOR'S FUND.

Coun. MELLEN offered the following:

Ordered, That the City Council be advised immediately, what action, if any, has been taken by the Corporation Counsel relative to the Charlestown Poor's Fund.

Passed under suspension of the rule.

OLD AGE ASSISTANCE.

Coun. MELLEN offered the following:

Ordered, That his Honor the Mayor be requested to advise the City Council immediately what action he plans to take relative to speeding up the applications for old age assistance, and he is respectfully requested to put additional visitors on.

Coun. MELLEN—Mr. Chairman, I see by the figures that come to us today from the Overseers of the Public Welfare, through the Mayor's office, that there are 3,070 applications for old age assistance pending and that the number of visitors now assigned temporarily or permanently to investigation of cases is thirty-five. I know of cases where people have waited three months to have their cases passed upon, and in view of that situation, which I think is true in every district, it seems to me the only thing to do is to put on additional visitors to take care of the applicants.

The order was passed under suspension of the rule.

RECESS.

By direction of Chairman GALLAGHER the Council proceeded at 2.42 p. m. into executive session. The members reassembled in the Council Chamber and were called to order by Chairman GALLAGHER at 3.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition of Alice M. Ralph (referred October 26), to be paid an annuity on account of death of her husband, John G. Ralph, late member of the Boston Police Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 340 of the Acts of 1933 an annuity of nineteen hundred dollars be allowed and paid to Alice M. Ralph, widow of John G. Ralph, a member of the Police Department, who died on October 7, 1934, from injuries received in the performance of his duty, said annuity being made up of allowance as follows: For the widow, Alice M. Ralph, so long as she remains unmarried \$1,000 per annum. For the following-named children, during such time as they are under the age of eighteen or over said age and physically or mentally incapacitated from earnings, \$900 per annum: John G. Ralph, born July 5, 1918; Dorothy M. Ralph, born August 5, 1920; Irene F. Ralph, born January 9, 1922; Thomas V. Ralph, born February 14, 1926; Agnes E. Ralph, born December 19, 1930; William J. Ralph, born December 5, 1932—the payments to date from October 8, 1934, and to be charged to the appropriation for Police Department, Pensions and Annuities.

Report accepted; order passed.

2. Report on communication (referred today) from justice of Dorchester Municipal Court, with reference to salary of assistant probation officer of said court—recommending passage of accompanying order, viz.:

Ordered, That the salary of the assistant probation officer for the Municipal Court of the Dorchester District, as determined by the justice of said court, viz., Scott H. Rose, two thousand five hundred dollars per annum, be, and the same hereby is, approved, to take effect January 1, 1937.

Report accepted; said order passed.

3. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—recommending that same ought to pass.

Report accepted; said orders passed, yeas 18, nays 0.

4. Report on message of Mayor and order (referred today) rescinding order for loan of one million dollars—that same ought to pass.

Report accepted; said order read once and passed, yeas 19, nays 0.

RELEASE OF RESTRICTIONS ON SPRINGFIELD STREET PROPERTY.

Chairman GALLAGHER called up, under unfinished business, No. 2 on the calendar, viz.:

2. Whereas, The City of Boston on May 30, 1860, conveyed by two deeds to one Henry Smith, two parcels of land located on West Springfield street, Boston, being described and recorded respectively as follows: "Lot No. 96 on a plan recorded with 'Plan of City Lands Sold' book 2 leaf 17 in the office of the Superintendent of Public Lands, said deed being recorded in Suffolk Deeds book 780, page 85," and "Lot No. 95 on 'Plan of City Lands to be sold October 30, 1850', recorded

with Suffolk Deeds at the end of book 615, said deed being recorded in Suffolk Deeds book 780, page 87."

Whereas, The said two deeds contain the following conditions:

1. All taxes and assessments laid previous to this deed of conveyance are to be paid by the grantee.

2. The front line of the building which may be erected on the said lot shall be placed parallel with said Springfield street.

3. The building which may be erected on said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out-buildings shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of basement and attic nor have exterior walls of any other material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house during the term of 20 years from October 1, 1859.

6. So long as said lot remains unoccupied by a building to be used as a dwelling house as aforesaid, the said Smith and his heirs and assigns shall permit, free of charge the proprietor of each adjoining lot who may build, to erect one half the thickness of his division wall on said lot No. 96, and the said Smith, his heirs and assigns shall pay to the said proprietors so erecting said wall a proportionate part of the costs thereof. The buildings now standing on the lot above described also on lots Nos. 95 and 97 adjoining have been erected in conformity with the requirements of the foregoing conditions. It being understood that the conditions aforesaid shall apply severally to lots Nos. 6, 7, 8, 9, as shown on plan of A. Wadsworth recorded with Suffolk Deeds, May 9, 1860, being a subdivision of said lots Nos. 95, 96 and 97 on said plan at the end of Book 615. So that a breach of any of the said conditions by the owner or proprietor of any of said lots in said sub-division shall only render his single estate forfeitable for the act of any single violation of said conditions.

Whereas, One Sarah A. B. West and her son Earl A. West own in common as a homestead the estate at 164 West Springfield street, Boston, which is lot No. 7 mentioned in condition number six set forth above and desire to obtain a mortgage on said premises from the Home Owners Loan Corporation of Washington, D. C., but that the Home Owners Loan Corporation will not approve the title to the West estate because of the existence of the said conditions and the provision therein for forfeiture.

Now therefore it is hereby ordered, That his Honor the Mayor be and is hereby authorized in the name and behalf of the City of Boston to execute a written instrument satisfactory to the Law Department of the City of Boston, and in consideration of One (\$1.00) Dollar and other consideration, agreeing that the said conditions contained in the deeds of the City of Boston to said Smith were intended as and be considered as restrictions, and that the clause of forfeiture contained in said conditions set forth in said deeds be waived.

On October 19, 1936, the foregoing order was read once and passed, yeas 17, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

APPRECIATION OF POLICE DEPARTMENT SERVICE.

Coun. ROBERTS offered the following:

Resolved, That the Boston City Council tender to the Police Commissioner, and the officers and men of the department, the appreciation of the citizens of Boston for the splendid service given by the department at the polls on election day, and for the parades and demonstrations, etc., during the period preceding the election.

Coun. ROBERTS—Mr. Chairman, I know I express the feeling of most of the members of this Council in thus voicing appreciation of the great service given by the members of the Police Department on election day and during the events preceding it, covering the visit of the President and other incidents. I think the citizens of Boston who have had occasion to know what police work has been will join with us in this expression of appreciation.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. ROSENBERG, for Coun. Brackman, offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 17 Cheney street, Ward 12, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

FAMILIES LIVING IN CITY-OWNED PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Superintendent of Public Buildings at once advise the City Council as to the number of families living in each of the thirty-five parcels of city-owned property listed in City Council order of October 5, 1936.

Coun. WILSON—Mr. Chairman, speaking very briefly with reference to that order, that same inquiry was directed to the Superintendent of Public Buildings about a month ago, and a response came through to the effect that the number of families at each address was not available right now, but that the matter was being looked up and that information would be furnished as soon as the superintendent had it. That is a little disillusioning, because the Council in radio broadcasts has been under considerable criticism for alleged slowness in the passage of certain orders for the sale of city-owned property. We were informed in committee by Mr. Hall that some thirty clerical helpers and 120 workers under W. P. A. had been at his disposal since last spring, and it did occur to some members of the committee that, with all that help that had been placed in his hands since a year ago last October, he might be able to furnish some information with reference to 35 of the 108 properties under his control by this time, that he should at least be able to know whether anybody is living in the houses.

The order was passed under suspension of the rule.

ILLEGALLY COLLECTED RENTALS.

Coun. WILSON offered the following:

Ordered, That the Law Department, through his Honor the Mayor, advise the City Council in detail, what steps, if any, have been taken in prosecution for, and reimbursement of, rentals illegally collected by individuals from city-owned property, and specifying in each case the street and street number of the parcel involved.

Coun. WILSON—I may state also that that is a repetition of an order passed over a month ago.

The order was passed under suspension of the rule.

POLICE LISTING.

Coun. WILSON offered the following:

Ordered, That the Boston Police Commissioner, through his Honor the Mayor, be respectfully requested to reconsider earlier request made by the City Council for the issuing of instructions to all police officers on the taking of the 1937 police listing in January next, to obtain from each person listed a listing card signed by such person and witnessed in writing by the officer in each case.

Coun. WILSON—Mr. President, I have every respect for the present Police Commissioner, but I am intensely serious with reference to the matter of the annual police listing—first, as a source of income on poll taxes, in the interest of the taxpayers of the city and, second, from the point of view that it is very apparent that an accurate and painstaking police listing on the first of January each year is the first and most important step in assuring an honest list of registered voters for November, 1937. The response which we have received from the Police Commissioner to that order passed October 5 in this body states that he was in receipt of a report from the superintendent of police "stating that the limited time allotted for this work with the present complement of the force, which is greatly undermanned at the present time, makes it practically a physical impossibility for police officers to undertake the additional work that would be required." He also states that "the efficiency of the department in serving the public would be seriously impaired if this additional duty were imposed upon the police officers, having in mind the period that is prescribed by law for completing police listing in this city." I appreciate the fact that the commissioner knows more about police work than I could possibly know, but I say at the outset that I am deeply in earnest on this question of the annual police listing. I feel that it is an extremely important matter. We saw the suggestion in the newspapers, at least, by his Honor the Mayor, that there might be a photograph of the voter, which could be a means of identification on election day. I do not urge that the Police Commissioner go that far, although the suggestion might well be made that he go with the Mayor that distance. But I would suggest, if it would not mean too much additional work, that at least some such steps be taken as were proposed in the order of October 5. It might be possible to have a reassignment of patrolmen from the traffic squad or from Police Division 2, which has by far the largest complement of men and lists very few registered voters of the city. I would urge, in the second place, that the Police Commissioner take advantage of the full twenty-day period that is allowed for the purpose, not to mention the additional ten days that he can also take if he so desires, instead of merely taking four or five days, as at present. This is a matter that I consider highly important, and I urge that the Police Department take the full allotted time permitted under the terms of the statute, and also that the officers be paid overtime on police listing work. I think that is a fair suggestion, first from the point of view of the officers who do the work, and second,

from the point of view of the taxpayers, because I have in mind that only this year there were 30,000 people who were registered voters on the supplementary list whose names had been omitted from the police listing taken in January of this year, which, on the basis of a \$2 poll tax for each person, would amount to \$60,000 revenue to the city. Therefore, I earnestly urge the Police Commissioner to do his best to have an honest and thorough police listing in January of 1937, in order that the list of registered voters for the city election of 1937 may be approximately on the level.

The order was passed under suspension of the rule.

INFORMATION RE FISKE WHARF PROPERTY.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to inform the City Council concerning the use to which the Fiske Wharf property would be put if purchased, and the estimated cost of necessary repairs and alterations.

Coun. SHATTUCK—Mr. Chairman, the order for the purchase of the Fiske Wharf property is now on the table. Before it is taken from the table, I believe we should have the information requested in this order, namely, what use is to be made of the property if purchased and what it will cost to put it to that use. We have heard that the flooring of the wharf is in very bad condition, and it should probably be replaced if the wharf is to be used. It is possible, however, that the property will not be used for wharf purposes, but for some other purposes. If it is not going to be used at all, it probably should be fenced off to prevent people going on it and possibly falling through. Knowledge of all of these things seems to me pertinent in forming a decision as to whether we want to purchase this property.

The order was passed under suspension of the rule.

MASSACHUSETTS SAVINGS BANK INSURANCE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of conferring with the members of the Welfare Board relative to the matter of advising relief recipients regarding Massachusetts Savings Bank Insurance.

Coun. NORTON—Mr. Chairman, some months ago I introduced a similar order and drew attention to the fact that those on welfare in a majority of cases are paying out a certain amount for industrial insurance, and that considerable of the amount thus paid out, perhaps 50 per cent, could be saved, if that insurance was carried under the Massachusetts Savings Bank insurance plan. That plan has been in operation in this state for some time but as yet the information in regard to it has not been as widely disseminated as it should be. Therefore, I have introduced this order, and I would also refer to my remarks on the subject last year, commencing on page 488 of the minutes, and would ask that those remarks be incorporated in what I have to say at this time.

(The remarks by Coun. Norton in the City Council November 25, 1935, commencing on page 488 of the minutes of the City Council, are as follows:)

Coun. NORTON—Mr. President, some time ago the Welfare Department of the City of Boston called public attention to cases where recipients of aid were hardly able to get enough to keep body and soul together, and also to the fact that in some cases of poor families there were perhaps three or four weekly payment insurance policies being carried by the family, with great resulting pressure on the families to keep up the policies.

The Council should be advised by the Welfare Department regarding the status of welfare recipients and the payment of insurance by them where the department alleges there has been waste such as where one poor family will have a half a dozen or more policies to keep up. I desire to see officials of the Massachusetts Savings Bank Insurance, from the State House, consulted, such as Mr. Judd Dewey. Residents of Boston pay in yearly around \$9,000,000 for weekly premium insurance, 80 to 90 per cent of these policies lapse; not one cent is obtained back. At least one out of every four obtains nothing back. These are poor people. They must wait five years or more before obtaining any cash surrender value, if insured with private insurance companies. If insured with Savings Bank Insurance, at the end of six months, there is a cash surrender value. If there is a "reserve" of \$2, there is a cash surrender value at any time. Twenty-three Massachusetts banks with one hundred branches carry on this business. The "Boston Five Cents Savings Bank" across the street, the "Wildie Savings Bank," etc. Half of the \$9,000,000 paid out yearly by Bostonians for weekly insurance could be saved if the people were informed of the cheapness of Savings Bank Insurance. A State House employee, with four children, had each child insured for \$400. He paid a private insurance company \$1.65 a week in premiums. He was shocked when informed by the officials of the Massachusetts Savings Bank Life Insurance Department at the State House that each of those four children could be insured for \$500, a 25 per cent greater coverage, for a total of 50 cents a

week; \$100 more coverage for each child at a saving of \$1.15 a week in premium payments. Massachusetts Savings Bank Life Insurance is the "child" of the Hon. Louis D. Brandeis. Over 100,000 people now carry 120,000 or more policies in this system, with a total insurance in force of \$109,600,000. It means a 10 per cent or more increase in salary to many now paying premiums to private companies. There must be thousands of city employees who would benefit if they knew about this. I shall ask the Mayor to take steps to make these facts known. Surely, our Welfare Department, now dealing with poor, welfare recipients who are trying to "hang on" and pay big premiums, should take an active interest in bringing to the attention of all, the above facts. I mean to speak on this important matter, every few weeks. Only by repeating and repeating, by constant repetition, can we drive home these important facts. "For those who would enquire further into this matter I respectfully recommend that they obtain a copy of the report made to the Department of Labor at Washington by Doctor Berman, Professor of Economics at the University of Illinois, regarding Massachusetts Savings Bank Life Insurance." Also a book by Mr. Maurice Taylor entitled, "Social Cost of Industrial Life Insurance."

I believe that the Massachusetts Savings Bank Insurance should be more largely availed of, particularly in the interest of poor people.

The order was passed under suspension of the rule.

LOW-COST MILK.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to look into the matter of low-cost milk for Boston.

Coun. NORTON—Mr. President, in connection with this order, let me say that I have received a letter from Mr. D. E. Montgomery, consumers' counsel, United States Department of Agriculture, Agricultural Adjustment Administration, Washington, under date of October 27, inclosing a copy of another letter from the Department of Public Welfare of the city of New York, both of which I should like to have incorporated in our minutes.

Chairman GALLAGHER—If there is no objection, the letters will be admitted.

The letters referred to by Coun. Norton are as follows:

United States Department of Agriculture,
Agricultural Adjustment Administration,
Washington, D. C.

October 27, 1936.

Mr. Clement A. Norton,
Member of Boston City Council,
City Hall, Boston, Mass.

Dear Mr. Norton,—Thank you for your letter of October 16. Our returns from the inquiries addressed to the public welfare departments of the local cities in the country are not complete, but we hope to have something to report within the next two weeks. In the meantime I am forwarding to you a copy of an interesting letter received from the Commissioner of the Department of Public Welfare of the city of New York. The plan of distribution in New York City would seem to be more or less in accordance with your own ideas. Either Mr. Feddersen or myself will attempt, upon the occasion of our first trip to New York, to call on the commissioner and secure complete information with respect to the operations described.

Very truly yours,
D. E. MONTGOMERY,
Consumers' Counsel.

City of New York,
Department of Public Welfare,
Commissioner's Office,
902 Broadway,
New York, N. Y.

October 21, 1936.

Mr. D. E. Montgomery, Consumers' Counsel,
United States Department of Agriculture,
Agricultural Adjustment Administration,
Washington, D. C.

My dear Mr. Montgomery,—I regret the delay in replying to your letter of October 7, 1936, regarding distribution of milk to welfare or relief families in New York City.

There are two plans in operation here for the distribution of milk to relief families or families otherwise certified as eligible to receive milk.

The first of these is that known as "8c. Milk." By cooperation of the Department of Health of the City of New York, the Emergency Relief Bureau, through its Commodities Distribution Division and this Department, as well as the milk companies who make the distribution, Grade "B" milk is sold at approximately 150 stations at eight cents per quart. The regular retail price of this milk in stores is twelve cents.

This milk is not restricted to families who are on relief but is available to families who sign a certification to the effect that they are unable to purchase milk at the regular retail price. After certification, an identification card is issued to them, which they present at the depot serving the district in which they live, in order to purchase at the lower price. Milk is sold at such stations during the hours of 6.30 a. m. to 8.30 a. m., seven days a week. The number of clients so served varies but averages approximately 35,000, and the number of quarts of milk sold averages approximately 90,000 per day. Annually, this represents

something over 8,000,000 gallons, and represents a saving over and above the regular price to the recipients of such milk of approximately \$13,000. These figures will probably show an increase during the winter months.

The second plan is known as "9-A Milk," and is so called by reason of section 9-A, chapter 264, the Laws of 1935, being an amendment to the Emergency Relief Act of 1931, which authorizes the expenditure of an appropriation for the distribution of milk without cost to nursing and expectant mothers, undernourished children and children of pre-school age, when such persons are certified by Welfare or other Relief Agencies approved by the Commissioner of Public Welfare or the Relief Administration.

The fund at present being expended for this purpose is approximately \$40,000 per month. This fund is allotted, upon application, to various private welfare agencies who have been approved by the Welfare Council or the Department of Public Welfare. Such private agencies then distribute milk to clients up to the amount of the fund allotted to them by ordering through dairy companies. Invoices are sent by the dairies to the private agencies, where they are audited and checked and are then forwarded to the Emergency Relief Bureau with certifications from the private agencies. The number of families receiving this free 9-A milk averages approximately 8,500 per day, seven days a week.

I trust that this is the information you desire. If additional details are needed, please advise.

Very truly yours,
WILLIAM HODSON,
Commissioner.

The order was passed under suspension of the rule.

USE OF TYPEWRITERS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston confer with the School Committee relative to the possibility and advisability of teaching every child in High School the use of the typewriter.

Coun. NORTON—Mr. President, we have hundreds of typewriters in our public schools, many not being used during the full period of the day. I believe we have arrived at the time when everyone should at least know how to run a typewriter. Thousands of young people go from our high schools to positions and pass through life simply using a pen or pencil and being unable to run a typewriter. I think that is one of the things, like swimming, that everybody should know. The children in the schools might well put in, say, an hour a day writing on a machine and finally becoming skilled. This is a matter that should be of interest to every member of the Council. I might say that I have taken this matter up with Mr. Guy Wilson, professor of education at Boston University, who is in favor of it, and with Professor Nichols of the School of Education at Harvard, who believes that it would be wrong to make every high school child typewrite. Professor Wilson, however, feels that it would be a fine idea. Personally, I believe that everyone in high school should be given the advantage of a course in typewriting.

Coun. MELLEN—Mr. President, I would like to know the advantage to be derived from all the children in the high school being taught to run a typewriter. I cannot see that there would be any advantage to it. The strain of education is getting to be too great, in my mind.

Coun. NORTON—The only answer is that it seems to me a matter of common sense that the children should at least be taught how to write on the typewriter. That is my opinion, and it is the opinion of many others. It is certainly a matter that may well be given consideration.

The order was passed under suspension of the rule.

WARNING SIGNS, SOUTH BOSTON.

Coun. KERRIGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place school warning signs at West Eighth and F streets, South Boston, for the protection of children attending the Patrick Gavin School.

Passed under suspension of the rule.

On motion of Coun. McGRATH the Council adjourned at 3.57 p. m., to meet on Monday, November 16, 1936, at 2 p. m.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

CLAIMS DISALLOWED.

The Law Department has disapproved fifty-seven claims against the City of Boston. These claims are classified as follows:

Building Department, one claim; Fire Department, three claims; Health Department, one claim; Hospital Department, one claim; Institutions Department, one claim; Licensing Department, one claim; Park Department, six claims; Police Department, two claims; Public Buildings Department, two claims; Public Works Department, thirty-five claims; Schoolhouse Department, one claim; Soldier's Relief Department, one claim; Street Commissioners, one claim; Welfare Department, one claim.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

POLICE MOTOR BUSINESS IN JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine*.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States Conference of Mayors, Mayor F. H. LaGuardia of New York has appointed the Mayors of fourteen cities as an advisory board on Federal legislation affecting municipalities. The list comprises:

Watkins Overton, Memphis, Tenn., Chairman; Harold H. Burton, Cleveland, Ohio; Joseph K. Carson, Jr., Portland, Ore.; R. E. L. Clancy, Tampa, Fla.; Frank Couzens, Detroit, Mich.; Harry D. Durst, Springfield, Mo.; Meyer C. Ellenstein, Newark, N. J.; Thomas Gamble, Savannah, Ga.; Oscar F. Holcombe, Houston, Texas; Hilary E. Howse, Nashville, Tenn.; James R. Law, Madison, Wis.; J. Fred Manning, Lynn, Mass.; Roy N. Towl, Omaha, Neb.; George J. Zimmermann, Buffalo, N. Y.—*American City Magazine*.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 30, 1936.

An advanced regular meeting of the School Committee was held in the Administration Building, 15 Beacon Street, at 1:35 o'clock P. M., the Chairman presiding.

Present: Messrs. Lyons, Mackey, Smith, Sullivan, and Tobin.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted the Committee approving them as printed.

On motion, the minutes of a previous meeting were amended as follows:

Oct. 5, 1936, on page 163, to provide that the appointment of Idella Thompson as school nurse, Department of School Hygiene, shall read to take effect "Sept. 10, 1936."

Oct. 5, 1936, on page 174, to provide that the order authorizing an expenditure of \$300 for attendance of Frederick R. Sullivan and James J. Mahar at the Annual Meeting of the National Association of Public School Business Officials, shall read "\$342."

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of a principal and teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

The appointment of an Examiner, Board of Examiners—Charlotte Rafter—was approved by the following vote:

YEAS—Messrs. Lyons, Mackey, Smith, Sullivan, and Tobin—5.

NAYS—0.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

East Boston High School—Agnes A. Hurley, assistant, Sept. 30, 1936.

Chapman District—Ruth C. Waggett, assistant, special class. Oct. 16, 1936.

Accepted.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

TRANSFERS OF PRINCIPALS

Valentine F. Dunn, master, Oliver Hazard Perry District, to the same position in the Edward Everett District, Nov. 16, 1936.

Thomas E. Kelley, master, Edward Everett District, to the same position in the Theodore Roosevelt Intermediate District, Nov. 16, 1936.

Frederick J. Murphy, master, Theodore Lyman District, to the same position in the Oliver Wendell Holmes Intermediate District, Nov. 16, 1936.

Laid over.

(BY PROMOTION) Principals

(To fill vacancies resulting from retirement on pension)

Oliver Hazard Perry District—Albert L. Shaughnessy, master (from sub-master, Roger Wolcott District), Nov. 16, 1936.

Theodore Lyman District—Florence M. Murphy, master (from master's assistant, Donald McKay Intermediate District), Nov. 16, 1936.

Laid over.

(FROM THE ELIGIBLE LIST) (Allowed in Budget)

Dorchester High School for Girls—Lillian Bell, Catherine F. Brady, assistants, Nov. 16, 1936.

East Boston High School—Francis J. Gibbons, junior master, Nov. 16, 1936.

High School of Commerce—Charles J. Lynch, Edward F. Murphy, junior masters, Nov. 16, 1936.

General Helpers—Hugh F. Coll, Thomas J. Gill, Jr., John Laffey, Oct. 23, 1936.

Helpers—Gertrude Irvine, Raffaella Prezioso, Oct. 23, 1936. Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Oct. 30, 1936, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Bigelow District—Helen G. Brooks, Winifred M. Heffernan, assistants, elementary, to the same positions in the Norcross District, Nov. 9, 1936; Frances R. Kent, first assistant, kindergarten, to the same position in the Norcross District, Nov. 9, 1936; Gertrude C. Foley, assistant, elementary, to the same position in the Prince District, Nov. 9, 1936.

Clarence R. Edwards Intermediate District—Ann C. Murphy, assistant, intermediate, to the same position in the William Barton Rogers Intermediate District, Nov. 16, 1936.

Henry Grew District—Jane E. Fleming, assistant, elementary, to the same position in the Agassiz District, Nov. 9, 1936.

Norcross District—Marguerite S. Clapp, Bessie Cohen, Mary W. Hastry, assistants, elementary; Theresa M. Cotter, first assistant, kindergarten; to the same positions in the Bigelow District, Nov. 9, 1936.

Robert Gould Shaw Intermediate District—Olive E. Whittier, assistant, intermediate, to the same position in the William Barton Rogers Intermediate District, Nov. 16, 1936.

Samuel Adams District—Elizabeth K. Ladrigan, assistant, special class, to the same position in the Abraham Lincoln District, Nov. 9, 1936.

Robert Treat Paine District—Margaret B. Beatley, first assistant, kindergarten, to the same position in the Samuel Adams District, Nov. 9, 1936.

Approved.

Ruth L. Goldman, assistant, Joseph H. Barnes Evening School, to the same position in the William Blackstone Evening School, Oct. 27, 1936.

Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted as follows:

Girls' Latin School—Ida A. Cohen, assistant, Sept. 1 to Nov. 30, 1936, without pay.

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 30, 1936, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1937:

Dwight District—Lillian C. McKay, assistant, kindergarten, as acting first assistant, kindergarten (vice Margaret S. Canty, absent on leave), Sept. 14, 1936.

Sherwin District—Frances H. Garrett, assistant, kindergarten, as acting first assistant, kindergarten (vice Beulah S. Cone, absent on leave), Sept. 1, 1936.

Theodore Roosevelt Intermediate District—William R. Silva, submaster, as acting master (vice James H. Leary, absent on leave), Oct. 2, 1936.

Placed on file.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Oct. 30, 1936, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teachers for home instruction of physically handicapped children, to take effect on the date stated:

Regina S. Hickey, Marie G. Lawrence, Nov. 2, 1936

Approved.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTEN

A communication was received from the Superintendent, under date of Oct. 30, 1936, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named teacher in the afternoon session of the kindergarten indicated, to take effect on the date stated:

Agassiz District—Dorothea E. Meloy, assistant, kindergarten, Oct. 23, 1936.

Placed on file and the termination of service approved.

ESTABLISHMENT OF ADDITIONAL KINDERGARTEN

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish an additional kindergarten in the Samuel Adams District, to be located in the Daniel Webster School.

TRANSFER OF SCHOOLS IN SOUTH BOSTON

On motion of the Superintendent, it was

ORDERED, That the F Street School in the Bigelow District is hereby transferred to the Norcross District, and the Drake School in the Norcross District, is hereby transferred to the Bigelow District, both to take effect Nov. 9, 1936.

Dr. Mackey: May I say on that, that due to the fact that they made marked improvements in the Lawrence School this summer, at an expenditure of about \$15,000, I am perfectly satisfied, as a resident of that district, that the combination there is very satisfactory, not only to the South Boston Citizens Association but also to myself as a member of this Board. I wish to thank the Superintendent for his efforts in the reorganization.

CLASS FOR APPRENTICES IN AEROPLANE RIGGING

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1937, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to conduct a class for apprentices in aeroplane rigging on two evenings per week, at the Boston Trade School (Evening Classes), the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education and allotted by special distribution, to the City of Boston, and reimbursement in the amount of fifty per cent (50%) for all other expenses in connection with the maintenance of the class to be made to the City of Boston by the State Department of Education.

CLASS FOR APPRENTICES IN SHEET METAL WORK

The Superintendent offered the three following orders:

ORDERED, That during the school year ending Aug. 31, 1937, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct a class for apprentices in sheet metal work in the South Boston High School on Saturday mornings from eight to twelve o'clock, the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education, by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in connection with the maintenance of the class in the amount of fifty per cent (50%).

ORDERED, That the employment of not more than two instructors in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized; compensation to be at the rate of eight dollars (\$8) per session of four hours.

ORDERED, That the employment of not more than one toolkeeper in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized; compensation to be at the rate of two dollars and fifty cents (\$2.50) per session of four hours.

The three orders passed.

A communication was received from the Superintendent, under date of Oct. 19, 1936, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the Saturday morning class for apprentices in sheet metal work in the South Boston High School, to take effect on the date stated:

Thomas A. Roche, instructor, Oct. 17, 1936; Stephen T. Reilly, instructor, Oct. 24, 1936; Francis J. Connolly, toolkeeper, Oct. 17, 1936. Approved.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following nine orders:

1. ORDERED, That the following-named books are hereby authorized for use as text books in The Teachers College of the City of Boston:

Brewington, Ann and Souter, Helen I. Direct-Meth- od Materials for Gregg Shorthand. The Gregg Publishing Company. cpt.	
1936	net \$1.29
Leslie, Louis A. Gregg Short- hand — Part One. The Gregg Publishing Com- pany. cpt. 1936	net 1.12
Leslie, Louis A. Gregg Short- hand — Part Two. The Gregg Publishing Com- pany. cpt. 1936	net 1.12

2. ORDERED, That the following-named book is hereby authorized for use as a text book in Special Classes:

Cauley, Mary W. The Science and Art of Home- making. American Book Co. cpt. 1935	net .42
	f.o.b. Bloomfield

3. ORDERED, That the revised editions of the following-named text books are hereby authorized for use as indicated, to take the place of the old editions of the same:

The nine orders were laid over.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Oct. 30, 1936, reporting the amendment of School Document No. 2, 1936—Candidates Eligible for Appointment as Teachers—as follows:

Page 19. The Teachers College—Elementary Certificates, Prior to 1933. 941.89. Dorothy A. Chestnut. Name removed by request.

Placed on file.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa & Co., under date of Oct. 27, 1936, submitting report of their examination of the books and accounts of the Business Manager and of the Secretary for the three months ending Sept. 30, 1936.

Placed on file.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 30, 1936, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Anthony J. B. Cannatta from the John Marshall to the Bigelow School-house, Oct. 25, 1936.

John H. Hession from the Fred-eric W. Lincoln to the Quincy E. Dickerman School-house, Nov. 8, 1936.

Edward Sullivan from the Henry L. Pierce to the New Intermediate School on Cummins Highway, Roslindale, Nov. 8, 1936.

Francis J. Wachenheim from the Hillside to the Cudworth School-house, Nov. 8, 1936.

Paced on file and the transfers approved, to take effect on the dates stated.

SCHOOL SAFETY SURVEY

The Chairman read the following report, being a summary of the minor pedestrian accidents for the period January to June, 1935, as compared with January to June, 1936:

"A marked decrease in both Injuries and Fatalities to minors (ages 1-20) was shown in the six months' period January 1 to June 30, 1936, over the same period for the preceding year.

"For the six months ending June 30, 1936, there was a total of 424 accidents, as against 501 for the first six months of the previous year, a decrease of 77 or 15%.

"Fatalities numbered 17 for the first half of 1935 as against 11 for the first half of 1936, a decrease of 6 or 35%.

"While accidents to children of school age showed a marked decrease, the pre-school age group showed an increase of 21% over 1935, although fatalities showed a decrease of 28%.

"Of the 424 accidents in 1936, 259 or 61% occurred between intersections and the remaining 165 or 39% at intersections. Of the 501 accidents for the first half of 1935, 354 or 71% occurred between intersections and the remaining 147 or 29% at intersections. It was interesting to observe the 26% decrease of accidents at intersections.

"Attention is called to the fact that in each year the greatest number of accidents occurred in the pre-school group, with a proportionate decrease with the rising of the age group."

The detail of the summary of accidents accompanied the report.

The report was accepted.

Chairman: I bring that report to your attention as an indication that the work of the agencies which have been co-operating in the attempt to prevent accidents to school children during the last two years, has obtained worthwhile results.

I am grateful to all departments of the school system and of the City, and to outside agencies which have helped to make this possible. It is an indication of what can be done if real effort is put into this accident prevention work.

I think the problem is to prevent accidents to these children of pre-school age. One mode of attack that has been tried and is operating in a very successful manner is having the police car go to the schools in the effort to educate the children along safety lines. We are also making an effort to bring the parents to the school at the same time so that they may carry home the message.

Dr. Mackey: May I say that I personally wish to congratulate Mr. Sullivan, who several years ago started this work. Also, if I remember correctly, he went to Mr. Casey in relation to receiving funds for this work.

I wish to say personally and as a physician that this has been a wonderful contribution to the effort to lessen accidents and, naturally, as a physician, I am interested in the health and safety of our children. He has done a wonderful job and Mr. Casey has also done a wonderful job in co-

operating with the School Committee and with the citizens of Boston to reduce accidents, as far as the children of Boston are concerned

UNFINISHED BUSINESS

The order laid over at the meeting of Oct. 19, 1936, (see p. 182), amending Section 84, paragraph 4 of the regulations, to provide for an extension of the validity of certain Teachers College certificates, was taken up and passed.

The order laid over at the meeting of Oct. 19, 1936, (see p. 181), amending Section 182, paragraph 2 of the regulations, relative to the age for admission of pupils to kindergartens, was taken up and passed.

The order laid over at the meeting of Oct. 19, 1936, (see pp. 182-3), amending certain sections of the rules and regulations relative to residence requirements, was taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

INMATES OF BURNED BARRACKS
AT FORT STRONG BEING
CARED FOR.

Upon November 12 the following communication was received by the Mayor:

INSTITUTIONS DEPARTMENT,
BOSTON, November 12, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—To keep you in touch with the situation, I would report that all the inmates who were quartered in the burned barracks building at Fort Strong have been supplied with beds and bedding and that none of them have suffered because of the fire. We have had to place beds in recreation rooms and crowd them in other dormitories. You will remember that this department was authorized by your Honor to apply for a vacant duplex dormitory building standing empty at Fort Strong, in order that we might have more room for inmates and arrange to have beds further apart.

As no answer has been received from the War Department to this application, the matter has been taken up with the commanding officer of the Harbor Defenses by telephone, and in the emergency he has granted authority for the city to take over this building. Therefore, as soon as we can get it cleaned and heated we shall move in without waiting for all the repairs and painting which we had planned to make previous to occupancy. Those improvements will be made while we are using the building. A further detailed report will follow and we shall keep you in touch with the progress made in getting this additional building ready for occupancy.

Yours very sincerely,

F. A. WASHBURN,
Commissioner.

P.S.—We had planned to use one half of this duplex dormitory at the present time. It will now be necessary to use the whole of it.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 31, 1936.

Last date for filing applications, Monday, December 14, 1936, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

NOTE.—One year of technical college will be considered the equivalent of one year's experience.

Grade I.—Junior Engineering Aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade II.—Senior Engineering Aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,560 to \$2,160 a year.

Entrance Requirement: Applicants must have one year's practical experience in engineering work.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

A supplementary test in drafting which will be *optional*, will be given in connection with this grade.

Grade III.—Junior Civil or other Engineers, Senior Engineering Draftsmen, and Chiefs of Survey Parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,160 to \$2,760 a year.

Entrance Requirement: Applicants must have not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade IV.—Assistant Civil or other Engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Entrance Requirement: Applicants must have not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the State Service as Senior Engineers and Associate, District and Chief Engineers, will be held only when vacancies exist.

Passing Requirements (for all grades): Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible.

(Supplementary drafting test.) At least 70 per cent in this subject in order to qualify.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BLANKETS AND SPREADS.

The Supply Department of the City of Boston invites proposals for furnishing to the Boston City Hospital, blankets and spreads, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 1, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 21.) Superintendent of Supplies.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital invite sealed proposals for window cleaning at the Hospital for the year 1937, in accordance with the specifications. A bond of a surety company in the sum of 45 per cent of the contract price will be required for the faithful performance of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, and left before 12 o'clock noon of Tuesday, December 1, 1936, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 21.) Superintendent.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1937. Proposals, accompanied by a certified check in the amount of \$200, if filed at the office of the Trustees, Central Library Building, before 12 o'clock noon on Wednesday, December 2, 1936, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for work may be obtained at the office of the Comptroller, Central Library Building, on and after Saturday, November 14, 1936.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON.
ELLERY SEDGWICK, Vice President.
(Nov. 14-21-28.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF TRIMMINGS, BONES AND GREASE.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase of the following materials from the Hospital Proper, South Department and Haymarket Square Relief Station, for the period beginning January 9, 1937, and ending December 31, 1937.

Trimmings, 3,000 pounds per month, more or less.
Bones, 2,000 pounds per month, more or less.
Grease from kitchen, 1,500 pounds per month, more or less.
Suet, 500 pounds per month, more or less.
Cods, 100 pounds per month, more or less.
Grease from traps, 500 pounds per year, more or less.

The price offered is to be the price paid on each of the above items, which is to include removal of grease from traps. The purchaser is to provide proper receptacles and remove these materials from the kitchen daily, except Sunday, before 11 o'clock a. m., and the grease from the grease traps whenever notified by the Hospital so to do. Payments for materials taken to be made monthly. A bond will be required for the faithful performance of the contract. Proposals to be addressed "The Boston City Hospital, Proposal for Trimmings, Bones and Grease," and left at the Hospital, 818 Harrison avenue, not later than Tuesday, December 1, 1936, at 12 o'clock noon, at which time and place said proposals will be publicly opened and read. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 21.) Superintendent.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for the extermination of all vermin, excepting rats and mice, in the entire Main Department, South Department, Haymarket Square and East Boston Relief Stations, Boston City Hospital, for one year beginning January 1, 1937, and ending December 31, 1937, and giving bond of a surety company therefor in the sum of 45 per cent of entire contract price. In their proposals bidders must quote the rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, signed by the bidder and left before 12 o'clock noon of Tuesday, December 1, 1936, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 21.) Superintendent.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SALT.

The Supply Department of the City of Boston invites proposals for furnishing salt to the Fire Department and Water Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, December 1, 1936, at 12 o'clock noon, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 21.) Superintendent of Supplies.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSAL FOR THE PURCHASE AND REMOVAL OF GARBAGE FROM MAIN DEPARTMENT, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for purchase and removal of garbage from the Main Department, Boston City Hospital, for one year beginning January 1, 1937, and ending December 31, 1937. Garbage is to be removed before 8 a. m. daily except Sundays and holidays. The contractor is to use his own barrels and trucks. In their proposals, contractors must quote rate per month. A bond in the sum of 45 per cent of entire contract price will be required for the faithful performance of the contract. Proposals are to be addressed, "The Boston City Hospital, Proposal for Garbage," and left at the office of the Superintendent, 818 Harrison avenue, Boston, not later than Tuesday, December 1, 1936, at 12 o'clock noon, at which time and place said proposals will be publicly opened and read. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
(Nov. 21.) Superintendent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow districts Nos. 1, 2, 3, and 4, and giving bond therefor of a surety company approved by the Commissioner in the sum of ten thousand (10,000) dollars for each area to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 3, 1936, with a certified check for five hundred (500) dollars, for each area, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any area appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 21-28.) Commissioner of Public Works.

POLICE DEPARTMENT ORDERS.

General Order No. 241.

The Police Commissioner is pleased to bring to the attention of the department the following communication received from David B. Shaw, chairman, Board of Election Commissioners of the City of Boston:

November 4, 1936.

EUGENE M. McSWEENEY, Esq.,
Police Commissioner, 154 Berkeley Street, Boston.

MY DEAR COMMISSIONER,—I wish to thank you and the men of your department for the excellent cooperation you displayed in your work at the polls yesterday. Yesterday's election was record-breaking in Boston and we realize that if we had not had you working with us we might have had many difficulties, as in some sections of the city feeling ran very high.

We would like to commend the superintendent for his splendid work in organizing the detail for the polls. Never have we found the officers, both those of higher rank and the patrolmen, better informed as to their duties or more capable of carrying them out. This, we think, bespeaks explicit instructions in the various divisions of the city, and we are extremely grateful that you and your captains took such interest in the proper conduct of the election.

We of this Board feel that you have every reason to be extremely proud of the work your men did at the polls on November 3d. We thank you and congratulate you!

And so I pause now, before going home Wednesday morning (after being here from four o'clock yesterday morning), to express my deep appreciation of the way in which you handled a big job.

Sincerely yours,

DAVID B. SHAW, Chairman,
Board of Election Commissioners.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

General Order No. 242.

Lieut. Jeremiah B. Sheehan of Division 11, having arrived at the age of sixty-five and one-twelfth (65 1-12) years, and having performed faithful service in the Police Department for thirty-three and eight-twelfths (33 8-12) years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Lieut. Jeremiah B. Sheehan be retired from active service and that his name be placed upon the department pension roll with pay at the rate of one thousand three hundred and fifty (1,350) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Friday, November 6, 1936.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

General Order No. 243.

Patrolman John J. Sweeney of Division 6, having arrived at the age of sixty-five years and having performed faithful service in the Police Department for

thirty-two and eleven-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman John J. Sweeney be retired from active service and that his name be placed upon the Department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Saturday, November 7, 1936.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

General Order No. 244.

The Police Commissioner desires to express his deep appreciation to all officers who performed many extra hours of duty, cheerfully and willingly, without pay, during the past few months. Never in recent years has it been necessary to so frequently call upon the Force for extra service.

The recent visit to Boston of the President of the United States, requiring vigilant supervision and protection over an eight-mile route, the numerous big parades, tremendously large gatherings and the unusually large number of officers assigned to primary and election day and night duty, are only a few of the extraordinary services the Force has recently been called upon to perform.

The officers detailed to these extra duties were obliged to forego their regular periods of relief, in addition to regular hours for meals and rest.

The Police Commissioner is pleased to commend all officers who performed the unusual extra services mentioned above, and to grant to all such men three days' extra vacation as a tangible expression of his appreciation.

Commanding officers of all divisions and units are hereby instructed to permit officers entitled to this extra vacation to do so in such a manner and at such times that the efficiency of the department will be in no way impaired.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

T. Stuart & Son Company have been granted an extension of the time of completion of the contract for rebuilding Chelsea Street Bridge, over Chelsea Creek, from January 30, 1937, to March 31, 1937. This extension is requested on account of extra work required on foundation piers 1 and 2, due to revised design necessitated by the extremely hard excavation encountered in the field.

The Warren Steam Pump Company, Incorporated, has been granted an extension of the time of completion of the contract for repairs to No. 3 pump, Calf Pasture pumping station, Dorchester, dated September 29, 1936, from October 26, 1936, to November 10, 1936, a period of fifteen days. This extension of time is occasioned by delay in receiving necessary material as promptly as promised.

FIRE DEPARTMENT ORDERS.

General Order No. 55.

I. ALFRED SILVERMAN.

It is with deep regret that the Fire Commissioner announces the death on November 6, 1936, of Alfred Silverman of the Maintenance Division. Mr. Silverman was appointed to the department on January 3, 1933.

The funeral was held from the funeral home of Jacob Levine & Son, 394 Washington street, Dorchester, Sunday, November 8, 1936, at 12 noon.

II. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m., Sunday, November 22, 1936:

Lieut. John Hogan of Ladder Company 28.

Lieutenant Hogan was appointed to this department on July 8, 1892, and was promoted to lieutenant on March 2, 1906. He leaves the department with the best wishes of his associates.

III. AMERICAN RED CROSS.

The Fire Commissioner directs the attention of all members of the department to the annual roll call of the American Red Cross which is now being conducted throughout the nation. Because of the many demands made upon this great organization of mercy during the past few years, special appeal is made to the members of the department this year to renew their memberships of last year and also to increase the membership so that the Fire Department will be able to report 100 per cent enrollment. His Honor Mayor Mansfield is cooperating with the Boston Metropolitan Chapter and is anxious to have city employees better the showing which they made last year.

It should be borne in mind that the American Red Cross is not an organization which operates only in time of war, disaster, flood or some other catastrophe, but operates as a relief organization in any emergency, even to lending assistance in individual cases.

In order that the members of the Fire Department may renew their membership promptly, enrolment blanks are being forwarded with this order. Company commanders and heads of divisions will interview each member personally and solicit his membership. The enrolment blanks are to be returned to the Fire Commissioner's office, on or before Wednesday, November 25, 1936. Returns may be made before 12 noon on any day during the week. On receipt of membership fees, buttons, cards and pennants will be forwarded to company commanders.

The Fire Commissioner urgently requests all members of the department to cooperate in this wonderful movement and he hopes that each member of the department will become enrolled in the American Red Cross, contributing at least \$1.

IV. A. D. T. ASSIGNMENT.

The following signal number is to be added to the running cards of the A. D. T. Company in this department:

Signal No. 546, Readville Distilleries, Incorporated, 40 Sprague street, Readville. Apparatus to respond, Engine 49, Ladder 28, District Chief 15. Nearest box is 3861.

On page 6 of the A. D. T. assignment book "the nearest box" to A. D. T. signal No. 146 should be changed from 7112 to 713.

V. BOSTON AUTOMATIC ASSIGNMENT BOOK.

New pages, Nos. 8, 22 and 24, dated November 9, 1936, for the Boston Automatic Fire Alarm Assignment Book, are being issued to the department today. These new cards will replace old pages Nos. 8, 22 and 24, which will be returned to headquarters in the envelopes provided, on or before Friday, November 20, 1936.

VI. WATER SHUT OFF.

Notice has been received from the New York, New Haven & Hartford Railroad Company that the water has been shut off in the fire lines in freight houses Nos. 1, 2, 3, 4, 5, 6, 7, 8 and 20 House, Massachusetts Avenue, Pier 1 and Pier 4 (Boston Freight Terminal) for the winter months.

VII. COMMENDATIONS.

Lieut. John J. Donohoe of Engine Company 30 is hereby commended for notifying the department of a sprinkler break in the Supply Building of the City Hospital, November 10, 1936, while off duty.

Radio Operator James A. McCarron of the Fire Alarm Division is hereby commended for responding to and working at fire in Long Island, November 10, 1936, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

THOMAS H. DOWNEY,
Acting Chief of Department.

General Order No. 56.

I. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m., November 18, 1936:

Chief of Department Henry A. Fox.

In announcing the retirement of Chief Fox the Fire Commissioner feels that the city is losing the services of a most capable and valued official. He was

appointed to the department on October 15, 1886, and his promotions were as follows:

To lieutenant, June 28, 1895; to captain, October 26, 1900; to district chief, March 9, 1906; to deputy chief, July 12, 1920; to second deputy chief, May 1, 1922; to first deputy chief, March 7, 1924; to assistant chief of department, December 26, 1924; to chief of department, May 26, 1930.

During his fifty years of service in the Fire Department Chief Fox was com-

mended on several occasions. He bears the scars of many injuries received in the protection of lives and property of the citizens of our city. By the character of his service and by his faithfulness he has well earned the pension which the law provides for those who engage in the hazardous work of the Fire Department. His associates in the Fire Department extend to him their best wishes for continued good health and happiness.

EDWARD F. McLAUGHLIN,
Fire Commissioner.

SATURDAY, NOVEMBER 28, 1936.

No. 48

1936 PROVED BANNER YEAR IN PARK DEPARTMENT RECREATION HISTORY — MORE THAN 3,000,000 CITIZENS, YOUNG AND OLD, SHARED IN ACTIVE SPORTS PROGRAM UNDER SUPERVISION OF THE PARK COMMISSION AND AT THE DIRECTION OF MAYOR MANSFIELD — ACTIVITIES WERE PROVIDED ON 77 OF CITY'S PLAYGROUNDS WITH 150 MEN AND 50 WOMEN INSTRUCTORS TEACHING PLAY ACTIVITIES AND BUILDING BETTER CITIZENS FOR THE FUTURE OF CITY — WINTER PLANS NOW UNDER FULL DRIVE.

The year 1936 proved to be the banner year in Park Department Recreation history, with more than 3,000,000 persons actively engaged in a program of sports, which attracted youngsters from ten to eighteen years of age right up to the adult group.

The program, directed and approved by Mayor Mansfield and supervised by Park Commissioner Long, with the cooperation of Works Progress Administration, was in operation on seventy-seven playgrounds throughout the city. A corps of 150 male instructors and 75 female instructors were in attendance at these play areas from early in the morning until dusk teaching and instructing the many folks who sought this relaxation whose broad and general purpose, of course, is body building and recreation for the many. Commissioner Long first envisioned this development; he had strongly in mind its promotional value to good citizenship.

Warm weather found the playgrounds and public parks bursting with athletic activity. Various events were scheduled bi-weekly, the popularity this year rising to such heights that by the end of the first month of the outdoor season these events were conducted weekly to conform with the demands of the thousands of contestants and spectators.

The safety and convenience of the youngsters always being the first point of consideration, a list of carefully selected events were compiled, with even the slightest detail checked and approved, according to past years of experience. This list of events was then posted at the playground to assist the youngsters in preparing for same.

In addition, these posters were also placed in conspicuous places throughout the neighborhood to attract the attention of any youngsters that might not have the opportunity of visiting the playgrounds, to learn of the events established for their benefit. The playground instructor recruited his groups by visiting the various social organizations in his district, interviewing school principals, police captains, members of the clergy and discussing best possible conditions under which the playground will function for the coming season, each and every play area having individual problems, which necessitate the advice of the aforementioned leaders.

Groups Classified.

Youngsters are classified in three divisions as follows: Class "B" comprises youngsters eighteen years of age and under; Class "C," those between fourteen and sixteen years of age, and Class "D" those under fourteen years of age. The result of a study of these youngsters over a period of eight years established a standard of height in addition to the age of these boys and girls so that a "B" Class boy in addition to being within the age requirement must not exceed 5 feet 8 inches in height; Class "C," 5 feet 4 inches and Class "D" boys must not exceed 5 feet 1 inch.

The excellent facilities and equipment for the various sports which are a part of this program is indeed a vital point in the conducting of this gigantic undertaking. A corps of mechanics ready at instant notice to repair any hazardous condition at a play area are available at any hour of the day or night. This group include regular carpenters, electricians, painters, machinists, plumbers and expert ground specialists, whose duty it is to maintain and keep these playgrounds and the equipment thereon in the best possible condition.

When an event is posted at a playground, the instructor of that area proceeds to teach the youngsters of his area in that particular activity, giving them the benefit of his knowledge. Several days prior to the conducting of the event, which is generally held at some central point, that particular playground stages a contest of its own to determine the winners, who will represent the playground in the district meet, which is composed of the winners of four or five playgrounds. These district winners in turn meet at the central point designated and compete with other district winners to city championships. Immediately following the meet these youngsters are awarded prizes of gold and silver medals emblematic of their championships.

The entire seventy-seven playgrounds are divided into ten districts, a supervisor being in charge of each district, which is made up of four to seven playgrounds. This supervisor is responsible to the Director of Recreation, receiving his instructions from this Director and relaying these instructions to the instructors of his district. Meetings of the Director and the District Supervisors are held weekly to plan coming events and to discuss new conditions which arise throughout the districts. Prior to each event a meeting is held whereby the entire meet is planned on a blackboard with each minute detail being covered. Assignments are then arranged with every instructor being given a detail to carry out. This idea has proved to be very necessary, the many little details of even the smallest meets being important.

Meeting of the City Council Monday, December 7, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CIVIL SERVICE EXAMINATIONS.
(STATE.)STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 7.

New Bedford, Wednesday, December 9.

New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three

months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Cowing street, West Roxbury district, as a highway, from Washington street northwesterly, bounded and described as follows:

A highway named Cowing street is hereby laid out, from Washington street to Partridge street, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Washington street, forty and 3-100 feet; southwesterly by the southwesterly line of said Cowing street as hereby laid out, two hundred ten and 18-100 feet; southerly by the southerly line of said Cowing street as hereby laid out, twenty-one and 83-100 feet on a curve of twelve and 40-100 feet radius; again southwesterly by the southwesterly line of said Cowing street as hereby laid out, forty and 73-100 feet; westerly by the westerly line of said Cowing street as hereby laid out, twenty-five and 7-100 feet on a curve of eighteen and 14-100 feet radius; again southwesterly by the southwesterly line of said Cowing street as hereby laid out, three hundred twenty-six and 37-100 feet; northwesterly by the northwesterly line of said Cowing street as hereby laid out, 91-100 feet; again southwesterly by the southwesterly line of said Cowing street as hereby laid out, one hundred thirty-seven and 40-100 feet; northwesterly by Partridge street, forty feet; northwesterly by the northeasterly line of said Cowing street as hereby laid out, one hundred thirty-five and 94-100 feet; southeasterly by the southeasterly line of said Cowing street as hereby laid out, 91-100 feet; and northeasterly by the northeasterly line of said Cowing street as hereby laid out, six hundred ten and 27-100 feet.

Voted, That this Board determines that no person sustains damages in their estates by the making of the public improvement, consisting of the laying out and construction of Cowing street, West Roxbury district, as a highway, from Washington street to Partridge street, under the order of the Street Commissioners and Mayor of November 17, 1936, and awards no damages therefor.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 13, 1931, determining damages caused by the making of the public improvement, consisting of the laying out of Durnell, formerly Dudley avenue, be, and the same hereby is, amended, by striking from said order the name Walfred J. Carlson in said order and inserting in place thereof the name of Margaret M. Pierce; that the amount \$25 be, and the same hereby is, awarded to Margaret M. Pierce for the damages so sustained.

PARK DEPARTMENT RECREATION STATISTICS.

(Continued from page 1353.)

Jack Stones.....	604	972
Jump-Rope Contest.....	3,102	2,500
Roller Skating.....	3,500	5,000

The organization of Junior Baseball starts the middle of June, which includes the boys under eighteen years of age. These youngsters submit registrations of their teams, showing the names, addresses, ages and the position of each of their players. Baseballs, bats, a complete catcher's outfit, of protector, pads and glove, are supplied to these teams by the instructor on the playground, who is responsible for same. Schedules for their games, standings and umpires are supplied to these youngsters, in addition to the uninterrupted use of the field and shower and dressing facilities. Each playground has a league in each of the Junior classifications, which are "B," "C" and "D." On some of the larger playgrounds there are three and four leagues in each class. For example, at Franklin Field, Dorchester, one of our larger play areas, there are eighteen baseball diamonds, which these Junior Leaguers keep busy from early in June until late in August. The same system prevails with Junior Baseball that is used in all tournaments and contests. Each playground league winner meets the rival playground victors of their district until a district winner in each of the three divisions is determined. The finals are then conducted, which include these district winners who meet for the city championships. These games are conducted at the major league fields, alternating at Boston National League Park one year and the Red Sox Park the next. The winners of B, C and D titles are awarded gold baseballs.

TWILIGHT BASEBALL.

The Twilight Baseball Leagues, which include the older boys from eighteen years of age and over, form the major sport of the Park Department program. A district league is established in each area that can produce eight teams. These players are all registered the same as the Juniors, but do not receive the same material. These boys, being a little older and largely comprising working-boy groups, furnish their own baseballs and equipment. Schedules, standings and umpires are supplied during the playing season and winners meet rival winners in their area until a final champion is determined. During the City Championships these teams are supplied baseballs gratis by the Park Department. One of the requisites of this league is that all teams must be uniformed and adhere to regulations adopted by the Park Department.

Industrial Leagues have proven very popular during the past years, made up of various factories, mills, banks, office workers, etc., who find time to play a regular schedule of two-halves, which runs over a period of three months. These teams supply their own equipment

and pay their umpires, which are supplied only on recommendation of the Park Department. Final winners are also determined in this division and prizes are awarded. The interest runs very high in this division; for example, a league composed of steamship workers, which boasts of eight clubs, had a little difficulty due to the schedule of the ships arriving and leaving the local port. The league, however, through all the postponements and cancellations, finally ended with two teams tied for top honors. One of the teams were employed on a ship which was held up in a Central American port, but upon hearing of their standing immediately wired that they would be available for their final game three weeks hence, which was scheduled, and incidentally this crew won the game and league honors.

The other activities conducted during the summer months for the younger folks, which are not regarded as major activities, but are certainly just as important, are shown on page 1357.

The climax of the summer season was the most unique institution, the Playground Circus, believed to be the first show of its kind to be staged in the entire country, broke all previous records this year when with two performances it attracted a record crowd of 45,000 and was so successful that it was featured on the first page of every morning newspaper in Boston. In preparation for months it was advertised as the "greatest show on earth" and, without apologies to Ringling Brothers, Barnum & Bailey, it lived up to all the advance billing.

Here was a show put on by more than 750 boys and girls from the park playgrounds that, while a strictly amateur performance, would have done credit to the Big Top. Nothing like this annual Boston Park Department show is seen in any other city in the country, and each year it grows in stature and in ever-increasing popularity.

Like any big professional circus one had to see it in order to appreciate it. It should be pointed out at once, however, that there was not a single hitch of consequence in either afternoon or evening performance. The youthful participants had been rehearsed for several weeks until on the day of the performances they were letter-perfect in their roles. It was a circus in every sense of the term, and this year there were many new features and novelties.

SHOW AT INSTITUTIONS.

Immediately following the circus, the popularity of which became so great, Mayor Frederick W. Mansfield and Park Commissioner William P. Long were deluged with requests from institutions

and hospitals throughout the state to have the circus play before their patients. These requests were mostly from children's hospitals and homes. Unfortunately the performers of the circus are all school children and were unable to display their talent on account of the school opening, which took place a week after the circus was staged.

Several of the leading acts were however exhibited at the Children's Hospital of Boston and the Robert Breck Brigham Hospital, much to the delight of the patients.

With the inception of autumn, football becomes the major sport and at the present time the Park Department Association of Football Leagues are engaged in their championship tussles. The final game in the Park League had a crowd of 19,000 witnesses on hand, which is a tribute to Sandlotter, so as to speak, type football.

The Park League consists of merely 18 of the 402 teams which comprise this football association, but this individual league is of the faster type and made up of the older class of boys. Six thousand eight hundred and thirty-nine players, all registered and playing under strict Park Department Rules, are included in the association's roster.

The same popular service is granted these football teams as is evident in the baseball and basketball associations. Permits for gridirons; warm dressing and bathing facilities and, last but not least, regular New England Board of Approved Football Officials handling all games, these officials being members of the Park Department staff.

The success of the entire program is due largely to the institutes which are conducted prior to the opening of each season in baseball, football and other major sports. The entire staff meet each day for a period of three weeks.

At these meetings the rule book is reviewed and discussed, so that any complicated problem or play is judged and a final decision rendered. This not only improves the knowledge of the game for an official but also tends to educate new officials. At the conclusion of the institute a written examination is held and the students marked and graded according to their average.

In the closing days of the outdoor season the Relay Cross Country Race and the weekly hikes of the Girls' Program constitute the major events and the interest displayed in these meets make them real major activities.

With the inception of the W. P. A. a special staff of trained workers were developed, they having a personal interest in the youngsters, as each man is a "hero" in his own district, by feats in the athletic fields of high school and college sports.

Today the Park Department Recreation Program has brought the neighborhood sports to greater height than at any previous time. Each playground has become the meeting point of youngsters and also for parents who in the twilight hours take great pleasure in the passive form of recreation by enjoying the various events that the youngsters participate in.

It is openly admitted that this program is one of the biggest factors in dealing with the juvenile, in that the youngsters are kept occupied during the day and twilight hours, feeling that they are satisfied to chat an hour or so and go home having rid themselves of excessive energy.

The statistics quoted are for registered participants in championship events. There is no authentic record that could be kept of the thousands that participate in informal games both as participants and spectators.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

W. H. Ellis & Son Company have been granted an extension of the time of completion of the contract for repairing foundations, etc., of Meridian Street Bridge, from October 15 to December 1. This extension is requested on account of the delay on the part of the Edison Electric Illuminating Company in rendering a decision relative to their fender which

is connected to the one being repaired by the contractor.

PARK DEPARTMENT.

Groisser & Schlager Iron Works have been granted an extension of time until December 1, 1936, for the completion of the contract for furnishing and erecting steel framing for roof and ceilings for the club house at the George Wright Golf Course, Hyde Park.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

HOSPITAL DEPARTMENT.

Advertisers for proposals for purchase and removal of garbage from Main Department. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent, 818 Harrison avenue, Boston.

Bids close Tuesday, December 1, at 12 m.

Advertisers for proposals for exterminating all vermin, excepting rats and mice, in the entire Main Department, South Department, Haymarket Square and East Boston Relief Stations. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent, 818 Harrison avenue, Boston.

Bids close Tuesday, December 1, at 12 m.

Advertisers for proposals for window cleaning at the hospital for the year 1937. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent, 818 Harrison avenue, Boston.

Bids close Tuesday, December 1, at 12 m.

Advertisers for proposals for the purchase of trimmings, bones and grease at the City Hospital for the year 1937. Surety bond will be required in a sum satisfactory to the Superintendent.

Bids close Tuesday, December 1, at 12 m.

LIBRARY DEPARTMENT.

Advertisers for proposals for transporting books between the Central Library and the branch libraries. Surety bond will be required in a sum satisfactory to the Trustees. Blank forms for proposals may be obtained at the office of the Trustees, Central Library, Copley square, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 2, at 12 m.

POLICE DEPARTMENT.

Advertisers for proposals for making and delivering overcoats to the Police Department. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Property Clerk, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the office of the Commissioner, at the same address.

Bids close Wednesday, December 2, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertisers for proposals for removing snow and ice in the several snow districts indicated in advertisement. Surety bond will be required in a sum equivalent to \$10,000 for each district. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in

the sum of \$500 for each district, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 3, at 12 m.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Advertises for proposals for collecting and removing garbage and refuse in East Boston, Brighton, West Roxbury, Dorchester, Elm Hill and Hyde Park. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of 5 per cent of the contract price, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 8, at 12 m.

Advertises for proposals for sewerage works in Pondred Circle from existing sewer 110 feet northeasterly, West Roxbury. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 9, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for furnishing and delivering new pump for the Calf Pasture pumping station. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, December 7, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing oxygen, acetylene, and calcium carbide for use in the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$50, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, December 9, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing blankets and spreads to the City Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 1, at 12 m.

Advertises for proposals for furnishing salt to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 1, at 12 m.

Advertises for proposals for furnishing automobiles for the Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, December 8, at 12 m.

The following persons were employed at the Boston City Hospital for the week ending Thursday, November 12:

Permanent.—Louise Goldston, technician, \$12 a week.

Temporary.—William Goode, orderly, \$16.50 a week; Charles Mealey, porter, tending furnace, \$33 a week; James Norton, elevatorman, \$16 a week.

The following changes have occurred: Lawrence Mahoney, center orderly at \$15 to orderly at \$16.50 a week; Louis Poto, center orderly at \$11.50 to \$15 a week; Elizabeth McLaughlin, transferred from Long Island as wardmaid at \$15 a week.

The following persons were employed at the Boston City Hospital for the week ending Thursday, November 19:

Temporary.—Robert Keys, Charles Mealy, elevatormen, \$16 a week; Philip Fay, Samuel Odiome, male nurses, \$32 a week.

The following changes have occurred: Florence Young, head nurse at \$1,560 to \$1,680 a year; Kathleen Houlihan, Wanda Prsygodski, floor nurses at \$1,560 to \$1,680 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, November 12:

Olin Hendrix, M. D., resident medical officer, \$3,000 a year; Joseph Kilrow, choreman, \$17.50 a week; Jennie Hathaway, ward maid (substitute), \$10.50 a week; Mary Walsh, ward maid, \$10.50 a week; Nona Casey, seamstress, \$12 a week; Richard Cripps, male nurse (patient) (temporary), \$480 a year; Edward Hulen, maid (patient) (temporary), \$240 a year.

The following persons have ceased to be employed:

Nona Casey, temporary seamstress, \$12 a week; Olin Hendrix, M. D., resident surgeon, \$2,500 a year.

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, November 19:

Mary Regan, maid, \$10.50 a week, Michael Healey, maid (patient), \$240 a year; Lillian Perkins, Edward Hulen, Rita Donahue, maids (patients) (temporary), \$240 a year; Richard Cripps, male nurse (patient) (temporary), \$480 a year.

The following persons have ceased to be employed:

George Cockinos, maid (patient), \$240 a year; Catherine Ward, maid (patient), \$12 a week.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, November 12:

Long Island Hospital.

Appointments: Helen Cavanaugh, institution employee, waitress, \$316 a year, Mary Tirone, institution employee, waitress, \$316 a year, to succeed Lucille Edgren; Florence Pingold, institution employee, attendant, \$600 a year, to succeed Elizabeth McLaughlin; Jeremiah F. Sullivan, institution employee, porter, \$526 a year; Elizabeth M. Flanagan, institution employee, waitress, \$316 a year; George E. Harris, institution employee, helper, serving room, \$526 a year, to succeed George Conrod; Florence Lespasio, staff nurse, temporary, \$960 a

year, temporary; Mary C. Gillis, institution employee, attendant, \$600 a year, temporary.

Transfers: Elsie E. French, institution employee, attendant, \$600 a year, from waitress at \$316 a year; Edward T. L. Wollman, institution employee, tool keeper, \$600 a year, from helper, laundry, \$526 a year; Elizabeth C. McLaughlin, institution employee, attendant, \$600 a year, to Boston City Hospital; Mary Tirone, institution employee, attendant, \$600 a year, from waitress at \$316 a year.

Employment Terminated: Margaret Dalton, institution employee, telephone operator and clerk, temporary, \$600 a year; Daniel J. Crowley, institution employee, attendant, temporary, \$600 a year; George Conrod, institution employee, helper, serving room, \$526 a year.

Resignation: Irene F. Fahey, staff nurse, \$960 a year, voluntary.

The following changes have been made in the personnel for the week ending Thursday, November 19:

Long Island Hospital.

Appointments: Daniel J. Crowley, institution employee, attendant, \$600 a year, temporary; Michael L. Gibbons, fireman, temporary for three months, \$33.50 a week and board; this appointment cancels the appointment of William Hamilton who did not appear for duty; John J. Lydon, Jr., fireman, intermittent, \$33.50 a week and board, temporary.

Transfers: James J. McDevitt, institution employee, helper, pharmacy, temporary, \$600 a year, from porter at \$526 a year; Helena Messina, staff nurse, \$960 a year, from head nurse, temporary, at \$1,200 a year; Daniel J. Crowley, institution employee, porter, temporary, \$526 a year, from attendant, temporary, at \$600 a year.

Steamers "Hibbard" and "O'Meara."

Appointments: John F. O'Hare, deckhand, \$1,700 a year, temporary; Roy A. Wilson, marine engineer, \$1,800 a year, to succeed Livaus Burriss.

OVERSEERS OF PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following persons as social workers, for a period of one month from November 30, at \$1,000 a year:

Phoebe Cannon, Kathleen Conley, Margaret Connors, Mary F. Kenney, John H. McNulty, Mary E. Norton, Helen F. O'Connell, Howard Pierce, Virginia M. Prout, Mary E. Robertson, Eva R. Sacco, Peter Siragusa.

Approval has been given for the continued temporary employment of the following persons as social workers, for a period of one month from November 30, at \$1,000 a year:

James D. Canan, Thomas L. Daly, William L. Danforth, Francis X. Dardis.

Approval has been given for the continued provisional temporary employment of the following persons as assistants to social workers, for a period of one month from November 30, at \$1,000 a year:

Daniel I. Cronin, James F. Dunn, Domenic Esposito, Frederick Hadge, Frances G. Kelley, Edward V. Lahey, James D. Mullin, Francis X. Morrissey, Charles A. Saya, Mary R. Shea, Lillian R. Zilg.

Approval has been given for the continued provisional temporary employ-

ment of the following persons as aid and settlement agents, for a period of one month from November 30, at \$1,000 a year:

Harold Aronson, Frances A. Bousard, Charles Brack, Mary Breen, Doris L. Burke, Helen J. Clancy, Eleanor M. Crosby, Marie F. Curran, Helen M. Dooley, Edna M. Driscoll, Mary R. Feeney, Joseph I. Feldman, Agatha Francis, Angelina M. Giorgione, Katherine F. Gordon, Allan A. Grant, William S. Gushee, Alice D. Hart, Della Hutton, Mary R. Hurley, Annie E. Immick, Esther N. Jackson, Coleman Joyce, Katherine I. Joyce, William L. Kelley, Margaret Kiley, Katherine G. Krohn, David E. Leahy, James E. Lunny, Thomas Ryan, Helen F. Lenehan, Joseph P. Leonard, Betty Miller, John Minton, John A. Molineaux, Henry G. Muldowney, John F. Mungovan, Joseph W. Murphy, Dorothy E. Macdonald, Mary L. Macdonald, Marion E. McAuley, Edmund J. McCarthy, Stephen J. McMahon, Kathryn E. McGrath, Lillian McPeake, Elenore J. Nowell, John C. Piggott, John E. Powers, Joseph Reardon, Grace L. Rogers, Edward B. Ryan, Mary R. Smith, Sam Stinman, Josephine Sullivan, Walter Sullivan, Mary E. Sullivan, Lillian Taylor, Katherine P. Toomey, Agnes G. Towle, Mildred A. Walker, Margaret Warren, L. Lorimer Williams, Edward Davidson, Margaret O'Reilly.

PARK DEPARTMENT.

Approval has been given for the permanent employment of Joseph J. Regan as airport traffic control operator at \$1,600 a year.

Approval has been given for the increase in pay of William P. Halley, rigger, from \$5 to \$5.50 a day, effective November 20.

Approval has been given for the permanent employment, as a third-class engineer at \$38 a week, of Martin Kelly.

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made:

Mary Farrell, parole agent, \$1,200 a year.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to continue the temporary employment of Richard F. Thompson as marine fireman at \$41.50 a week, for three months from November 18, to fill a vacancy.

Approval has been given to grant to Edward R. Gray, captain in the Ferry Service, a leave of absence, with pay, for a period of thirty days from November 13, on account of sickness.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to appoint John O'Neill, now temporary wheelwright-carpenter at \$6 a day, as permanent wheelwright-carpenter at \$6 a day, to fill a vacancy, effective November 20.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to change the rating of James F. Schofield, employed in the Albany street pumping station, from laborer at \$5 a day to gateman at \$41.50 a week, effective November 20.

Approval has been given to continue the temporary employment of the following, for three months from November 23, on W. P. A. and sewerage works construction, interchangeably, as their services are required during this period: Francis A. Cass, rodmán, \$1,200 a year, Charles W. Fagan, Charles T. Dinneen, transitmen, \$1,800 a year.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to change the employment and rating of Celia G. Houha from clerk-telephone operator at \$880 a year to clerk at the same salary, to fill vacancy caused by the promotion of Albert P. McCann, clerk, from \$1,300 to \$1,500 a year on August 28.

PUBLIC WORKS DEPARTMENT (Water Income Division).

Approval has been given to continue the temporary employment of Adam Bienkowski as temporary water meter reader at \$1,700 a year, for a period of three months from November 21.

Approval has been given to grant a leave of absence, with pay, on account of illness, to Michael J. Barron, meter reader at \$1,900 a year, for a period of thirty days from November 13.

EAST BOSTON DISTRICT COURT.

Clara M. Brown has been appointed probation clerk of the East Boston District Court at \$1,500 a year.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Brighton district, designated as Colwell avenue, between Chestnut Hill avenue and Portina road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

OMISSION UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

T. Stuart & Son Company have been directed to omit the following work under the contract for rebuilding Chelsea Creek Bridge, over Chelsea Creek, dated January 15, 1936. Items ordered: Under Item 11, structural steel to be weighed in carload lots instead of individual pieces, omit as per agreement. Total deduction, agreed price, \$50.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 31, 1936.

Last date for filing applications, Monday, December 14, 1936, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be

found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

NOTE.—One year of technical college will be considered the equivalent of one year's experience.

Grade I.—Junior Engineering Aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade II.—Senior Engineering Aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,560 to \$2,160 a year.

Entrance Requirement: Applicants must have one year's practical experience in engineering work.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

A supplementary test in drafting which will be *optional*, will be given in connection with this grade.

Grade III.—Junior Civil or other Engineers, Senior Engineering Draftsmen, and Chiefs of Survey Parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,160 to \$2,760 a year.

Entrance Requirement: Applicants must have not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade IV.—Assistant Civil or other Engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Entrance Requirement: Applicants must have not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the State Service as Senior Engineers and Associate, District and Chief Engineers, will be held only when vacancies exist.

Passing Requirements (for all grades): Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible.

(Supplementary drafting test.) At least 70 per cent in this subject in order to qualify.

FIRE DEPARTMENT ORDERS.

General Order No. 57.

I. PROMOTION.

The following promotion is effective at 8 a. m., Saturday, November 21, 1936:

Deputy Chief Samuel J. Pope of the Fire Prevention Division to Chief of Department.

EDWARD F. McLAUGHLIN,
Fire Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rules which were adopted July 2, 1936, and were effective July 20, 1936, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from September 18, 1936, are hereby extended for a further trial period of sixty (60) days, from November 17, 1936.

The Revised Traffic Rules and Regulations of the City of Boston as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows:

Section 8, Part 2, is amended by striking out the following:

Parker Street, Roxbury.

Both sides, from Tremont street to Fisher avenue, twenty-four hours.

Section 9, Part 2, is amended by adding the following:

Columbus Avenue, Roxbury.

West side, from Washington street to a point one hundred and fifteen (115) feet north of Washington street, twenty-four hours.

Oak Street, Downtown Boston.

North side, from Ash street to Washington street, 7 a. m. to 6 p. m.

Parker Street, Roxbury.

West side, from Tremont street to Fisher avenue, twenty-four hours.

Raleigh Street, Downtown Boston.

East side, from Bay State road to Beacon street, twenty-four hours.

Temple Place, Downtown Boston.

North side, from Tremont street to Washington street, 7 a. m. to 6 p. m.

Section 24, Part 1, is amended by adding the following:

Park Street, Dorchester.

From Dorchester avenue to Adams street.

Parker Street, Roxbury.

From Tremont street to General Heath square.

Section 47 is amended by adding the following:

M Street, South Boston.

From East Broadway to East Fourth street.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Upon November 19 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation for repairing hull, etc., of ferryboat "Ralph J. Palumbo," at an estimated cost of \$8,883. The following bids were received November 17:

Quincy Dry Dock and Yacht Corporation, \$8,883; Bethlehem Shipbuilding Corporation, Limited, \$9,586.

SUPPLY DEPARTMENT.

Upon November 21 permission was given by the Mayor to award a contract to the White Motor Company for furnishing two Model 703 six-cylinder ambulance chassis for the Boston City Hospital. The net amount of the contract was \$5,000. Bids, opened November 17, were as follows:

Two Latest Style, Model 703, Six-Cylinder Ambulance Chassis, 136-Inch Wheelbase, with Bender Ambulance Bodies, or Equal, According to Attached Specifications, Each.—The White Motor Company, \$2,623.99; total, \$5,247.98; General Motors Truck Company, \$3,106.42; total, \$6,212.84.

Net Price of Ambulance Chassis Less Excise Tax, Turn-in, and Cash Discount for Payment in Ten Days.—The White Motor Company, \$5,000; General Motors Truck Company, \$6,069.78; see specifications.

Excise Tax.—The White Motor Company, \$73.99 each; total, \$147.98; General Motors Truck Company, \$51.53 each; total, \$103.06.

Amount of Ambulance Chassis Less Excise Tax.—The White Motor Company, \$5,100; General Motors Truck Company, \$6,109.78.

Allow on Ambulance No. 6, 1924 Body, 1929 Chassis to be Traded In.—The White Motor Company, \$100; General Motors Truck Company, \$40.

Amount of Ambulance Chassis Less Excise Tax Turn In.—The White Motor Company, \$5,000; General Motors Truck Company, \$6,069.78.

Upon November 21, permission was approved by the Mayor to award contracts to lowest bidders as indicated for furnishing meats for the various city departments during December, 1936. The approximate totals of awards were as follows:

Wald-Baram Company, \$7,492.92; Swift & Co., \$4,370.44; Wattendorf & Co., Incorporated, \$3,542.95; Wilson & Co., \$2,746.15; Colonial Provision Company, Incorporated, \$814; Faneuil Beef Company, \$673.22; Beacon Beef Company, Incorporated, \$669.04; John P. Squire Company, \$571.20; Fred W. Baldau Company, \$542.10; Armour & Co., \$219.44; Cudahy Packing Company, \$134.95. Total, \$21,776.41.

* Contract awarded.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Carilli Construction Company has been allowed to add to the contract for the Robert Gould Shaw School addition the following for materials and labor for taking down and rebuilding brick settings for boilers No. 1 and No. 2 in old building, add to contract, \$1,915.07; contract price, \$296,195; previous change orders, addition, \$5,533.95—\$301,728.95; deduction, \$3,175.20—\$298,553.75; add \$1,915.07; this change order, \$300,468.82. 62 hours' labor, mason foreman at \$1.55, \$96.10; 203 hours' labor, masons at \$1.30, \$263.90; 498½ hours' labor, laborers at 70 cents, \$348.95; 14½ hours' labor, carpenters at \$1.20, \$17.40; 3 hours' labor, carpenters' apprentice at 80 cents, \$2.40; 8½ hours' labor, carpenters' helper at 70 cents, \$5.95; 78½ hours' labor, labor foreman at \$1, \$78.50; 47 hours' labor, supervision at \$2, \$94; 77 hours' labor, \$1.85, \$142.45—\$1,049.65; Workmen's Compensation insurance, 10 per cent, \$104.96—\$1,154.61; 75 bags lime at 80 cents, \$60; 95 bags cement at 70 cents, \$66.50; 13,000 sand-struck bricks at \$14.50 per M., \$188.50; 17½ tons sand at 65 cents, \$11.53; 600 fire brick at 10 cents, \$60; 4 bags fire clay at \$1.75, \$7; 6 arch bars, \$75; timber for shoring, \$42.14—\$1,665.28; 15 per cent, \$249.79—this addition, \$1,915.07; and the amount of \$1,915.07 will be added therefor, making the account as follows: Contract price, \$296,195; total additions, \$7,449.02; total deductions, \$3,175.20; amount of contract, \$300,468.82.

Carilli Construction Company has been allowed to deduct for labor not used in providing temporary heat in the contract for the Robert Gould Shaw School addition: Maximum contract requirement, 3,000 hours at \$1.40, \$4,200; used during construction, 732 hours at \$1.40, \$1,024.80—this deduction, \$3,175.20, and the amount of \$3,175.20 will be deducted therefor, making the account as follows: Contract price, \$296,195; total additions, \$5,533.95; total deductions, \$3,175.20; amount of contract, \$298,553.75.

P. J. Cantwell & Son have been allowed to add to the contract for the Washington Irving School the following for rearranging lunchroom: Taking up 140 feet of iron pipe rails in front of present lunchroom counter, \$38; erect as directed 70 feet of this pipe rail, including all necessary cutting of concrete flooring, setting all sleeves, patching all holes, new and old, in concrete floor, \$62; concrete, sand, lag bolts, screws, etc., \$12; completing all necessary changes in lunchroom counter, including the installing of additional shelving, cupboard doors, locks on all drawers and doors, new compressors in lunchroom counter, including all electric work for same, new shelves in storeroom opposite lunchroom, with all necessary painting to complete same, 850 feet of North Carolina pine shelving, including cleats, uprights, etc., at 12 cents per foot, \$102; 2 pairs cupboard doors at \$11, \$22; hardware, including 20 locks in cupboards and drawers, elbow catches, shelf rests, hinges, etc., \$68; labor, carpenters, 97½ hours at \$1.75, \$170.62; painting as per receipted bill, \$55; electric work as per receipted bill, \$64 — \$119; plus 10 per cent, \$11.90; for installing hardener on concrete floor in lunchroom annex, 1,500 square feet at 3 cents, \$45; changing materials on vent hood to comply with Building Department request, \$18; labor, carpenter, 8½ hours at \$1.75, \$15.31 — total, \$683.83; bond, \$10.25 — \$694.08, and the amount of \$1,807.08, will be added therefor, making the account as follows: Contract price, \$39,420; total additions, \$1,807.08; total deductions, none; amount of contract, \$41,227.08.

All this work was done after school opened and was approved by Superintendent Campbell, School Committee, and William W. Drummey, Superintendent of Construction. All work was outside of regular contract.

Approval has been given to issue an order of change, making an addition in the sum of \$1,478.76 to the contract of the Rugo Construction Company, Incorporated, contractor for the erection and completion of the addition to the South Boston High School. This amount is necessary in order to pay for additional work in connection with the foundations which had to be carried down to an approved grade. The amount of work involved is as follows:

Additions: 154.45 cubic yards of excavation to a depth of 6 feet at \$2, \$308.90; 1.2 cubic yards excavation below 6 feet at \$3, \$3.60; 20.34 cubic yards blasting to a depth of 6 feet at \$6.50, \$133.21; 1.29 cubic yards blasting below 6 feet at \$9, \$11.61; 69.79 cubic yards unreinforced concrete at \$14, \$977.06; 105.49 cubic yards backfill at 75 cents, \$79.12 — \$1,512.50.

Deductions: 6.66 cubic yards excavation at 65 cents, \$4.33; 2.21 cubic yards unreinforced concrete at \$12, \$26.52; 4.45 cubic yards backfill at 65 cents, \$2.89 — \$33.74.

Net addition, \$1,478.76.

PARK DEPARTMENT.

Grossier & Schlager Iron Works have been directed to make the following addition to the contract for furnishing and erecting steel framing for roof and ceilings for the Club House at the George Wright Golf Course, Hyde Park, signed October 20, 1936:

Furnish all necessary welding equipment, materials and certified electric welders to electric weld 6,300 lineal feet of bulb tee sub-purlins to structural steel roof frame. Bulb tees are to be furnished

by others, and are on the job. Bulb tees to be placed in locations as shown on plans where directed. All necessary cutting and welded splicing shall be done under this contract. Where bottoms of bulb tees and tops of structural steel rafters are not in same plane, the contractor shall fabric on the job, small struts to bring bottoms of bulb tees into line at these points.

For this additional work the sum of five hundred and ninety dollars (\$590) will be added to contract price.

Contract price, \$9,835; addition as per this order, \$590; contract as standing, \$10,425.

Although this work is in addition to the work contemplated in the original contract it is incidental thereto.

MAYOR MANSFIELD ACTS IN LOCAL STRIKE OF LONGSHOREMEN.

Upon November 25 the Mayor issued the following with reference to the shipping strike:

The Mayor talked with the office of the Secretary of Labor Frances Perkins in Washington today.

Mr. Spellman of that office said that he had been in conference with Joseph Ryan, president of the Longshoremen's Union, who assured him that there would be no calling out of the longshoremen on the Atlantic seaboard and that ships would be unloaded and loaded here by his men.

He also said that there is in conference in Washington representatives of the masters, mates and pilots, and the Marine Engineers Benevolent Association. These groups represent the licensed personnel. He promises to call me at the conclusion of that conference and inform me as to its result. He said that apparently some of the representatives in that conference wanted to join the strike and some did not, and that the reports they had in Washington were that up to the present time the strike of the licensed personnel had not been very successful. He said that he would know by noontime, but he felt that the situation would not be further complicated.

The situation in Boston according to a report which I have just received from Mr. Parkhurst of the Port Authority is that on some ships a proportion of the officers, or licensed personnel either in the engine room or on the deck forces, have walked out, but they are only a scattering few and these places have been filled readily and the ships have sailed, except for those that were already tied up on account of the seamen's outlaw strike, which has already been going on for some weeks. Mr. Parkhurst reports that there is only one ship in the port that is having trouble with the licensed personnel and that the port is functioning almost normally.

Mr. Steelman of Miss Perkins' office in Washington, with whom I talked this morning, had just telephoned, as he promised.

He says the conference of the representatives of the licensed personnel (Masters, Mates and Pilots Association and Marine Engineers Benevolent Association) is still going on in Washington and nothing definite could be said as to the result. He did say that he did not anticipate much difficulty from any strike of the licensed men and promised if anything definite was concluded he would immediately let me know.

He further said that he was in receipt of reports of the seaports on the Atlantic Coast and they all report practically normal loadings and unloadings by the longshoremen and practically no delay from the licensed personnel strike.

P. W. Chappell is the name of the Federal Conciliator who will come to Boston on Friday morning to confer with me, the Port Authority and all persons interested in the maritime situation in Boston.

FINAL ACTION ON NEW CITY HALL AWAITS RETURN OF PRESIDENT ROOSEVELT TO WASHINGTON.

Upon November 25 Mayor Mansfield issued the following statement concerning the new City Hall Project:

The Mayor has received information that the project for a new City Hall in Boston has been given docket number Massachusetts 1078 and the application was found eligible by the Federal authorities. The action of the State Emergency Finance Board in approving the project now awaits the approval of Governor Curley.

About \$200,000,000 is on hand in Washington for new projects, but this money will not be available until after the return of President Roosevelt from South America. The City Hall project is included among those from which selection can be made when the allotment of this money is considered.

POLICE DEPARTMENT ORDERS.

General Order No. 246.

In furtherance of the continuous and relentless campaign waged by the Boston Police Department for the last year and nine months to rid the city and keep it free of crime and vice, Capt. James T. Sheehan, detailed to the Superintendent's Office, is hereby designated as Acting-Inspector of Divisions until further orders, with instructions to select such assistants as he may require and to make an immediate and thorough investigation of all police divisions in the city.

He shall report to the superintendent daily, in writing, stating the divisions he has inspected and shall call specifically to the attention of the superintendent every matter of importance concerning proper police administration.

This order takes effect Tuesday, November 24, 1936, at twelve o'clock, noon.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 1, 1936, as amended, determining damages caused by the making of the public improvement consisting of the establishment of grade on La Grange street, be, and the same hereby is, amended, by adding to said order the amount \$531 as an award to Nathaniel M. Levenson; that the amount \$531 be, and the same hereby is, awarded to Nathaniel M. Levenson for the damages so sustained

TRANSFERS OF APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

AUDITING DEPARTMENT.

BOSTON, November 20, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Auditing Department:

From the appropriation for A-1, Permanent Employees, Messenger, 0 (1) at \$800 a year, \$34.50, to the appropriation for A-1, Permanent Employees, City Auditor, Deputy, 1 at \$4,200 (\$4,500) a year, \$34.50.

To provide for adjustment in compensation approved by his Honor the Mayor; money being transferred is available because of a vacancy.

Respectfully,

CHARLES J. FOX,
City Auditor.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20.

BOSTON TRAFFIC COMMISSION.

BOSTON, November 18, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission Department:

From the appropriation for B-8, Light, Heat and Power, \$200, to the appropriation for C-13, Tools and Instruments, \$200.

The amount is available for transfer from B-8 because each year this items must be augmented beyond the apparent expenditures to pay for the electrical energy for new signals which may be installed during the year. There were only a few installations this year.

Respectfully,

WILLIAM P. HICKEY,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20, 1936.

BUDGET DEPARTMENT.

BOSTON, November 23, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Budget Department:

From the appropriation for Miscellaneous Expenses, Budget Department, A, Personal Service, A-1, Permanent Employees, Clerks, 2 at \$1,000-\$1,100 a year, \$28.80 to the appropriation for Budget Department, A, Personal Service, A-1, Permanent Employees, Executive Clerk, 1 at \$3,000 (\$3,300) a year, \$28.80.

To provide for adjustment in compensation.

Respectfully,

FRANCIS J. MURRAY,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20.

ELECTION DEPARTMENT.

BOSTON, November 18, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for B-5, Cartage and Freight, \$100, to the appropriation for B-35, Fees, Service of Venires, etc., \$100.

This transfer is requested to enable us to meet expense of the department under its proper budget classification. Such expense was not anticipated when budget of the current year was compiled.

Respectfully,

DAVID B. SHAW,
Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20, 1936.

INSTITUTIONS DEPARTMENT.

BOSTON, November 14, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Long Island Hospital, A-1, Permanent Employees, 60 Staff Nurses at \$960 a year, \$2,000, to the appropriation for Long Island Hospital, B-39, General Plant, \$2,000.

From Long Island Hospital, A-1, Permanent Employees, Staff Nurses, \$25, to C-6, Stable, \$25.

From Long Island Hospital, A-1, Permanent Employees, 24 Head Nurses at \$1,200 a year, \$200, to D-1, Office, \$200.

From Long Island Hospital, A-1, Permanent Employees, Head Nurses, \$1,100; B-17, Care of Persons, \$600; B-28, Expert, \$400, to F-11, Workmen's Compensation, \$2,100.

B-39, to provide \$1,000 for fire escapes on Barracks No. 42, the use of which is immediate necessity on account of loss of Barracks No. 10, and \$1,000 for services of contractor to locate and repair grounds in underground electrical wiring.

C-6, to provide waterproof cover for wagons and trucks.

D-1, to provide necessary office supplies for remainder of year.

F-11, to meet requirements under Workmen's Compensation Act, Joseph Cox case, lump sum, \$1,500; Arthur Mitchell, \$600 to December 31, 1936.

Respectfully,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor on November 20, 1936.

BOSTON, November 17, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for E-10, Electrical, \$25, to the appropriation for B-28, Expert, \$25.

B-28, for services of expert on oil-burning equipment.

Respectfully,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20, 1936.

BOSTON, November 17, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Child Welfare Division, B-17, Care of Persons, \$300, to the appropriation for Child Welfare Division, D-1, Office, \$300.

D-1, to cover cost of postage, stationery and printing for remainder of year.

Respectfully,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20, 1936.

PARK DEPARTMENT.

BOSTON, November 18, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Park Department:

From the appropriation for A-1, Permanent Employees, 49 (41) Gardeners, etc., \$36 a week, \$2,771, to the appropriation for A-1, Permanent Employees, 63 (71) Gardeners, etc., \$33 a week, \$2,771.

From C-5, Motorless Vehicles, \$300, to C-4, Motor Vehicle, \$300.

From E-9, Machinery, \$160, to C-4, Motor Vehicle, \$160.

From B-37, Photographing and Blue-printing, \$100, to D-9, Educational and Recreational, \$100.

From C-16, Wearing Apparel, \$500, to D-11, Motor Vehicle, \$500.

From E-10, Electrical, \$150, to D-13, Chemicals and Disinfectants, \$150.

From E-2, Highway, \$200, to D-16, Miscellaneous, \$200.

From E-2, Highway, \$800, to E-13, Miscellaneous, \$800.

From B-4, Transportation of Persons, \$217.25, to F-7, Pensions and Annuities, \$217.25.

From B-28, Expert, \$300, to C-17, Miscellaneous, \$300.

From E-9, Machinery, \$200, to C-17, Miscellaneous, \$200.

These transfers are made to meet requirements unforeseen when making up the budget.

The transfer on the gardeners' line is necessary to adjust the charging of eight men at \$33 a week on the gardeners' \$36 a week line.

WILLIAM P. LONG,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor on November 20, 1936.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, November 16, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and

forward to the Mayor the following request for transfer within the appropriations of the Penal Institutions Department, Office Expenses:

From the appropriation for A-2, Office Expenses, Temporary Employees, \$167.21, to the appropriation for A-1, Permanent Employees, 2 (3) Parole Agents, \$167.21.

From B-14, Motor Vehicles Repair and Care, \$20, to C-9, Office Equipment, \$20.

The transfer from A-2 is made necessary by the permanent appointment of one parole agent, this money originally having been appropriated for a temporary employee. It was necessary to secure small office equipment, for replacement, and this transfer is requested to cover this purchase.

Respectfully,

JOHN J. DOUGLASS,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor on November 20, 1936.

PUBLIC WORKS DEPARTMENT (Paving Service).

Boston, November 16, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Highway Division, Paving Service:

From the appropriation for E-2, Highway Materials, \$870; A, Personal Service, A-1, Permanent Employees, Transients, Grade II, 12 at \$1,700 to \$2,100 a year, \$1,000; B-6, Hire of Teams and Auto Trucks, \$445.63; B-18, Cleaning, \$100; B-20, Disposal of Waste, \$100, to the appropriation for B-42, Miscellaneous Services, \$1,515.63; A, Personal Service, A-2, Temporary Employees, \$500; F-11, Workmen's Compensation, \$500.

These transfers are to provide sufficient money to do an emergency job on Atlantic avenue, at India Wharf, and to take care of Items A-2 and F-11 for the balance of the year.

Respectfully,

C. J. CARVEN,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor on November 20, 1936.

COUNTY OF SUFFOLK.

LAND COURT.

Boston, November 17, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Land Court:

From the appropriation for Group C, No. 9, Office, \$550, to the appropriation for Group D, No. 1, Supplies, \$550.

We are asking to have this amount of \$550 transferred from Group C, No. 9, back to Group D, No. 1, as we have found that it will be necessary to use the full amount for postage.

Respectfully,

CHARLES A. SOUTHWORTH,
Recorder.

The above transfer was made by the City Auditor with the approval of the Mayor on November 20, 1936.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Haven avenue, Dorchester district, as a highway, from Blue Hill avenue to Cummins Highway, with the name of Harper street or some other distinctive name, bounded and described as follows:

A highway named Woodhaven street is hereby laid out, from Blue Hill avenue to Cummins Highway, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Blue Hill avenue, one hundred fifty-six and 16-100 feet; southerly by the southerly line of said Woodhaven street as hereby laid out, ninety-eight and 7-100 feet on a curve of seventy-four and 65-100 feet radius; southeasterly by the southeasterly line of said Woodhaven street as hereby laid out, by three measurements, three hundred and twenty-four feet, three hundred fifty-three and 5-100 feet on a curve of five hundred sixty-eight and 66-100 feet radius and eight hundred ninety-nine and 90-100 feet; southerly by Cummins Highway, forty-four and 20-100 feet; northwesterly by the northwesterly line of said Woodhaven street as hereby laid out, by three measurements, nine hundred eighteen and 70-100 feet, three hundred seventy-seven and 89-100 feet on a curve of six hundred eight and 66-100 feet radius and three hundred and twenty-four feet; and westerly by the westerly line of said Woodhaven street as hereby laid out, eighty-nine and 84-100 feet on a curve of forty and 94-100 feet radius; northwesterly by the northwesterly line of said Woodhaven street as hereby laid out, forty-eight and 83-100 feet; and northerly by the northerly line of said Woodhaven street as hereby laid out, fifty-one and 93-100 feet on a curve of forty-one and 35-100 feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Woodhaven street (formerly Haven avenue) Dorchester district, as a highway, from Blue Hill avenue to Cummins Highway, under the order of the Board of November 23, 1936, and awards no damages therefor.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

PROCEEDINGS OF CITY COUNCIL.

Monday, November 16, 1936.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER presiding. Absent, Coun. Shattuck.

PURCHASE OF TAX-TITLE PROPERTIES.

The following was received:

City of Boston,

Office of the Mayor, November 9, 1936.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated October 27, 1936, relating to an offer to purchase certain property situated at 410 West Second street, South Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$500, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$500 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
October 27, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Charles Scarpulla, 339 West Second street, South Boston, for the property located at 410 West Second street, South Boston, in the sum of five hundred (500) dollars.

The costs to the city up to January 8, 1935, amount to three hundred eighty-seven dollars and twelve cents (\$387.12), which includes the nonpayment of taxes since the year 1929, but does not include interest.

If and when the above amount of five hundred (500) dollars is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of five hundred (500) dollars will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated January 8, 1935, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5216, page 434, to about 1,350 square feet of land situate on the northeasterly side of West Second street, South Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Mr. Charles Scarpulla in the sum of \$500; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction, at a minimum price of \$500; and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated October 26, 1936, relating to an offer to purchase certain property situated at 27 Cambria street, Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$1,500, the Superintendent of Public Buildings having stated in his letter that the sale of the premises

at public auction with a minimum price of \$1,500 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
October 26, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Frederick A. Schuller, 652 Columbia road, Dorchester, for the property at 27 Cambria street, Boston, in the sum of fifteen hundred dollars (\$1,500).

The costs to the city up to February 5, 1936, amount to one thousand three hundred eighty-eight dollars and ninety-three cents (\$1,388.93) which includes the nonpayment of taxes since the year 1931, but does not include interest.

If and when the above amount of fifteen hundred dollars (\$1,500) is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of fifteen hundred (1,500) dollars will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated February 5, 1936, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5364, page 470, to about 1,491 feet of land situated on the southerly side of Cambria street in Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Mr. Frederick A. Schuller in the sum of \$1,500; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of the City of Boston, to sell all the city's right, title and interest in the said parcel of land at public auction at a minimum price of \$1,500; and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

City of Boston,
Office of the Mayor, November 9, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings dated October 5, 1936, relating to an offer to purchase certain property situated at 135 Warwick street, Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$1,100, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$1,100 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
October 5, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1936, concerning tax-title property, I respectfully submit an offer from Mr. William Hurwitz, 24 Fernboro street, Roxbury, for the land and building at 135 Warwick street, Roxbury, in the sum of eleven hundred (1,100) dollars.

The costs to the city up to December 30, 1935, amount to eight hundred fifty-two dollars and seventy-nine cents, (\$852.79), which includes the nonpayment of taxes since the year 1930, but does not include interest.

If and when the above amount of eleven hundred (1,100) dollars is approved by your Honor and the City Council the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of eleven hundred (1,100) dollars will be the minimum price for the property that the city is willing to accept and will be announced at the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated December 19, 1935, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5291, page 261, to about 1,279 square feet of land situated on the northwesterly side of Warwick street, Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Mr. William Hurwitz in the sum of \$1,100; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of \$1,100; and it is hereby further

Ordered, That said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises, upon the payment to it of the sum bid therefor at said auction.

Severally referred to the Committee on Public Lands and Tax-Title Property.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, November 16, 1936.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$35,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

City of Boston,
Park Department, November 16, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$35,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$35,000

When making up the budget estimates for the year 1936 a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1 Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1936, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department. This is an emergency and will not admit of delay.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$35,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$35,000
Referred to Executive Committee.

DEMOLITION OF CONDEMNED HOUSES.

The following was received:

City of Boston,
Office of the Mayor, November 14, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Building Commissioner relative to your order of October 19, 1936, concerning the demolishing of condemned houses.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

City of Boston,
Building Department, November 12, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—This will acknowledge your communication of November 2d, inclosing an order from the City Council, "that his Honor the Mayor request the Works Progress Administration to issue instructions to workmen demolishing condemned houses that the cellar and the unsightly condition left after the removal of the house be filled in and levelled, also, suitable protection be placed around the limits of the property."

In reply, I desire to report that it is the custom of this department when buildings are ordered demolished to require that all non-combustible material that cannot be salvaged be used to fill in the lot to the sidewalk grade whenever there is a sufficient amount of this material. Whenever there is not sufficient fill left on the site to raze the grade of the lot to the sidewalk level the lot is levelled off when possible and a substantial fence is erected on the street line to safeguard pedestrians.

For your information I will quote part of section 5, chapter 550, Acts of 1907, as amended, the Building Law of the City of Boston, with reference to the demolition of buildings:

"If the public safety so requires, the commissioner, with the approval of the mayor, may at once enter the building or other structure which he finds unsafe or dangerous, the land on which it stands or the abutting land or buildings, with such assistance as he may require, and secure or remove the same, and may erect such protection for the public by proper fence or otherwise as may be necessary, and for this purpose may close a public highway."

It has been my opinion that the Building Commissioner's authority did not extend to the purchase of gravel or other fill which would fill in the cellar or even substantially cover the non-combustible material which is left on the premises.

Respectfully yours,
EDWARD W. ROEMER,
Building Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Lillian Brannelly, for compensation for injuries caused by an alleged defect at 778 Parker street.

Eleanor Fazzani, for compensation for damage to property at 24 Lawrence street, caused by city men.

Charles Femino, for compensation for injuries caused by an alleged defect at 581 Boylston street.

Nelson Foley, for compensation for damage to car caused by an alleged defect in Allston street and Brighton avenue.

Raffaella Giordano, for compensation for injuries caused by an alleged defect in Saratoga street, East Boston.

Assad Korman, for compensation for damage to car by street-cleaning cart.

Edward Magnet, for compensation for injuries and damage to property on Dale street, caused by Public Works Department vehicle.

Harry Rutstien, for compensation for damage to car by city truck.

Clarence A. Thompson, to be reimbursed for judgment issued against him on account of his acts as operator of fire apparatus.

Daniel H. Trent, to be reimbursed for judgment issued against him on account of his acts as operator of fire apparatus.

Daniel H. Trent, to be reimbursed for judgment issued against him on account of his acts as operator of fire apparatus.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth Taylor, Eliot Hall, December 19.

REPORT OF FINANCE COMMISSION RE FISKE WHARF.

The following was received:

City of Boston,
Finance Commission, November 14, 1936.
To the Honorable the City Council.

Gentlemen,—There is now before you a recommendation from Mayor Mansfield that you adopt an order authorizing the purchase of the property on the waterfront known as Fiske Wharf for \$25,000. The proposition bears the indorsement of the Boston Port Authority and the City Planning Board.

The Finance Commission recommends the defeat of this order. If passed it will add another unnecessary burden to the heavy load the taxpayers now carry, and may commit the city to further unjustifiable expenditure. It will cost probably more than \$1,000,000 to make what the Mayor intends of Fiske Wharf.

In a letter of explanation which the Mayor sent to you in 1935, he stated that he proposed to turn the property over to the Public Works Department "for development as a municipal pier to serve not only city-owned boats, but also privately owned craft engaged in coastwise commerce."

In a recent memorandum to the Finance Commission, Mr. Richard Parkhurst, Secretary of the Boston Port Authority, argued that "the point in making the purchase would be to gain control of the land for such uses as the future might dictate." The memorandum further argued that the purchase by the city would keep the property out of ownership that might turn it into non-waterfront purposes, i. e., the establishment of manufacturing plants or other industries which would have no use for its waterfront possibilities.

The Port Authority reveals that this wharf was offered to the Port Board in 1932 by the New York, New Haven & Hartford Railroad for \$150,000. It was assessed then for \$228,000. In 1935 it was again offered to the Port Board, but this time the price had been reduced to \$25,000. Yet, at this time, 1935, the assessed value was \$200,000. It is illustrative of the unsoundness of many valuations fixed by the assessors that in 1936, several months after the property had been offered to the city for \$25,000, it was taxed by the assessors on a valuation of \$120,000.

There are serious objections to the purchase for both of the conflicting purposes stated by the Mayor and the Port Authority.

Objections to the Mayor's Purpose.

The property referred to as Fiske Wharf, but actually containing other wharves, was used by the New York, New Haven & Hartford Railroad until worn out. There is now no structure on the wharves. The condition of what is left, which is merely a collection of tottering piles, is almost indescribable. It would cost more than the purchase price to clean out what remains of the old foundations. The solid area of the parcel is only one-fifth of the whole area. If the city buys, it will simply relieve the railroad ownership of carrying "a white elephant," so called, of paying taxes on an assessed valuation of \$120,000 for something it has no use for and cannot sell.

As a city dock for city purposes it is not needed. The city now owns docks north of it, Atkins Wharf valued with buildings thereon at \$275,000. It is separated from Fiske Wharf only by the North End Park and pier. The city owns another dock south of it, the old ferry dock, by a few hundred yards. Both these docks are used by the Public Works Department but irregularly.

The dock to the south was formerly the North Ferry slip. Its value is rated by the assessors at \$150,000. Within a decade the city has spent approximately \$200,000 in repair of half of it. The other half is in such poor condition that within ten days it was condemned for any use by Public Works Department engineers. The harbor police are using this part of it temporarily, though the building on the wharf used for quarters of harbor police is likely to cave into the harbor at any minute. The better section of the dock at times is used as a storage place for ferryboats.

Some waterfront experts regard the North Ferry slip as one of the most valuable dock properties on the waterfront. The City Institutions Department sought use of it a few years ago, but found that it would cost \$300,000 to \$400,000 to put it in shape for use. It would cost much more to put Fiske Wharf in shape for use, and the city would not then have as good a location even for the purpose of which the Mayor wrote as it now owns in the North Ferry slip.

It seems to the Finance Commission under the circumstances unthinkable that any city official would advocate adding this Fiske Wharf property to the long list of parcels of real estate now held by the city for which there is little or no use. Many of them were acquired for purposes which sounded as fea-

sible as the Mayor's argument for this purchase, but money could not be found for development. The debt and tax burdens were already too great.

If the intention, as the Port Board reveals, is partly to reclaim the waterfront, a comprehensive plan should be produced first and proper legislative authority obtained. No more wharf property should be acquired while the city owns the North Ferry slip and is allowing it to become a menace to the harbor and a public waste.

The Finance Commission has just given the Mayor a list of twenty-eight unused parcels owned by the School Committee in which the city has invested over half a million dollars. A short time ago it was revealed that on July 1, the city owned by tax title 712 parcels assessed for \$1,160,000. It is problematical what can be done with any of them, and the number will grow with each tax sale. The Finance Commission has another list which it will send to the Mayor shortly of unused or little used real estate held by other city departments. Added to the above two items this new list will bring the figure of non-productive city-owned property into the millions.

It will be a misfortune if the city acquires the Fiske Wharf property even for a tax title. Presumably, the New York, New Haven & Hartford Railroad cannot dispose of it to any other purchaser. The city will have no better luck.

Until the commendable work which the Port Authority, an unpaid board, has been doing "to bring back the Port of Boston" has created a larger demand for dock facilities than is now apparent, the city should reduce the assessment on the Fiske Wharf property to an amount that is commensurate with its present value. A price of \$25,000 finds no takers. Any city money that can be spared would be better spent in needed repair of the city's present facilities.

Respectfully submitted,
E. MARK SULLIVAN, Chairman,
PHILIP A. CHAPMAN,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPONETTI,
The Finance Commission.

Placed on file.

BRIGHTON-ALLSTON HEALTH UNIT.

Coun. GALLAGHER and Coun. AGNEW offered the following:

Ordered, That the Trustees of the George Robert White Foundation be requested by his Honor the Mayor to establish a health unit in the Brighton-Allston district.

Passed under suspension of the rule.

DEMOLITION OF ELEVATED STRUCTURE.

Coun. DOWD offered the following:

Ordered, That the Boston City Council request the Mayor to proceed immediately with legislation calling for the demolition of the Elevated structure from Forest Hills to Charlestown, and the construction of a subway from Forest Hills to Charlestown.

Coun. DOWD—Mr. President, we all recall that last year quite a strenuous fight was made by the Governor, Mayor and Legislature, and brought before the City Council, all factions being in accord, for the demolition of the Elevated structure from Charlestown to Forest Hills, as a project that was absolutely necessary and essential. The Board of Trustees of the Elevated also agreed that the structure should be demolished, it being understood, of course, that it should be done under a W. P. A. grant by the United States Government. The proposition went to the Board of Directors, who stated, so far as they were concerned, that they had no objection to it providing the law regarding the Elevated were somewhat changed. I am introducing this order at this time because I feel that the President of the United States will continue to help various cities and towns throughout the country in matters of this kind. I know of no better way to place men at work than through such means as the demolition of that structure. I know of no better way to bring in taxes to the treasury of the City of Boston because of the improvement of adjacent property and the raising of rents along the line of the Elevated structure. There is no question, either, that the building of a tunnel will increase considerably the amount we will receive from taxes. We, of the City Council, have done what we could in assisting in this whole Public Works program. We favored the new courthouse, which will not only help the people of Boston but to a great extent the people of the surrounding communities. We also favor a new City Hall. But I do contend, no matter what the cost may be, that we should have a subway from Forest Hills to Charlestown. I understand that the present

Mayor was favorable to this proposition last year, and I know of nothing that has happened to make him change his mind. The present Governor of the Commonwealth fought a hard fight for this last year, and I believe nothing has happened to make him change his mind. The Governor-elect stated in a very strong letter sent out before his election that he was absolutely in favor of the demolition of the structure. With all the parties prominently concerned in this matter in favor of it, I know of no real logical reason why the United States of America, spending millions and millions upon work of this sort in different parts of the country, should not at least give us a grant to cover the major portion of this, thereby increasing the valuation of the City of Boston and placing at least 5,000 men at work for a period of perhaps five years. Therefore, I strongly urge upon the Mayor this action, saying in all justice to him that last year he was in favor of it, and I believe nothing has happened or can happen to make him change his mind. We are all certainly in favor of it, and I believe we should now call upon his Honor the Mayor to petition the Legislature to submit a request for legislation along this line, to come before the in-coming Legislature the first of January.

Coun. PETER A. MURRAY—Mr. Chairman, I heartily agree with the councilor from Ward 8 that we should have this structure removed. It will furnish labor to the unemployed and it will result in immensely bettering conditions and raising the valuation of property all along the line of the Elevated structure.

The order was passed under suspension of the rule.

CONCERNS UNFAIR TO ORGANIZED LABOR.

Coun. DOWD offered the following:

Ordered, That the City Council request his Honor the Mayor to instruct the Purchasing Agent not to purchase any goods from any concern that is unfair to organized labor.

Coun. DOWD—Mr. President, at a time like the present with a strike going on that involves the interests of labor, chauffeurs and truckmen and others, I am absolutely of the opinion that until such time as the concerns interested give the men a fair and living wage that they are justly entitled to, the Purchasing Agent of the city, regardless of any bids that are given out, should be instructed by the Mayor not to buy an ounce of material from any concern unfavorable to those men.

The order was passed under suspension of the rule.

SALARIES FOR SECOND ASSISTANT ASSESSORS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to direct the Board of Assessors and the Budget Commissioner to establish the Second Assistant Assessors in the Assessing Department on an annual salary basis rather than on a per diem basis.

Passed under suspension of the rule.

RECIPIENTS OF MOTHERS' AID AND WELFARE.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor consider the advisability of giving an additional \$5 to each recipient of mothers' aid and welfare at the Christmas period.

Coun. DOWD—Mr. President, this order has been introduced annually, but unfortunately has usually been introduced only a week or two before Christmas, with the resulting natural excuse of those in charge that it had come before them too late to do any good. Therefore, I am at this time, six weeks before Christmas, introducing the order this year asking the Mayor to consider the advisability of giving this additional \$5 to each recipient of mothers' aid and welfare at the Christmas period. It would not place an additional burden to the extent of over \$100,000 on the City of Boston and would to my mind bring a little happiness and sunshine to these recipients. I have, therefore, introduced the order, I hope, in time to have it given proper consideration, which I hope will be favorable.

The order was passed under suspension of the rule.

RECESS.

By direction of Chairman GALLAGHER the Council went into executive session, subject to the call of the Chair, at 2.25 p. m. The

members reassembled in the Council Chamber and were called to order by Chairman GALLAGHER at 2.55 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Ruth Taylor, Eliot Hall, December 19,—recommending that leave be granted under the usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and order (referred today) appropriating \$35,000 from income of George F. Parkman Fund to be expended under direction of Park Commissioners—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

3. Report on message of Mayor and order (referred November 9) recommending appropriation of \$25,000 for purchase of Fiske Wharf property—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. JOHN I. FITZGERALD moved that the matter lie on the table; declared carried. Coun. WILSON doubted the vote and asked for the yeas and nays. The motion to lay on the table was carried, yeas 18, nays Coun. Wilson—1.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

Chairman GALLAGHER called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor November 9, 1936, of Constables authorized to serve civil process, viz.: John J. Murphy, Louis Levendorf, Manuel Wensky.

2. Action on appointments submitted by the Mayor November 9, 1936, of Herbert J. Henderson, William T. Henderson, Arthur P. Kerrigan, Henry E. Olson, Patrick O'Rourke, to be Weighers of Coal; and Albert W. Holland and Charles Smith, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Agnew and Selvitella. Whole number of ballots 17; yeas 16, nay 1, and the appointments were confirmed.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November.

Report accepted; said order passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. SELVITELLA, for the Committee on Claims, submitted the following:

1. Report on petition of Edward F. Macomber (referred October 19) to be reimbursed for amount of judgment issued against him on account of his acts as operator of fire apparatus—recommending passage of accompanying order, viz.:

Ordered, That the sum of sixty dollars (\$60) be allowed and paid to Edward F. Macomber in reimbursement for amount of judgment issued against him on account of his acts as operator of fire apparatus, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

2. Report on petition of Neil M. Murphy (referred October 26) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of twenty-six dollars and twenty cents (\$26.20) be allowed and paid to Neil M. Murphy in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

Report accepted; said order passed.

HIRING OF BOSTON-OWNED TRUCKS.

Coun. PETER A. MURRAY offered the following:

Ordered, That the Overseers of the Public Welfare Department be requested, through

his Honor the Mayor, to instruct all contractors delivering coal and oil to welfare recipients, to hire only trucks registered in the name of a Boston resident, when additional trucks are needed for this work.

Coun. PETER A. MURRAY—Mr. President, in the past some of the coal and oil trucks of a Quincy concern, which was able to under-bid Boston contractors for the simple reason that the cost of registration of the truck is less than in Boston, have obtained this business. I hope in the future that it be given to Boston residents.

The order was passed under suspension of the rule.

LIGHTING ON CENTRE STREET.

Coun. FINLEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to include in the Budget for 1937, a sum sufficient to provide for improved street-lighting facilities on Centre street, West Roxbury, from Manthorne road to the junction of Centre and Spring streets.

Coun. FINLEY—Mr. Chairman, I am introducing this order at this time because a year ago a petition with over 8,000 names attached, from the West Roxbury section, was presented to the Mayor, to have the street lighting facilities along Centre street, from Manthorne road to Spring and Centre, West Roxbury, improved. That is one of the busiest and most traveled arteries of the City of Boston, and there have been several fatal accidents there because of lack of proper lighting facilities. At the time when the petition was presented last year, it was found that there was not money available to do the work, although a survey made by the Lighting Division of the Public Works Department showed that the facilities desired were badly needed. The cost at the most will be but between \$3,000 and \$4,000. I hope that this order will receive every consideration, that the necessary money will be included in the budget and that the street lighting facilities along that artery of travel will be increased in the interest of the safety of the general public in the district.

The order was passed under suspension of the rule.

PROPOSED LAND SALES REJECTED.

On motion of Coun. KERRIGAN the Council took up assignment No. 4 on the calendar, viz.:

4. Report of the committee on Public Lands and Tax-Title Property, ought not to pass on orders for the sale of parcels of land, as follows:

Land on 15 and 16 Camden place (referred July 2).

Land on northeasterly side of Washington Heights avenue, West Roxbury (referred July 2).

Land on southwesterly side of Lenox street, Boston (referred July 2).

Land on northwesterly side of Washburn avenue, East Boston (referred August 17).

Land on northerly side of Bellamy street, Brighton (referred August 17).

Land on westerly side of Washington street, Dorchester (referred August 17).

Land on southerly side of Kemble street (referred August 17).

Land on southeasterly side of Walnut avenue, Roxbury (referred September 1).

Land on southerly side of Wilmington avenue, Dorchester (referred September 1).

Land on northerly side of Fairmount street, Dorchester (referred September 4).

Land on northerly side of Wilmington avenue, Dorchester (referred September 21).

Land on northerly side of East Seventh street, South Boston (referred September 28).

Question on rejecting the orders.

The question came on the rejection of the several orders.

Coun. BRACKMAN—Mr. Chairman, I would like to have a word or two from the chairman of the committee as to why the committee is recommending rejection of the sale of these various parcels of land.

Coun. KERRIGAN—Mr. Chairman, the committee felt, on these orders which have come from the Building Superintendent with recommendation that the lots be sold at public auction, that the amount of money involved was so small that it would be better to sell the parcels at private sale.

The orders were rejected.

Later in the session Coun. FINLEY said:

Mr. Chairman, I ask unanimous consent to make a statement.

Chairman GALLAGHER—If there is no objection, the gentleman may proceed.

Coun. FINLEY—Mr. President, a few minutes ago we had occasion to take from the table an order regarding the advertising for sale of certain properties, upon which the Committee on Public Lands and Tax Titles recommended "Ought not to pass." Because

of the hurried action rejecting the orders I did not have an opportunity to obtain recognition from the Chair. Therefore, I want to speak upon the matter at this particular time. I happen to be chairman of the Tax-Title Committee which has been appointed and which has been working in conjunction with the Committee on Public Lands. My personal feeling is that we are not getting anywhere as far as doing something to take care of this particular subject that has been left in our hands is concerned. I happened to see that one particular order here refers to a parcel of land on the northeasterly side of Washington Heights avenue, West Roxbury, referred July 2. That pertained to a piece of land on which an offer was made of approximately \$150. At the meeting of the committee I recommended that that offer be accepted, because I know the value of that land, and I am surprised to find that the committee has reported "Ought not to pass" on that particular order. I want to say that we have not heard a syllable of criticism of the man who has been entrusted with taking care of tax-title property for the City of Boston. That particular function was wished on him; but I don't think there is a man in the city who is more capable of taking care of tax-title property than the present Superintendent of Public Buildings, Major Roswell Hall. The committee have claimed time and time again that they have not obtained information that was thought necessary to act on the suggestions made by the Public Buildings Commissioner, and as a result we do not seem to be getting anywhere. I want to stand here and say a few words in defence of our Superintendent of Public Buildings. He is a man who has been in the real estate business for years and is a recognized authority in that particular line, as his father was before him. He has had a great deal of responsibility in taking care of the usual business of the Public Buildings Department, but his Honor the Mayor in his judgment saw fit to hand over to him also the responsibility of taking care of this tax-title property. It is absolutely essential that these two committees operating jointly, the Committee on Public Lands and the Committee on Tax Titles, should cooperate in the matter of seeing that these properties are sold, but as a result of my experience, sitting in committees from five to six hours, I think we have made very little progress. The Superintendent of Public Buildings has amply demonstrated that he is a valuable asset to this administration. His first official act when he became Superintendent of Public Buildings resulted in saving to the City of Boston his entire salary for four years, because when an attempt was made by the trustees of the building adjoining Young's Hotel to make a contract for a lease, because of his experience in managing real estate, he was able to make other arrangements so that the city would be tenants at will, and where it would have cost the City of Boston \$45,000 under the lease, he made arrangements to have the city obtain what it desired at a cost of \$24,000. I am standing here today not wishing to take any direct issue with any brother colleague of mine, because I know that the gentleman in question is sincere in his motives and I admire his sincerity of purpose and ability. But in this particular case my personal feeling is that because of an animosity that exists, of a personal nature, between these two men, the sale of this tax-title property is being held up. I earnestly hope that from now on all parties will cooperate having in view the best interests of the city and seeing that this property is disposed of as quickly as possible.

Coun. WILSON—Mr. Chairman, I ask unanimous consent to make a statement.

Chairman GALLAGHER—If there is no objection, the gentleman may proceed.

Coun. WILSON—Mr. President, I have every respect for the councilor from Ward 20 (Coun. Finley), but he is erroneously informed in regard to the situation concerning these various pieces of tax-title property. My mind goes back to months ago, to a time when, on October 7, 1935, Major Hall was placed by city ordinance in charge of all tax-title property, and there then followed through the months efforts of the City Council and efforts of the Tax-Title Committee and of the Committee on Public Lands, in one way or another, to wheedle, cajole or threaten Mr. Hall so that he would furnish the members of the committee with some businesslike report on these various pieces of tax-title property. I realize that year after year, especially in these depression times, hard-pressed property owners, in the residential wards especially, are driven for the money wherewith to pay the taxes on their homes. As a result, their property has been advertised and sold to the city, and two years ago, put by the city through the Land Court, so that all hope of redeeming the property is outlawed. Now, all the tax-title properties that have come through to our committee from Mr. Hall, up to the first of November, are fifteen, and

those properties had been lost by the home owners some four, five and six years ago. Then there came the time when Mr. Hall, by city ordinance, was placed in full charge of this tax-title property. Again and again we have asked from him some report on each of the properties—a complete list of the properties in his custody or control, the address, the 1935 assessed value, the supposed amount due the city for taxes, interest and costs, the amount expended or to be spent for demolition work, similar information concerning properties where repairs or alterations were contemplated or had been done, information as to rental revenues from the various parcels, whether the land had buildings on it or was vacant, and so on, what the property was worth. As the result of a recent conference with Mr. Hall, having requested a full and detailed report along these lines on all the tax-title property, the committee, on October 26, having obtained less information on merely fifteen properties from Mr. Hall, made a full report on twelve of the fifteen orders before it. That report closed with this paragraph:

"Your committee reports 'Ought not to pass' with reference to all twelve of the accompanying orders, with a recommendation that the orders be returned to the Council providing in each case for private sale to the prospective buyers named in the original orders, but in the amounts already listed above. In six of the cases listed the committee feels the suggested upset price to have been a fair and adequate one, being substantially the total amount that was due the city. As to the remaining six cases the city recommends a higher figure as more nearly commensurate with the amount that was due the city."

And so we brought back this report on twelve out of the fifteen, and only fifteen, parcels that had finally leaked through to us from Mr. Hall's department. Incidentally, the parcel to which Councilor Finley makes reference, if I gather his remarks correctly, was one of the six as to which the committee felt that the offer was adequate. Apparently someone interested in the Washington Heights avenue property—on which the total amount due the city not only for unpaid taxes but also costs, unpaid water rates, and interest to the date of the Land Court decree, made a total of \$82.99—offered \$100, which was more than the city was stuck, and the committee voted that that offer be accepted, instead of going to the expense of a public auction and the waste of time that would be involved in having the superintendent go out and do a lot more work on the matter. The committee, therefore, reported back in favor of accepting the \$100 offer, with the view that that would get the city out of its indebtedness on the property and that it would not be stuck. In reference to Mr. Hall, I have no antagonism to him personally. Over a year ago, he was placed in charge of 872 parcels of tax-title property and there have come through to us from his department out of those 872 parcels up to this time only fifteen for possible action, involving less than \$5,300 taken together, and three of the fifteen involved \$100 or less. There has been that lack of action on his part despite the fact that the W. P. A. project has handed Mr. Hall's department, on his say-so, at least thirty men and women doing clerical work who could make a study of these 872 parcels, and over 120 men for purposes of repair of the various properties. So I say, with all due regard to the councilor from Ward 20 (Coun. Finley), who perhaps has not been as closely in touch with the tax-title property situation as some of the other members of the committee and myself have taken the time to be, I personally believe that any department that has had at its disposal thirty clerks and 120 mechanics to deal with these 872 pieces of property should have been able by now to give us much better information. Neither the City Council nor its Committee on Tax-Title Property is to blame on this situation. We made our position as a committee clear on October 26. We voted on twelve of the fifteen parcels upon which reports had been made to us by Mr. Hall. We stated that it was the opinion of the committee that if the amount involved was small and the offer made would get the city out whole, the sale should be carried out with the least possible red tape and expense. We had finally asked Mr. Hall for a minimum of information, information which we thought could be easily and readily supplied,—the location of the land, the offer, the assessed valuation of the land, interest costs, and what charges stood against the land. We have asked for that minimum of information from Mr. Hall and up to this moment we have received from him information in regard to only fifteen of these properties. And so, while I welcome any criticism such as we have received from the gentleman from Ward 20 in this matter, I feel that it is not merited.

Coun. NORTON—Mr. Chairman, I would ask that the committee hold another meeting on this matter.

Chairman GALLAGHER—The Chair will inform the gentleman that the orders have been rejected.

Coun. KERRIGAN—Mr. Chairman, I ask unanimous consent to make a statement.

Chairman GALLAGHER—If there is no objection, the councilor may proceed.

Coun. KERRIGAN—Mr. President, I am very much surprised at the attitude of the member from West Roxbury (Coun. Finley) on this matter. He is misinformed. I don't know why he has taken the floor to criticize any member of that joint committee, and why he thinks he must protect Mr. Hall, God only knows. Councilor Wilson has worked hard on this matter. He has done the best that could be done for the city. Every member of my committee has been before Mr. Hall asking him various questions, and we have waited for the information that we have desired. As soon as we received a part of that information, we took definite action on these parcels. So I am certainly surprised at the attitude of my colleague from West Roxbury on the matter.

SLUM CLEARANCE SURVEY.

Coun. KERRIGAN, for Coun. John I. Fitzgerald, offered the following:

Ordered, That his Honor the Mayor request the Boston Housing Authority to make a complete investigation of all properties located in the older parts of Boston that would be considered for "slum clearance" in order that the city might take advantage, if it sees fit, of Federal Government funds for the purpose of building, or for loaning to the present holders of real estate money with which to renovate their properties. The report of the Boston Housing Authority to be submitted to his Honor the Mayor, and to the City Council.

Passed under suspension of the rule.

VOTING MACHINES.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Election Department to consider the advisability of placing voting machines in all Boston precincts on election days.

Coun. DOWD—Mr. President, I believe the last election day proved very conclusively that, regardless of the expense that may be involved, all voting booths in the City of Boston should be furnished with voting machines in order that the vote may be tabulated more quickly and accurately. In other cities of America where voting machines have been established, within four or five hours they have the complete and final returns. I am not casting reflections on anybody, but the way the counting is done now, in many cases men and women by force of circumstances have to work from eight or nine o'clock in the morning until five, six or sometimes nine o'clock the next morning, getting but \$9 or \$10 for it. They cannot be expected, the way the work is now done, to count the votes more quickly and more accurately. This is a thing that should not only be done in the City of Boston, but throughout the state. If machines were introduced in every polling booth in Massachusetts, as I trust will ere long be the case, we would have greater accuracy and rapidity in finding out the results. In some places in Massachusetts returns were not made until six o'clock or later the following night. The situation is to my mind very bad and should be corrected.

The order was passed under suspension of the rule.

DUMP ON MILE ROAD.

Coun. PETER FITZGERALD offered the following:

Ordered, That his Honor the Mayor instruct the Public Works Department to keep a stricter supervision of the dump now maintained by the city on the property adjoining the pumping station and located on the easterly side of the section known as the Mile road.

Coun. PETER FITZGERALD—Mr. President, my reason for filing this order is, strange as it may seem, that the City of Boston, through its Public Works Department and other city departments, is maintaining a dump at a point near the pumping station, on land formerly occupied by the Boston Consolidated Gas Company, without proper supervision. There are constant fires at that particular point. Only a short time ago engines were called out from the Meetinghouse Hill section and had to go down there and stay for some time to put out a dump fire. That is a thing that is continually occurring and that is a constant menace. If a fire should occur in the meantime, in a great residential section such as Meetinghouse Hill, or other

sections in the vicinity, filled with two and three family houses, nobody can tell the harm that would result. It is a serious danger. As we all know, the present Fire Department is badly undermanned. The shift on apparatus going to a fire is sometimes but two or three men, frequently only two, and we need to have fire houses out there instantly prepared for any emergency that may arise in the residential district, and not have the apparatus called away for a length of time to a dump such as this. The Public Works Department should maintain strict supervision of that dump. But a short distance from that point is a thickly settled residential section and if an easterly wind blows up after a fire is started, the fire might easily become absolutely uncontrollable. What concerns me at this time is that, when the fire apparatus is called to and detained at this dump from time to time, putting out dump fires, it lays other sections, residential sections, open to a very serious threat. I trust, therefore, that the Mayor will instruct the Public Works Department to keep a stricter supervision of the dump so as to avoid the constant threat to the area from that source.

The order was passed under suspension of the rule.

BETTER LIGHTING WARD 14.

Coun. ROSENBERG offered the following: Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to install better lighting facilities at the corner of Blue Hill avenue and Walk Hill street, Ward 14.

Passed under suspension of the rule.

CONGRATULATIONS TO JUSTICE BRANDEIS.

Coun. NORTON, ROSENBERG and BRACKMAN offered the following:

Whereas, A noted citizen of Boston, the Honorable Louis Dembitz Brandeis, Justice of the United States Supreme Court, has just reached the age of eighty years;

Whereas, The freshest years of unselfish public service of this eminent man were given to the people of Boston; therefore be it

Resolved, That the Boston City Council, duly assembled, hereby expresses its congratulations to Justice Brandeis and wishes him many more years of life and happiness.

The resolution was passed under suspension of the rule.

RETRAINING WELFARE RECIPIENTS.

Coun. NORTON offered the following: Ordered, That the Mayor of Boston consider the advisability of conferring with the school authorities and Welfare Department officials relative to the matter of retraining many of those now on welfare.

Coun. NORTON—Mr. Chairman, I understand that seventy-five men were brought out to the West Roxbury Veterans' Hospital grounds, that they were trained there, went into farming, and that most of them have gone off welfare. But this year something has taken place so that this training has been stopped. I think it is a good idea to train many of those on welfare so that they may be assisted to earn a living. Experts claim that a man who was graduated from school or college nearly twenty years ago is now living in a new world. John Dowling put seventy-five men out there at West Roxbury and had them trained in farming, and I understand that seventy of the seventy-five went off the welfare roll.

The order was passed under suspension of the rule.

CASE LOAD PER WELFARE VISITOR.

Coun. NORTON offered the following: Ordered, That the Mayor of Boston consider the advisability of conferring with Welfare Department officials relative to decreasing the case-load per visitor, per investigator, from over two hundred, the present figure to say, seventy-five.

Coun. NORTON—Mr. Chairman, I understand that those requesting old age assistance have to wait not only a week, but a month or more, because of the insufficient number of visitors and the large case-load of over two hundred. This is no criticism of the visitors, as the staff is at present constituted, but results from the impossibility of a visitor handling properly such a large case-load. A visitor investigating these cases cannot properly handle a case-load of over seventy-five. The result is thousands of dollars wasted here and inefficiency in doling out the money. I understand that in New York the case-load is one hundred and in Milwaukee seventy-five. There is a unanimous opinion that between

seventy-five and one hundred represents the maximum case-load that a visitor can properly handle. You know the case that George Roberts spoke of, in the neighborhood of Copley square, where the man died before the investigator got there. I could cite cases similar to that, going on in Boston today. It is extremely important that some action be taken as soon as possible.

The order was passed under suspension of the rule.

SAVINGS BANK LIFE INSURANCE.

Ordered, That the Mayor of Boston consider the advisability of conferring with the Directors of Public Welfare relative to advising families on welfare, after a study has been made of each individual case, of the merits of Savings Bank Life Insurance, since it may mean a saving of from 25 to 50 per cent.

Coun. NORTON—Mr. President, we have already acted upon a resolution commemorating the public work of Judge Brandeis. He was a noble Bostonian, a true, real friend of the common people. He fought the subway leases, so that Boston today has leases that are considered exemplary throughout America. He fought entrenched wealth in the interest of the common man. His greatest public contribution, in my estimation, was the establishment of savings bank life insurance in Massachusetts, so that the poor can obtain insurance for from 15 to 25 per cent less than the ordinary rates, cheaper than in any other state of the Union. Five hundred Plymouth, Massachusetts, families save \$100 a year each because the breadwinner, working for the Plymouth Cordage Company, takes Massachusetts savings bank insurance, which Judge Brandeis was instrumental in establishing. \$24,000,000 could be saved the workers of Massachusetts by this plan. Thousands of our poor families at present are spending weekly nickels and dimes for the insurance of each member of their family, netting a total which could be very largely reduced by a resort to Massachusetts savings bank life insurance. This insurance can be obtained at numerous savings banks throughout the state. At the present time, those paying for this outside insurance must pay for ten years before they get anything from it. In other words, they would get much better results and at a much lower cost from the Massachusetts savings bank life insurance. Let us all take hold on this matter and tell people that we know, Mr. Sullivan or Mr. Jones, that they can get this savings bank life insurance for half what they are now paying, and will get much better returns.

The order was passed under suspension of the rule.

TRUCKS USING COLUMBIA ROAD.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor request the Park Commissioner, the Public Works Commissioner and the Chairman of the Traffic Commission to conduct a survey of trucks using Columbia road, Dorchester, from Geneva avenue to Uphams Corner, Dorchester.

Passed under suspension of the rule.

REINSTATEMENT OF MEN IN LOCALS.

Coun. MELEN, DOWD and GLEASON offered the following:

Ordered, That his Honor the Mayor be requested to petition the Federal Authorities to consider the advisability of requesting local union officials to reinstate men now in arrears to the local if employment can be secured on Federal Projects in Boston, with the understanding that their indebtedness to the local of the union will be taken care of at a reasonable weekly rate.

Passed under suspension of the rule.

Adjourned at 3.35 p. m., on motion of Coun. SELVITELLA, to meet on Monday, November 23, 1936, at 2 p. m.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to

the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston known as South Boston and are bounded as follows:

A parcel of land, supposed to belong to the United States Government, designated as "Parcel A" on the plan hereinbefore mentioned, bounded:

Northeasterly by Kemp street, fifteen and 70-100 feet; southeasterly by other land supposed to belong to said Government, one hundred fifty-four and 95-100 feet; northeasterly by the same, seventy feet; again southeasterly by the same, ten feet; southwesterly by the same, eighty-two and 52-100 feet; and northwesterly by the same, one hundred sixty-five and 40-100 feet, containing thirty-one hundred and seventy square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel B" on the plan hereinbefore mentioned, bounded:

Northeasterly by Wakefield street, fifteen and 65-100 feet; southeasterly by other land supposed to belong to said Government, one hundred and thirty-one feet; easterly by the same, ninety feet; southerly by the same, ten feet; westerly by the same, eighty-three and 75-100 feet; again southeasterly by the same, ten feet; southwesterly by the same, fifteen feet; northwesterly by the same, ten and 82-100 feet; southerly by the same, thirty-four and 46-100 feet; westerly by the same, ten feet; northerly by the same, forty feet; and northwesterly by the same, one hundred and thirty-five feet, containing thirty-five hundred and sixty-six square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel C" on the plan hereinbefore mentioned, bounded:

Northeasterly by Wakefield street, fifteen and 65-100 feet; southeasterly by other land supposed to belong to the said Government, one hundred and eighty-four feet; northeasterly by the same, ninety-three feet; again southeasterly by the same, ten feet; southwesterly by the same, one hundred seven and 33-100 feet; and northwesterly by the same, one hundred ninety-seven and 42-100 feet, containing thirty-eight hundred and sixty-two square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel D" on the plan hereinbefore mentioned, bounded:

Northeasterly by Wakefield street, by two measurements, three and 69-100 feet and eleven and 80-100 feet; southeasterly by other land supposed to belong to the said Government, one hundred and two feet; southwesterly by

the same, fifteen feet; and northwesterly by the same, one hundred five and 86-100 feet, containing fifteen hundred and fifty-eight square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel E" on the plan herebefore mentioned, bounded:

Northeasterly by Wakefield street, fifteen and 44-100 feet; southeasterly by other land supposed to belong to the said Government, one hundred and sixty-two feet; again northeasterly by the same, seventy-five feet; again southeasterly by the same, ten feet; again southwesterly by the same by two measurements, ninety-eight and 45-100 feet and one hundred eighty and 5-100 feet; again northwesterly by the same, fifteen feet; again northeasterly by the same, one hundred and eighty-six feet; and again northwesterly by the same, one hundred and sixty-one feet, containing sixty-one hundred and fifty-seven square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel F" on the plan herebefore mentioned, bounded:

Northeasterly by Wakefield street, seventeen and 7-100 feet; easterly by other land supposed to belong to the said Government, by two measurements, forty-seven hundred and 42-100 feet and one hundred twenty-four and 56-100 feet; southerly by the same, fifteen feet; and westerly by the same, by two measurements, one hundred and twenty-seven feet and fifty-eight feet, containing twenty-six hundred and seventy-seven square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel G" on the plan herebefore mentioned, bounded:

Northeasterly by Mohawk street, fifteen feet; southeasterly by other land supposed to belong to the said Government, two hundred and thirty-three feet; easterly by the same, eighty-seven feet; again southeasterly by the same, eighty-five feet; southwesterly by the same, twenty-five feet; northwesterly by the same, eighteen and 27-100 feet; southerly by the same, twelve and 5-100 feet; westerly by the same, fifteen feet; northerly by the same, twenty-three feet; northwesterly by the same, forty feet; westerly by the same, sixty-five and 69-100 feet; and northwesterly by the same, two hundred fifty-six and 80-100 feet, containing seventy-seven hundred and seventy-nine square feet, more or less. This taking is made subject to the assent of the United States Government.

A parcel of land, supposed to belong to the United States Government, designated as "Parcel H" on the plan herebefore mentioned, bounded:

Southwesterly by Mohawk street, fifteen feet; northwesterly by other land supposed to belong to the said Government three hundred and two feet; northeasterly by the same, fifteen feet; and southeasterly by the same, three hundred and two feet, containing forty-five hundred and thirty square feet, more or less. This taking is made subject to the assent of the United States Government.

REPORT OF CHAIRMAN SULLIVAN AND ENGINEER MAHAR, SCHOOL COMMITTEE OFFICIALS, ON ATTENDANCE AT ANNUAL MEETING OF SCHOOL BUSINESS OFFICERS' NATIONAL ASSOCIATION.

The following is the report of Frederick R. Sullivan, chairman, and James J. Mahar, engineer, on their attendance at the annual meeting of the National Association of Public School Business Officials, at St. Louis, October 12 to 16, 1936.

October 23, 1936.

Miss ELLEN M. CRONIN, *Secretary*,
Boston School Committee.

MY DEAR MISS CRONIN,—In compliance with the provisions of section 3 of chapter 274 of the Acts of 1914, I hereby make the following report:

On October 5, 1936, the School Committee passed an order authorizing me, as chairman of the Board, to attend with the engineer of the School Committee, the annual meeting of the National Association of Public School Officials, which was held in St. Louis, Mo., October 12 to 16, inclusive.

Delegates numbering three hundred and fifty were present from cities and towns in the United States and Canada. Daily sessions were held morning and afternoon and the following discussions took place on the subjects listed below:

School Finance.—By P. J. Hickey, Secretary-Treasurer, St. Louis Public Schools.

Landscaping.—St. Louis Public Schools.—By George W. Sanger, Commissioner of School Buildings.

The School Lunchrooms.—By Charles L. Barr, Supply Commissioner, St. Louis Public Schools.

The Business Manager's Job.—By Col. Howard P. Savage, Business Manager, Board of Education, Chicago, Ill.

The Merit Type Teachers' Salary Schedule.—By Willard E. Goslin, Superintendent of Schools, Webster Groves, Mo.

Efficient Control of the Custodian-Engineer Force.—By L. H. Rich, Director, Personnel Department, Board of Education, Detroit, Mich.

Business Methods in Public Service.—By Dr. Isidor Loeb, Dean, School of Business and Public Administration, Washington University, St. Louis, Mo.

Credit Unions.—By William C. Bruce, Editor "American School Board Journal," Milwaukee, Wis.

Cleaning and Sanitation Problems.—By Dr. W. W. Carpenter, Professor of Education, University of Missouri, Columbia, Mo.

Modernizing Old School Buildings.—By A. A. Knoll, Business Manager, Board of Education, Long Beach, Cal.

Reducing School Bills by Consolidation of Districts.—By Hon. Walter D. Cocking, State Commissioner of Education, Nashville, Tenn.

Assumption by State of Financing Capital Outlays for School Buildings.—By N. E. Viles, Director of

School Building Service, State Department of Public Schools, Jefferson City, Mo.

Determining the Costs of an Adequate and Efficient School Bus System.—By I. O. Friswold, Director of Buildings and Business Administration, St. Paul, Minn.

Efficiency and Economy Through Visual Education.—By Ralph Irons, Superintendent of Schools, Evansville, Ind.

Reduction of High School Costs.—By Dr. Henry J. Gerling, Superintendent of Instruction, St. Louis, Mo.

The Business Manager's Functions in Controlling a School Budget.—By Dr. John Guy Fowlkes, Professor of Education, University of Wisconsin, Madison, Wis.

Federal Projects.—By H. F. Alves, Senior Specialist in State School Administration, Office of Education, Washington, D. C.

Building for the Work-Study-Play Plan of Organization.—By Dr. Leonard Power, Research Specialist in Education, Office of Education, Washington, D. C.

The Financial Aspects of Maintaining and Operating Platoon Schools.—By G. E. Wulffing, Superintendent of Property, Public Schools, Gary, Ind.

Handling Supplies in a Small City.—By R. L. James, Secretary, Mason City, Iowa.

Minimum Essentials for School Business Management in the Average Size City.—By Dr. N. L. Engelhardt, Professor of Education, Teachers College, Columbia University, New York, N. Y.

A Panel on "Cooperation Between the Federal Government and the States and Their Local Governments in the Support of Public Schools."—By Dr. Fred Engelhardt.

1. "Statement of the Problem."—Significant Factors Involved and the Problems Thus Created. Dr. Fred Engelhardt, Professor of Educational Administration, University of Minnesota.

2. "The Concern of the States."—Just what have the States to lose and to gain? Dr. E. E. Lewis, Professor of School Administration, Ohio State University.

3. "The Public Attitude."—What is the public attitude on the issue and how should they be interpreted. C. W. Atkins, Director Governmental Research Institute, St. Louis, Mo.

4. "Attitudes of Educational Leadership."—From the known attitude of educational leaders, what might be the most acceptable solution of the problem? Prof. N. B. Henry, University of Chicago.

5. "The Technical Problem Faced in Any Satisfactory Solution."—How is control to be managed and how is money to be allocated? Prof. E. S. Lawler, Northwestern University, Evanston, Ill.

School Custodians in Cooperative Service.—By George F. Womrath, Business Superintendent, Minneapolis Board of Education.

Our Common Task.—By S. D. Shankland, Executive Secretary, Department of Superintendence, N. E. A.

Allies in Education.—By Dr. H. G. Harmon, President, William Woods College, Fulton, Mo.

North Carolina System of State Control.—By M. M. Fowler, Business Manager, Public Schools, Durham, N. C.

A Self-Survey of School Business Management.—By George W. Grill, Assistant Superintendent of Schools and Business Manager, Lakewood, Ohio.

In addition to the above, we had an opportunity to make inspection tours of the Board of Education Headquarters, repair shops, educational museums devoted to the display of visual education material, school supply department, the Elias Michael School for Crippled and Deformed Children, Board of Education greenhouses and the Roosevelt High School.

Because of our present problem here in Boston, we were particularly interested in the operation of lunchrooms in various schools. Our visit to the Roosevelt High School enabled us to see one of the large lunchrooms in actual operation. All of the details in connection with this activity, such as the purchase of food supplies and the handling and distribution of lunches, is in charge of a supply commissioner who is held strictly responsible for lunchroom management. He employs, subject to the approval of the Board of Education, all assistant managers and other employees. Under the present system, the Board of Education has succeeded in operating the entire lunchroom activity without deficit. The records of the Board of Education show that accumulated surpluses approximating \$90,000 have been released to the Board's funds as a partial repayment of initial costs. During the past five years lunchroom sales decreased considerably, due, of course, to a lack of spending money on the part of the pupils during the present depression.

After each lunchroom is fully equipped, the cost of all replacements of equipment, all new equipment, as well as all repairs and alterations in the various lunchrooms is paid for out of lunchroom receipts. We were enabled to obtain additional data pertaining to this subject which we have not incorporated in this report but which the members of the School Committee and the superintendent may like to consider in the future.

The Board provides a supervisor of lunchrooms who acts as sales manager and a lunchroom clerk who takes care of the clerical work necessary in the administration of this activity.

Our attendance at the sessions enabled us to gather very important information which we feel will be helpful in the solution of many of our own problems.

During the sessions of the convention, I found that there existed among the various delegates a desire to hold the sessions of the 1937 convention in

Boston. I had an opportunity to address the convention and I extended to the society an invitation to come to Boston during the year 1937. It so happened, however, that the city of Baltimore was practically promised by the Executive Committee that during 1937 the sessions would be held in that city. At a later meeting of the Executive Committee it was decided to hold the sessions in 1937 in the city of Baltimore.

Very truly yours,
FREDERICK R. SULLIVAN,
Chairman, Boston School Committee.
JAMES J. MAHAR,
Engineer.

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CHAIN LINK FENCE COMPLETE TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing chain link fence complete to the Park Department as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, December 10, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 28.) *Superintendent of Supplies.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING OXYGEN, ACETYLENE AND CALCIUM CARBIDE FOR USE IN THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at school buildings, in accordance with orders, oxygen, acetylene and calcium carbide for use in the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for furnishing Oxygen, Acetylene and Calcium Carbide." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50 payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, December 9, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FILL.

The Supply Department of the City of Boston invites proposals for furnishing the Park Department, fill, as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal and a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, December 10, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 28.) *Superintendent of Supplies.*

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR MAKING AND DELIVERING OVERCOATS.

The Police Department of the City of Boston invites proposals for making and delivering overcoats. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$200, payable to and to become the property of the Police Commissioner for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Wednesday, December 2, 1936, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

EUGENE M. MCSWEENEY,
(Nov. 28.) *Police Commissioner.*

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston invite sealed proposals for the transportation of books and other material between the Central Library and branches for the year 1937. Proposals, accompanied by a certified check in the amount of \$200, if filed at the office of the Trustees, Central Library Building, before 12 o'clock noon on Wednesday, December 2, 1936, will then and there be publicly opened and read. The proposal must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. A surety bond will be required in an amount satisfactory to the Trustees. The Trustees reserve the right to reject any and all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications for work may be obtained at the office of the Comptroller, Central Library Building, on and after Saturday, November 14, 1936.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PONDRED CIRCLE, FROM EXISTING SEWER 110 FEET NORTHEASTERLY, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Pondred circle, from existing sewer 110 feet northeasterly, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Pondred Circle," and left at Room 508, fifth floor City Hall Annex, before 12 m., of Wednesday, December 9, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AUTOMOBILES.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department automobiles as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 8, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER, ELM HILL AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1937, and December 31, 1937, including the removal of all household refuse during the spring cleaning period between April 1, 1937, and May 15, 1937, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester, Elm Hill and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use; and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 8, 1937, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
Commissioner of Public Works.
(Nov. 28-Dec.5.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow districts Nos. 1, 2, 3, and 4, and giving bond therefor of a surety company approved by the Commissioner in the sum of ten thousand (10,000) dollars for each area to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, December 3, 1936, with a certified check for five hundred (500) dollars, for each area, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any area appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works.
(Nov. 21-28.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, DECEMBER 5, 1936.

No. 49

CITY OF BOSTON CREDIT UNION SHOWN TO BE IN FLOURISHING CONDITION — ANNUAL MEETING VOTED TO DECLARE DIVIDENDS OF SIX AND TWO PER CENT WITH OVER 30,000 SHARES TO BENEFIT AND 4,692 MEMBERS TO PARTICIPATE — RECOMMENDATIONS VOTED WERE, IN ADDITION TO DIVIDENDS, THAT DEPOSITS ONLY UP TO \$1,000 WOULD BE ACCEPTED AND THAT ONLY LOANS UP TO \$250 WOULD BE PERMITTED A SINGLE BORROWER.

Following the 22d annual meeting of the City of Boston Credit Union, the results of the reports of the several committees was announced which showed that the organization is in a most flourishing condition despite the drains that have been made upon its resources during the depression and the unemployment situation. The burden during these past years has been heavy upon the city employees, consequently the appeals for aid by loans from the Credit Union have been greater because of the fact that in very many instances only the member of the family employed by the City of Boston has been working and thus has been the support of the entire family, and in many cases several branches of the family.

As a result of this demand on the city employee, recourse has been, of necessity, had to the Credit Union. With all this burden, however, the Credit Union, according to the report of the Auditing Committee, shows such good results that a dividend of 8 per cent has been voted to be declared on all stock as of December 1. This is divided into two dividends, one of 6 per cent and another of 2 per cent. There are 30,298 shares in force as of October 31, with the number of members at 4,692, and the borrowers at 2,963.

Recommendations of the Board of Directors.

1. That the maximum number of shares which may be held by a member during the ensuing year be fixed at one hundred.
 2. That the maximum amount of deposits which may be made by any one member be limited to \$1,000.
 3. That the maximum amount of credit which a member may have at any one time during the ensuing year be fixed at \$250.
 4. That a dividend at the rate of 6 per cent and 2 per cent be declared payable on or after December 1, 1936.
- The full report for the year follows.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 7, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Nov. 28, 1936.

CITY AUDITOR CHARLES J. FOX MAKING PREPARATIONS FOR CLOSING ACCOUNTS AS SPEEDILY AS POSSIBLE AFTER END OF YEAR—ISSUES INSTRUCTION TO DEPARTMENT OFFICIALS AND EMPLOYEES OF DEPARTMENTS AS TO PROCEDURE TO BE FOLLOWED SO AS TO EXPEDITE WORK AND CLEAR WAY QUICKLY FOR BUSINESS OF 1937.

City Auditor Charles J. Fox has addressed the following communication to the heads of the various city departments:

Boston, December 1, 1936.

To Department Officials and Employees.

The following instructions relating to the closing of the financial records for 1936 are submitted for your consideration and information. It is requested that these instructions be brought to the attention of all employees assigned to budget and appropriation work. Additional copies may be secured at 20 City Hall.

Closing 1936 Accounts.

In order to assure a prompt closing of the accounts of the current fiscal year, this office will stop at the close of business on December 19 certifying orders as proper charges against 1936. This rule will be rigidly enforced, except where it is plainly evident orders cover extreme emergencies. This means that in the next three weeks departments must anticipate their requirements for the balance of 1936, and in the case of purchases through the Supply Department arrange to send their requisitions to this latter department on or before December 15. All orders issued subsequent to December 19 should be charged to the 1937 budget.

Incomplete Orders.

Any orders on which deliveries or services have not been completed on December 31 must be canceled and new orders issued against 1937 to cover the unfilled portion. The new orders should be plainly marked on their face to indicate that they cover unfilled portions of 1936 orders. These orders should be issued on or before January 1, 1937, wherever possible. Cancellation notice to the Auditing Department may be made by returning the "Receiving Notice" copy with a notation thereon as to the portion of the order to be canceled.

PAY ROLLS.

The calendar year 1936 ends on Thursday, which day is also the end of the regular city pay roll week. Because of this fact there will be no split or divided pay roll charges in closing the accounts of 1936. The pay roll for the week ending December 31, 1936, will be charged against 1936, and the next weekly roll, that for the week ending January 7, 1937, will be charged in full to the fiscal year 1937.

The pay roll for the week ending December 31, 1936, will be the last roll on which leap year rates will be used. In preparing the roll for the week ending January 7, 1937, use of the normal or regular weekly rate card should be made. Departments using printed pay roll forms should anticipate this change and secure a supply of pay rolls from the Printing Department in advance of the new year.

DECEMBER 31ST SUPPLEMENTARY DRAFT.

The "dead line" for submitting invoices or pay rolls to be paid on the December 31, 1936, supplementary draft has been fixed as January 11, 1937. Positively no bills or pay rolls chargeable against 1936 will be received after that date to be included in the final draft of the year.

To facilitate the handling of the final draft, the larger departments of the city are requested to submit, from time to time, between the sixteenth of December and the eleventh of next January any substantial number of invoices that represent proper charges against the fiscal year 1936. Each batch of invoices submitted should, of course, be accompanied by the usual requisitions and subdivision sheets.

When the December 31st supplementary draft is closed, every order issued during 1936 and applicable to the accounts of the current year should be closed out. This may be accomplished in one of two ways, by submitting for payment invoices resulting from the

issuance of orders, or by cancellation of those orders on which deliveries were not made. The cancellation of inactive orders has been discussed in a previous paragraph. In so far as invoices are concerned, it is suggested that where vendors are tardy or remiss in submitting invoices that immediate contact be made with such vendors and the contacts repeated until any missing invoices are actually in possession.

FEDERAL EXCISE TAX PROCEDURE.

On any and all materials purchased through the Supply Department wherein a Federal excise tax is included and an exemption certificate is required, the various departments are requested to send the certificate direct to the Superintendent of Supplies for his signature. This will stop all possibility of error and will enable the Auditing Department to have a complete check on all taxes. This certificate will then be sent back to the departments for which the supplies were purchased. You are instructed to attach the exemption to the bill and forward to the Auditing Department for payment.

In case the certificate is received after the bill has been paid the same procedure as above should be used and the certificate itself should be sent to the auditor's office in a stamped envelope addressed to the firm requesting the same. The Auditing Department after checking the paid invoice will then send the certificate to the dealer.

On all bills where a Federal excise tax is included you are hereby instructed to show the gross price, the deduction for the tax and then the net cost. On all repair jobs the contractor should show first the cost of materials and the cost of labor. The tax is deducted from the cost of materials only.

MISCELLANEOUS.

1. The fact it may be evident now that departments are going to have

unexpended balances at the close of the year in certain appropriations does not warrant attempts to utilize these balances, through transfer, to purchase new equipment or supplies. Any equipment bought at this late date will have little, if any, use in 1936, and, therefore, does not represent a proper and legitimate charge against this year.

2. Invoices covering telephone, gas and electricity charges, where the monthly period for rendering of bills varies, should be submitted to the Auditing Department with the closing date nearest to December 31, in order to assure their being placed on the supplementary draft. Bills received from public service corporations after January 10, 1937, and covering charges for a portion of December, 1936, should be included on the January 31, 1937, draft.

3. Departments should endeavor to anticipate in advance of December 31 their transfer needs. Any transfer requests made after December 31 and applicable to 1936 should bear the date December 31, 1936.

4. Departments issuing service orders chargeable to 1937 should start a new series of numbers, viz., the first order for 1937 should be numbered 1, and so on.

5. Any invoices submitted for payment in the December 31st draft and representing charges of a recurring nature should be supported by a recurring charge notice. In other words, two recurring charge notices may be required in December, one covering bills submitted on the regular draft and one on the supplementary draft.

6. Departments issuing service orders should make certain that the description of the service to be performed is clear and all-inclusive. Compliance with this suggestion will eliminate questions or doubt, when invoices are submitted for payment, as to whether the work in question has been completely and satisfactorily performed. If it is impossible to describe

CLOSING OF FINANCIAL RECORDS.

(Continued from page 1381.)

fully the service to be performed on the service order, and the work in question is not covered by a contract, then a detailed agreement should be prepared and submitted with the order.

7. Employees responsible for the receiving of supplies, equipment and materials should be instructed not to accept deliveries unless a departmental requisition or copy of the purchase order is at hand. When, in the case of an emergency, deliveries are authorized over the telephone by the Supply Department and subsequently a "Confirming" order is issued, some vendors are prone to treat the order as an authorization for a second delivery. *Duplicate deliveries of this character should not be accepted, even though it may appear that the articles delivered may be required and used later on in the year.*

Very truly yours,

CHARLES J. FOX,
City Auditor.

MAYOR IS THANKED FOR KINDNESS.

The following is a copy of a letter received on November 19 by the Mayor from Ellen T. Logue, 51 Pontiac street, Roxbury:

DEAR MR. MAYOR,—In the excitement after the parade today, I don't think I properly thanked you for your kindness to me. When I asked my Daddy to take me to see the parade, I also asked him to show me City Hall. He did, and I was standing by the reviewing stand when you came out to review the American Legion parade. I was more than pleased at your kind invitation to come up and stand with you. It is an honor that I will never forget. And when the parade was over, I was permitted to meet Mrs. Mansfield and to sit in the Mayor's chair, I am very grateful for your kindness. I hope to use the experiences of the day in a composition in the Mission Church School, which I attend. Imagine my mother's surprise when I got home and told her. She joins me and my Daddy in thanking you.

With best wishes, gratefully yours,
ELLEN T. LOGUE.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claims:

Lillian Brannelly, 32 Sycamore street, Roslindale, in the sum of \$20, as compensation for personal injuries caused by defective sidewalk in front of 778 Parker street, Roxbury, September 3, 1936.

Ruth Jacobs, 19 Dalkeith street, Dorchester, in the sum of \$35, as compensation for personal injuries caused by defective curbstone in front of 3 Dove street, Roxbury, September 15, 1936.

John F. Daly, 87 Bourne street, Jamaica Plain, in the sum of \$15.55, as compensation for damage to automobile caused by defect in highway on South street, at the foot of St. Rose street, March 10, 1936.

Frances R. McCarthy, 88 Russell street, Charlestown, in the sum of \$25, as compensation for damage to automobile caused by hole in highway on Boylston street, at the corner of Charles street, June 19, 1936.

Amelia J. Ganong, 677 Dudley street, Dorchester, in the sum of \$50, as compensation for personal injuries caused by defect in sidewalk in front of 677 Dudley street, Dorchester, September 19, 1936.

John Lachowicz, 50 Everdean street, Dorchester, in the sum of \$16.50, as compensation for damage to automobile caused by hole in highway opposite 156 Homes avenue, Dorchester, September 19, 1936.

Frank J. Fitzwilliam, 144 Hollingsworth street, Mattapan, in the sum of \$75, as compensation for personal injuries caused by defect in highway in front of 26 Wellsmere road, Roslindale, September 1, 1936.

Caesar L. Donnaruma, 54 Lowell street, Somerville, in the sum of \$20.55, as compensation for damage to automobile caused by defect in highway opposite 36 Staniford street, Boston, September 11, 1936.

Bids close Monday, December 21, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, December 3:

HOSPITAL DEPARTMENT.

The following persons were employed at the Boston City Hospital for the week ending Thursday, November 26:
Temporary.—Charles Williams, orderly, \$16.50 a week; Thomas F. Fleming, elevatorman, \$16 a week; James

Sheedy, house porter, \$16.50 a week; Joseph Landry, ambulance driver, \$34.50 a week.

Haymarket Square Relief Station.

Phillip Driscoll, porter, \$16 a week.

The following change has occurred:

Gertrude Burke, wardmaid, name now Gertrude Spencer.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons were appointed at the Sanatorium Division for the week ending Thursday, November 26:

Louise Sachs, nurse (substitute), \$1,020 a year; Richard Cripps, male nurse (patient) (temporary), \$480 a year; Lillian Perkins, Edward Hulén, Helen Streichardt, maids (patients) (temporary), \$240 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of the following persons as assistant paymasters, for a period of one month from December 6, at \$1,500 a year:

John V. Condon, Samuel Elman, Maurice Gertlin, Morris Katz.

Approval has been given for a step-rate increase for Margaret P. Smith as permanent bookkeeper's assistant from \$1,100 to \$1,200 a year.

PUBLIC WORKS DEPARTMENT (Paving Service).

The approval has been given for a step-rate increase of \$100 a year, to Thomas F. McCall, clerk, from \$1,300 to \$1,400 a year, effective November 24.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Public Works Department (Ferry Service).

For the week ending Thursday, November 17:

W. Austin, gateman, 2 days, \$11.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon November 26 approval was given by the Mayor to award a contract to the Good Roads Machinery Company for furnishing Good Roads, or equal, snowplows for the Park Department. The bids were submitted to the chairman of the Park Department for inspection and recommendation. In his opinion, the plows of the various bidders, other than the Good Roads Machinery Corporation, would not be satisfactory and are not the equal of the Good Roads snowplows. The amount of the contract was \$4,960. Bids, opened November 14, were as follows:

3 Model 400 One-Way Good Roads, or Equal, Snowplows, With Hydraulic Lifting Device and Telescoping Under Frame, Each.—P. I. Perkins Company, \$338, Sargent Model 5 by 1; Charles J. McCarty

Company, Incorporated, \$290, Walsh-Holyoke WR-30; New England Road Machinery Company, \$235, New England State Highway Model with castors; deduct \$25 if without castors; Acme Power Equipment Company, \$380, Model "F," American; Clark-Wilcox Company, \$270, Model R7-21 Jr., Ross; Good Roads Machinery Corporation, \$375, delivered and installed; deduct \$15 if not installed.

14 Model 30X Reversible Good Roads, or Equal, Snowplows, with Hydraulic Lifting Device, Telescoping Under Frame and Flare Plates, 10 Foot Long Moldboard 24 Inches High, Each.—P. I. Perkins Company, \$290, S35 Anderson; Charles J. McCarty Company, Incorporated, \$307, Walsh-Holyoke WHD-1; New England Road Machinery Company, \$235, New England Model R-34L-10 feet with castors; deduct \$25 without castors; \$250 New England Model R-34 H-10 feet, with castors; deduct \$30 without castors; \$260 New England Model R-37H-10 feet, with castors; deduct \$30 without castors; Acme Power Equipment Company \$280 Model KR American; Clark Wilcox Company \$265, Model R7-10, Ross; Good Roads Machinery Corporation, \$260 delivered and installed; deduct \$15 if not installed.

1 Model 20 EV Good Roads, or Equal, Snowplow, Plow Only, no Under Frame or Lifting Device.—Acme Power Equipment Company, \$275, Model A, American; Clark-Wilcox Company, \$170, Model RV7-21, Jr., Ross; Good Roads Machinery Corporation, \$195 delivered and installed; deduct \$15 if not installed.

Cash Discount, Ten Days.—P. I. Perkins Company, 2 per cent; Charles J. McCarty Company, Incorporated, 3 per cent; New England Road Machinery Company, 2 per cent; Acme Power Equipment Company, 1 per cent; Clark Wilcox Company, 2 per cent; Good Roads Machinery Corporation, 5 per cent.

Upon November 30 approval was granted to award a contract to the A. P. W. Paper Company for furnishing approximately 860 cartons Interfolded Paper Towels for the various city departments as required until December 31, 1936.

After inspecting samples of the different paper towels quoted on by the various bidders, the Superintendent of the City Hospital, the department using practically all the towels, recommends that the paper towels to be furnished by the A. P. W. Paper Company be purchased as being best suited for the needs of the Boston City Hospital, for the following reasons:

The A. P. W. towel is more absorbent than the other samples submitted. Therefore a fewer number of towels will be used. The A. P. W. fixtures are now attached to the walls of the City Hospital buildings, and if another towel were selected it would require the removal of the present fixtures and the installation of new ones, which would entail labor and a possible defacement of the walls.

The approximate amount of the contract was \$2,734.80.

Bids, opened October 31, were as follows:

Prices to be exclusive of all taxes. Fixtures to be delivered free of charge where necessary.

Approximately 860 Cartons A. P. W. No. 492, or Equal, 30 Packages to Case, 125 to Package, 3,750 Towels to Carton, Per Carton.—D. F. Munroe Company, \$3.30, Norfolk grade; total, \$2,838; \$2.30,

Kompact grade; total, \$1,978; Hurlbert & Hatfield, \$2.70, 15 packages of 250 towels to package or 3,750 towels to case; total, \$2,322; A. P. W. Paper Company, \$3.18; total, \$2,734.80.

Cash Discount, Ten Days.—D. F. Munroe Company, 2 per cent; as per samples; Hurlbert & Hatfield, 2 per cent; A. P. W. Paper Company, 2 per cent.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies, labor, etc. Communications from the heads of the several departments were as follows:

HEALTH DEPARTMENT.

BOSTON, November 27, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested of a contract between the Health Commissioner of the City of Boston and the Hygienic Coin Lock Company for the installation, maintenance and operation of nineteen coin control locks operated by a five-cent piece on nineteen toilet doors in Convenience Stations, for one year from December 1, 1936.

The contractor shall pay to the City of Boston a sum of money equal to 75 per cent of the gross receipts per lock per month. Settlements are to be made monthly, on or before the tenth day of the month succeeding collections.

The Hygienic Coin Lock Company has been furnishing satisfactory service for twelve years.

Yours respectfully,

WILLIAM B. KEELER, M. D.,
Health Commissioner.

OVERSEERS OF THE PUBLIC WELFARE.

BOSTON, November 18, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Board of Overseers of the Public Welfare respectfully requests your permission to award contracts, without advertising, to William J. Gormley, 2660 Washington street, Roxbury, and to Thomas D. Russell, 1409 Dorchester avenue, Dorchester, for burials of poor persons who have no one to assume the cost of their burials for the term of one year at the following rates:

Thirteen dollars and fifty cents for persons under sixteen years of age and twenty-two dollars for persons over sixteen years of age.

This fee includes an honorarium of one dollar and fifty cents for religious services for persons under sixteen and two dollars for religious services for persons over sixteen years of age.

The amount of the contract in each case will be approximately four thousand dollars.

Because of the unfavorable comments that have been made by a number of clergymen as to the method of burying those who die without means, the Board of Overseers of the Public Welfare went into the matter very carefully in 1935 and after investigation entered into contracts with William J. Gormley and Thomas D. Russell.

Because of the satisfactory services they have given under these contracts and because the Board feels that due to the nature of the services to be performed, it is not advisable to publicly advertise for bids, the Board is of the

opinion that these contracts should be awarded as requested.

Very truly yours,

JAMES A. McMURRY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, November 9, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Mack Motor Truck Company, 75 North Beacon street, Boston, Mass., for one Mack, Junior, 2½-to 4 ton dump truck, Model 10MB, according to specifications submitted by the Park Department, at a delivered price of \$1,769.76.

The Mack Motor Truck Company has agreed to take as part payment one 10-ton Holt, one 5-ton Holt, two 2-ton Holts, two 2-ton Fordson tractors, four trucks, namely, one Brockway, one Sterling and two American LaFrance, for which they will allow the city \$1,419.76, making a net cost to the city of \$350.

I am informed by the chairman of the Park Department that the trade-ins are obsolete and cannot be used for any further service in that department.

This truck will be used on the hills on Commonwealth avenue in the Brighton district, for clearing snow and sanding the roads. In the summer months it will be used at the beaches of the Park Department. Inasmuch as the Park Department made requisition for a Mack Junior truck, and the Mack Motor Truck Company is the only manufacturer, there is no advantage in public advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BOSTON, November 30, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Linscott Sales and Service Company to deliver to the Sanitary Service, Public Works Department, the following:

One 1½-ton Reo dump truck, as per specification, delivered at a price of \$1,787.50; less excise tax, \$34.60—\$1,752.90; less allowance on the following trade-in: S-241, 1932 Ford truck, \$100. Net amount of contract, \$1,652.90.

Inasmuch as the Sanitary Service made requisition for a Reo dump truck, and as the Linscott Sales and Service Company are the direct agents of the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BOSTON, November 30, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Linscott Sales and Service Company to deliver to the Sanitary Service, Public Works Department, the following:

One 1½-ton Reo truck, delivered at a price of \$1,287; less excise tax, \$22—\$1,265; less allowance on the following trade-in: S-124, 1927 Reo truck, \$50. Net amount of contract, \$1,215.

Inasmuch as the Sanitary Service made requisition for a Reo truck, and as the Linscott Sales and Service Company are the direct agents of the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BOSTON, November 28, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Advertised bids on 10,000 barrels of medium fuel oil for the fireboat "Matthew J. Boyle" and the Institutions Department boat "Stephen J. O'Meara" for the period beginning October 1, 1936, and ending December 31, 1936, with the option of extending the term to any date not later than September 30, 1937, were publicly opened and read on September 15, 1936. The proposals contained an alternate bid on 5,000 barrels of heavy fuel oil.

The alternate bid on heavy fuel oil was inserted pending the outcome of tests made by the Institutions Department to determine whether or not heavy fuel oil could be used in the boilers of the Institutions Department boat "Stephen J. O'Meara."

Since the date of the opening of the bids I have been advised by the Commissioner of the Institutions Department that the use of heavy fuel oil on the Institutions Department boat "Stephen J. O'Meara" has proven satisfactory. The use of heavy fuel oil on this boat in place of medium fuel oil, which has been used in the past, would result in a saving to the city of approximately \$1,500 per year.

Only one company, the Socony-Vacuum Oil Company, Incorporated, submitted a bid on medium fuel oil. Two companies, including the Socony-Vacuum Oil Company, Incorporated, submitted the same prices on heavy fuel oil but both companies made certain changes in the contract form bid upon, which changes affect both the medium and heavy fuel oil bids. Therefore contracts for medium and heavy fuel oil cannot be awarded on the proposals as submitted.

The term of the present contract between the City and the Socony-Vacuum Oil Company, Incorporated, approved by your Honor on November 7, 1935, for furnishing medium fuel oil to said Fire and Institutions Department boats, was extended from September 30, 1936, to December 1, 1936, to permit the Institutions Department to make the tests referred to above. As this contract is about to expire and as I believe that no advantage to the city will be gained by further advertising, I respectfully request your approval to the award of a contract without further advertising to the Socony-Vacuum Oil Company, Incorporated, for an item of approximately 5,000 barrels of medium oil for the fireboat "Matthew J. Boyle," at a price to be determined by the contractor's posted price per barrel of 42 United States gallons at the time of delivery, the posted price as of this date being \$1.45 per barrel, approximate total for this item \$7,250, and a second item of approximately 5,000 barrels of heavy fuel oil for the Institutions Department boat "Stephen J. O'Meara" at a price to be determined by the contractor's posted price per barrel of 42 United States gallons at the time of delivery, the posted price as of this date being \$1.15 per barrel, approximate total

for this item \$5,750, approximate total of contract \$13,000.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire hazards or nuisances:

The building at 66 Sterling street, Ward 9; the front wall is cracked and bulged; unsafe and dangerous. We have been unable to locate the owner of record, Rudge A. Burrell, but a notice of the unsafe condition has been posted on the external wall of the building.

The oil at 1255 and 1257 Washington street, rear, Ward 3; the wooden ell at rear is out of plumb, settling and rotting; unsafe and dangerous. The owner, Moses Carey of 2A Acton street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of March 6, 1935, determining damages caused by the making of the public improvement, consisting of the taking of 18,220 square feet of land for school purposes on Cummins Highway, be, and the same hereby is, amended, by striking from said order the amount \$500, awarded to John Andrew in said order, and inserting in place thereof the amount \$900; that the amount \$900 be, and the same hereby is, awarded to John Andrew for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of March 6, 1935, determining damages caused by the making of the public improvement, consisting of the taking of 24,138 square feet of land for school purposes on Cummins Highway, be, and the same hereby is, amended, by striking from said order the amount \$875, awarded to Lucy C. P. Andrew in said order, and inserting in place thereof the amount \$1,375; that the amount \$1,375 be, and the same hereby is, awarded to Lucy C. P. Andrew for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of March 6, 1935, determining damages caused by the making of the public improvement, consisting of the taking of 3,327 square feet of land for school purposes on Hawthorne street, Sycamore street and Cummins Highway, be, and the same hereby is, amended, by striking from said order the amount \$125, awarded to John Andrew in said order, and inserting in place thereof the amount \$225; that the amount \$225 be, and the same hereby is, awarded to John Andrew for the damages so sustained.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Old Harbor Village, South Boston district, under the order of the Board of November 16, 1936, and awards no damages therefor.

Voted, That in the matter of Nathaniel W. Williams, petitioner for damages occasioned by the taking in fee of nine lots of land on Hawthorne street and Wright

street, West Roxbury district, for school purposes, under the order of the Street Commissioners and Mayor of March 6, 1935, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of forty-five hundred and fifty (\$4,550) dollars; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

TRANSFERS OF APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

OVERSEERS OF PUBLIC WELFARE.

BOSTON, November 24, 1936.

CHARLES J. FOX,
City Auditor.

To transfer funds to provide for salaries of temporary employees.

JAMES A. McMURRY,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor on November 28, 1936.

STATISTICS DEPARTMENT.

BOSTON, November 17, 1936.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Statistics Department:

From the appropriation for D-1, Office Supplies, \$10.50, to the appropriation for C-9, Office, \$10.50.

For unanticipated purchase of seal for new commission of Notary Public, \$5; for unanticipated purchase of fountain pen and holder, \$5.50.

WALTER A. MURRAY,
Acting Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor on November 25, 1936.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted July 29, 1936, and was effective August 3, 1936, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from October 2, 1936, is hereby extended for a further trial period of sixty (60) days from December 1, 1936.

The following street is one way in the direction indicated:

Alcorn Street, Brighton.

Brattle Street, Downtown Boston.

North side, from Adams square to Scollay square, 7 a. m. to 6 p. m.

Devonshire Street, Downtown Boston.

East side, from Adams square to State street, 7 a. m. to 6 p. m.

Franklin Street, Downtown Boston.

North side, from Washington street to Hawley street, 7 a. m. to 6 p. m.

Hawley Street, Downtown Boston.

East side, from Milk street to Summer street, 7 a. m. to 6 p. m.

Section 24, Part 1, is amended by adding the following:

Ford Street, East Boston.

From Saratoga street to Breed street.

Section 35 is amended by adding the following:

Stuart Street.

Into Tremont street northerly.

Into Tremont street southerly.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted September 21, 1936, and were effective September 28, 1936, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from November 27, 1936.

The Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and November 6, 1935, are amended as follows:

Section 8, Part 2, is amended by striking out the following:

Beacham Street, Charlestown.

East side, from West street to Main street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Beacham Street, Charlestown.

Both sides, from West street to Main street, twenty-four hours.

Greenley Place, West Roxbury.

Southeast side, twenty-four hours.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to Ayoub Maloof and Dimitry J. Khoury, City of Boston T. T., bounded:

Northeasterly by Washington Heights Avenue East, six feet; southeasterly by other land supposed to belong to said Maloof *et al.*, twenty-five feet; southwesterly by the same, six feet; and northwesterly by land supposed to belong to Khoury, twenty-five feet, containing one hundred and fifty square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Washington Heights Avenue East, bounded:

Southwesterly by land hereinbefore described as taken from Maloof *et al.*, six feet; northwesterly by another part of said street, eleven feet; southwesterly by the same, sixty-four and 64-100 feet; northwesterly by the same, twenty-nine feet; northeasterly by the northeasterly line of said street, eight feet; southeasterly by another part of said street, twenty-one feet; northeasterly by the same, sixty-two and 64-100 feet; and southeasterly by the same, nineteen feet, containing seven hundred and ninety-nine square feet, more or less.

A parcel of land, supposed to belong to Sophia Tanek, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, six feet; northwesterly by other land supposed to belong to said Tanek, fifty-four feet; southwesterly by the same, thirty-four feet; northwesterly by land hereinafter described as taken from the City of Boston, five feet; northeasterly by other land supposed to belong to said Tanek, forty feet; and southeasterly by land supposed to belong to Suffolk Co-operative Bank, fifty-nine feet, containing five hundred and twenty-four square feet, more or less. This taking is a part of a parcel of land registered in the Land Court, registered title certificate No. 34973, and recorded in Book 70, page 173.

A parcel of land, supposed to belong to the City of Boston, bounded:

Southeasterly by land hereinbefore described as taken from Tanek, five feet; southwesterly by other land supposed to belong to said city, by two measurements, seven and 42-100 feet and twenty-

PROCEEDINGS OF CITY COUNCIL.

Monday, November 23, 1936.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Kilroy, Peter A. Murray and Shattuck.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weighers of Coal: Joseph T. Molloy, 146 Wallis road, Brookline, Mass.; Stephen J. Joyce, 417 Geneva avenue, Dorchester, Mass.; M. D. Streeter, 86 Kenmore road, Medford, Mass.
Laid over a week under the law.

Coun. GALLAGHER in the chair.

STREETS IN WARDS 19 AND 21.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1936.
To the City Council.

Gentlemen,—I transmit herewith two communications from the Street Laying-Out Department relative to your orders of September 28 and October 5, 1936, concerning the acceptance and laying out of the following streets as public highways:

1. Radcliffe road, Ward 21.
2. Mechanic street, Ward 21.
3. Hawthorne street, Ward 19.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Street Laying-Out Department,
November 17, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find City Council orders requesting the acceptance of Radcliffe road, Ward 21, and Mechanic street, Ward 21, as public ways.

These are two of many worthy projects which must receive favorable action at some later time owing to the suspension of the W. P. A. street construction program and the necessity of the strictest economy in the expenditure of city funds for new streets.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.

City of Boston,
Street Laying-Out Department,
November 17, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find City Council order requesting the acceptance of Hawthorne street, Ward 19, under the W. P. A.

It is impossible to comply with this request owing to the suspension of the W. P. A. street construction program, caused by the withdrawal of Federal funds for this purpose.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.

Placed on file.

FRANKLIN PARK TENNIS COURTS.

The following was received:

City of Boston,
Office of the Mayor, November 17, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the chairman of the Park Department relative to your order of October 19, 1936, concerning a W. P. A. project for the improvement of the tennis courts at Franklin Park.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, November 16, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of November 2, with inclosure, order from the City Council, relative to W. P. A. project for the resurfacing of the tennis courts on Franklin Field and inclosing same with wire fencing.

A project was submitted to the Government for this fencing over six months ago and approved,—at a later date, however, the fence item was disapproved.

The Park Department can construct 600 feet of fence for the rear ends of the new tennis courts (which does not include side fencing) out of our 1937 budget but the surfacing would mean 23,332 square yards at an approximate cost of \$50,000. At the present time these courts have very good clay surface. In order to put in a permanent surface of asphalt or concrete, it would be necessary for us to remove our present surface of clay and put in a base of concrete with a permanent surface over same. If I could get the Government to approve this project, it would mean the courts would not be available for use this summer. Further, if

this project was accepted by the Government, the cost of materials would run considerably higher—the major portion of which would have to be borne by the city.

I will have a project drawn up for the resurfacing of ten new courts and attempt to get the Government to approve same. The balance, or twenty-five courts, will have to be used as they are during the ensuing year, with the exception of regrading and rolling.

I realize these courts are very popular and if the financial conditions of the city would warrant it, I would be only too pleased to put a permanent surface on all our tennis courts.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

RENTALS ILLEGALLY COLLECTED.

The following was received:

City of Boston,
Office of the Mayor, November 10, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Corporation Counsel relative to your order of October 5, 1936, the prosecution for and reimbursement of rentals illegally collected by individuals from city-owned property.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, November 9, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated October 8, 1936, with which was submitted a copy of the following order of the City Council:

"Ordered, That the Law Department, through his Honor the Mayor, advise the City Council in detail, what steps, if any, have been taken in prosecution for, and reimbursement of, rentals illegally collected by individuals from city-owned property, and specifying in each case the street and street number of the parcel involved."

I assume that by the "steps" referred to in said order is meant the steps, if any, which have been taken by this department.

The Public Buildings Department, in which is vested the management of tax-title properties, has referred to this department for action data with reference to the collection by two individuals of moneys from occupants of real estate acquired by the city through foreclosure of tax titles.

One of these individuals collected money for occupancy from occupants of property located at 42, 44, 46 and 48 A street; 767 East Fourth street, and 27 Silver street, South Boston. The other collected from occupants of property located at 1011 Tremont street, Boston. These matters were referred to this department in October of this year and negotiations are pending to effect recovery. If these negotiations are not successful in the near future, legal proceedings will be instituted.

No other similar matters have been referred to or are pending in this department.

Very truly yours,
HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

SALE OF 392 COMMERCIAL STREET.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated November 2, 1936, relating to an offer to purchase certain property situated at 392 Commercial street, Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$1,200, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$1,200 is in the interest of the city.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
November 2, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Clementina Ottavio, 392 Commercial street, Boston, for the property at 392 and 394 Commercial street, Boston, in the sum of twelve hundred (1,200) dollars.

The costs to the city up to September 14, 1936, amount to nine hundred ninety-five dollars and one cent (\$995.01), which includes the nonpayment of taxes since the year 1932, but does not include interest.

If and when the above amount of twelve hundred (1,200) dollars is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to

the highest bidder. The figure of twelve hundred (1,200) dollars will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,

ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated September 14, 1936, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5436, page 357, to about 671 square feet of land situated on the southwesterly side of Commercial street, Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said property has been made by Clementina Ottavio in the sum of \$1,200; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of \$1,200; and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said land a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of the City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to Committee on Public Lands and Tax Titles.

HEALTH DEPARTMENT ORDINANCE.

The following was received:

City of Boston,
Office of the Mayor, November 23, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Health Commissioner, with reference to a proposed amendment of section 2, chapter 16, of the Revised Ordinances of 1925, as amended, whereby the division of the Health Department at present designated as the "Sanitary Division" is made the "Housing and Sanitary Division."

I also submit an ordinance providing for an amendment to section 2, chapter 16, of the Revised Ordinances of 1925, as amended, in accordance with the foregoing paragraph. I respectfully recommend adoption of the ordinance.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, November 19, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I respectfully recommend and strongly urge for your approval that chapter 16 of the Revised Ordinances of 1925, as affected by chapter 3 of the Ordinances of 1926 and chapter 1 of the Ordinances of 1927 and by chapter 2 of the Ordinances of 1931, be amended to read as follows:

"The Health Commissioner shall establish the following divisions of the Health Department: medical division, child hygiene division, *housing and sanitary division*, communicable disease division, food inspection, laboratory, vital statistics and tuberculosis division."

By the proposed amendment, the division at present designated as the Sanitary Division of the Health Department is made the "Housing and Sanitary Division." By such a change of name this division is given a designation which will indicate the function of municipal government which the present so-called Sanitary Division of the Health Department is actually performing.

By thus giving this official branch of the Health Department a name indicative of its specific duties prescribed by law, it is hoped that we may be able to offset the practical handicap which we are beginning to feel because of the misinterpretation of the term "sanitary," the misconception as to the character of the work done by the so-called "sanitary inspectors" of the Health Department and by the confusion of their duties with those of the sanitary inspectors of the Public Works Department, all of which misunderstandings are continually being shown by the academic critics of municipal government in Boston. They are recommending the abolition of the Sanitary Division of the Health Department as unnecessary or as a "duplication" and are unable or unwilling to see that the sanitary inspectors of the Boston Health Department are actually performing duties for which from three to five separate sets of municipal officials with other designations have been created to perform in other cities, whose municipal administration our critics accept as their "yard stick."

The term "housing" should be applied to this division of the Health Department, because most of the time of our so-called sanitary inspectors is spent in dealing with alleged infractions of law in connection with human habitations and with environmental industrial conditions which may affect the health or comfort of the occupants of human habitations in the neighborhood. The Sanitary Division of the Health Department receives, investigates and remedies nearly 12,000

complaints per year. Most of them either allege "nuisances" or relate to specific violations of law in connection with human habitations. Some of the more than thirty complaints received every working day allege that certain specified local industries are "a nuisance and a menace" to the health of residents of the neighborhood.

The Building Code of Boston contains 150 sections. Fifty of these sections place specific duties and responsibilities on the Boston Health Department, which it must meet with its so-called sanitary inspectors. The Boston Building Code, which is statutory law, specifically prescribes that the Boston Health Department shall make during each year what actually totals up to about 40,000 routine inspections of tenement houses, three family houses and lodging houses. In other cities are to be found special officials designated as "tenement house inspectors" or by other euphonious names, to perform a part of such duties. Because of their other duties our sanitary inspectors are unable to make more than about 30,000 routine inspections of human habitations a year.

As to other duties. The investigation of complaints alleging specific violations of law or the existence of nuisances and the prompt application of remedial measures come first and ahead of routine inspections in the daily work of the sanitary inspectors of our Health Department. Then, too, it is to be noted that the Boston Building Code and other statutory law as well, not only places on the Health Department responsibilities with respect to the observance of certain specific provisions of law intended for the protection of health, but also vests in the Health Department discretionary powers with respect to the occupancy of buildings or parts of buildings as human habitations where considerations are involved, calling for the application of the medical or scientific knowledge which a municipal health department is supposed to possess. In carrying out its statutory responsibilities of this sort the Boston Health Department functions through its sanitary inspectors.

The term "sanitary" or "sanitation" is too definitely associated in the public mind and by theoretical municipal administration "experts," with dirty backyards and streets, and privies and dead animals, and other matters coming within the jurisdiction of our Public Works Department's Sanitary Division and the police, for us to succeed in convincing our critics that we are not duplicating the proper functions of some other branch of the municipal government, and in consequence the ability of the Health Department to perform a necessary function of municipal government entrusted to it by statutory laws is going to be destroyed unless the branch of the Health Department by which these duties must be carried out be given, as has been done in other cities, some other designation besides "sanitary."

Yours respectfully,
WILLIAM B. KEELER, M. D.,
Health Commissioner.

An Ordinance Concerning the Health Department. Be it ordained by the City Council of Boston, as follows:

Chapter sixteen of the Revised Ordinances of 1925, as affected by chapter three of the Ordinances of 1926 and chapter one of the Ordinances of 1927 and chapter two of the Ordinance of 1931, is hereby amended in section two by striking out the first sentence in said section and inserting in place thereof the following:

"The health commissioner shall establish the following divisions of the health department: medical division, child hygiene division, housing and sanitary division, foods inspection division, laboratory division, vital statistics division, communicable diseases division, and tuberculosis division."

Referred to the Committee on Ordinances.

APPROPRIATION FOR POLICE BOATS.

The following was received:

City of Boston,
Office of the Mayor, November 23, 1936.
To the City Council.

Gentlemen,—In order to render efficient police patrol service in Boston Harbor the Police Department requires four patrol boats at an estimated cost of \$75,000. The boats are described in a letter from the Police Commissioner, a copy of which I am transmitting herewith.

In that letter the Police Commissioner suggested that it might be necessary to provide the funds by a loan order, but the Corporation Counsel, in a letter which I also transmit, advises me that under the law a loan order cannot be made unless ten cents upon each one thousand dollars of the city's valuation—roughly, \$165,000—is raised by direct tax for any purpose for which a loan is to be made. Since the proposed loan would be only \$75,000 it is clearly impossible to comply with this provision of the statute.

But I am also advised by the Corporation Counsel that this money may be provided by a transfer from funds representing proceeds of the sale of certain real estate other than school lands, of which there is now in the possession of the city about \$85,000, if authorized by vote of the City

Council. This matter is also referred to in the letter from the Corporation Counsel which is attached.

Under these circumstances, and in consideration of the urgent need of proper harbor equipment for the Police Department, I am transmitting an order for such transfer and earnestly urge that it may be adopted at the earliest possible moment.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Police Department, October 9, 1936.
Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Mayor Mansfield,—Referring to our previous discussions on the subject of proper boat equipment for this department to replace the present obsolete types of boats, and which are unable to render adequate police patrol service in Boston Harbor, I am pleased to advise you that plans and specifications for the following boats are being drawn and it is anticipated that the new boats will be completed and delivered this year:

1. A patrol boat about 60 feet in length, having about 13 feet beam, and a draft of about 3 feet 10 inches, with a maximum speed of 20 knots, similar in type to the offshore 75-foot Coast Guard patrol boats, which have given such satisfactory service in Coast Guard patrol duty during the past ten years.

It is estimated that the approximate cost of this boat will be \$45,000.

2. Two single-screw patrol boats, 38 feet in length, generally similar to the cabin picket boats now in operation throughout the country by the U. S. Coast Guard.

It is estimated that these boats will cost approximately \$10,000 each.

3. One boat about 26 feet long of the same construction and with the same equipment as boat No. 2, except an all open cockpit fore and aft, with a small "Sedan Type" cabin amidship, and with heavy towing bits fore and aft. This boat should be equipped with a heavy duty engine, and extra heavy guards for towing and heavy duty around docks.

It is estimated that the cost of this boat will be approximately \$5,000.

All of the above-mentioned boats will be equipped with the latest two-way radio system, the cost of which is estimated at \$5,000.

You will note that the cost of these four boats, fully equipped, with two-way radio, will be approximately \$75,000.

You will recall that when I discussed with you the matter of suitable boat equipment for this department at the time the police budget was under consideration, you stated that it may be necessary to provide \$75,000 by means of a loan order.

Therefore, it will be necessary to have appropriated sufficient funds to enable the department to consummate the necessary details in this respect as soon as possible.

Thanking you for your early consideration, I am,

Very truly yours,
E. M. MCSWENEY,
Police Commissioner.

City of Boston,

Law Department, November 5, 1936.
Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated October 29, 1936, with which was submitted a letter addressed to you by the Police Commissioner in which he requests that the City of Boston borrow \$75,000 for the purchase of certain police boats which he proposes to have constructed.

Section 7 of chapter 44 of the General Laws, as most recently amended by section 5 of chapter 224 of the Acts of 1936, authorizes the City of Boston to borrow money for acquiring police boats and provides in part as follows:

"Cities and towns may incur debt, within the limit of indebtedness prescribed in section ten, for the following purposes, and payable within the periods hereinafter specified, but, except for the purposes set forth in the eleventh clause, no loan shall be authorized in any year under any one of the following clauses unless a sum equal to twenty-five cents, or in the case of Boston ten cents, on each one thousand dollars of the assessed valuation of the city or town for the preceding year has been appropriated from available revenue funds or voted to be raised by taxation for the purposes set forth in such clause in the year when the loan is authorized:— (13). In Boston, for acquiring ferry, fire, institutional or police boats, fifteen years."

It is my opinion that if the borrowing requested by the Police Commissioner is not authorized by the provisions of section 7 above quoted, such borrowing is unauthorized.

The City Auditor has informed me that no sum has been appropriated from available revenue funds or voted to be raised by taxation in the year 1936 for the purpose set forth in clause 13 of said section 7. Based upon this advice from the City Auditor and in view of the underlined provisions of section 7 above quoted, it is my opinion that the proposed borrowing is unauthorized.

Section 63 of chapter 44 of the General Laws provides, however, as follows:

"Whenever the proceeds of the sale of real estate by a city or town exceed five hundred dollars, the same shall be applied to the payment of indebtedness incurred in acquiring such real estate or shall be added to the sinking fund, if any, from which said indebtedness is payable, or if no such indebtedness is outstanding shall be used for any purpose or purposes for which the city or town is authorized to incur debt for a period of ten years or more."

and section 3 of chapter 30 of the Revised Ordinances of 1925 provides that:

"Whenever the amount of any sinking fund exceeds the entire amount of the debt for the payment of which it was established, the commissioners shall use the surplus for the purchase and cancellation of any outstanding bonds of the city; and whenever the amount of any sinking fund is greater than is required with its accumulations to meet its debt at maturity the surplus of such amount may be used by the commissioners to obtain and cancel any part of such debt. The proceeds of all sales of real estate, other than school lands, shall be applied by the commissioners to the reduction or payment of the indebtedness incurred in acquiring such real estate, or if there is no such indebtedness outstanding said proceeds may be used by vote of the city council for any purpose for which the city is authorized to incur debt for a period of ten years or more."

I have been informed by the City Auditor that the city now holds approximately \$85,000, representing proceeds of sale of certain real estate other than school lands originally acquired with money borrowed by the city and that the indebtedness incurred in acquiring said real estate is no longer outstanding.

Based upon this information and in view of the provisions of section 63 of said chapter 44, of section 2 of said chapter 30, and of section 7 of said chapter 44, it is my opinion that \$75,000 of said sum now held by the city may be used, if authorized by vote of the City Council, for the proposed acquisition of said police boats.

Very truly yours,
HENRY E. FOLEY,
Corporation Counsel.

Ordered, That the sum of seventy-five thousand dollars (\$75,000) be, and hereby is, appropriated from special fund—Sales of City Property—for Police Department, purchase of harbor patrol boats.

Referred to Committee on Finance.

VETO OF ANNUITY FOR ALICE M. RALPH.

The following was received:

City of Boston,
Office of the Mayor, November 23, 1936.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved an order adopted by your Honorable Body on November 9, 1936, providing an annuity for Alice M. Ralph, widow of John G. Ralph, who died while a member of the Boston Police Department, and to their six children.

In this regard I respectfully refer your Honorable Body to my previous message on this same subject, dated January 29, 1935, in which it appears that the Corporation Counsel informed the Mayor that the deceased was not killed, nor did he die from injuries received while in the performance of his duties as a police officer; nor does it appear that he died as a natural and proximate result of undergoing a hazard peculiar to his employment while in the performance of his duty as provided in Statute 1935, Chapter 466. Other provisions of this statute have not been fulfilled and it is clear, under the law, that the order cannot legally be approved. For these reasons I am constrained to veto it.

I also beg to say that on December 18, 1934, an order of the Police Commissioner, adding the name of Alice M. Ralph to the list of pensioners to draw relief from the Police Relief Fund, was approved by me.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.
Place on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Margaret E. Buckley, for compensation for damage to coat on polling booth, Cook street, Charlestown.

Mary E. Carroll, for compensation for damage to property at 79 Tudor street, caused by broken water main.

Lillian McCarthy, for compensation for damage to car by fire engine.

Charles Neasey, for compensation for damage to property at 28 Terrace street, Roxbury, during construction of wall.

Charles G. Pickett, for compensation for injuries caused by an alleged defect at 48 Cumming-ton street.

Louis Spiegel, for compensation for damage to car by Street Cleaning cart.

Timothy Walsh, for compensation for damage to car by city truck.

PERMITS FOR CHILDREN.

A petition for children under fifteen years of age to appear at places of public amusement, viz.:

Lester P. Gould, Whitton Hall, December 11, was received and the permit granted under usual conditions.

SALARIES OF PROBATION OFFICERS.

A communication was received from the Chief Justice of the Municipal Court of Boston establishing salaries to be paid probation officers in municipal court of City of Boston.

Placed on file.

REPORT OF MUNICIPAL RESEARCH BUREAU RE TAX TITLES.

The following was received:

Boston Municipal Research Bureau,
One Court Street, Boston,

November 20, 1936.

To the Honorable The City Council,
Boston.

Gentlemen,—On August 20, 1936, the Boston Municipal Research Bureau submitted a report to the Mayor and City Council on tax-foreclosed real estate acquired by the City of Boston. The purpose of that report was to aid in establishing sound management and sales policies for such property, which at that time exceeded \$1,160,000 in assessed valuation and which is being increased materially by new foreclosures.

Recent action of the Council favoring private sales rather than public auction of some of this real estate seems likely to establish thoroughly unsound sales policies, and reconsideration of the matter is urged. The properties specifically involved in the Council vote are small and few in number, but the precedent established may have important future consequences.

The Council action of November 16, 1936, was in line with recommendations of its Joint Committee on Public Lands and Tax-Title Property. This committee urged the following general principles: (1) "Private sale as to those tax-title properties where the offer made is substantially equal to the total amount due the city and where the amount involved is not substantial enough fairly to warrant public auction," and (2) "Where the offer is substantially less than the total due the city, sale at public auction with an upset price."

No sound logic is apparent in these policies. The obvious advantages of public auction are the stimulation of higher prices through open competition and the elimination of any appearance of favoritism. This is particularly true where an adequate "upset" price prevents letting property go by default. These advantages are equally of merit whether private offers are more or less than the amount due the city for taxes and other bills.

The amounts due the city are in no way indicative of the value of the property concerned. Of two parcels of land with equal value, one may have an accumulation of twenty or thirty years' back taxes against it, and the other have only three or four years' delinquency. Obviously the city should receive identical prices for the two parcels if they are equal in value. Such prices are wholly unrelated to the amounts due the city.

While this example is one of extremes, the recent survey by the Bureau shows a variation of from four to more than twenty years in the initial delinquency of properties taken over by the city.

The Council apparently overestimates the expense attached to public auction. The Public Buildings Department is equipped to conduct its own auction sales. Notification of real estate agencies by letter or circular is an effective and economical means of reaching prospective buyers. Small parcels could be grouped in consolidated advertisements in the *City Record* and the newspapers at a low cost per parcel.

The Bureau urges that a general policy of public auction at reasonable "upset" or minimum prices be firmly established for the sale of city real estate. Such a policy encourages competitive bidding and eliminates the danger of favoritism and political "fixing." The upset prices might well be reviewed by an unpaid board of appraisal as suggested in the Bureau's report.

While the amounts involved in the offers received by the city to date are small, it is highly important that the Mayor and Council establish policies which will protect the best interests of the city in future years.

Sincerely yours,

H. C. LOEFFLER, Secretary.

Placed on file.

ABSENCE OF MAYOR FROM CITY.

Notice was received from the Mayor of his absence from the city from November 15 to 18, inclusive.

Placed on file.

FINANCE COMMISSION REPORT RE REORGANIZATION OF DEPARTMENTS.

The following was received:

City of Boston,

Finance Commission, November 21, 1936.
To the Honorable The City Council.

Gentlemen,—At various times during the past year there has been before you for consideration a

recommendation from Mayor Mansfield in regard to a proposed reorganization of certain city departments. This proposed reorganization, now again on your calendar for action, will, if adopted, materially affect the future administration of city business. It will also materially affect the future costs of city business and the efforts of taxpayers generally to reduce those costs. It is very important, therefore, that any change made now must be one that will add no new burdens and will not close the door to other improvements in administration that might be made.

Careful reading of the report of the committee which recommended a consolidation to the Mayor and of discussion of its report by and before the Council in committee, examination of the proposed ordinance which is now before you, and interviews with many familiar with the work of the city departments, leads to the conclusion that such support as has been given outside City Hall to this proposal must have been based solely on the theory that any ordinance which accomplishes a consolidation of several existing departments will be a benefit to the city. Obviously, such a theory cannot be sound. An ill-advised grouping of departments and divisions of departments will defeat rather than help attain the desires of those who seek more efficiency in municipal administration at less cost.

The Finance Commission has always been sympathetic towards changes in the methods of administration of municipal affairs which gave prospect of more efficiency and economy. The commission was created for the purpose of exposing waste and extravagance, and promoting efficiency and economy. The commission, however, is opposed to this particular consolidation because, in the opinion of the members, it will not promote economy and it will multiply inefficiency. This opinion is shared by every one of many consulted who have had practical experience in the administration of municipal affairs.

The Falsity of the Claims for the Consolidation.

There has been much misinformation disseminated in regard to the source of the ordinance before you, and the results that will be obtained by it. Though the department to be created by it is referred to as "an engineering department," not more than 10 per cent of its activities will be engineering. The position at the head of this proposed department and the two next in line were intended by the Massachusetts Institute of Technology professors who made a study for the Mayor to be "civil engineers." Their report plainly recommended that.

The ordinance as drafted by some one else and now before you only requires for these positions "a recognized expert, . . . or a person specially fitted by education, training or experience . . ." This high-sounding description is only the general description required by the charter amendments of 1909 for all city department heads. All the department heads who have been appointed since 1909, except the public works commissioner, have been appointed under this general description.

The ordinance adopted in 1910, which created the present Public Works Department, requires that not only the Commissioner of Public Works but all his division heads must be "civil engineers." If, as claimed, the object of consolidation is to provide "a central engineering department," the requirements of this proposed ordinance are not in these respects as good as the requirements of the ordinance now in operation. The proposed ordinance conflicts with the written ideas of the professors to whom it is credited.

The Possibility of Economy in the Proposed Consolidation.

In the Mayor's first mention of the necessity for consolidation, which was in his campaign for election, he stated that consolidation was necessary to reduce city expenditures. The Mayor's recent pledge to you that no one will lose his or her job by it, which he has written into the ordinance, is in direct conflict with his original promise for it. This was that the departments were overmanned and that the city was receiving only 35 cents' worth for every dollar expended.

Public support for this proposed ordinance was first obtained because it was thought it was to be a means of reducing personnel and saving that 65 cents of every dollar spent. It will be a shock to the public to know that by the adoption of this consolidation the Mayor will abolish positions which now pay in salaries \$108,000, yet will create in place of them new positions paying salaries of \$118,500. This will tend to make what the Mayor called 35-cent service cost more than a dollar rather than less than a dollar.

Since no positions are to be abolished by the consolidation and the pay roll is, in fact, increased by it, it cannot be said to be a move toward economy.

The promise that eventually it will mean economy because as places become vacant by retirement or death, they will not be filled will likely prove to be only a false hope to the taxpayers. Not only have places so vacated in the past been filled by promotions and new appointments, but new positions have in fact been created. Whatever may be the present Mayor's future intentions in this respect, who knows what will be his successors'?

It does not require a heterogeneous conglomeration of departments to permit the inauguration of the policy to drop from the list of positions once

established, as the occupants pass out of city service, those that have proven unnecessary. If the proposed consolidation is not to lower administration costs—pay roll costs—the original motive of the agitation for consolidation has been sacrificed.

The Central Engineering Department Idea.

The basic idea of the professors who worked out this consolidation, that there should be "one central engineering department" with distinctly engineering functions is a good one. The Finance Commission is heartily in accord with it. The mess of departments created by this proposed ordinance, however, spoils the idea of "a central engineering department." It still leaves engineering scattered into many divisions, which is only another name for departments. It mixes with engineering matters that are not engineering at all. Chasing violators of the weights and measures law, exercising custody of the Faneuil Hall and Quincy Market and supervision of the licensees of market stalls, collection of garbage and refuse, regulation of the use of public buildings and supervision of janitorial service, operation of the Zoo and Aquarium and aviation field, planting of the Public Garden and other parks, regulation of street signs, and fruit and produce vendors, recording of the use of water and billing therefor, sale and care of cemetery lots, cannot by any stretch of the imagination be classified as engineering functions. They are "public works" only in the fact that they are public services.

Top-Heavy Administration.

One of the principal objections to this ordinance is that it centralizes a lot of power and administration in another super-official. He might well be called "the deputy mayor." It will make the municipal organization top-heavy. If the Mayor of the future is to be relieved of the duties performed customarily by the Mayor of the past, the salary of the Mayor should be reduced.

The Mayor's salary, now \$20,000, was fixed with the idea that he would be the official to whom all the city problems must eventually come for solution. This ordinance does not take away present authority from the Mayor. If, however, the Mayor is to continue to be the determining force in the operation of all the municipal services rendered by the departments that are merged into this new "engineering department," there is no necessity for creating such a super-official or super-board of management as this ordinance provides.

Other Consolidations More Feasible.

The Finance Commission believes that if this particular consolidation is adopted, it will not prove a success. Its failure will be used as an argument against much more feasible changes. The commission has claimed for years past that the work of the municipal corporation is spread among an unnecessary number of separated departments. It still believes that the forty-odd departments of appropriation can be contracted into fifteen or twenty with benefit to the city. The heads of these fifteen or twenty departments should constitute a mayor's cabinet, holding regular and frequent meetings with the Mayor and each other. Cooperation and coordination cannot be had without knowledge of each other's work and problems. Assurance of that cooperation is had in the Mayor's absolute power to remove recalcitrant department heads.

The Finance Commission recognizes that in asking you to reject the proposed consolidation now before you, the commission should have something to offer in its place. Accordingly, the commission offers some suggestions for changes that many sincerely interested in economy and efficiency in government believe have merit. These suggested changes should be considered by a competent committee.

Necessity for Study by More Experienced Municipal Administrators.

The eminent gentlemen who made the study for the Mayor apparently lacked practical experience in the management of municipal activities. They did not consult or interview department officials. It was admitted to the Council in committee that they did not visit the departments. Their recommendation does not provide a good grouping of municipal functions. That task is one for a committee composed of men who know from actual experience the day to day problems of the city departments.

The Finance Commission believes there are many officials now employed in city departments from whom the Mayor could better select a group to restudy this question of consolidations. The entire city service to the people should be surveyed. It should not be the aim to obtain only one large consolidation. Several smaller groupings may accomplish more. In the last analysis it will be the men who are entrusted with the management of city activities more than the form of the organization that will count for most.

Other Suggestions for Changes.

From time to time in the past the Finance Commission has suggested changes in the set-up of the municipal organization. From time to time other agencies have suggested changes. Many of the changes submitted have distinct merit. Many of them will accomplish more in saving of taxpayer dollars and in promotion of efficiency in service than the consolidation worked out by the Mayor's Committee of 1935.

a. The Auditing Department.

The most necessary change now in the opinion of the Finance Commission is one that will strengthen the department known as the Auditing Department. If an auditor is to function at his best, he must be independent of all the expense incurring departments. He is not now on even so firm a basis as is the Sealer of Weights and Measures. The auditor can be removed on a minute's notice by the Mayor, whereas the sealer is given the protection that the civil service system affords.

A survey committee should find and recommend a means by which an auditor can feel that if in his opinion a bill, or a contract, or a pay roll is improper, he can refuse to approve it without jeopardizing his own job.

Providing continuity in office for an auditor dependent on good behavior and making him removable only on charges that must be sustained before an impartial authority is one way of strengthening the auditor. Providing for a term in office of longer duration than the term of office of Mayor to remove him is another.

Many also favor creation under independent authority of a department of finance with a commissioner or a comptroller at the head of it. Most of the large cities, notably New York, have such an independent department of finance. The authority to receive, pay out, and audit taxes and revenue is separated from the authority to incur the obligations for which the taxes and revenue are used in the ideal set-up adopted by most large cities. It is separated in the town form of government most common in Massachusetts.

b. The Engineering Department.

Rather than a new department to be known as an engineering department, the Finance Commission favors making a real planning department of the present City Planning Board. To date its work has been more or less confined to studies and surveys. Its actual planning has more often been rejected than adopted, though in fairness it must be said that the department has proven its capability and has had some outstanding achievements.

A real planning department, however, should embrace all the engineering functions. It should, after its studies and surveys, plan all municipal construction improvements, such as street construction, sewers, water works, buildings, etc. It should be the engineering service for all departments. In the present set-up of departments maintenance, engineering, regulation and service are scrambled. It is claimed that the ordinance now before you changes that situation, but as any familiar with municipal detail know, it accomplishes no such purpose. A functional set-up would have the departments separated so that it would not require that every department head must be "a jack of all trades."

c. Welfare.

Welfare activities are scattered. The work of the Public Welfare Department and the Soldiers' Relief Department are identical. The only difference is that in the Public Welfare Department it is for the poor, while in the Soldiers' Relief Department it is for the poor who were soldiers and their families. Then, there is somewhat similar welfare activity in the Institutions Department, the Hospital Department and the Assessing Department. There are many who favor a consolidation here and some who oppose it. A survey committee should study this situation.

d. Purchasing.

Purchasing is now scattered. The Supply Department buys a large percentage of the city's needs, but substantial purchases of furniture are made by the Public Buildings Department, and substantial purchases of stationery and office supplies by the Printing Department. The Hospital Department sometimes supplies its own needs of both furniture and other equipment, and sometimes the Hospital Department allows the Supply Department to contract for them. The purchases of the Long Island Hospital and the House of Correction are sometimes split the same way. Provision for a real centralization of purchasing should be studied by a competent committee.

e. Institutions.

Maintenance, in all that it implies, is common to all the city institutions. Administration of maintenance is scattered in as many departments as there are institutions. Because of this many have advocated a collection of institutions into one department. It is a worthwhile subject for a competent committee to study and report upon.

f. Permits.

The creation of a central permit office through which might be issued permits of many kinds which the laws now provide for has been advocated by officials now in service. Much time of permittees and much expense of maintenance of permit divisions in the various departments could be saved by the establishment of such a central office.

g. Building.

The location of the various regulatory services relating to builders and building in one department has been advocated.

h. Health.

The present Mayor obtained a study by experts who recommended an entirely new set-up of the Health Department. It remains unacted upon.

i. Public Safety.

The creation of a public safety department, merging the Police and Fire Departments, permitting central maintenance of the vast properties of the two departments, but still keeping actual police work and actual fire fighting separate and distinct through deputized control has likewise been frequently discussed. It is suggested in the report of the Mayor's Committee, and it has been in operation in other cities.

j. City Automobiles.

The central storage and control of all city-owned automobiles, the elimination of department-owned automobiles by the establishment of a central automobile service for all departments has been advocated. It has been in operation in other large cities.

k. The Transit Commission.

The Transit Department was established as a city department in 1918. At that time a salary was paid for services in this department to but a single commissioner, the chairman. The ex-officio members of the department (without extra salary) were the Public Works Commissioner and the City Treasurer. A return to that form, if deemed advisable by a competent committee, would save money. The service that this department is intended to provide would be handicapped by inclusion of it in such a department as the ordinance before you proposes.

l. Park Department.

The Park Department, having custody of parks, playgrounds, gymnasias, aviation field, cemeteries, beaches, baths, etc., is a vast department in itself. There would be no gain and much loss if it were merged with any other department. To its present jurisdiction should be added complete control of all municipal buildings, since it is principally a custodial department.

m. Public Buildings Department.

The Public Buildings Department now has an absurd variety of jurisdictions. The custody by it of the vast amount of real estate being acquired by the city on tax titles is alone a major job. During the Nichols administration the Finance Commission favored the creation of a separate department, or a new division of the Law Department, to take care of the many problems that arise in connection with this class of property. A new set-up for this activity is much more needed now. The city will soon have many millions tied up in such property.

n. Street Laying-Out Department.

The Street Laying-Out Department is regarded by many as a hodgepodge of municipal activities, some of them duplications of similar service in other departments. A comprehensive city planning department might properly absorb the most important of its functions, the planning of streets.

The foregoing contains some of many suggestions offered by responsible agencies. Some of them would make possible distinct improvement in the set-up of municipal departments.

It is plain that the consolidation before you emanated from the idea that one central engineering department was best. Unfortunately, a committee unfamiliar with the details of city service recommended that everything that had even a remote relation to engineering should be thrown into it.

A more practical grouping of city departments than the present would make economy possible and more efficiency probable. The readiness with which a majority at the recent election favored tax limitation is clear evidence that the taxpayers want lower governmental costs. If lower costs can be attained by more efficiency, no time should be lost in comprehensive study of the possibilities. If this particular proposal is defeated—and the commission recommends its defeat—it is hoped that it will not mean the end of the attempt to seek more efficiency by consolidation of municipal departments.

The commission offers with this report a graph which shows exactly what is contemplated by the ordinance before you.

Respectfully submitted,

E. MARK SULLIVAN, Chairman,
PHILIP A. CHAPMAN,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPNETI,
The Finance Commission.

Placed on file.

COLLECTION OF UNPAID WATER RATES.

Coun. PETER J. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inform the City Council what difficulties are involved in the collection of unpaid water rates by the lien method, so called, provided by sections 42A to 42F, inclusive, of chapter 40 of the General

Laws, as amended by chapter 197 of the Acts of 1932, and what changes, if any, in his opinion, are required to make the said method more valuable for such collections.

Passed under suspension of the rules.

COAL FOR CERTAIN W. P. A. WORKERS.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Overseers of Public Welfare to provide coal in cases where there are five or more in the family and the head of the family is employed under the W. P. A.

Coun. BRACKMAN—Mr. President, at the present time under the rules of the Welfare Department where there are six in the family and the head is on W. P. A. fuel is provided, but in cases where there are five it has not been. I am asking his Honor the Mayor to intercede with the Welfare authorities to provide fuel in cases where there are five in the families and the head is on W. P. A. I am reliably informed by the Welfare Department that the expense will not run over \$15,000 in a year. There are only a few hundred cases that would fall in this category.

The order was passed under suspension of the rule.

RESURFACING OF BRINSLEY STREET.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Brinsley street, Ward 14, under the W. P. A. type of construction.

Passed under suspension of the rule.

ADDITIONAL FIREMEN.

Coun. SELVITELLA offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to appoint three hundred additional men to the Boston Fire Department.

Coun. SELVITELLA—Mr. President, I have repeatedly in the past, together with other members of this body, advocated the appointment of additional men in what is now an undermanned Fire Department. Year after year various members have tried to arouse public opinion to a point where the extremely bad condition now existing would be realized. Yesterday we had a recurrence in my district of the sort of thing that has taken place for several years in different parts of the city, where we had fire apparatus reporting at a fire without a sufficient number of men to operate the apparatus in putting out the fire. Mr. President, let me take but a moment to state what happened in East Boston yesterday afternoon, in broad daylight. Just visualize for a moment the situation there,—a four-story brick building, three families and one store, with the fire breaking out in the store. There is directly opposite the place where this fire broke out the largest fire company in East Boston. There are two fire companies within a distance of 75 yards. Yet, in broad daylight, it was almost five minutes before a ladder was placed on that building, to help assist those who were screaming for help to get out. I do not charge that the men in the Fire Department are negligent. They are heroic men, men who have demonstrated in the past that they will give their lives if necessary in the performance of their duty. But when these pieces of apparatus arrive at a fire they are badly undermanned. In some cases there is only the chauffeur driving the apparatus. Such a condition is appalling. It is a terrible thing when lives must be sacrificed before the warning is heeded, a warning that has been given to us so many times in the past few years. I personally observed these men working under conditions that would not be tolerated in the smallest town in our state. There was a fireman who went up the ladder and who yelled for somebody to bring up the hose and after waiting five minutes he descended the ladder because nobody was available for this purpose, to assist him to save the lives of people in that building. How long, Mr. President, are we going to permit the buying of apparatus, without having a sufficient number of men to work the apparatus? Are we going to wait until we have a wholesale killing of men, women and children before those who are charged with this duty are going to appoint additional men in the Fire Department? In the past three years, to my knowledge, not a single person has been appointed from the civil service list, nor has any been replaced. Despite the fact that there are hundreds who have retired, died or been promoted, there is not one instance where a vacancy has been filled. Let us do what we can to stop this sort of thing. Let us take steps to remedy this defective condition that exists in that department. We have in process the new budget for 1937 and I hope the men who are charged with the duty of preparing that budget will plan to fill the vacancies on an undermanned Fire Department.

Coun. GEORGE A. MURRAY—Mr. President, I want to go along with the councilor from Ward 1 (Coun. Selvittella). Over in South Boston last week we had a terrible fire, and the only response to it was a lot of apparatus. There were not

sufficient men available. It is certainly deplorable when a city as big as Boston has so much apparatus and no men. There are young men in South Boston who have taken the examination year after year, and have asked their councilors to intercede for them, so that they might become members of the Fire Department. But there have been no appointments, and we have been obliged to tell those young men, "We cannot get you into that department because they have absolutely refused to put more firemen at work." Is that a condition that we should permit in this city? I say no. Let us appoint a committee and go to the Mayor and ask him to see that provision is made in next year's budget for the appointment of more men in that department, to take care of the present terrible condition.

Coun. DOWD—Mr. President, I believe it is about time that the authorities of the City of Boston should cease to take any notice of the so-called reform organizations—the defunct Good Government Association, the Municipal Research Bureau and others, which are clamoring for a reduction in the tax rates of Boston—and take action along the lines of putting men at work in places where they are needed. I think the Mayor of Boston knows the importance of taking action in this matter, recognizing the fact that the lives of citizens of Boston deserve paramount consideration. There is no question, I believe, that the Fire Commissioner and the Mayor will agree that something should be done in the department, and I am not criticizing them in any way. Conditions in Roxbury are as bad as they are in South Boston and in East Boston. Last week, at a fire on Dover street, I saw the driver, just one man, on fire apparatus. I say that the Mayor of Boston should cut out some of the high-priced department heads, men who are just sitting around and getting \$7,500 a year and doing absolutely nothing. If the City of Boston cannot afford to put 200 or 300 firemen at work, in our Fire Department, when they are so much needed, it is a sad state of affairs. Every member of the City Council, everybody connected with the city government, is desirous of keeping the tax rate as low as possible, but why not place the blame right where it belongs, with the Legislature? It must be realized that the Mayor has control of only 46 cents out of every dollar spent from the city treasury. I say that the whole thing is not fair. It is not fair to the citizens of Boston whose lives and whose property are at stake. I heartily agree with the councilors from East Boston and South Boston, and I say to the Mayor, regardless of all the reformers, regardless of the bluebloods and regardless of the defunct Good Government Association and other organizations, let us be practical. Let us protect the lives of our men, women and children.

Coun. PETER J. FITZGERALD—Mr. President, I want to add simply a word. Last week I spoke of this situation near Savin Hill in a neighborhood where we have a population of 7,000 to 8,000 people. When apparatus responds to an alarm it is insufficiently manned. I agree entirely with the arguments that have been presented by the councilors from East Boston, South Boston and Roxbury. I want to say at this time that if it were not for the courage, efficiency and ability of the present Fire Commissioner, things would be in a still more deplorable condition. He has the courage to fight these reform bureaus that want to cut down expenditures for firehouses and for increase of the personnel of the Fire Department, these people who, while wishing to curtail the expenses of this necessary department of our city, are willing to enter into all sorts of expenditures for other purposes. I cannot help calling to the attention of the body the heading of an article in the *Herald* on Friday, November 13: "\$3,450,000 traffic plan ready." That is a plan advocated by these same reform organizations that are crying out in favor of cutting down the personnel of the Fire Department and eliminating firehouses, crippling a department that means the protection of human life. The occurrence in East Boston yesterday was a catastrophe, a blot on the name of our city. I wonder if the same reform organizations will today advocate half a million dollars more in the budget of 1937 for more firemen and two more firehouses, or whether it will instead advocate this \$3,450,000 for carrying out of a traffic plan for the benefit of retail business in Boston. I am in favor of doing things that will improve our retail or our wholesale business, but our first duty as city officials is to protect human lives. I hope, therefore, that the Council will go on record in the 1937 budget as approving \$500,000 for firehouses and placing at least 300 more men in the department.

The order was passed under suspension of the rule.

FEE CHARGED FOR LICENSES.

Coun. McGRATH offered the following:
Ordered, That his Honor the Mayor be requested to furnish the City Council with a list of fees charged for the various licenses issued by the Licensing Division of his office.

Coun. McGRATH—Mr. Chairman, I think my order follows well what has been said already in this Council. I was quite surprised at some of the license fees that are charged by the City of Boston. There is one of them that I would single out now, the fee for a circus. It is a very small fee. Let us just think for a moment of what happens. The circus comes to town—a wonderful thing for children and the grown-ups, but just think what

money a circus takes out from Boston every year. They purchase very, very little here. They buy their food from Chicago, and buy as little as possible in Boston. I think it would be a good idea if we charged a circus about \$5,000 for a fee next year, and made a proportional charge to other enterprises, some of the corporations that are taking large amounts of money out of the public of Boston. Let us charge some of them on a pro rata basis, if possible. Some of them should pay \$1,000 a year, with an income of millions, and if we adopt some such practice we will not have to increase the tax rate. Let these enterprises pay the additional cost of putting on 300 firemen, and let us put on a few more policemen. I think if we raise some of the fees that are charged we will not have any difficulty in placing these extra people at work. I ask that this matter be taken up today.

The order was passed under suspension of the rule.

TAX ON TELEPHONES.

Coun. McGRATH offered the following:
Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing for a tax of 25 cents each on all home and office telephones and 50 cents each on all public and coin box telephones, as a means of producing additional revenue to the city, with no extra charge to the subscriber.

Coun. McGRATH—Mr. President, I am always trying to think of how we can reduce the tax rate of the City of Boston, helping the home owner and the rent payer. There is an old, old saying that what is good for the goose is good for the gander. Take these public utility companies. Referring particularly to the Telephone Company, at this time it is charging 25 cents a month for a French telephone. I don't mind saying that I haven't any. But if they can charge the subscriber 25 cents a month for the use of such a telephone, I think it would be a good idea to charge the Telephone Company 25 cents a month, to be paid for by the Telephone Company and not by the subscriber; also charging 50 cents a month on every coin box and 50 cents a month on every public telephone, to be paid for by the Telephone Company. Now, what does this mean? It means a great amount of revenue for the City of Boston. You talk on the telephone, whether one, two or three minutes, and the operator says, "Another nickel, please," and it is necessary for you to put in another nickel. There is no argument. If there is, you are cut off, and it is necessary to put in another nickel, anyway. If it is legal for the Telephone Company to charge 25 cents a month for a French telephone, it is just as legal for the City of Boston to charge them 25 cents a month, to be paid for by the Telephone Company.

The order was referred to the Executive Committee.

CHARGES OF THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY.

Coun. McGRATH offered the following:
Ordered, That the Superintendent of Public Buildings, through his Honor the Mayor, be requested to make a careful check and tabulation on monthly bills submitted by the New England Telephone and Telegraph Company, so that the City of Boston might be protected against excessive or overcharges by that company.

Coun. McGRATH—Mr. President, I don't know of anyone, and there is certainly no one with whom I have talked, who can show me an itemized bill from the Telephone Company. The Telephone Company says, "You owe \$1," or "You owe \$100." You pay it, or they will disconnect your telephone. I have checked up, and in checking up I have found one corporation that had courage enough to say, "I dare you, defy you, to disconnect our telephone." The bill that this particular corporation was rendered was \$75 in excess of what their records showed as the use of the telephone. The Telephone Company, after dicker with them for a month, crossed the \$75 off and said, "Forget about it." The president of this particular corporation interested an insurance company to check up on individual calls. The insurance company at the end of a month was sent an excess bill of \$125, as compared with their records, and after dickering for three months the Telephone Company crossed off that bill. But they were corporations, they were able to hire and retain attorneys to fight such charges. But what about the individual? I have heard about, and I know about, the situation as far as individuals are concerned. When such a situation arises your telephone is simply disconnected. I think, Mr. President, it is about time that we here, elected officials, did something to protect our constituents against this public utility whose word is final.

Coun. ROBERTS—Mr. President, I know that the councilor who has just spoken will be glad to know that several years ago in this body I was the author of an order that was introduced along this line, dealing with the high price charged for French telephones. Shortly after I received information that the state of New York had ordered the Bell Telephone Company in that state to reduce its charges. We demanded at that time that the Public Utilities Department of this state take

similar action in the matter. I think it lies entirely with the Department of Public Utilities to take the action suggested by this order.

Coun. WILSON—Mr. President, I agree entirely with the councilor who has offered this order that it would be a good idea to check personally in offices and places of business telephone calls. I would say, personally, with regard to my own office telephone service, that the number of calls charged against me reached such a point that I decided to keep a record, and I found a spread of between 75 and 100 calls against me, including toll calls to Rhode Island, Vermont and other places, that I had obviously not put through, many of them at a time when I was not in the state, for instance, last June when I was attending various conventions. I firmly believe that not only for corporations but the average individual in his office, a great saving could easily be made if a check were kept on the phone calls going out, that there is an unfair and unjust charge made on these telephones in the course of a year.

The order was passed under suspension of the rule.

COOPERATION IN CAMBRIDGE TELEPHONE RATE CASE.

Coun. McGRATH offered the following:
Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to cooperate with the City of Cambridge in the investigation being conducted by that city of the rates for service charged by the New England Telephone & Telegraph Company.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing that the New England Telephone & Telegraph Company be prevented from disconnecting the telephone service of any subscriber until such time as a hearing is held before the Public Utilities Commission.

Coun. McGRATH—Mr. President, on the first order I understand that the Mayor of Cambridge appropriated through the City Council \$5,000 to investigate the charges of the telephone company, and sending a representative to the Department of Public Utilities, and I think it would be well at this time if the Mayor of Boston cooperated with the Mayor of Cambridge in seeking information on this matter, as a basis for action. A report made some few years ago stated that Boston and Massachusetts supported the entire New England telephone rates. Is this justice, that the people of Boston and Massachusetts should support the rest of the New England States so far as the telephone company is concerned? I say, no. I say, let them pay their way and we will pay ours. On the second order, Mr. President, as I have already stated, they disconnect a telephone and that is all there is to it. They have the final say. I believe that if we here, as an elected body representing the citizens of Boston and each one of us representing his constituents, stand up and fight this company, we will get somewhere.

The orders were passed under suspension of the rule.

NAMING OF SCHOOL OR HIGHWAY FOR JUSTICE BRANDEIS.

Coun. NORTON, Coun. ROSENBERG and Coun. BRACKMAN offered the following:

Ordered, That the Mayor of Boston consider the advisability of naming a suitable school or public highway in Boston after the Hon. Louis Dembitz Brandeis.

Passed under suspension of the rule.

OIL FOR WELFARE RECIPIENTS.

Coun. NORTON offered the following:
Ordered, That if it is so that welfare recipients in Boston are not to be supplied with range oil until December 1, that the Mayor of Boston consider the advisability of amending this order so that recipients may obtain oil during the cold weather before December 1.

Passed under suspension of the rule.

LICENSE OF WHITE FUEL CORPORATION.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council whether or not there is any action which can now be taken by the City of Boston to nullify the license of, or prevent the establishing of an oil field on the site owned by the White Fuel Corporation at First street, South Boston.

Passed under suspension of the rule.

NAMING OF JOSEPH FASANO SQUARE.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That the square at the junction of I and Third streets, South Boston, be named Joseph Fasano Square, in honor of Joseph Fasano, who lost his life in action during the World War.

Passed under a suspension of the rule.

COMPENSATION FOR STATE ELECTION SUPERVISORS.

Coun. JOHN I. FITZGERALD offered the following:

Ordered, That under the provisions of section 23, chapter 54, of the General Laws, the compensation for supervisors appointed to act in the recent State Election in the various wards of the city be fixed at the rate of \$9 per day.

Passed under suspension of the rule.

\$25 REAL ESTATE TAX LIMITATION.

Coun. ROBERTS offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of appointing a committee for the purpose of investigating and ascertaining the effect which the proposed \$25 real estate tax limitation would have on the present municipal services, particularly the Fire, Police and School Departments; and whether or not the enactment of a sales tax on all retail purchases would be necessary to prevent the curtailment of any of these municipal services in the event of the adoption of the proposed \$25 tax rate; and be it further

Ordered, That the said committee consist of the City Auditor, the President of the Chamber of Commerce or other representative of that organization, and such other representative civic groups as the Mayor may see fit to appoint.

Coun. ROBERTS—Mr. President, just a word with regard to that order. The people of this county voted, I understand, three to one in favor of the \$25 real estate tax. That action was apparently taken without any information as to what the thing meant and how the desired result was to be accomplished. I think, while there is still time for sufficient study, before the incoming Legislature sits, it might be well for the Mayor's office to take some such action as is suggested here, with a view to obtaining reliable information on this very important question. We should know something about the effect it will have on the budget, whether the \$25 limit can be imposed without interference with our municipal activities, without the discharge of city employees and without cutting off municipal service. That is the first point. Secondly, the question arises whether, if this goes through, a sales tax will be necessary. I think the merchants of the city should be given an opportunity to see whether this will involve a sales tax or some other tax, and what their feeling, as well as the feeling of citizens generally, might be in regard to a thing of that kind. I think this should be brought to the attention of the Mayor and that a committee, covering different interests in the city, should be appointed to consider the question. Let them look into the matter with a view to seeing how it affects the ordinary citizens of the city and the business interests as well. I would, therefore, suggest that if there is to be such a committee, the Mayor of course appointing such a committee as he sees fit, that it might be well to appoint upon it a representative of the Chamber of Commerce and representatives of the different interests concerned in the city.

The order was passed under suspension of the rule.

LIMITATION ON REVENUE LOANS.

Chairman GALLAGHER called up, under unfinished business, No. 1 on the calendar, viz:

1. Ordered, That the right to borrow money, the proceeds to be used to pay revenue loans of 1935, under the provisions of section 1, chapter 281, of the Acts of 1936, amending section 2 of chapter 49 of the Acts of 1933, approved by the Acting Mayor on July 2, 1936, be limited to \$3,000,000, and that the authorization to borrow in excess of said amount for said purpose be, and the same hereby is, rescinded.

On November 9, 1936, the foregoing order was read once and passed, yeas 19, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

APPROPRIATION FOR VOTING MACHINES.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of appropriating the sum of \$10,000 to be expended under the jurisdiction of the Election Department to install voting machines for experimental purposes.

Coun. WILSON—Mr. President, this is along the line of an order introduced here a week or so ago, except at that time no amount of money was mentioned. It is in the nature of a suggestion. I believe personally that it will be an additional guaranty of accuracy and speed in counting the votes on election day, and that the expense of installing such machines is more than warranted. I feel that it is high time for us to fall in line with most of the great cities of the country in this respect.

The order was passed under suspension of the rule.

COMPLETION OF STREET AND SIDEWALK CONSTRUCTION.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Commissioner of Public Works, and to urge upon the W. P. A. authorities, that all streets and sidewalks now under construction or being resurfaced or repaired be promptly completed before any cessation of work for the winter season, or else placed in a safe and passable condition.

Coun. WILSON—Mr. President, I assume that most of the members of the Council have received complaints similar to those that I have been receiving for the last week or ten days, because, while the average home owner and property owner appreciates the difficulties that arise in work on an old street or in the putting through of a new street, because of weather conditions or otherwise, nevertheless the W. P. A. authorities and the Public Works Department have in many instances been caught by the sudden approach of the winter season. I have in mind such thoroughfares as Milton avenue, going through from Norfolk street to Gallivan Boulevard. That street for a great distance is almost completely torn up at the present time with edgestones, gravel, all sorts of material piled along by the curbs, into the street, and up to the middle of the sidewalk, being a threat to passers-by and there being no protection by warning light. I appreciate the fact that the work is handicapped by the weather, but I also realize the danger and the inconvenience to home owners and to people going along the street because of the condition. I would urge, therefore, that the work be promptly completed, or, if that is not possible, that at least the sidewalks be placed in passable condition, that something be done for the safety and convenience not only of the people walking along the streets but for the traffic passing through. At the present time it looks very much as if the plan was to leave the street in this highly dangerous condition.

The order was passed under suspension of the rule.

PROPOSED DEPARTMENTAL REORGANIZATION.

Coun. TOBIN—Mr. President, I move that the Council do now adjourn.

Coun. NORTON—Mr. President, before putting that motion—

Coun. TOBIN—Mr. President, I withdraw the motion.

Coun. NORTON—Mr. President, I desire to make an oral motion that the experts appointed by the Finance Commission to draw up the report in regard to the proposed consolidation of city departments, together with the experts from the Institute of Technology and others, come before a meeting of the City Council. I think that very interesting data has been presented, and that we should have a chance to hear something more about it.

Chairman GALLAGHER—The Chair would rule that that is a matter for the Committee on Ordinances to take up.

Coun. NORTON—Mr. President, might I ask the chairman of the Committee on Ordinances, this being a very important matter, to take action looking to the committee considering the matter next week?

Chairman GALLAGHER—Being chairman of the Committee on Ordinances, let me say that I shall be very glad to do so.

TAX-FORECLOSED REAL ESTATE.

Coun. NORTON—Mr. President, we have received today a letter from the Municipal Research Bureau, which I have not had an opportunity to look over carefully, and I don't know whether my colleagues have had or not, but it seems to express views contrary to some of the views of councilors as stated in the record.

Chairman GALLAGHER—The letter is in the minutes.

Coun. NORTON—Well, I didn't know but what the other side of the story should be put in. I don't know what the other side is, and I would like to get it.

Chairman GALLAGHER—Councilor Tobin moves that we do now adjourn.

Coun. GLEASON—Mr. Chairman, I move that we take a recess for five minutes.

The Council took a recess from 3 p. m. to 3.05 p. m.

REPORT OF COMMITTEE ON PUBLIC LANDS AND TAX TITLES.

Coun. KERRIGAN, for the Committee on Public Lands and Tax Titles, submitted the following:

1. Report on order (referred May 4) for sale of land at corner of Tremont and Sterling streets—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, with reference to the request of Councilor Norton, may I ask, first, whether the letter of November 20 from the Boston Municipal Research Bureau is in the record?

Chairman GALLAGHER.—Yes.

Coun. WILSON—Mr. President, Councilor Norton suggests an answer by some member of the committee in reference to some points raised by that letter. I would like to state, first of all, that the committee made a very full report not only as to the twelve parcels reported upon by the committee but as to the general principles the committee intended to lay down in acting upon these matters, on October 26, 1936, starting at page 343. I notice in this letter from the Boston Municipal Research Bureau that it points out, for example, that the amounts due the city in no way indicate the value of the property concerned. That may be so, but it occurred to most of the committee that where a small parcel of land—for instance, the parcel referred to at our last meeting, on Washington Heights avenue, West Roxbury, was assessed for only \$200, where it had been sold for back taxes four, five or six years ago, and put through the Land Court, and where no former owner, mortgagee or prospective bidder had even come in and offered a dime for the property, those facts might throw some light on the question as to whether there was any particular demand for such a parcel. The Research Bureau also pointed out the advantages of a public auction with an opportunity for open competition in bidding. I might say, in response to that, that generally speaking I will agree with that practice. It is also suggested that some small real estate man or local buyer, if he thought he could buy a parcel for the amount that the city was stuck, might go out and borrow the money at a lower price than the property would bring under the red flag. That, too, might be the case in large parcels of land. But here we are dealing with very small parcels of land, and there is a very serious question whether we should go to the unnecessary expense of a public auction on public land where the amount involved is small. Taking the twelve properties reported upon by the City Council on October 26, seven involved taxes of less than \$200 and two taxes of less than \$100. I do not agree with the Municipal Research Bureau that the mere formality of going through an auction under the red flag necessarily means the obtaining of higher prices. Where the amount involved is large that would very likely be so, but where the amount is small and where you consider the expense of advertising, not only in the *City Record*, but in the newspapers of the City of Boston, particularly the local papers, it is a very different question. The committee felt, for example, that on a parcel of land, such as the parcel referred to last week out in Ward 20, on Washington Heights avenue, where the land had been assessed for only \$200 and where the amount due the city was but \$82.99, a vacant piece of land without any building, where we had an offer from a local man of \$100, it would be ridiculous to advertise in the *City Record*, the *Globe* and the *Traveler* and some paper in West Roxbury, where the proposed auction sale would probably not bring much more than \$100. The committee agrees that, in the case of more valuable parcels of land, where the expense of the auction and advertising would not be out of all proportion to the value of the land, there should not be private sales. The committee feels that, in cases where the amount involved is very small and where, besides the amount being very small, the amount that the city is stuck is also small, also considering the greater relative expense of public auction and advertising in the case of small parcels of property, there is no reason in God's world why the property should not be sold at private sale. With reference to parcels of more value, I am sure the majority of the committee agree with this report of the Research Bureau that there should be a public auction.

The order was passed, yeas 19, nays 0.

THE NEXT MEETING.

On motion of Coun. NORTON it was voted that when the Council adjourn it be to meet on Monday, December 7, 1936, at 2 p. m.

Adjourned, on motion of Coun. TOBIN, at 3.13 p. m., to meet on Monday, December 7, 1936, at 2 p. m.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 16, 1936

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:35 o'clock p. m., the Chairman presiding.

Present: Messrs. Lyons, Smith, Sullivan, and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS AND TRANSFERS

The Chairman stated the question was on approving the transfers and appointments of principals, and the appointment of teachers, as reported by the Superintendent and laid over at the previous meeting.

The transfers and appointments were approved.

APPROVAL OF STATE-AIDED COURSES

A communication was received from the Director, Division of Vocational Education, Massachusetts Department of Education, under date of Nov. 3, 1936, reporting that the establishment of a department in Clothing Design at the Boston Trade School, Evening Classes, has been approved in accordance with plans set forth and submitted in memoranda on file in that office, with the reservation that an Advisory Committee for the work should be appointed and submitted on Blank D. If these plans are carried out as submitted, with the reservation concerning the Advisory Committee, the work of the department will be given approval and the City of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, reimbursement to take effect Sept. 28, 1936.

Placed on file.

A communication was received from the Director, Division of Vocational Education, Massachusetts Department of Education, under date of Nov. 12, 1936, stating that the re-establishment of a part-time course in sheet metal work for apprentices in the South Boston High School has been approved in accordance with plans set forth and submitted in memoranda on file in that office. If these plans are carried out as submitted, the work will be given approval and the City of Boston recommended for reimbursement from the Smith-Hughes Funds under the provisions of Chapter 74 of the General Laws, reimbursement to date from Oct. 17, 1936, and to be in full for salaries of instructors under the special provisions of Section 22 (1) for salaries of teachers giving types of training selected by the Commissioner as especially needing stimulus).

Placed on file.

DEATHS

The Superintendent reported the deaths of the following-named teachers who have been retired on pension under the provisions of the Boston Retirement System:

South Boston High School—William I. Corthell, Sept. 11, 1936.

Department of Household Science and Arts—Angeline M. Weaver, Nov. 11, 1936.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Julia Ward Howe District—Katherine F. Glynn, assistant, elementary, Sept. 28, 1936.

Theodore Lyman District—Helen M. Daley, assistant, elementary, Oct. 30, 1936.

Thomas Gardner District—Sylvia M. DeSimone, assistant, elementary, Oct. 30, 1936.

Ulysses S. Grant District—Harriet F. Penell, assistant, special class, Oct. 30, 1936.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

Approved.

CLASSES IN PIPEWELDING FOR PLUMBERS AND STEAM-FITTERS

On motion of the Superintendent, it was

ORDERED. That during the school year ending Aug. 31, 1937, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to re-establish classes in pipe welding for plumbers and steamfitters, in the Boston Trade School on Wednesday and Friday evenings from 7.30 o'clock to 9.30 o'clock, the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education and allotted by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in connection with the maintenance of the classes in the amount of fifty per cent (50%).

On motion of the Superintendent, it was

ORDERED. That the employment of not more than two instructors in the classes in pipewelding for plumbers and steamfitters conducted in the Boston Trade School is hereby authorized; compensation to be at the rate of four dollars (\$4) per session of two hours.

A communication was received from the Superintendent, under date of Nov. 16, 1936, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the classes in pipewelding for plumbers and steamfitters in the Boston Trade School, to take effect on the date stated:

J. Walter Callahan, George V. Sharp, temporary instructors, Nov. 18, 1936.

Approved.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED. That Edward J. Rowse, Commercial Coordinator, is hereby authorized to attend the annual convention of the National Association of Commercial Teacher Training Institutions, to be held at New Orleans, La., on Feb. 20, 1937, at an expense to the city not to exceed one hundred sixty dollars (\$160).

RESIGNATION

A communication was received from the Secretary, under date of Nov. 16, 1936, reporting the resignation of Grace McMackin, assistant in the offices of the Superintendent-Secretary, to take effect Oct. 8, 1936.

Placed on file and the resignation accepted, to take effect on the date stated.

CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Nov. 16, 1936, reporting that subject to the approval of the School Committee, he has terminated the assignment of Josephine M. Mahoney, clerical assistant, Continuation School, as clerical assistant full-time, Jamaica Plain High School, to take effect Nov. 8, 1936; and has assigned her as clerical assistant in the Public Latin School, without change of rank or salary, to take effect Nov. 9, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Approved.

A communication was received from the Superintendent, under date of Nov. 16, 1936, reporting that subject to the approval of the School Committee, he has made the following transfers of clerical assistants:

Genevieve M. Boice, clerical assistant, Gaston District, to the same positions in the Gaston and Gilbert Stuart Districts, half-time each, Nov. 16, 1936

Mary A. Campbell, clerical assistant, Longfellow District, to the same positions in the Francis Parkman and Longfellow Districts, half-time each, Nov. 9, 1936

Winifred C. Gilbody, clerical assistant, Roxbury Memorial High School (Girls), to the same positions in the Dorchester High School for Girls and Roxbury Memorial High School (Girls), half-time each, Nov. 16, 1936

Annette M. Parker, clerical assistant, Charles Sumner District, to the same positions in the Charles Sumner District and Jamaica Plain High School, agricultural course, half-time each, Nov. 9, 1936

Approved.

A communication was received from the Superintendent, under date of Nov. 16, 1936, reporting that subject to the approval of the School Committee and with the approval of the Commissioner of Civil Service and the Chairman, Unemployment Compensation Commission, he has appointed Loretta M. Walsh as clerical assistant, second year, Robert Gould Shaw District, by transfer from the Massachusetts Unemployment Commission, to take effect Dec. 1, 1936.

Placed on file and the appointment approved, to take effect on the date stated.

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of Nov. 16, 1936, submitting, in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Frederick R. Sullivan, Chairman, and James J. Mahar, Engineer, on their attendance at the Annual Meeting of the National Association of Public School Business Officials, held at St. Louis, Mo., Oct. 12 to 16, 1936.

Placed on file.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the two following orders:

1. ORDERED, That the revised edition of the following-named text book is here authorized for use in Grade VI and the Trade School for Girls, to take the place of the old edition of the same:

DICTIONARY

Lewis, William Dodge and Singer, Edgar A. The Winston Simplified Dictionary, Intermediate Edition. The John C. Winston Company. cpt. 1936 net .90
f.o.b. Phila.

2. ORDERED, That the following-named text book is hereby authorized for use as indicated, to take the place of the authorization of the same book under Order No. 8, July 6, 1936:

Virgil and Other Latin Poets; edited by J. B. Greenough, G. L. Kittredge and Thornton Jenkins. Ginn and Company. cpt. 1930. Grade XII net 1.50
The two orders were laid over.

RESIGNATION

A communication was received from the Business Manager, under date of Nov. 16, 1936, reporting the resignation of Catherine G. Cassidy, assistant in the office of the Business Manager, to take effect Oct. 31, 1936.

Placed on file and the resignation accepted, to take effect on the date stated.

APPOINTMENT OF JUNIOR MESSENGER

A communication was received from the Business Manager, under date of Nov. 16, 1936, recommending the appointment of Leo J. Burke as junior messenger in the office of the Business Manager, to take effect Nov. 18, 1936.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Leo J. Burke, Junior Messenger, Group E, in the office of the Business Manager, is hereby established at the rate of sixteen dollars (\$16) per week, to take effect Nov. 18, 1936, and to continue until otherwise ordered.

APPROPRIATIONS AND EXPENDITURES TO NOV. 1, 1936

A communication was received from the Business Manager, under date of Oct. 31, 1936, submitting a statement showing the appropriations, the expenditures, and the balances for maintenance of the public schools for the first ten drafts of the current financial year, the expenditures for the first ten drafts of the financial year 1935, and the increases and decreases in the several items.

Placed on file.

USE OF AMERICAN-MADE GOODS IN SCHOOLS

The following communication from the Business Manager was read and ordered spread upon the records:

"I have made an investigation for the purpose of determining how many items used in the schools purchased last year were manufactured in foreign countries. The result is as follows:

"During the year 1936 approximately 15,000 different items ranging from a pin to a piano were purchased through the office of the Business Manager for use in the Boston Public Schools. Of these 15,000 different items purchased in one year for use in the schools, not more than a dozen of them were manufactured outside the United States and the cost of such items did not exceed \$1000."

CERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of Nov. 16, 1936, transmitting a certification of the areas of the new intermediate school on Cummins Highway, Roslindale, upon which the compen-

sation for custodian service is based, to take effect Nov. 8, 1936.

Placed on file and the Chairman authorized to approve such certification to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 16, 1936, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Robert W. Green, custodian, Martha A. Baker Schoolhouse, Nov. 6, 1936, one day.

William J. Mahoney, custodian, Robert Treat Paine Schoolhouse, Sept. 25 to 28, 1936, inclusive.

Charles F. Sullivan, custodian, Henry L. Higginson Schoolhouse, Nov. 4 to 6, 1936, inclusive.

William F. Tobin, custodian, George Bancroft Schoolhouse, Nov. 1 to 13, 1936, inclusive.

Frederick J. Wright, custodian, Hawes Hall and Simonds Schoolhouse, Nov. 8 to Dec. 31, 1936, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 16, 1936, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Joseph N. Cunning, from the William Eustis to the Bunker Hill Schoolhouse, Nov. 3, 1936.

Henry J. Fitzgerald, from the Eliot Schoolhouse to the Morrison Building, Nov. 13, 1936.

Thomas J. McDonough, 2nd, from the Aaron Davis to the William Eustis Schoolhouse, Nov. 22, 1936.

John L. Nolan, from the Edmund P. Tilton to the Henry L. Pierce Schoolhouse, Nov. 22, 1936.

Andrew D. O'Leary, from the Julia Ward Howe to the John Marshall Schoolhouse, Nov. 22, 1936.

Seymour H. Watts, from the Winchell to the Frederic W. Lincoln Schoolhouse, Nov. 22, 1936.

Placed on file and the transfers approved, to take effect on the dates stated.

SALARY OF CUSTODIAN, ADMINISTRATION BUILDING

On motion, it was

ORDERED, That the salary of the custodian of the Administration Building is hereby increased by the amount of twenty-four dollars (\$24) per week, to take effect Nov. 1, 1936, and to continue until otherwise ordered, such additional compensation being for the purpose of adjusting compensation of persons employed by the custodian of the Administration Building.

UNUSED SCHOOL PROPERTIES

The Chairman read the following statement which was ordered spread upon the records.

Since the School Committee is but today in receipt of a copy of the report which the Finance Commission has sent to the Mayor regarding school properties not being used for school purposes, it is impossible for the Committee at this time to present a detailed report; however, the Committee would like to point out that over a period of years many of the parcels of land referred to have been in the hands of the City Auctioneer awaiting sale, but have not been bid upon. The Committee would also like to point out that none of the parcels listed in the Finance Commission's report was purchased during the life of the present School Committee.

It is the intention of the School Committee to submit to the Mayor and the public, at the earliest opportunity, a complete report on all school properties now held and not used for school purposes.

UNFINISHED BUSINESS

The order laid over at the meeting of Oct. 19, 1936 (see p. 185), naming the school on Hilltop Street the Simon F. Curran School, was taken up and passed, the four members present voting in the affirmative.

The nine orders laid over at the meeting of Oct. 30, 1936 (see pp. 195-197), making changes in the Authorized List of Text Books, were taken up and passed collectively, the four members present voting in the affirmative.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rules which were adopted and were effective October 1, 1936, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from November 30, 1936.

The Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows:

Section 35 is amended by adding the following:

Huntington Avenue, Roxbury.
Into Jamaicaaway, southerly.
Into Riverway, northerly.

Section 36 is amended by adding the following:

(4.) The driver of a vehicle proceeding in a northerly direction in Jamaicaaway, upon reaching its intersection with Huntington Avenue, shall, if proceeding, drive into Huntington Avenue easterly and in no other direction.

(5.) The driver of a vehicle proceeding in a southerly direction in Riverway, upon reaching its intersection with Huntington Avenue, shall, if proceeding, drive into Huntington Avenue westerly and in no other direction.

FIRE DEPARTMENT ORDERS.

General Order No. 59.

I. FIRE COLLEGE OF THE BOSTON FIRE DEPARTMENT.

The Fire College will reopen on Monday, November 30, 1936, at the quarters of Engine Company 26, Broadway, where all classes will be conducted, except as otherwise noted herein.

The college this year will be conducted for privates and will be under the direction of the Chief of Department, with Capt. John J. Crehan, drill master, having immediate supervision of the classes.

Classes will be held from 9.30 a. m. to 12 noon, excepting on Sundays and holidays.

The men shall be apportioned as follows: Sixteen members from Division 1; ten members from Division 2, and fourteen men from Division 3. The selection of members to attend the classes shall be left to the discretion of the deputy chiefs in their respective divisions, and the members so selected shall be divided equally between the On-and-Off-Platoon.

Deputy Chiefs of the several divisions will forward to Department Headquarters on or before Saturday, November 28, 1936, the names of those who are to attend the first class of the college.

All privates of the department shall attend this college when, and as directed, whether on or off duty.

Only those members assigned to the class shall be in attendance during the instruction period.

After completing the course, members attending will be required to take a written examination and those attaining a mark of 70 per cent (passing mark) will receive a Fire College diploma.

The schedule of lectures and the subjects to be covered, along with the names of those selected as instructors, are as follows:

Lecture 1 (November 30).

Administration.

Fire Commissioner Edward F. McLaughlin.

Object of Fire College.

Chief of Department Samuel J. Pope.

Lecture 2 (December 1).

Electrical Life and Fire Hazards.

Thomas H. Haines, Superintendent, Distribution Department, and Robert E. Dillon, Superintendent, Generating Department, Edison Electric Illuminating Company.

Instructions in the proper method of handling electrical life and fire hazards in power plants, etc., and method of operation at fires in same.

Lecture 3 (December 2).

Building Construction. Edward W. Roemer, Building Commissioner.

Instructions in the various methods used in building construction relative to fire-retarding qualities, slow burning, etc., zoning laws, heights, etc. Notes on materials of construction with reference to fire.

Lecture 4 (December 3).

Oil Fires. A. L. Brown, Director of Laboratories, Common and Special Hazards.

Instructions in the methods used in oil-burning equipment and fires resulting from the use of same. This lecture to be held on the premises of the Associated Factory Mutual Insurance Companies, 184 High street, Boston.

Lecture 5 (December 4).

Private Fire Protection. Henry E. Halpin, Engineer and Inspector, and H. P. Stewart, Laboratory Engineer.

Instructions and demonstrations in the operation of sprinklers, check valves, dry pipe valves, standpipes, safety devices and private fire protection in general. This lecture to be held on the premises of the Associated Factory Mutual Fire Insurance Companies, 184 High street, Boston.

Lecture 6 (December 5).

Fire Equipment in Buildings, Deputy Chief Quigley.

Laws and regulations governing private fire protection devices. Operation of the department on response to buildings equipped with private fire protection equipment; methods to be employed to gain an entrance to buildings, etc. This also to include private fire brigades and fire drills, but not alarm systems.

Lecture 7 (December 7).

Water Supply for Fire Purposes. Engineer Daniel M. Sullivan, Public Works Department.

Instructions and demonstrations. Water system, source of supply, mains, hydrants, gates, etc. Pressure at different elevations, reservoirs, storage, etc.

Lecture 8 (December 8).

Mechanical Refrigeration. Walter Nelson, Service and Installation Manager, Metropolitan Boston, Frigidaire Company.

Instructions in mechanical refrigeration, etc. This lecture to be given on the premises of the Frigidaire Sales Corporation of New England, 25 Blandford street, Boston.

Lecture 9 (December 9).

Operation at Fires. Deputy Chief Downey.

Cellar fires, one-story fires, warehouse fires, chimney fires.

Lecture 10 (December 10).

Official Papers. Deputy Chief Kenney.

Instructions in the proper method of communicating and handling of departmental papers.

Lecture 11 (December 11).

Responding to and from Fires. Deputy Chief Sweeney.

Instructions with reference to routes to fires, traffic congestion, driving of apparatus, accidents, etc. Methods of operation at pier fires.

Lecture 12 (December 12).

First Aid Demonstrations. Captain Jack Wallace, American Red Cross. First aid and resuscitation methods.

Lecture 13 (December 14).

Elementary Fire-Fighting. District Chief Donovan. (District 3.)

Dangers to be avoided at fires, ladder duty, ventilation duty and overhauling at fires.

Lecture 14 (December 15).

Subway and Tunnel Fires. Deputy Chief McDonough.

Instructions in the methods of combatting fires in subways and tunnels. This also includes fires in elevated structures and bridges; also lumber yards.

Lecture 15 (December 16).

Practical Fire Department Hydraulics. District Chief Montgomery.
Demonstrations with working model in class room.

Lecture 16 (December 17).

Fire-Fighting. District Chief Robertson.
Instructions in the proper and efficient use of apparatus and operations at fires in industrial, mercantile and manufacturing buildings. Fire-fighting in high-value district. Preliminary operations at fires.

Lecture 17 (December 18).

Rescue Demonstrations. District Chief Sheehan.

Instructions in the use of rescue tools, appliances and equipment. This lecture to be given at Bowdoin Square Fire Station.

Lecture 18 (December 19).

Incendiarism, Arson, etc. Deputy Chief in Charge, Fire Prevention Division.
Instructions in the various causes of fire, incendiarism, arson, etc. Instructions in the method of detecting causes of fire, preserving of evidence, etc. including moral hazards.

Lecture 19 (December 28).

Fire-Fighting. District Chief Crowley.
Instructions in the proper method of operation in the handling of fires involving life and property in hotels, apartment houses, theaters, hospitals, public buildings. Tenements and dwellings.

Lecture 20 (December 29).

Oil Regulations, Oil Fires. District Chief Chamberlain.

Laws, ordinances, rules and regulations governing the installation of oil burners, increased fire hazard of same, methods of fighting fires where found. Methods and proper operation at all oil fires, including transportation of oil and oil on the water.

Lecture 21 (December 30).

Fire Prevention—Building Inspection. Deputy Chief Coughlin.

Instructions in the modern method of inspection for the purpose of fire prevention; laws and ordinances, rules and regulations governing same, as it affects the City of Boston. Building inspection in general for the purpose of obtaining knowledge of buildings in the event of fires occurring in same.

Lecture 22 (December 31).

Fire Hazards. Deputy Chief Stickel.

Demonstration in the method of detecting common and special hazards, celluloid products, motion picture films. Also includes ariports and hangars.

Lecture 23 (January 4).

Economy of Upkeep—Care of Hose. District Chief Martell.

Instructions in economy of upkeep of company quarters, apparatus, appliances, etc. Instructions in the care of hose, hose couplings, in quarters and at fires. Purpose of testing hose, etc. Lost equipment and forcible entry.

Lecture 24 (January 5).

Motor Apparatus. Superintendent Williamson.

Instruction in the care and operation of motor apparatus, knowledge of parts, lubrication and operation, etc.

Lecture 25 (January 6).

Fire Alarm System. Superintendent Fickett

Instructions and demonstration in the technique of the Fire Alarm System. To be given at Fire Alarm Office.

Lecture 26 (January 7).

Common and Special Electrical Hazards. Superintendent Dolan.

Instructions in common and special electrical hazards. Causes of electrical fires, etc.

Lecture 27 (January 8).

Elevator Accidents. Captain Kennedy, Rescue 3.

Marine Fires. Lieutenant Nugent, Engine 44.

Proper method of operation at freight and passenger elevator accidents.

Instructions with reference to the use of fireboats, method of operation at ship and dock fires. Coal pockets on the waterfront and island fires.

Examination, January 9, 1937.

At 9.30 a. m., at quarters of Engine Company 26, Broadway.

The dates of the lectures are subject to change to meet conditions and emergencies.

Inasmuch as the lecturers are so generously giving of their time and service, it is expected that all members attending this college shall conduct themselves in a manner that will reflect credit on the department. Smoking during class shall be absolutely prohibited, and the dignity of the classroom shall be preserved at all times.

II. APPARATUS OPERATOR EDWARD M. QUIGLEY.

It is with deep regret that the Fire Commissioner announces the death, on November 19, 1936, of Apparatus Operator Edward M. Quigley of Engine Company 13. Apparatus Operator Quigley was appointed to the department on May 12, 1893.

The funeral was held from his late residence, 7 Sewall street, Roxbury, at 9 a. m., November 23, 1936, followed by services at the Church of Our Lady of Perpetual Help (Mission Church), 1545 Tremont street, Roxbury, at 9.30 a. m.

The Acting Chief of Department made the customary detail to act as funeral escort and the members of Engine Company 13 were excused in order to attend the funeral.

III. ELECTION OF OFFICERS—CHARITABLE ASSOCIATION.

The attention of the members of the department is called to Article 5 of the Constitution and By-Laws of the Charitable Association of the Boston Fire Department, concerning nomination of trustees of this organization.

The Board of Chiefs and each district of the fire-fighting force of the Boston Fire Department, including District 16 (so called) and the Boston Protective Department, shall submit the name of any candidate or candidates for the office of trustee of the association to the secretary, on or before the first Monday in December of each year.

Attention of the district chiefs is called to the fact that it does not mean a man from each house unless a member desires to be a candidate.

Nominations should be sent to the Secretary, James W. McQuaide, of Engine Company 18.

From the list of nominations received, there shall be elected on the third Monday, in December one trustee to represent the Board of Chiefs, two trustees in each district to represent the fire fighting force and one trustee to represent the Boston Protective Department.

IV. MEAL PERIOD.

Members of the department who are performing a twenty-four-hour tour of duty on Thanksgiving Day and Christmas Day will be granted one meal period of two and one-half hours. Company commanders will arrange these meal periods as conveniently as far in advance of these holidays as is possible for the men, and the strength and efficiency of the companies must be maintained.

Members who are on duty on the above days from 8 a. m. to 6 p. m. may be granted meal periods on condition that members working opposite them on the 6 p. m. to 8 a. m. tour of duty substitute for them while they are absent.

V. BOSTON AUTOMATIC FIRE ALARM ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 143—Buildings 851-857 Boylston street, city. Apparatus to respond, Engine Company 33, Ladder Company 15, District Chief 7. Nearest box is 1573.

Signal 159—Building 117-119 Beach street, city. Apparatus to respond, Engine Company 7, Ladder Company 17, District Chief 5. Nearest box is 1436.

VI. COMMENDATIONS.

At 6.12 p. m., November 9, 1936, the department responded to Box 6139 for a leak in a refrigerating unit in a drug store on the first floor at 336 Sumner street, East Boston.

Upon arrival of apparatus at the scene it was found that several people were trapped in the upper floors of the building. Ladderman Thomas S. Pellegrine and Harold F. Bishop of Ladder Company 2, who were performing outside ventilation work without gas masks, entered the third floor and removed an unconscious girl over the aerial ladder to the street. Both of these men were severely affected by sulphur dioxide fumes. Ladderman Jeremiah A. McCarthy of Ladder Company 2 and Ladderman Henry F. McDonald of Ladder Company 31, who were equipped with masks, and Ladderman Martin J. Powers of Ladder Company 31, who was without a mask, entered the building and carried two semiconscious women from the third floor.

Because of the personal risk and great hazard to which these men exposed themselves and the trying conditions under which the risks were effected, the Fire Commissioner is pleased to commend them highly and refer the rescues to the Board of Merit for consideration.

Ladderman Paul D. McGrath and Henry F. McDonald of Ladder Company 31 are hereby commended for responding to and working at fire, Box 6153, three alarms, 4.26 p. m., November 22, 1936, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

SAMUEL J. POPE,
Chief of Department.

General Order No. 60.

I. PROMOTIONS.

The following promotions are hereby announced to take effect at 8 a. m. Friday, November 27, 1936:

District Chief John F. McDonough, District 4, to Deputy Chief.

Capt. Franklin B. Sanborn, Engine 53, to District Chief.

Lieut. Henry S. Franz, Ladder 4, to Captain.

Hoseman James C. Harrington, Engine 13, to Lieutenant.

Ladderman Michael J. Egan, Ladder 20, to Apparatus Operator.

Hoseman William J. McCarthy, Engine 30, to Apparatus Operator.

Hoseman John J. McCrackin, Engine 33, to Apparatus Operator.

Hoseman Hugh A. Shute, Rescue 1, to Apparatus Operator.

Hoseman Patrick J. Flaherty, Engine 44, to Master.

Hoseman Edwin J. Farley of Motor Squad, to Engineer Motor Squad.

II. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, November 27, 1936:

Deputy Chief Thomas H. Downey, from Division 2 to Fire Prevention Division.

Deputy Chief John F. McDonough, from District 4 to Division 2.

District Chief Franklin B. Sanborn, from Engine 53 to District 4.

Capt. Henry B. Franz, from Ladder 4 to Engine 53.

Lieut. James C. Harrington, from Engine 13 to Ladder 4.

Apparatus Operator Michael J. Egan, from Ladder 20 to Engine 13.

Apparatus Operator William J. McCarthy, from Engine 30 to Engine 34.

Apparatus Operator John J. McCrackin, from Engine 33 to Engine 5.

Apparatus Operator Hugh A. Shute, from Rescue 1 to Engine 8.

Hoseman Francis J. Doyle, from Fire Prevention Division to Headquarters, as Aide to Chief of Department.

Hoseman John A. O'Connor, from Engine 22 to Fire Prevention Division.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

SAMUEL J. POPE,
Chief of Department.

FIRE PROTECTION AT LONG ISLAND.

The following is a copy of a letter to the Mayor from Dr. Frederic A. Washburn, Institutions Commissioner, on November 18:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—This department has asked the Fire Department to make a careful and detailed survey of the fire protection at Long Island, which has been complicated of late by the addition of federal buildings at Fort Strong.

The matter of water supply at Fort Strong for fire-fighting purposes is also being considered by the engineer of the Water Division of the Public Works Department.

When these reports have been received the matter will be taken up with your Honor and recommendations made.

Yours very sincerely,
FREDERIC A. WASHBURN, M. D.,
Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 to 31, 1936.

Last date for filing applications, Monday, December 14, 1936, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

NOTE.—One year of technical college will be considered the equivalent of one year's experience.

Grade I.—Junior Engineering Aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade II.—Senior Engineering Aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,560 to \$2,160 a year.

Entrance Requirement: Applicants must have one year's practical experience in engineering work.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

A supplementary test in drafting which will be *optional*, will be given in connection with this grade.

Grade III.—Junior Civil or other Engineers, Senior Engineering Draftsmen, and Chiefs of Survey Parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,160 to \$2,760 a year.

Entrance Requirement: Applicants must have not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

A supplementary test in drafting, which will be *optional*, will be given in connection with this grade.

Grade IV.—Assistant Civil or other Engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Entrance Requirement: Applicants must have not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the State Service as Senior Engineers and Associate, District and Chief Engineers, will be held only when vacancies exist.

Passing Requirements (for all grades): Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible.

(Supplementary drafting test.) At least 70 per cent in this subject in order to qualify.

RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Boston Retirement Board held on November 16 the retirement from active service of the following-named members of the retirement system was approved to become effective at the close of business November 30, 1936:

ELECTION DEPARTMENT.

Frank F. Tripp, assistant registrar, salary at time of retirement \$2,200 a year.

HOSPITAL DEPARTMENT.

Patrick Curley, stationary fireman, salary at time of retirement \$2,158 a year.

John J. French, boiler room helper, salary at time of retirement \$1,846 a year.

INSTITUTIONS DEPARTMENT.

Margaret J. Fallon, superintendent of nurses, salary at time of retirement \$2,700 a year.

PUBLIC BUILDINGS DEPARTMENT.

John Logue, carpenter, salary at time of retirement \$2,028 a year.

Ellen L. Murphy, cleaner, salary at time of retirement \$964 a year.

PUBLIC WORKS DEPARTMENT.

Thomas Baggott, oiler, salary at time of retirement \$2,158 a year.

Patrick A. Egan, feeder, salary at time of retirement \$1,560 a year.

Bartholomew M. Flaherty, asphalt tester, salary at time of retirement \$2,300 a year.

Charles F. Holmes, assistant draw-tender, salary at time of retirement \$1,700 a year.

John C. Hourihan, laborer, salary at time of retirement \$1,560 a year.

Patrick McDevitt, oiler, salary at time of retirement \$2,158 a year.

Lawrence McGahan, feeder, salary at time of retirement \$1,560 a year.

Frank H. McMackin, laborer, salary at time of retirement \$1,560 a year.

SOLDIERS' RELIEF DEPARTMENT.

Mary E. Leahy, clerk, salary at time of retirement \$1,700 a year.

Mary E. Mulvey, supervisor, salary at time of retirement \$2,300 a year.

Attest:

W. J. DOYLE,
Chairman.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Friday, December 18, 1936, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 1 timothy hay. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-four nor more than thirty-eight pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING MILK, CREAM AND ICE CREAM FOR BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, milk, cream and ice cream for use in the Boston Public School Cafeterias. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Milk, Cream and Ice Cream." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 14, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Dec. 5.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TEA.

The Supply Department of the City of Boston invites proposals for furnishing tea to the various city departments, according to specifications to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Bidders must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Thursday, December 17, 1936, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GASOLINE.

The Supply Department of the City of Boston invites proposals for furnishing to the Traffic Commission gasoline, according to specifications, a copy of which may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, December 15, 1936, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, December 17, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE FIVE-YARD DUMP TRUCK.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Sewer Division, one five-yard dump truck, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 14, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CRUSHED STONE.

The Supply Department of the City of Boston invites proposals for furnishing crushed stone to the various city departments until December 31, 1937, deliveries to be made as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the above office before Monday, December 21, 1936, at 12 m., at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 5.) Superintendent of Supplies.

WILLIAM P. HICKEY,
Commissioner.

(Dec. 5-12.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER, ELM HILL AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1937, and December 31, 1937, including the removal of all household refuse during the spring cleaning period between April 1, 1937, and May 15, 1937, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester, Elm Hill and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use; and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 8, 1936, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
Commissioner of Public Works.

(Nov. 28-Dec. 5.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING MANURE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing manure from the stables and yards in the various divisions of the Public Works Department, between January 1, 1937, and December 31, 1937, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Manure," and left at Room 508, fifth floor, City Hall Annex, Boston, before 12 m. on Friday, December 18, 1936, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
Commissioner of Public Works.

(Dec. 5.)

FIRE DEPARTMENT APPOINTMENTS.

The following appointments made on
November 21 by Fire Commissioner
Edward F. McLaughlin have been ap-
proved by the Mayor:

Samuel J. Pope, now deputy chief in
charge of Fire Prevention, promoted to
Chief of Department.

John F. McDonough, now district
chief, District 4, Bulfinch street, pro-
moted to deputy chief, to take Mr. Pope's
place.

Franklin B. Sanborn, now captain,
Engine 53, Forest Hills, promoted to
district chief, to take Mr. McDonough's
place.

Henry Franz, now lieutenant, Ladder
4, Dudley street, promoted to captain, to
take Mr. Sanborn's place.

James C. Harrington, now private,
Engine 13, Cabot street, Roxbury, pro-
moted to lieutenant, to take Mr. Franz's
place.

With the exception of the chief, for
whom there is no list, all of the other
appointments were of the first man on
the civil service list in their respective
positions.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks,
particularly the smaller ones, seldom
have accurate or positive means of test-
ing their meters. Often when a meter
is repaired, the man making the repairs
simply blows through the meter to see if
it runs, when it is again put into service
with the assumption that it is accurate.
Sometimes meters are hooked up in se-
ries with a new meter and water is run
through to see if the readings check.
This is better than the lung-power
method, but still is far from accurate or
dependable, in that the test meter may
be in error by 2 per cent or even more.
Several states have regulations govern-
ing water utilities, both municipal and
private, and require a positive method
of testing water meters in every meter
shop.—*American City Magazine.*

POLICE DEPARTMENT ORDERS.*General Order No. 1.*

The Police Commissioner for the City of Boston, Major Joseph F. Tilty, appointed by his Excellency, Governor James M. Curley, under provisions of chapter 291 of the Acts of 1906, as amended, to succeed Mr. Eugene M. McSweeney, took the oath of office on Wednesday, November 25, 1936, and assumed his duties on that date.

The Rules and Regulations for the government of the Police Department for the City of Boston now in force, are hereby continued until otherwise ordered.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

General Order No. 2.

The following transfers are hereby ordered to take effect Friday, November 27, 1936, at 5.45 o'clock p. m.:

Patrolman Daniel P. Byrnes, from Commissioner's Office, as aide to the Police Commissioner, to office of Property Clerk; Patrolman Joseph O. Chalifoux, from Division 13 to Commissioner's Office, as aide to the Police Commissioner.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

General Order No. 3.

At 10.20 o'clock on the night of November 6, 1936, a radio message regarding a holdup which had been committed by three armed men on that same night in a store on Harrison avenue, was received by Patrolman Augustus J. Chaison and Walter G. Jones of Division 4, as they were patrolling their division. Shortly thereafter an automobile answering the description of the holdup car was observed crossing Shawmut avenue at a high rate of speed. Officers Chaison and Jones immediately pursued it, forced the occupants to stop on West Newton street and covered them with their service revolvers. A cursory search of the car and the suspects revealed a quantity of firearms, ammunition and a blackjack. Later, at Police Headquarters, these men were positively identified by the victims as the criminals who had committed the holdup.

Further investigation disclosed that one of the holdup men was a parolee from the Oklahoma State Prison, with a long previous record of armed robberies.

The close attention to duty, excellent judgment and courageous action of these officers is highly commendable; and, in recognition of this splendid police work, the commissioner is pleased to grant Patrolmen Chaison and Jones each two days' additional vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

General Order No. 4.

In the early morning of October 29, 1936, Sergt. Francis M. Burke, Patrolmen Leo G. Hearn, Abraham Morse and Daniel L. Donahue, attached to the Special Service Squad, observed a young man leave a theater in Scollay square. Because of his evasiveness when questioned by the above officers this man was

arrested as a suspicious person. He had in his possession tools which he admitted using as a means of breaking and entering dwelling houses and business establishments. As a result of further investigation a large amount of stolen property was recovered and this criminal is now being held for the Grand Jury on a number of complaints charging him with breaking and entering, larceny and possession of burglar's tools.

Through the attentive performance of police duty on the part of these officers many handbag snatchings and house-breaks have been solved. Therefore it gives the commissioner great pleasure to recognize and commend Sergeant Burke and Patrolmen Hearn, Morse and Donahue for the fine piece of work accomplished by them in this case.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

General Order No. 5.

On October 31, 1936, Lieut. Robert A. Lynch and Patrolmen John H. Fisher, Andrew E. Connelly and Chester J. Murray of the Special Service Squad, observed an automobile containing three men parked in an unfinished street in the Dorchester district. Because of the suspicious circumstances the officers immediately questioned the occupants, examined the interior of the car and found a black leather bag containing two loaded revolvers and a varied assortment of burglar's tools. The men were arrested and further investigation disclosed that two of them had long previous criminal records. Upon arraignment in the Dorchester Court, they were all held for the Grand Jury.

The commissioner is pleased to recognize and commend Lieutenant Lynch and Patrolmen Fisher, Connelly and Murray for their alertness and initiative in effecting, without a struggle, the arrest of these dangerous characters.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

General Order No. 6.

A teletype message containing details with reference to a man wanted for armed robberies in Fall River was received at Headquarters on Saturday, June 6, 1936. The message contained a description of the holdup car and mentioned the fact that this criminal was a desperate character and would resist any attempted capture.

At about 3 a. m., Sunday, June 7, 1936, Sergt. Leo E. Hoban and Patrolmen Harry T. Kershaw and Edward J. Merrihan, attached to the Special Service Squad, observed parked in front of a restaurant in the South End district the car reported to have been operated by the holdup man. The officers stood by in readiness, awaiting the return of the operator. Within a short time a man left the restaurant and approached the car. He detected the officers closing in on him and he immediately reached into the interior of the automobile and attempted to draw a revolver. The officers rushed him, subdued and disarmed him. At Headquarters he admitted having participated in a number of armed robberies in Fall River, Mass., and in Providence,

Rhode Island. He was later convicted and sentenced to a long term in State Prison.

The commissioner is pleased to recognize and commend Sergeant Hoban and Patrolmen Kershaw and Merrihan for their courageous action and speedy apprehension of this dangerous criminal, and for their devotion to duty in accomplishing this splendid piece of police work.

The Superintendent of Police will promulgate this order.

JOSEPH F. TILTY,
Police Commissioner.

**CIVIL SERVICE EXAMINATIONS.
(STATE.)****STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.**

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capitas are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white which is 61.19 per cent of all inhabitants. stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 103,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, DECEMBER 12, 1936.

NO. 50

MAYOR MANSFIELD MAKES RULING ON OLD AGE PENSION APPLICATIONS TO PROVIDE BACK PAYMENTS TO DATE FROM TIME OF FILING—AFTER CONFERENCE WITH LAW DEPARTMENT AND WELFARE OFFICIALS REGULATIONS ARE DRAFTED TO PROVIDE BENEFITS TO MANY AGAINST WHOM A FORMER RULING HAD OPERATED ADVERSELY—OVERSEERS, AT THEIR DISCRETION, MAY REJECT APPLICATIONS AFTER THIRTY DAYS WHERE DATE OF BIRTH OR PROOF OF ELIGIBILITY HAS FAILED.

Following discussion of the matter in the meeting of the City Council, Mayor Mansfield held a conference with the officials of the Law Department and the Department of Public Welfare, as the result of which the tentative ruling of Executive Director John C. L. Dowling, relative to applicants for old age assistance under the new law, which provides for aid after a citizen becomes sixty-five years of age, has been modified and subject to the following conditions.

At first it had been ruled that:

Financial assistance granted hereunder shall be given from the date of application therefor but in no event before the applicant reaches the age of sixty-five and in determining the amount of assistance to be given for any period preceding the date from which the application was favorably passed upon, consideration shall be given to the amount of welfare relief, if any, given to such applicant during said period under any other provision of law.

The Mayor conferred with James A. McMurtry, chairman of the Board of Overseers of Public Welfare, and Corporation Counsel Foley about the new Old Age Assistance law. The following conclusions were then reached:

1. Any person of requisite age may file an application for old age assistance at any time.
2. If necessary proofs are lacking but at a later time the application is approved, old age assistance shall then be given retroactively to the day the application was filed; provided
3. That under the provision of the act an application may be rejected if proper evidence is not presented and available to the department within thirty days to determine eligibility for old age assistance.
4. In case an application is rejected at the end of thirty days because of the provision of the law, an applicant may file a new application, in which event old age assistance if finally granted will date back to the time of the filing of the second application.
5. If an applicant is dissatisfied with the decision of the Bureau in rejecting an application, at the end of thirty days or at any time he may appeal to the State Board.
6. In paying accumulated funds from the time of the approval of the application back to the time of its filing the law provides that any money received by the applicant from other welfare sources must be deducted from the old age assistance thus given.
7. If the application is allowed, the old age assistance granted is substituted for all other aid formerly received.

The tentative ruling of Executive Director Dowling that an application would not be considered as filed unless all proofs accompanied the application, being inconsistent with the above conclusions will not be followed, and the above rulings will be in effect hereafter.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 14, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR MANSFIELD DRAFTS LEGISLATION TO PRESENT TO GENERAL COURT SEEKING TO RESTORE TO CHIEF EXECUTIVE THE POWER OF APPOINTING CITY'S POLICE COMMISSIONER—ALSO SEEKS RIGHT IN BILL TO REMOVE SUCH OFFICIAL FOR SUFFICIENT CAUSE—SEEKS THUS TO RESTORE MORE HOME RULE TO BOSTON—BILL SPECIFIES TERM OF OFFICE SHALL BE FIVE YEARS.

The following is a copy of an act drafted by Corporation Counsel Henry E. Foley, at the request of Mayor Mansfield, seeking to have the Legislature return to Boston and the Mayor of the City the power to appoint the Police Commissioner. The bill is one of many presented to the incoming Legislature in the interest of better government for the city.

AN ACT PROVIDING FOR THE APPOINTMENT BY THE MAYOR OF A POLICE COMMISSIONER FOR THE CITY OF BOSTON, SUBSTANTIALLY AS SET FORTH IN THE ACCOMPANYING BILL, OR FOR SUCH OTHER, FURTHER OR SIMILAR LEGISLATION, IF ANY, AS MAY BE NECESSARY OR ADVISABLE TO CARRY OUT THE OBJECTS AND PURPOSES REFERRED TO.

SECTION 1. Chapter two hundred and ninety-one of the acts of nineteen hundred and six is hereby amended by striking out section seven and inserting in place thereof the following:—*Section 7.* The mayor of the city of Boston, subject to its charter provisions, shall appoint a police commissioner for the city of Boston, who shall be a citizen of Boston and who shall have resided therein for at least two years immediately preceding the date of his appointment. Such police commissioner shall not engage in any other business and shall be sworn to the faithful performance of the duties of his office before entering upon the same.

Said police commissioner shall be appointed for a term of five years beginning on the first Monday in _____, in the year nineteen hundred and thirty-seven, and shall hold his office until his successor is appointed and qualified, and any vacancy occurring shall be filled by the mayor, subject to the provisions of the said charter, by an appointment for a term of five years.

Said police commissioner may be removed by the mayor for such cause as the mayor shall deem sufficient and shall state in his order of removal.

Said police commissioner shall appoint a secretary, who shall be exempt from the civil service law, who shall be sworn to the faithful performance of his duties and who shall keep such records, issue notices, and attest such papers and orders as said police commissioner shall direct. His term of office shall be five years, but he may be removed by said police commissioner for such cause as said commissioner shall deem sufficient. Such cause shall be stated in his order of removal.

SECTION 2. Section eight of said chapter two hundred and ninety-one, as amended in the first paragraph by chapter three hundred and seven of the Special Acts of nineteen hundred and seventeen, and by section one of chapter eight of the acts of nineteen hundred and twenty, is hereby further amended by striking out, in the fourth line of said paragraph, the words "governor and council," and inserting in place thereof the word:—mayor,—so that said first paragraph will read as follows:—*Section 8.* The annual salary of the police commissioner shall be eight thousand dollars, and of the secretary an amount which shall be fixed by the police commissioner with the approval of the mayor, which shall be paid in monthly installments by the city of Boston. Subject to the approval of the mayor, the police commissioner shall be provided with such rooms, which shall be suitably furnished, as shall be convenient and suitable for the performance of his duties, the expense of which shall be paid by the city of Boston.

SECTION 3. The term of the present police commissioner of the city of Boston shall expire upon the appointment and qualification of a police commissioner under the provisions of section one of this act.

SECTION 4. This act shall take effect upon its passage.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

MAYOR MANSFIELD AGAIN CHAIRMAN OF ROOSEVELT BIRTHDAY BALL.

On December 8 the following was made public from the Mayor's office:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Sincerely trust you will again act as Honorary Chairman for Boston Birthday Ball. We want this year's celebration to be greatest ever. Cordially,

HENRY L. DOHERTY,
10 East 40th Street, New York.

HENRY L. DOHERTY, 10 East 40th Street,
New York, N. Y.

Accept with pleasure your invitation to act as Honorary Chairman for Boston Birthday Ball.

FREDERICK W. MANSFIELD,
Mayor of Boston.

WANTS PUBLIC HEARINGS HELD BY METROPOLITAN DISTRICT WATER COMMISSION FOR BENEFIT OF CITIES AND TOWNS BEFORE ANY ACT OF IMPORTANCE IS DECIDED INVOLVING LARGE EXPENDITURES.

The following is a copy of a letter from the Mayor to the Metropolitan District Water Supply Commission on December 9:

BOSTON, December 9, 1936.

METROPOLITAN DISTRICT WATER SUPPLY COMMISSION, 20 Somerset Street, Boston, Mass.

GENTLEMEN,—At a regular meeting of the Boston City Council held on Monday, October 5, 1936, the following order was unanimously passed:

"Ordered, That his Honor the Mayor be requested to consider the advisability of taking steps to see that the cities and towns comprising the metropolitan water district are given due notice and an opportunity to be heard before any important contract is let or any important water or land damage claim is settled by the Metropolitan District Water Supply Commission."

I heartily approve of this order and, in view of the financial interests of the cities and towns of the metropolitan water supply district in the expenditures of your commission, I respectfully request that a public hearing be held, after notice to the City of Boston and the other cities and towns in the district, before any important contract or land damage settlement is entered into.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

Carilli Construction Company has been allowed to add as follows to the contract for the Robert Gould Shaw School Addition: Furnish and install bulletin tack board in master's suite, and the amount of \$130.80 will be added therefor, making the account as follows: Contract price, \$296,195; total additions, \$5,533.95; amount of contract, \$301,728.95.

The John Bowen Company have been allowed to issue an order of change, making an addition in the sum of \$1,600.38 to the contract for the erection and completion of the Washington Irving District School, Cummins Highway, Roslindale, Mass. This amount is necessary in order to pay for extra work which was occasioned by unsatisfactory soil conditions which were found to exist, while excavating for the fence footings, catch-

basins and yard drains. The amount of work involved is as follows:

Carilli Construction Company has been allowed to add as follows to the Robert Gould Shaw School Addition: Because of typographical error and failure of contractor to add percentage to labor cost for work covered by change order dated October 30, 1936, department letter to P. W. A. dated October 5, 1936, for taking down and rebuilding boiler settings, through error read \$1,915.08 in place of \$1,951.08, error, \$36; contractor's bill dated August 7, 1936, omitted 15 per cent allowed on labor item of \$94.10, omission, \$14.11; addition, \$50.11, and the amount of \$50.11 will be added therefor, making the account as follows: Contract price, \$296,195; total additions, \$7,499.13; total deductions, \$3,287.40; amount of contract, \$300,406.73.

John Bowen Company has been allowed to deduct as follows from the contract for the Washington Irving School: For elimination of the following work: Seventy lunchroom tables, \$700; finishing seventy lunchroom tables, \$65; handling and installing lunchroom tables, \$70—\$835, and the amount of \$835 will be deducted therefor, making the account as follows: Contract price, \$717,500; total additions, \$1,293.77; total deductions, \$5,530; amount of contract \$713,263.57.

The M. S. Kelleher Company has been allowed to issue an order of change, making an addition in the sum of \$1,083.49, to the contract for the erection and completion of Special Class Center, John Marshall District, on Regina road, Dorchester Center, Mass.

This amount is necessary in order to pay for the substitution of new selected sand-struck brick in place of second-hand water-struck brick as originally specified for exterior walls. After the contract was awarded it was found that second-hand water-struck brick of uniform dimension was impossible to obtain and in order that the brickwork would be uniform it was decided to change it to new selected sand-struck brick.

The cost of the new selected sand-struck brick is \$1,752.49 and the allowance for the second-hand water-struck brick is \$575 and this leaves a balance of \$1,083.49, which is the cost of this substitution.

This change and addition has been approved by the State Director of the P. W. A., and the Superintendent of Schools.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

The Marine Company has been granted an extension of the time of completion of the contract for new pumps for Summer Street pumping station, dated August 26, 1936, from November 26, 1936, to December 26, 1936, a period of thirty days. This extension of time is occasioned, as stated in their letter of November 23, 1936, by delay in delivery of the pumps by the manufacturer.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe in Pondred Circle, between 315 feet north of Pond street and 110 feet northeasterly, in the West Roxbury district, at an estimated cost of \$1,300.

MAYOR MANSFIELD NOT IN MOVE TO ABOLISH TEACHERS COLLEGE—REFUSES TO ALLOW USE OF NAME IN MOVE.

The following statement was made public from the office of the Mayor on December 8:

It has just come to my attention that the East Boston High School Alumni Association has issued a circular letter signed by Albert West as president stating that the association is engaged in a city-wide attempt to abolish Teachers College and to establish Junior College.

My name appears on this letterhead as Honorary President. I am a graduate of the East Boston High School, but have no recollection whatever of being made Honorary President, and I wish it definitely known that I am not in favor of any such movement to abolish the Teachers College and to establish a Junior College in its place; that I was never consulted about it and received no notice whatever that any such action was contemplated by the association on this question.

My name is being used in this connection wholly without my consent and approval.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 14 Olney street, Ward 15, is a fire menace, being open to trespass. The owners, William A. Hannon *et al.*, of 417 Gallivan Boulevard, Dorchester, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause for complaint.

The building at 12 Olney street, Ward 15, is a fire menace, being open to trespass. The owners, William A. Hannon *et al.*, of 417 Gallivan Boulevard, Dorchester, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause for complaint.

TO SELL CITY LAND.

The Mayor has approved the request of the Park Commissioners to sell land as indicated, in the following letter:

December 3, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I have received two communications from C. Walter Whalen, municipal auctioneer, relative to the purchase of vacant land at the corner of Centre street and Quinn way, West Roxbury, which this department has no further use for.

A request was made some time ago to dispose of same. The first offer from Mr. Whalen was that we set an upset price of \$250.

As the assessed valuation is \$300, I wrote him to that effect—that I considered \$300 as the lowest possible price I could sell it at public auction.

Mr. Whalen has now received an offer of \$300 for the property and requests my approval on the upset price of \$300.

I respectfully request permission to have the municipal auctioneer dispose of this land at public auction at an upset price of \$300.

Very respectfully yours,

WILLIAM P. LONG, *Chairman.*

FIRE DEPARTMENT ORDERS.

General Order No. 63.

I. ACTING DISTRICT CHIEF.

Capt. John J. Ainsworth of Ladder Company 30 has been designated as Acting District Chief of District 12, effective as of December 1, 1936.

II. DUMP PERMITS.

All permits issued by the Board of Health for the dumping of ashes and house refuse on vacant land expire on December 31, 1936. District chiefs will report on Form 5, on or before Saturday, December 12, 1936, whether or not they have any objections to the renewal of such dump permits in their respective districts.

III. CHANGES IN ASSIGNMENTS.

The following changes in assignments are hereby announced to take effect at 12 noon, Thursday, December 10, 1936:

Boxes 6112 to 6266, inclusive, second alarm responses, drop Ladder 22; add Ladder 8; second alarm covering, drop Ladder 8 to Ladder 31; add Ladder 22 to Ladder 31.

NOTE.—In making this covering movement, Ladder 22 will do so via Chelsea instead of via Sumner Traffic Tunnel.

Company commanders will arrange to have necessary changes made in assignment cards in a neat and legible manner.

IV. A. D. T. ASSIGNMENTS.

The following signal number of the A. D. T. Company is hereby added to their running cards in this department:

Signal 581: United Liquors, Limited, 49-65 Lansdowne street. Apparatus to respond: Engine 33, Ladder 15, District Chief 8. Nearest box is 2345.

V. GASOLINE TESTS.

The testing laboratory of the Public Works Department is now sufficiently organized so that gasoline tests can be resumed. The testing laboratory is now located at 24 Purchase street and 365 Atlantic avenue at Rows Wharf.

VI. COMMENDATIONS.

The Fire Commissioner is pleased to acknowledge receipt of the following letter from Mr. William O. Taylor of the *Boston Globe*, which was accompanied by a check for \$1,000:

November 30, 1936.

DEAR MR. COMMISSIONER,—I inclose check for \$1,000, which you will please credit to the Boston Firemen's Relief Fund.

I want to thank all of the force from Chief Pope down for the splendid piece of work they did on the fire at Tudor Wharf.

Yours truly,

W. O. TAYLOR.

Hon. Edward F. McLaughlin,
Commissioner, Fire Department,
Boston, Mass.

The following letter, which was received from Mr. E. S. French, president of the Boston & Maine Railroad, is hereby published for the information of the department:

November 28, 1936.

COMMISSIONER EDWARD F. McLAUGHLIN,
Boston Fire Department.

DEAR COMMISSIONER—With renewed respect for the efficiency and perfect teamwork of the Boston Fire Department I should like this morning to convey

through you to every member of the department the sincere appreciation of the Boston & Maine Railroad for the remarkable, fine demonstration of scientific fire-fighting displayed last night on the Charlestown waterfront. In successfully controlling and overcoming what could easily have become a disastrous conflagration I feel that the department merits the approval of the entire city. Under Chief Pope's able generalship the department has once again demonstrated its ability to handle a dangerous situation in a most businesslike and intelligent manner.

Sincerely yours,

E. S. FRENCH,
President.

The following letter, which was received by Chief of Department Samuel J. Pope, is hereby published for the information of the department:

THE NEW ENGLAND TRUST COMPANY,
135 DEVONSHIRE STREET,
BOSTON, MASS.

November 21, 1936.

CHIEF SAMUEL POPE, 60 Bristol Street,
Boston, Mass.

DEAR CHIEF POPE—To you and to your men in action last Tuesday evening at Richmond and Fulton streets, we as trustee for that property wish to express gratitude and high respect for the work done. In our opinion the word "work" is totally inadequate in reference to the courage and skill that your duties require and we use it only because you probably look upon it in that light.

Had you not gone into action as quickly as you did and had you not promptly checked the growth of the fire in spite of fumes and smoke that was almost impenetrable, the result would undoubtedly have been extremely serious.

Again, thank you, sincerely and respectfully.

Very truly yours,

MAYNARD L. HARRIS,
Manager, Real Estate Department.

Hoseman Frederick J. Byrne of Engine Company 6 is hereby commended for responding to and working at fire, Box 5235, November 25, 1936, while off duty.

Lieut. Edward J. White of Engine Company 23 is hereby commended for sounding an alarm for fire at rear of 125 Clinton street, on November 28, 1936, while off duty.

Assistant Engineers of Motor Apparatus Henry T. Brennan and James Wall, and Auto Repairer Joseph F. Teahan of the Maintenance Division are hereby commended for responding to and working at fire, Box 4112, five alarms, November 27, 1936, while off duty.

Supervisor of Fireboats John D. McDonough and Capt. William Marshall of Engine Company 31 are hereby commended for responding to the quarters of Engine Company 31 upon receipt of the fourth alarm from Box 4112, November 27, 1936, for the purpose of putting the fireboat in immediate service in the event that it was required at this fire, the boat being out of service at the time. Both of these officers were on an off-tour of duty.

Hoseman John J. Donovan of Engine Company 12 is hereby commended for responding to and working at fire, Box 6153, third alarm, November 22, 1936, while off duty.

The following officer and men are hereby commended for rescuing a man during fire at Box 1223, November 29, 1936:

Lieut. Andrew F. Larson, Hoseman Edward F. Burke and Martin A. Callaghan, Rescue 3; Hoseman George A. Canon, Engine 4.

The foregoing members of this department found the man in an unconscious condition on the third floor and with much difficulty brought him to the street.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

SAMUEL J. POPE,
Chief of Department.

EXTRA WORK UNDER CONTRACT.

Standard Contracting Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Fremont street, Ward 18, from Babson street to River street. Items ordered: Relay sewer drains at houses numbered 56, 60, 46 Fremont street, 89 linear feet. Price to be paid, for each linear foot of sewer drain laid, the sum of \$3. Estimated cost of extra work, \$267.

REVOCATION OF ORDERS.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor July 30, 1926, and recorded in the Registry of Deeds August 5, 1926, provided for the construction of the following sewerage works: Alley No. 544, Boston Proper district, 361 linear feet of 12-inch and 15-inch pipe sanitary sewer and one catch-basin; and

Whereas, The Public Works Commissioner has informed this Board by letter under date of December 2, 1936, that he does not intend to proceed with the construction of said sewerage works and has requested that the order of said Board providing for said construction be revoked; it is

Ordered, That so much of the aforesaid order of July 30, 1926, as provides for the construction of a sanitary sewer in said Alley No. 544 be, and the same hereby is, revoked, and the assessment liens created thereby cancelled; it is further

Ordered, That so much of the order of July 30, 1926, as makes a taking in said Public Alley No. 544, Boston Proper district, for sewerage purposes, shall remain in force and effect.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Horse Show at the State Armory, parking of vehicles is prohibited in the following street, from December 3, 1936, to December 6, 1936, inclusive:

Gaffney Street.

Both sides, from Commonwealth avenue to the Boston & Albany Railroad.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas shopping in the retail stores district, the following rules are effective from December 4, 1936, to December 31, 1936, inclusive:

The driver of a vehicle shall not make a left turn from Washington street into Winter street, westerly.

The driver of a vehicle shall not stop, stand or park a vehicle in Washington street, either side, from Avery street to Franklin street between the hours of 10 a. m. and 4.30 p. m., except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer, official traffic sign or official traffic signal.

Voted, That as urgently required by considerations of public safety and convenience, during the period of building construction of the New England Power Company building and the Liberty Mutual Insurance Company building, estimated to be twelve (12) months, parking of vehicles is prohibited in the following streets, effective December 4, 1936:

Berkeley Street, Downtown Boston.

East side, from St. James avenue to Stuart street.

Dartmouth Street, Downtown Boston.

East side, from Stuart street to a point eighty-five (85) feet north of Stuart street.

St. James Avenue, Downtown Boston.

South side, from Berkeley street to a point one hundred and thirty (130) feet east of Berkeley street.

Stuart Street, Downtown Boston.

North side, from a point one hundred and thirty (130) feet east of Berkeley street.

North side, from Trinity place to Dartmouth street.

Trinity Place, Downtown Boston.

West side, from Stuart street to a point eighty-five (85) feet north of Stuart street.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted August 4, 1936, and was effective August 10, 1936, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from October 8, 1936, is hereby extended for a further trial period of sixty (60) days from December 7, 1936:

Parking of vehicles is prohibited in the following street:

Chatham Row, Downtown Boston.

Both sides, from Chatham street to State street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Christmas shopping, estimated to be thirty (30)

days, parking of vehicles is prohibited in the following street, effective December 5, 1936:

Bedford Street, Downtown Boston.

North side, from Chauncy street to Harrison avenue, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction in connection with a pedestrian subway, estimated to be two (2) weeks, parking of vehicles is prohibited in the following street, effective December 5, 1936:

State Street, Downtown Boston.

North side, from Congress street to Merchants row.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 7, 1936.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER in the chair. Absent, Coun. Gleason, Kilroy and Peter A. Murray.

JURORS DRAWN.

Jurors were drawn under the law, Coun. PETER J. FITZGERALD presiding at the jury box, in the absence of the Mayor, as follows:

Twenty-two grand jurors, Superior Criminal Court, to appear January 4, 1937:

Philip G. Freeman, Ward 1; John E. Smith, Ward 9; Theophilus H. Clark, Ward 10; John J. Dromey, Ward 10; Arthur R. Neary, Ward 10; George J. Hargraves, Ward 11; John A. Mahony, Ward 12; Gilbert F. Marks, Ward 13; John H. Marston, Ward 13; Benjamin Frank, Ward 14; Irving Miller, Ward 18; John H. Marsh, Ward 19; Timothy E. Rogers, Ward 19; Edward E. Russell, Ward 19; Henry H. Adolph, Ward 20; Albert G. Hall, Ward 20; John F. West, Ward 20; Joseph F. Magann, Ward 21; John J. Cavanagh, Jr., Ward 22; Thomas J. Felton, Ward 22; Frederick J. Finn, Ward 22; Thomas E. Russell, Ward 22.

Seventy-four traverse jurors, Superior Criminal Court, to appear January 4, 1937:

Joseph DeSimone, Ward 1; Charles H. MacMasters, Ward 1; William J. Walsh, Jr., Ward 1; Michael A. McElaney, Ward 2; Patrick J. McGonagle, Ward 2; Daniel J. Noonan, Ward 2; Peter F. Sullivan, Ward 2; Frederick M. Wiley, Ward 2; Joseph Amato, Ward 3; Joseph Bennett, Ward 3; James Long, Ward 3; Felix Rossi, Ward 3; Ralph Sozio, Ward 3; William O. Randall, Ward 4; Charles J. Sheperd, Ward 4; Charles A. Taylor, Ward 4; James E. Truesdale, Ward 4; Walter Comerford, Ward 5; Harry R. Marr, Ward 5; Charles E. Nichols, Ward 5; Arthur T. Noonan, Ward 5; Patrick T. Farrell, Ward 6; Frederick R. Cole, Ward 7; George T. Frawley, Ward 7; Vernon E. McLean, Ward 7; Joseph G. Petchell, Ward 7; William H. Smith, Ward 7; James Walker, Ward 7; Michael J. Bowen, Ward 8; Charles W. Duffley, Ward 9; W. Edward Matson, Ward 9; Joseph C. Santy, Ward 9; Harry H. Arkelyan, Ward 10; Michael J. Brennan, Ward 10; Alfred Davies, Ward 10; Otto Franke, Ward 10; Ernest A. Oettinger, Ward 10; Henry E. Hanna, Ward 11; Abraham S. Shubow, Ward 12; John F. Dwyer, Ward 13; Ralph W. Jones, Ward 13; Earl G. Romanske, Ward 13; Samuel Rosenberg, Ward 14; Harold J. Welch, Ward 14; Samuel A. Williams, Ward 14; Oscar H. Johnson, Ward 15; Ernest R. MacConnell, Ward 15; George J. Walsh, Ward 15; Robert W. Garland, Ward 16; Frank L. Savage, Ward 16; Mark A. Barnett, Ward 17; Leon W. Barritt, Ward 17; James J. Brabazon, Ward 17; Edward J. Barron, Ward 17; Frederick A. Pollard, Ward 17; Freeman C. Hardy, Ward 17; Ralph G. Ferris, Ward 18; Ralph R. Hammer, Ward 18; Frederick J. O'Brien, Ward 18; John T. Gorman, Ward 19; Charles J. Landen, Ward 19; George W. Lovejoy, Ward 19; Thomas R. Madden, Ward 19; Joseph A. Phillips, Ward 19; Henry J. Woods, Ward 19; James E. Aitken, Ward 20; Edward J. Fein, Ward 20; Benjamin E. Grant, Ward 20; Edward J. Haley, Ward 20; Edward S. Carroll, Ward 22; Benjamin H. Farrar, Ward 22; James A. Mulligan, Ward 22; John A. O'Halloran, Ward 22; James T. Sullivan, Ward 22.

Sixty-five traverse jurors, Superior Civil Court, January Sitting, to appear January 4, 1937:

Joseph A. Cardillo, Ward 1; Herbert Lowney, Ward 1; Edward McCarthy, Ward 1; John F. Quinn, Ward 1; John A. Perry, Ward 2; Richard E. Sullivan, Ward 2; James E. Cummings, Ward 3; Patrick S. Palmer, Ward 3; Chester W. Bartlett, Ward 4; Vincent F. Crowley, Ward 4; Charles A. Jansen, Ward 4; John J. McGowan, Ward 4; Fred S. Paul, Ward 4; William J. Ross, Ward 4; James J. Hayes, Ward 5; Matthew D. Flynn, Ward 6; Charles J. Mitchell, Ward 6; John A. Mooney, Ward 6; Robert E. Olson, Ward 6; Francis N. Zuck, Ward 7; James H. Waldron, Ward 7; Albert J. Hanna, Ward 9; Thomas Muldoon, Ward 9; George Savage, Ward 9; Frank J. Vatter, Ward 9; Leo H. Willett, Ward 9; Roy S. Chapman, Ward 10; Joseph A. DeNomme, Ward 10; Henry D. Avery, Ward 11; Michael J. Twohey, Ward 11; William Carr, Ward 12; George Cummings, Ward 13; Edward Force, Ward 13; Joseph L. McNiff, Ward 13; Ernest J. Brown, Ward 14; Philip Michelson, Ward 14; Hugh A. Waterman, Ward 14; Simon F. Griffin, Ward 15; Herbert J. Ochs, Ward 15; Charles K. Donohue, Ward 16; James A. Finigan, Ward 16; George W. Goodwin, Ward 16; Harold I. Mann, Ward 16; Frederic W. Hooper, Ward 18; Richard E. Kelly, Ward 18; Robert T. O'Brien, Ward 18; Allan P. Spencer, Ward 18; Alfred J. Brooks, Ward 19; John H. Burke, Ward 19; Harry P. Cooke, Ward 19; Carl A. Davison, Ward 19; Frank L. Hener, Ward 19; James T. Hickey, Ward 19; Arthur H. Higgins, Ward 19; Edward J. Kinton, Ward 19; Charles C. Grant, Ward 20; Harry H. Humphrey, Ward 20; Joseph A. Kern, Ward 20; Henry Finch, Ward 21; Maurice Kaplan, Ward 21; Charles W. McCarthy,

Ward 21; Wilbur A. Davison, Ward 22; Michael P. Finnegan, Ward 22; John A. McIsaac, Ward 22; Wadleigh B. Phillips, Ward 22.

VETO OF ASSISTANT PROBATION OFFICER SALARY.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1936.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the order adopted by your Honorable Body on November 9, 1936, whereby the salary of Scott H. Rose, assistant probation officer on the Municipal Court of the Dorchester District, would be increased from \$2,000 to \$2,500 per annum.

With few exceptions the several departments of Suffolk County in the matter of classification of rank and compensation are controlled by the "Compensation and Classification Plans for the Officers and Employees of Suffolk County," and it would not be inappropriate at this time to suggest that legislation be considered to the end that the several probation officers and their assistants in Suffolk County be classified and that their compensation be fixed in accordance with such classification, thus dealing with the probation officers as a group rather than as individuals, as this order seeks and several previous orders have sought to provide.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Coun. WILSON—Mr. President, the situation as it presents itself, in view of this message, is a little confusing, to say the least. My memory is that this assistant probation officer in the Dorchester Court made no request of any member of the Council. The original order giving him an increase did not initiate in the Council. My memory is that the original order for the transfer of an additional sum of money, with the request for an increase, came through the Mayor's office, the order calling for this increase of \$500. I cannot exactly understand the situation whereby the Mayor now vetoes the order.

The communication was placed on file.

APPROPRIATION FOR MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, December 7, 1936.
To the City Council.

Gentlemen,—I am advised by the Director of the Municipal Employment Bureau that funds available for the operation of the Bureau are practically exhausted, and that an additional appropriation should be made at this time to permit the carrying on of the activities of the Bureau. In my opinion the activities of the Bureau should be continued, and I therefore submit herewith an order providing for the appropriation of \$5,000, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$5,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund.

Referred to Executive Committee.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1936.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$19,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, December 1, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$19,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$19,000

When making up the budget estimates for the year 1936, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1936, to be transferred, as it accrued from time to time, during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$19,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and Parks in existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$19,000

Referred to Executive Committee.

USE OF TRUCKS IN COAL AND OIL DELIVERIES.

The following was received:

City of Boston,
Office of the Mayor, December 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Executive Director of the Overseers of the Public Welfare relative to your order of November 16, 1936, concerning the use of trucks in the delivery of coal and oil to welfare recipients.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
November 30, 1936.
Mr. John F. Gilmore, Jr., Assistant Secretary,
Mayor's Office.

Dear Sir,—Answering further the order of the City Council relative to informing coal contractors delivering coal and oil to welfare recipients that if additional trucks are needed they should be hired from Boston residents, I am now in receipt of letter from the Superintendent of Supplies as follows:

"I have received your letter of November 25, 1936, re order passed by the City Council requesting that all additional trucks hired by coal and oil contractors be registered in the name of Boston residents.

"The contractors have been so notified today."

Yours truly,

JOHN C. L. DOWLING,
Executive Director.

Placed on file.

1937 POLICE LISTING.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Police Commissioner relative to your order of October 19, 1936, concerning the 1937 police listing.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Police Department, November 23, 1936.
Mr. John F. Gilmore, Jr., Assistant Secretary,
Mayor's Office.

Dear Sir,—Replying to your communication dated November 2, attaching copy of City Council order dated October 19, which reads:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, incident to the 1937 police listing, to consider the advisability of using only day men on police listing work, utilizing the services of officers in the Traffic Division and such divisions as Division 2 for work in other sections, and to issue an order to the captains in the various divisions for no report on police listing to be made sooner than twenty days from January first."

I am in receipt of a report from Edward W. Fallon, Superintendent of Police, stating that he is of the opinion that no benefit will be obtained by adopting the City Council order, and recommends that the present policy of the department in respect to police listing be maintained.

The suggestion that the services of officers in the Traffic Division and such divisions as Division 2 be utilized for work in other sections is not feasible as the officers of the Traffic Division and Division 2 perform a most important duty in the business section of this city in the protection of large business establishments, and the guidance and safety of pedestrian and vehicular traffic in the most congested section of the city.

Having in mind the duties performed by officers assigned to automobile patrol, special duty, court attendance, school crossings, and one day off in eight that is allowed officers, it would not be

practicable to adopt this change at this time, especially in view of the fact that there is a shortage now of 300 patrolmen in the department.

Very truly yours,
E. M. McSWENEY,
Police Commissioner.

Placed on file.

EAST BOSTON FIRE.

The following was received:

City of Boston,

Office of the Mayor, November 27, 1936.

To the City Council.

Gentlemen,—In reference to the fire in East Boston on November 22, 1936, which has been referred to before your Honorable Body, I beg to say that I am in receipt of a report from the Fire Commissioner which seems to indicate that no blame could be attached to the Boston Fire Department for its manner of handling the blaze.

There were three charges made as follows:

1. That there were no life nets in the equipment of Ladder 2 or Engine 9.
2. That only three men were in active service in one of these companies.
3. That these companies did not respond to the scene of the fire for five minutes after the alarm.

In answer to the first charge, I am informed by the Fire Commissioner that there were two life nets in the fire station, one on the truck of Ladder 2 and one on the pumper of Engine 9.

In answer to the second, I am informed that instead of three men on the ladder truck there were four men and, this station being a double house, this crew was augmented by four men and an officer of Engine Company 9 making a total of nine men for duty in that single fire station at that particular time.

As to the third charge:

Records on file at fire headquarters show that Engine 9 responded in about one quarter of a minute and Ladder 2 in less than one half a minute. Engine 40, located at Sumner and Orleans streets, reached the fire in one minute from the time the alarm was received. Ladder Company 31, Saratoga street, reached the fire in one and one-half minutes. Engine 5, Marion street, reached the fire in two minutes. District Chief Boutillier, who is stationed on Marion street, reached the scene in one and one-half minutes.

The report of the district chief in charge of the fire, he being a responsible fireman for many years, cannot be refuted. In conjunction with Chief Boutillier's report he has submitted to me the names of several citizens who voluntarily gave him the information that the unfortunate victim of the fire, Mr. Leo Forte, jumped before anyone could have the opportunity of assisting him. According to the witnesses and the chief, Mr. Forte appeared at the window, retired to the deeper recesses of the room from which he leaped, and the next second catapulted himself to the sidewalk, an apparent victim of fear-craze caused by the explosion and the intensity of the flames which almost immediately enveloped the building. The names of the citizens who volunteered this information are on file at headquarters.

I am informed that other citizens have come to District Chief Boutillier and have informed him that they are ready to testify if it shall be necessary to the truth of the statements of the Fire Department's officers.

I am also informed that the members of these same companies, Ladder 2 and Engine 9, performed in a most heroic manner when called to Box 6139 on the evening of November 9, 1936. Not only were they successful in saving the lives of three women but Privates McCarthy, McDonald, Powers, Bishop and Pellegrini were themselves in great danger of serious illness and injury in rendering this heroic service. Ladderman Pellegrini had to be removed to the Relief Hospital and at this writing is still a very sick man. All of these men have been recommended for commendation by Deputy Chief Louis C. Stickel of Division 1 and their cases will unquestionably be referred to the Board of Merit for further consideration of their outstanding act.

After personal conversation with the Fire Commissioner and Chief of Department Pope I am pleased to report to your Honorable Body that I am thoroughly satisfied that not only was the Fire Department efficient in all respects in handling this particular fire but that it functioned so creditably that it brought still greater honor to the city that they serve so well.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Coun. SELVITELLA—Mr. Chairman, it is not my desire to enter into any controversy with the Fire Commissioner. In the first place, I cannot understand how this report is now before the Council, because I did not ask for any investigation. The records of November 21 speak for themselves, and, with regard to some of the charges that are supposed to have been refuted by the district chief, who else should refute these charges but the district chief, who is responsible for the safety of the persons in the building. The Mayor makes reference to Ladderman Pellegrini being injured during the course of the fire. Let me call the attention of the Mayor to the fact that the information he has received from the fire chief is different

from what I have received, because I understand that Pellegrini was not injured in that fire but at a previous fire. In reference to the life net, I have witnesses who will testify that when they opened the box supposed to contain a life net, the life net was not to be found. Necessarily, the district chief is going to refute that charge, and they have had plenty of opportunity to replace the life net since the fire. I don't want to get into any controversy on this matter, but I can produce the testimony of spectators if a public hearing is held. If they have witnesses, so have I. When they say that the fire apparatus arrived at the scene of the fire in one and a half minutes, I do not refute that, but I do say that there was not a ladder placed against that building for a period of five minutes. That is no reflection on the men of the department who were there, but it does show conclusively that the Fire Department is undermanned. Only three men arrived on that fire truck, the largest in East Boston. While the ladder may have been left alongside the building, it did not go up against the building for five minutes. When the Mayor says that the boy in the building was fire-crazed, yes, and so would you or I be fire-crazed if we looked out the window and saw the men trying to lift the ladder and being unable to do so. Naturally, under those circumstances a person with flames on his heels would be fire-crazed. Now, if they want the truth, let them bring their witnesses, and I will be there with witnesses. As far as the life net is concerned, I repeat that there was a box with "Life Net" marked on it, but there was no life net to be found in that box.

The message was placed on file.

RENOVATION OF PROPERTIES.

The following was received:

City of Boston,

Office of the Mayor, November 30, 1936.

To the City Council.

Gentlemen,—I transmit herewith a communication from the chairman of the Boston Housing Authority, relative to your order of November 16, 1936, concerning the use of Federal Government funds for the renovation of properties.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Housing Authority,

December 1, 1936.

To Honorable Frederick W. Mansfield, Mayor.

Subject: City Council order, November 16, 1936. "To make a complete investigation of all properties located in the older parts of Boston that would be considered for 'slum clearance' in order that the city might take advantage, if it sees fit, of Federal Government funds for the purpose of building, or for loaning to the present holders of real estate money with which to renovate their properties."

Memorandum.

With the limited financial means at our command we are making a survey of possible projects for the elimination of substandard dwellings in the older sections of Boston. In anticipation that Federal funds will at some time in the more or less approximate future be available for the purpose of demolition and reconstruction, we are paying particular attention to the original South Boston project which was carried through to a considerable point and then abandoned by the Federal Government, and are hopeful that we can pick this project up where it was dropped, if, as, and when Federal funds are made available for our purposes. We feel that this is a good project and is typical of the clearance sought as well as being a fair attitude to take towards the property owners whose rights were partially taken from them and left suspended in litigation and then finally abandoned by the Federal Housing Authority. I expect within a comparatively short time to have something definite to report on this particular project. To make surveys in other sections of the city would be impossible because of the very limited financial means at our command.

Respectfully,

FRANCIS J. MURRAY, Chairman.

Placed on file.

HARVARD UNIVERSITY TRICENTENARY CELEBRATION.

The following was received:

City of Boston,

Office of the Mayor, November 25, 1936.

To the City Council.

Gentlemen,—I transmit herewith a communication received from Harvard University expressing the thanks of its President and Fellows for the participation in the celebration of the tercentenary of Harvard College by the City of Boston.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

(Accompanying the letter was a communication expressing the thanks of the President and Fellows of Harvard University for participation in tercentenary celebration by the City of Boston.)

Placed on file.

TRANSFER TO APPROPRIATION FOR REDEMPTION OF SERIAL LOANS.

The following was received:

City of Boston,

Office of the Mayor, November 23, 1936.

To the City Council.

Gentlemen,—I transmit herewith a letter from the City Auditor recommending the transfer of the available balance of the "Civilian War Poll Tax Refund," amounting to \$3,206.74, to the appropriation for Redemption of Serial Loans. I also submit an order authorizing said transfer and respectfully recommend its adoption.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Auditing Department, November 18, 1936.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—In November, 1924, the City received \$395,706.74 from the Commonwealth as its share of the "Civilian War Poll Tax Refund." Under the provisions of chapter 480 of the Acts of 1924 this money could be used to pay indebtedness or for purposes for which the city is authorized to issue debt under the provisions of sections 7 and 8 of chapter 44 of the General Laws.

Subsequent to the receipt of this money the City Council authorized the transfer of sums totaling \$392,500 for capital improvements. At the present time there remains in this fund a balance of \$3,206.74, an amount which is too small to be used for any construction project. In order to close out this account, I recommend that the available balance be transferred to the appropriation for Redemption of Serial Loans. I submit herewith an order authorizing such a transfer and recommend that the same be submitted to the City Council for its consideration and approval.

Respectfully,

CHARLES J. FOX, City Auditor.

Ordered, That under the provisions of chapter 480 of the Acts of 1924 the City Auditor be, and hereby is, authorized to transfer \$3,206.74 from the "Civilian War Poll Tax Refund" to City Debt Requirements, F-4, Serial Loans. Referred to Executive Committee.

PROPOSED CONSOLIDATION OF CITY DEPARTMENTS.

The following was received:

City of Boston,

Mayor's Office, December 2, 1936.

To the City Council.

Gentlemen,—In the communication recently sent to you by the Boston Finance Commission, in which you are advised to reject the plan for consolidation and reorganization of city departments which I sent to you on December 15, 1935, there are many ill-considered and wholly worthless suggestions.

The plan of reorganization has been submitted by me to your Honorable Body on five different occasions and has been under debate practically for a year. One wonders why it is that the Finance Commission has remained silent about this plan until the present time. But it is even a greater wonder, now that they have spoken after the opportunity of a year's study, that they have spoken to such weak purpose.

The letter of the Finance Commission does not disclose that any experts in municipal government were consulted by them before their letter was written. The full extent of the study made by the Finance Commission, according to its report, was a careful reading of the report of the committee which recommended the consolidation, a discussion of the report, examination of the proposed ordinance and "interviews with many familiar with the work of city departments." This falls far short of a thorough and intensive study by experts in municipal government such as composed the committee which recommended the consolidation. That committee was composed of professors of the Massachusetts Institute of Technology of the highest standing in their respective branches and men who knew thoroughly the business of municipal government. I think I am justified in relying upon the opinion of that group of expert scientific men rather than that of the Finance Commission as it is now constituted. Clearly they are not expert on municipal government, and their views are entitled to no more weight than that of any other person who has no particular knowledge of the subject and no expert or scientific training.

Coming now to the report itself, the following appear to be the chief objections advanced by the Finance Commission:

1. That the Commissioner is Not Required to be a Civil Engineer.

The Finance Commission protests that the commissioner of the proposed consolidated departments is not required to be a civil engineer. But, neither is there any provision that he shall not be a civil engineer. The consolidation ordinance calls for "a recognized expert or a person specially fitted by education, training or experience." Thus it is plain that the Mayor would be able to pick

the best man for the job, whether he happened to be an engineer or not. Competent experts estimate that a public works commissioner's position requires less than 5 per cent engineering knowledge, executive capacity being rated at 50 per cent and experience at 25 per cent, but under the proposed ordinance a civil engineer might be chosen as Public Works Commissioner who would combine all of the requirements of expert engineering knowledge, experience and executive capacity.

2. That Administrative Costs Will Be Greater by \$10,500.

I do not admit that the Finance Commission is right in its conclusion that administrative costs under the new ordinance would be increased from \$108,000 to \$118,500. But even if the accuracy of this conclusion be granted the difference is only \$10,500, and is so small in comparison to the large amounts that may be saved, that the objection is entirely negligible. Since the city agencies involved spend about \$17,000,000 a year in normal times, the commission's comparison relates to much less than 1 per cent of the total cost of the agencies involved.

If the modernized plan recommended saves only seven one-hundredths of 1 per cent of the city's normal public works cost, it would make up this difference. What the commission denounces is a very small investment in good administrative organization such as is in effect in the best business establishments in the country. The administrative costs involved are trifling when weighed against the advantage of comprehensive planning, and control, coordinated construction, better service, and simplified administration.

3. That Since No Employees Would Be Discharged Little Economy Would Result.

I have said that no employee would be discharged by me as a result of the reorganization. In addition to that, a transfer of employees without loss of civil service standing, pension or retirement rights, is guaranteed by Section 27 of the proposed ordinance. This provision could be changed by future mayors only with the consent of the Council. Economy could be effected, however, by a policy of not hiring new employees.

The commission greatly underestimates the significance of no-hiring policy which would be greatly facilitated by the proposed reorganization. The departmental pay roll involved is about \$5,000,000. A strict no-hiring policy would save the city about \$150,000 in 1937; \$450,000 in 1938; and greater amounts thereafter. The present administration cannot, of course, bind a future mayor to such a policy. It can, however, provide him with the improved machinery which has been denied mayors in the past.

It may be argued, of course, that the no-hiring policy can be continued without any consolidation. Manifestly, the point must come where city services will suffer through decreased man-power unless a changed organization spreads a reduced personnel more efficiently. That point, in my judgment, will soon arrive and hence the need for the reorganization under discussion. An instance in point at the present time may be found in the Public Works Department. That department is in danger of becoming very seriously undermanned because of the policy of not hiring to replace vacancies. It will be necessary soon to hire new employees in that department, which would not be necessary if the consolidation and reorganization ordinance were adopted.

4. The Finance Commission is in error when it assumes that the proposed plan is one for engineering services only. The report and the ordinance show plainly that it is proposed to combine public works, engineering, and related activities in one workable unit.

That the commission does not sincerely believe in combining only identical functions is shown by its own suggestions which, curiously, combine fire-fighting with police work, building management with cemeteries, and the licensing of marriages with garage permits.

5. That a Top-Heavy Administration Would Be Created.

Probably the most ridiculous of the commission's arguments is that a top-heavy administration would be created because a single official would be placed in charge of a larger number of agencies, since the commission itself favors limiting city departments to fifteen or twenty. Would not the commission's plan inevitably result in a number of department heads with increased powers, and would it not be, consequently, top-heavy?

6. That Other Consolidations Are More Feasible.

The commission, apparently in an effort to confuse the issue, makes a number of other suggested consolidations in very vague or generalized terms. These suggestions in many respects are contradictory to the very criticisms the commission makes in the first portion of its report relative to the proposed plan.

If the commission is sincere in its desire for these other changes, it is unfortunate that it delayed such suggestions for more than a year during which the proposed ordinance was submitted five times to the City Council, without any statement from the commission.

Most of the consolidations suggested by the commission have no relation to the present plan now before the Council. Those few which concern public works activities have already been considered and rejected, not only by the unpaid experts of the Massachusetts Institute of Technology but also by the Mayor, the Law Department and other city officials. In each case it was deemed best to make a complete consolidation of public works and related functions as an initial step in improving the structure of city government.

The Mayor cordially invites any specific consolidation proposals in other fields of government activities. Such proposals, however, must be formulated in some practical fashion rather than the superficial and generalized manner in which they have been presented by the Finance Commission.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Referred to Executive Committee.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments viz.:

Weights of Coal: Gerald F. Hughes, 207 Wessagusset road, Weymouth, Mass.; Walter G. Shuttleworth, Jr., 41 Bay View avenue, Quincy, Mass.

Weighter of Goods: Joseph Lordon, 77 Sheridan avenue, Medford, Mass.

Constable for term ending April 30, 1937, authorized to serve civil process upon filing bond: Israel Cooper, 805 Blue Hill avenue, Dorchester.

The appointments were laid over a week under the law.

FEDERAL AGREEMENT RE HOSPITAL BUILDING.

The following was received:

City of Boston,

Mayor's Office, December 7, 1936.

To the Honorable the City Council.

Gentlemen,—On November 25, 1935, your Honorable Body approved an amendatory agreement between the City of Boston and the United States of America, relating to the public works project of the construction and equipment of the Surgical Operating and Ward Building and authorized me to execute and deliver three counterparts of said amendatory agreement. On November 15, 1936, I received forms of a second amendatory agreement, amending said grant agreement and providing for an increase in the scope of the work of the project. This increase in the scope of the work was approved by your Honorable Body when it gave its second and final reading to a loan order in the additional sum of \$70,000 on August 3, 1936, and has also been approved by the Emergency Finance Board of the Commonwealth, the Governor and the proper P. W. A. authorities.

I recommend prompt consideration and passage by your Honorable Body of the accompanying order approving said second amendatory agreement and authorizing me to execute and deliver to the United States of America for and in behalf of the City of Boston three counterparts of the same.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the Mayor be, and he hereby is, authorized to execute and deliver to the United States of America for and in behalf of the City of Boston three counterparts of the second amendatory grant agreement, amending the grant agreement dated as of April 14, 1934, and heretofore amended by amendatory grant agreement dated as of January 2, 1936, between the City of Boston and the United States of America, relating to the public works project of the construction and equipment of a fireproof ten-story surgical operating and ward building and additions and alterations to existing central steam and electric plant, P. W. A. Docket No. 4207, and providing for certain modifications in the scope of the project set forth in the original application, one copy of which second amendatory grant agreement has been submitted to this meeting and is made a part of the minutes hereof and that said agreement be, and the same hereby is, approved.

Referred to Executive Committee.

HAVELOCK STREET, WARD 14.

The following was received:

City of Boston,

Office of the Mayor, December 7, 1936.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Traffic Commissioner relative to your order of October 5, 1936, concerning the making of Havelock street in Ward 14 a one-way street from Blue Hill avenue to Harvard street.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Traffic Commission, December 5, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated October 5, 1936, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make Havelock street a one-way street from Blue Hill avenue to Harvard street, Ward 14."

Also, communication of November 7, 1936, from Councilor Rosenberg, with attached petition signed by some of the residents and property owners of Havelock street, requesting that Havelock street be made one way from Blue Hill avenue to Morton street.

Our engineering department reports as follows: "Investigator Veno reports that there is considerable difference in the opinions of the different residents as to whether or not this street should be one way and if it was one way in which direction it should be made."

"This street is one of several that runs from Blue Hill avenue to Morton street. All of these streets carry about the same number of vehicles. From observation we do not believe that it is necessary to make this street one way until such time as the majority of the residents of this street can agree, and until such time I do not believe anything should be done."

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Hanna T. Attridge, for compensation for damage to property at 9 Clarence street, caused by backing up of sewage.

Richard Barker, for compensation for injuries caused by an alleged defect at Massachusetts avenue.

William H. Bleiler, for compensation for damage to property at 19 Heath place, caused by broken water main.

Giovanni Cataldi, for compensation for damage to car caused by an alleged defect at 289 Norwell street, Dorchester.

Guy DelGaizo, for compensation for damage to car by Public Works Department car.

Michael J. Donovan, for compensation for injuries caused by an alleged defect at 8 Park street, Boston.

James H. Dunphy, Jr., for compensation for injuries caused by an alleged defect at 11 Bogan-dale road.

Mrs. Grace C. Foss, to be paid back old age pension which was due her sister, Mrs. Margaret B. Meriam, deceased.

Charles Green, for compensation for injuries caused by an alleged defect at 50 Kneeland street.

Leon N. Kabacinski, for compensation for damage to car by city truck.

Julia M. Loughman, for refund on victualler's license.

Florence A. Madden, for compensation for injuries caused by city cart.

Mrs. T. McConnell, for refund on refuse tickets.

Gerald Norian, for compensation for injuries caused by an alleged defect in Franklin Field.

Charles A. O'Dowd, to be reimbursed for execution issued against him on account of his acts as employee of Fire Department.

Pettingill & Pear, to be paid for rental of chairs for Boston Common Tercentenary.

Olga Remeika, for compensation for injuries caused by an alleged defect in C. J. Lee Playground.

Martha E. Toppin, for compensation for injuries caused by an alleged defect in Boston Common.

Vincent Yurgel, for compensation for damage to property at 167 West Seventh street, by police car.

APPOINTMENT OF KEEPER OF CITY LOCK-UP.

Notice was received from the Police Commissioner, of appointment on November 23, 1936, of Lieut. Thomas W. O'Donnell as Keeper of City Lock-up.

Placed on file.

MAYOR'S ABSENCE FROM CITY.

Notice was received from the Mayor of his absence from city from December 2 to December 4. Placed on file.

APPROVAL OF CONSTRUCTION OF CITY HALL.

Notice was received from the Emergency Finance Board, inclosing copy of vote of Emergency Finance Board, passed November 20, 1936, relative to P. W. A. Docket Mass. 1078 for construction of City Hall.

Placed on file.

CONSTABLE'S BOND.

The constable's bond of Clifford I. Smith, having been duly approved by the City Treasurer, was received and approved.

MINORS' LICENSES.

Applications were received for minors' licenses for thirteen newsboys and two bootblacks. Licenses granted under the usual conditions.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. GALLAGHER, for the Committee on Ordinances, submitted the following:

1. Report on message of Mayor and ordinance concerning proposed consolidation of city departments (referred November 9)—recommending reference to the Executive Committee.

Report accepted; said reference ordered.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of December.

Report accepted; said order passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. SELVITELLA, for the Committee on Claims, submitted the following:

1. Report on petition of Daniel H. Twiss (referred November 16) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor truck belonging to Boston Fire Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of eighty-one dollars and seventy-five cents (\$81.75) be allowed and paid to Daniel H. Twiss in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Boston Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; said order passed.

2. Report on petition of Daniel H. Twiss (referred November 16) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor truck belonging to Boston Fire Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of one hundred and sixty-eight dollars (\$168) be allowed and paid to Daniel H. Twiss in reimbursement for the amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Boston Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; said order passed.

3. Report on petition of John P. Finnegan (referred November 9) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor truck belonging to Water Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of seventy-five dollars (\$75) be allowed and paid to John P. Finnegan in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor truck belonging to the Water Division, Public Works Department.

Report accepted; said order passed.

4. Report on petition of Clarence A. Thompson (referred November 16) to be reimbursed for the amount of judgment issued against him on account of his acts as operator of fire apparatus—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred dollars (\$100) be allowed and paid to Clarence A. Thompson in reimbursement for the amount of judgment issued against him on account of his acts as operator of fire apparatus, said sum to be charged to the Reserve Fund.

Report accepted; said order passed.

SIDEWALK ON BARTLETT STREET.

Coun. MELLEN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Bartlett street (both sides), Ward 2, in front of the estates bordering thereon; said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edge-stones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

OLD AGE ASSISTANCE LAW.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Welfare Board to comply with chapter 436, Acts of 1936, relative to the Old Age Assistance Law, and to see that the laws therein made by the Legislature are carried out.

Coun. DOWD—Mr. President, I assume that the old age assistance law, chapter 436 of the Acts of 1936, is, like many such laws passed by the Legislature, one that the various towns and cities are supposed to carry out. I know of no law passed in recent years that has caused more commotion and trouble for men in public office than the one pertaining to old age assistance. I have the act, chapter 436, in front of me, and while it gives some discretion to visitors, I see nothing in it which says that when such a person comes to my house, or to the house of anybody who may have applied for old age assistance, he has a right to go to the ice chest and find out what I have there in the way of meat, butter, or anything else to sustain life, and how much I paid for it. I see nothing in the law that permits Welfare visitors to go into your home or my home and ask who sleeps in this bed or that bed. I don't think that anything of that sort would be favored or tolerated by the Mayor of Boston who, I am firmly convinced, wants to do everything he can to lighten the load on the poor people of Boston. I say it is about time that there should be an understanding with these hard-boiled visitors who themselves two years ago might have been on the verge of Welfare if not for the fact that they were appointed visitors. It is all right that they should have some discretion, some power, but they should not go beyond the bounds of propriety or decency. There is not a member of this Council who has not received complaints in regard to these visitors going into homes and asking old people questions which were never contemplated in the law. The law states very plainly, also, that financial assistance shall be granted from the date of application. That means what, Mr. Chairman and gentlemen? It means that if my father or mother applied for old age assistance today, according to the law they will be given that old age assistance from today. But you and I know that individuals have gone to the Welfare and filed their applications and that if it were not for the assistance of men like ourselves or other men in public life, those applications would still be in the pigeonholes in the Welfare Department. I have taken this matter up with Walter McCarthy, the Chairman of Welfare, and he has given me permission to use his name. He tells me that if the person applied for old age assistance one, two or three months ago filing his application, that he is entitled to that assistance from the day when he filed his claim. In other words, if he filed the claim on September 10, when he gets that assistance, although it may be one, two or three months later, it dates from September 10. But that is not the way it is worked out, from what I learn. While it is the duty of the Welfare to pay the applicant from the date of application, under the law, that is not done, although there is no way out of that interpretation of the law, if you examine this bill. The language is very plain and explicit. But when you go down and apply for old age assistance, you know what happens as well as I do. The applicants are thrown around here and there as though they were bags of sawdust, told to come this day and that day. Where do those poor old souls obtain carfare to travel back and forth? They put them off as long as they can, and when the visitor O. K.'s the application, they do not even get it then. In other words, the applicants have to wait until this holier-than-thou board which, in my opinion, should have been fired long ago—gives its decision, and the assistance is not then retroactive. When the National Government and the State Government put the old age assistance into effect, they did so for one reason, to give a little money to those poor old souls in the last few years of their lifetime. But, instead of getting that at 43 Hawkins street, they are subject to all this scrutiny and to all these questions, putting every possible block in the way before they receive it. Now, I am simply asking the Mayor a question. According to chapter 436 of 1936, there seems to me only one method of action that can be followed. Mr. McCarthy advises me that if 200 old people of Boston, say, filed their application on September 10 and did not receive any payment until December 10, they are entitled under the law retroactively to that three months' payment. But they will tell you down below, "We didn't have their birth certificate," or "We didn't have their marriage certificate," or "We didn't know whether their sons or daughters could support them or not." What a crying shame! Only last week an applicant applied for old age assistance, and it was found that he had a son who was getting \$30 a week, although that son had eight children, and God knows it would be hard enough for the son's family to exist on that amount. But it was decided that this elderly person was not entitled to the assistance because that son could support him. Of course, 99 sons out of 100 in Boston who could do so would be glad to support their fathers and mothers. But there are now so many hindrances placed in the operation of this law that many people of old age in Boston die of starvation before they receive help. I have been informed at the State House that there was not one logical reason why an individual applying for assistance should not be able within two weeks to receive his aid. But you and I, Mr. President and every member of the Council, know of individuals who applied two months ago, and if it were not that you, I or somebody else interested themselves in the case, the application would be pigeonholed. So I am simply calling upon the Mayor to ask the Welfare Board to see that the law is carried out, that the

assistance when given is made retroactive, as was evidently intended by the law, to the date of the application.

Coun. ROBERTS—Mr. President, I would like to know if there has been any reply to my order of two weeks ago in reference to the average load for old age assistance visitors, and the average amount of time necessary to attend to applications? Chairman GALLAGHER—No; no reply has been received.

Coun. BRACKMAN—Mr. President, I am more than pleased that the member from Roxbury has introduced this order, because it has been a matter of common knowledge for some time that the visitors and those in control of the old age assistance division apparently take altogether too long a time to investigate applications. Is there any reason why it should take from three to six months to investigate these needy cases? But, in spite of all the facilities given them to determine the questions that have to be looked into, it takes them from three to six months to approve an application. I trust that the order offered by the councilor will at least put the city authorities on their guard so that they will investigate these cases with the haste which they should be investigated.

Coun. McGRATH—Mr. President, talking upon the order introduced by the councilor from Roxbury, I believe that a great deal of the blame in this matter properly belongs on the visitors. I called up the department and informed Miss Noonan that the visitor in my section of Dorchester should be reprimanded. I know that he has gone into homes and criticized people because they did not support their old folks, when in many cases the facts did not warrant his criticism. It may have been the case not only of a mother or father, but of an aunt or uncle, and in many cases the criticisms were not warranted. I think this is a good time for me to warn him fairly that unless he changes his attitude I will do something to protect the old people of my district against him.

The order was passed under suspension of the rule.

COAL ALLOTMENTS TO W. P. A. WORKERS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Welfare Department not to discontinue entirely coal allotments to those working on the W. P. A.

Passed under suspension of the rule.

WHOLESALE DISCHARGES ON W. P. A.

Coun. DOWD offered the following:

Ordered, That the Boston City Council request his Honor the Mayor to request the W. P. A. officials not to make any wholesale discharges of the men and women on the W. P. A.

Passed under suspension of the rule.

RESOLVES RE W. P. A. DISCHARGES.

Coun. BRACKMAN offered the following:

Whereas, The time does not seem expedient to cut from the W. P. A. rolls great numbers of individuals who will be forced to seek private employment where no such private employment exists;

Whereas, The members of the Boston City Council feel that this will bring about great suffering and hardships to residents of Boston who have been so employed, and heartily go on record as opposing any drastic cuts in the personnel;

Resolved, That the Boston City Council go on record as opposing decreases in personnel of the W. P. A. projects of needy dependent individuals now employed on said projects; and if decreases are due to completion of projects, the Council urges prompt reassignment of such workers to other available projects;

Whereas, Be it also resolved, that a copy of this resolution, and the vote of this Honorable Body, be forwarded to Harry L. Hopkins, National Administrator of the W. P. A.

Coun. BRACKMAN—Mr. President, just a word on these resolutions, more or less along the line of the order that the councilor from Roxbury (Coun. Dowd) introduced. There seems to be a disposition on the part of the W. P. A. authorities to cut the personnel of the employees. I feel, and I know the rest of the Council feel, that the time is not yet ripe for wholesale discharge of personnel in the W. P. A., with the expectation that they will be taken up in private employment, because we in public life know that there is no such private employment today that can in any way absorb the W. P. A. employees who are to be let go. I sincerely trust that these resolutions will be referred to the Executive Committee.

The resolutions were referred to the Executive Committee.

COLLECTION OF ASHES IN ROXBURY DISTRICT.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor instruct the Commissioner of Public Works to refrain from submitting to bid by contractors, the collection

of ashes and garbage in the Roxbury district, and that said collection should be continued, as at present, by city Sanitary forces.

Coun. BRACKMAN—Mr. President, in the Roxbury district the collection of ashes and garbage has been done for years by the city employees of the Sanitary Division. We in Roxbury have been satisfied with the collections there. To my knowledge there have been few complaints in the past five years, whereas during the same period in districts where there have been collections by contractors there have been complaints and investigations in large number because of failure on the part of the contractors to live up to their contract. I sincerely hope that this order will pass and that the Mayor will intercede so that this work may not go contract.

The order was passed under suspension of the rule.

CONVEYANCE OF TREMONT STREET LAND.

Chairman GALLAGHER called up, under unfinished business, No. 2 on the calendar, viz.:

2. Whereas, By a tax deed dated October 7, 1918, and recorded with Suffolk Deeds in Book 4109, page 386, and by another tax deed dated October 7, 1918, and recorded with said Deeds in Book 4109, page 389, the Collector of Taxes for the City of Boston conveyed to Leverett A. Haskell the property therein substantially described as 1,190 square feet of land and the buildings numbered 1078-1078½ Tremont street, corner of No. 162-164 Sterling street"; and

Whereas, By order of the Board of Street Commissioners of the City of Boston for the purpose of widening said Sterling street said city took all of the land hereinbefore described excepting a strip one foot wide adjoining the easterly line of the lot and buildings numbered 1080 Tremont street, said strip containing 56 square feet; and

Whereas, In pursuance of said order said city took from said Haskell an assignment of each of said Tax Deeds, respectively dated April 30, 1924, and April 30, 1924, and recorded with said Deeds in Book 4572, pages 624 and 625, thereby acquiring all of said Haskell's interest in said lot containing 1,190 square feet, and

Whereas, The title to said property 1080 Tremont street and to said one foot strip containing 56 square feet has come to be in one Mary Green, wife of William M. Green, and is clouded by the outstanding interest of said city under said assignments in said one foot strip containing 56 square feet; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sign, seal with the Corporate Seal, acknowledge, and deliver on behalf of said city to said Mary Green, wife of William M. Green, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all the right, title and interest which said city acquired by said assignments in and to said one foot strip, bounded and described as follows:

Northwesterly by Tremont street one foot; northeasterly by Sterling street 56 feet, southeasterly by lot 5 as shown on a plan by H. H. Moses dated June 22, 1870, and recorded with Suffolk Deeds in Book 1035, page 314, one foot, and southwesterly by lot 2 as shown on said plan 56 feet; containing 56 square feet, upon payment to the said City of Boston of one dollar.

On November 23, 1936, the foregoing order was read once and passed, yeas 19, nays 0.

The order was given its second and final reading and passage, yeas 16, nays 0.

AUTOMATIC LIGHTS ON BLUE HILL AVENUE.

Coun. ROSENBERG offered the following:
Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to install automatic traffic lights on Blue Hill avenue, from Stratton street to Morton street, to be placed at intersections between said points for the safety and protection of the lives of the pedestrians and that a sum sufficient to install those lights be included in the 1937 budget.

Coun. ROSENBERG—Mr. President, one of the most important matters confronting the residents in every large city, and especially the pedestrians and operators of automobiles, is the matter of the safety of the highways in those respective communities. Everyone should be aware of the tremendous increase in vehicular traffic, especially on the streets of Boston and the suburban sections of the city. At this time I am particularly calling the attention of the members of the Council to the steady flow of automobile traffic on Blue Hill avenue, Dorchester, and the very hazardous conditions that exist for pedestrians who have occasion to cross this highway at the various intersections. The section of Blue Hill avenue, between Stratton and Morton streets, is in a very heavily congested district and is not only a residential section but is one of the busiest business centers in the suburban area of the city. Pedestrians are encountering great difficulty in crossing the intersections between the points in question and every step should be taken to alleviate these hazardous conditions for the safety and protection of the citizenry. The installation of these traffic lights would unquestionably be a

step in the direction of safer conditions on the highway and would reduce the number of accidents that are frequently occurring. The Police Department are doing their best to keep the highway safe for travel, but, in view of the limited force that is available for this work, I feel that an appropriation of a sum sufficient to cover the installation of the traffic lights in the 1937 budget would be a move that would prove beneficial to the people not only who are pedestrians, but also for motorists who have occasion to use the highway. Blue Hill avenue is used as one of the main traffic arteries hooking up with the principal highways leading to and from the city and to main points along the North and South Shore. I trust that the members of the Council will pass this order this afternoon and that it will receive proper consideration by the authorities in charge to the end that the roadway will be made safer to travel upon.

The order was passed under suspension of the rule.

LIGHTS ON BRIDGE UPRIGHTS.

Coun. McGRATH offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place suitable lights on all bridge uprights as a warning to all operators of motor vehicles and as a means of promoting safety.

Coun. McGRATH—Mr. President, I believe there are about twenty-one uprights under the jurisdiction of the Traffic Commission. I am not asking for any elaborate lights on the uprights, but I do think it would be a good idea if there were some signal to warn drivers of automobiles that there was a bridge. On Dorchester avenue, near Andrew square, there have been about a dozen accidents in a year and a half, and I don't think it is necessary for me to go into detail in regard to the very serious accident that we had last week. So I would like to have the Mayor request the Traffic Commissioner to place suitable lights on these bridge uprights.

The order was passed under suspension of the rule.

TELEPHONE METERS.

Coun. McGRATH offered the following:
Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft the necessary legislation for presentation to the incoming Legislature providing for the installation of meters on the telephones of all subscribers.

Coun. McGRATH—Mr. President, in the last week I have been doing a little thinking. We have meters on our electricity, on our gas and on our water. We would not take a man's word for the amount of gas he was selling us, or for the amount of electricity. If you purchase fuel oil, you would not take a man's word for the amount he gives you for a dollar. Still, the telephone company can say to the people of Boston, "Take it or leave it." I say it is about time, with the public electing us, that we should be considered as having some standing in expressing their feelings. Who are these telephone people who do what they want? I was told that if I did not stop contesting their rates I would be defeated. Well, if I am defeated, I want to be defeated, if the issue is raised because I am trying to protect the interests of the people of Boston. You can raise no question about the bills of the telephone company. You pay them or your telephone is shut off. I think if some such legislation as this were proposed and the twenty-two members of this body advocated its passage, we would get it through the House and the Senate and it would be signed by the Governor.

The order was passed under suspension of the rule.

RECESS.

On motion of Coun. KERRIGAN the Council voted to take a recess at 3.01 p. m., subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 5.30 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on resolve (referred today) opposing decrease in personnel of W. P. A. projects—that same ought to pass.

Report accepted; said resolve passed.

2. Report on Mayor's message and order (referred November 23) that under provisions of chapter 480 of Acts of 1924, the City Auditor be authorized to transfer \$3,206.74 from Civilian War Poll Tax Refund to City Debt Requirements, F-4, Serial Loans—that same ought to pass.

Report accepted; said order passed, yeas 18, nays 0.

3. Report on message of Mayor and order (referred today), that \$19,000 be appropriated from income of George F. Parkman Fund to be expended under direction of Park Commissioners for Maintenance and Improvement of Common and Parks in Existence on January 12, 1887—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

4. Report on message of Mayor and order (referred today) that \$5,000 be appropriated to be expended by Municipal Employment Bureau—that same ought to pass.

Report accepted; said order passed, yeas 17, nays—Coun. Shattuck—1.

5. Report on message of Mayor and order (referred today) re agreement between United States Government and City of Boston for Public Works Project concerning City Hospital building—that same ought to pass.

Coun. WILSON—Mr. President, do I understand that the amendment to this order is on the old basis, whereby the city got only \$30 out of \$100, or that it is on the other basis whereby there was a split between the Federal Government and the City of \$45 and \$55?

Coun. SHATTUCK—Can anyone explain what the nature of the amendment is that we are voting upon?

Coun. BRACKMAN—I was in the Executive Committee room when the City Auditor explained that it was necessary to adopt this amendment in order to have the thing go through. This is a proposed amendment to the Government grant whereby we will receive our proportion of the money from the Government if the amendment is passed by this body.

The order was passed, yeas 17, nays—Coun.—Shattuck, Wilson—2.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor November 23, 1936, of Joseph T. Malloy, Stephen J. Joyce, and M. D. Streeter, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Agnew and Mellen. Whole number of votes 18, yeas 14, no 4, and the appointments were confirmed.

PARKING IN PRIVATE WAYS.

Coun. GALLAGHER, for the Committee on Ordinances, submitted the following:

1. Report on ordinance (referred October 19) restricting parking in private ways and alleys—that same ought not to pass.

The report was accepted, and the ordinance was laid on the table for one week.

CITY BUDGET FOR 1937.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to inform the City Council as to when he expects to present his budget for 1937 to the City Council for action.

Ordered, That in preparing his budget for 1937 for presentation to the City Council his Honor the Mayor be requested to have in mind the insistent demand for economy in city government, as evidenced by the recent overwhelming majorities in favor of the proposed constitutional amendment for a twenty-five-dollar tax limit.

Coun. SHATTUCK—Mr. President, in former years, for a good many years, the state government has had control over the appropriating power of the City of Boston, and the consequence has been that sometimes we have been unable to act on the budget until the year was half over. Fortunately, they repealed that restrictive legislation last year, so that now it is possible to make up the budget at the beginning of the year, and the Mayor has an opportunity to present us with a budget on the first of January, on the first day of the fiscal year. The first order I have presented asks the Mayor when he expects to do that. I hope that he will do it at the earliest opportunity in order that we may act on the matter and consider the appropriations when the year has just begun and when the expenditures have just begun, rather than when the year is half over. The second order refers to the insistent demand for economy as evidenced particularly by the recent vote at the city election on the \$25 per thousand tax limit. I am not personally in favor of that measure. I believe it would be a mistake. But I believe that many persons probably voted in favor of that measure—which I did not—because they were in favor of economy in general, without considering the particular measure. I noticed in an article by R. L. Norton in the Sunday Post of November 8, he came to this conclusion:

"The vote in favor of limiting real estate taxes to \$25 cannot in any sense be construed as anything but an overwhelming demand for economy in the administration of our local governments."

He goes on to say:

"Therefore, too much emphasis cannot be put on the fact that it was not the merit of the \$25 limitation that the voters were concerned with as much as the opportunity that was offered to them to protest in no uncertain manner against the confiscatory tax on real estate that is operating in many of our cities and towns."

The vote in about half the wards of the city was very instructive and significant. For example, Ward 2 voted 4,839 yes and 2,437 no; Ward 3 voted 6,925 yes, 2,250 no, over 3 to 1 in favor of

the measure: Ward 4 voted 6,755 yes, and 2,199 no; and so on throughout the wards in which the question came up—Wards 2, 3, 4, 5, 9, 10, 11, 13, 14, 16, 17, 18, 19, 20, 21 and 22. In all cases I believe the majority was at least 2 to 1, and in some cases 3 to 1. That shows what a tremendous desire there is on the part of a great many people of Boston for economy in the expenditures of the city. This order asks that the Mayor consider that demand in making up his budget.

The orders were passed under suspension of the rule.

TERM OF COUNCIL PRESIDENT.

Coun. MELLEN offered the following:
Ordered, That the rules of the Boston City Council be so amended that no member of the City Council shall be elected to a second consecutive term as President of that body.

Coun. MELLEN—Mr. President, last year I came into this body and my first vote was to upset a precedent as old as the Council itself. This order is no reflection on you, Mr. President, because I know that you would not think of running for three terms. I know that you would step aside and let a younger man take that high seat. I look around here and I see a number of young men who all aspire to sit in that high place, and you would be the last one to stand in the way of that ambition. But I do believe that we should give a chance to some young man in the body, and for that reason I have introduced this order.

On motion of Coun. SHATTUCK the order was referred to the Committee on Rules.

TRAFFIC SIGN, SEAVER STREET.

Coun. ROSENBERG offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a "stop" sign at the end of Seaver street, entering Erie street, Dorchester, for the safety and protection of pedestrians.

Passed under suspension of the rule.

TRAFFIC CONDITIONS, LA GRANGE STREET.

Coun. FINLEY offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a survey of the traffic conditions at the intersection of La Grange and Vermont streets, West Roxbury, with the view of eliminating the present hazardous traffic conditions.

Passed under suspension of the rule.

CONSTRUCTION OF WEST ROXBURY STREETS.

Coun. FINLEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and construct as a public highway, under the W. P. A. plan of construction, Maple street, West Roxbury, from No. 200 to the end of the street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and construct as a public highway, under the W. P. A. plan of construction, George street, West Roxbury.

Severally passed under suspension of the rule.

CONTRACT FOR ELECTRIC LIGHT BULBS.

Coun. NORTON offered the following:
Ordered, That the Boston Finance Commission be requested to furnish the Council with all the facts relative to the bids and award of the contract to furnish the city with electric light bulbs.

Coun. NORTON—Mr. President, some time ago public bids were asked for by the Superintendent of Supplies to furnish the City of Boston with electric light bulbs for one year. Bids were submitted and Marshall & Co., a Boston concern, were the low bidders, but they were not awarded the contract. An effort is being made to split the contract. The Finance Commission should inform the Council about this award. Although the Marshall Company were low on the first bid, the bids were thrown out and others asked for. Marshall is low again. Here is a responsible Boston concern that puts up a bond, yet no contract is forthcoming. The incorruptible business manager of the Boston schools, Alexander Sullivan, will buy his bulbs from Marshall & Co., the low bidders. I think the facts should be furnished to this body by the Finance Commission.

The order was passed under suspension of the rule.

DOWNTOWN PARKING AREAS.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston consider the advisability of arranging for some form of

parking areas in the downtown business district of Boston or in close proximity to this district.

Coun. NORTON—Mr. President, the downtown area of Boston pays as much in taxes as all the rest of the city put together. Property values must go down unless the present traffic snarl in our business area is straightened out. Adequate parking areas should be considered. A study should be made into the feasibility of having a parking area, for instance, under a part of Boston Common. Objection may be anticipated from the historical societies but we already have subways running under the Common. Leading cities are arranging for underground parking. Over 500,000 vehicles enter and leave the downtown area daily and over one and one-half million persons a day enter and leave this section. Big stores and buildings stand to lose out unless adequate parking areas are provided.

The order was passed under suspension of the rule.

SEWER DEPARTMENT CONTRACTS.

Coun. NORTON offered the following:
Ordered, That the Boston Finance Commission be requested to furnish the Council with information relative to the matter of the awarding of Sewer Department contracts under \$1,000 during the past year.

Coun. NORTON—Mr. President, I understand that around \$80,000 in gift contracts have been given out by the Sewer Department in the past few months to one favored concern. For instance, if a job represents \$10,000, it is split up so that each job is under \$1,000, with no bidding, and the law is in that way violated. Certainly, the Council, almost ready to consider the budget for 1937, when we will try to save money wherever we can, should have all the facts presented by the Finance Commission.

The order was passed under suspension of the rule.

CONTRACTS FOR SNOW REMOVAL.

Coun. WILSON offered the following:
Ordered, That the Public Works Department, through his Honor the Mayor, be requested to award no contracts for snow removal, except where there is reasonable assurance that the contractors will do all the work, honestly and efficiently, and in accordance with all terms of the contract, including provisions as to the payment of labor.

Coun. WILSON—Mr. President, I shall be very brief on this order. Last year, I believe in the late fall, we had at one meeting of the Executive Committee a delegation of truck drivers who thought they had rented their trucks to contractors having snow-removal work on a contract basis, and when the contract got to going they found that it was a load basis. I also think back to the delegation of workmen who came in here and said that they were receiving less than a fair wage for the hours they worked on cold nights removing snow. So I have in mind the fact that some care should be taken in making snow contracts in the downtown section of Boston, so that there may be no repetition of what undoubtedly occurred as recently as last year.

The order was passed under suspension of the rule.

DAY MEN ON POLICE LISTING.

Coun. WILSON offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, incident to the 1937 police listing, to consider the advisability of using only day men on police listing work, utilizing the services of officers in the Traffic Division, and such divisions as Division 2, for work in other sections, and to issue an order to the captains in the various divisions that no report on police listing be made sooner than twenty days from January first.

Coun. WILSON—Mr. President, I take the liberty of reintroducing this order, which was originally introduced on October 19, due to the recent slight change in personnel on Berkeley street and feeling perhaps that the new commissioner may make a different disposition of the matter. The message we received from the former commissioner pointed out the fact that the department was 329 patrolmen short, which seemed to him a reason for not putting the idea into effect. But, as I have also pointed out, instead of the work having to be confined to four days, the statute gives the department twenty days, with ten more days if required.

The order was passed under suspension of the rule.

PROSECUTION FOR ILLEGAL RENTAL COLLECTION.

Coun. WILSON offered the following:
Ordered, That the Law Department, through his Honor the Mayor, advise the City Council in detail what steps, if any, have been taken in prosecution for, and reimbursement of, rentals illegally collected by individuals from city-owned property, and specifying in each case the street and street number of the parcel involved.

Coun. WILSON—Mr. President, very briefly, this is a repetition of my order of November 9. Whether some people like it or not, whether some of the departments like it or not, some information has to be smoked out with reference to the tax-title situation and we will get the information if we have to obtain a court order to get it.

The order was passed under suspension of the rule.

INFORMATION RE CERTAIN SOUTH BOSTON PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council the name and address of the last owner of record of the premises at 767 East Fourth street, 42-48 A street and 27 Silver street, South Boston, prior to the City of Boston obtaining Land Court title following proceedings for non-payment of taxes and to perfect city tax title.

Coun. WILSON—Mr. President, that, too, is an unanswered order under date of October 26.

The order was passed under suspension of the rule.

INFORMATION RE SALE OF TAX-TITLE PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Public Buildings Commissioner be requested, through his Honor the Mayor, to furnish the following detailed information incident to any further requests for leave to sell any parcels of city-owned tax-title property, viz.: (1) the assessed value of the parcel for the year of original tax sale; (2) the most recent assessed value; (3) the area of the parcel; (4) whether same is vacant land and, over the signature of the City Collector; (5) the total amount due the city and unpaid, each year to date, including A, taxes; B, assessments or betterments; C, interest; D, costs; E, water liens; F, Land Court costs; and, also G, the amount of money spent on such property since title was taken by the city, whether for repairs, alterations, or demolition and including both city and Federal expenditures.

Coun. WILSON—Mr. President, I take the liberty of reintroducing that order at this time, having in mind the fact that it was originally passed as long ago as the fourth of September, having in mind that Major Hall said to the Committee on Public Lands and Tax Titles that information would be furnished in regard to additional parcels, and having in mind that on all orders that have gone through asking for such information, the information is still unfurnished.

The order was passed under suspension of the rule.

Adjourned, on motion of Coun. GALLAGHER, at 6.14 p. m., to meet on Monday, December 14, 1936, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 2-A.

On October 24, 1936, Sergt. Joseph F. Condon and Patrolman Albert A. Hurst of the Special Service Squad, while cruising in the Back Bay district, observed a man who answered the description of one wanted for armed holdups in Brighton, Back Bay and Cambridge, Mass.

As the officers approached the suspect, he started to run. He was pursued by Sergeant Condon and Patrolman Hurst for a considerable distance. At a point near Boylston and Ipswich streets, he turned and attempted to draw a loaded revolver. The officers, however, immediately overpowered him and relieved him of his weapon. Later, at Headquarters, this prisoner admitted having committed a number of holdups. Further investigation produced evidence which resulted in the arrest of an accomplice in Wilmington, North Carolina.

The initiative and alertness of Sergeant Condon and Patrolman Hurst in this case was exceptionally noteworthy, and the commissioner is pleased to recognize and commend them for their courageous capture of this desperate criminal.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

REVISION OF ASSESSMENTS.

The Mayor has approved the following orders of the Board of Street Commissioners of the City of Boston:

In the matter of the application for revision of assessments levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said applications,

Ordered, That the amounts hereinafter specified, being the annual apportionments of said assessments for the years specified below, be, and the same hereby are, abated.

Marie M. Faherty, Roseway street, Ward 19, lot D, Plan 1925-40, assessed April 9, 1936, 1932 apportionment, \$10.49; 1934 apportionment, \$9.48; 1935 apportionment, \$9.

In the matter of the application for revision of assessments levied on account of

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING PAPER TOWELS IN ROLLS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing paper towels in rolls for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Paper Towels." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, December 23, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Dec. 12.)

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING KALAMEN AND HOLLOW METAL DOORS TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing kalamen and hollow metal doors to the Park Department as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, December 22, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Dec. 12.)

the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said applications.

PROPOSALS FOR FURNISHING SNOWPLOWES TO THE PUBLIC WORKS DEPARTMENT, PAVING DIVISION.

The Supply Department of the City of Boston invites proposals for furnishing snowplows to the Public Works Department, Paving Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 18, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Dec. 12.)

Ordered, That the amounts hereinafter specified, being the annual apportionments of said assessments for the years specified below, be, and the same are hereby, abated.

Luigi and Leonilda Colaizzi, Washington Heights avenue, assessed February 21, 1930, Plan 1929-21, lot 11, 1932 apportionment, \$12.58; 1933 apportionment, \$12.07; lot 12, 1935 apportionment, \$11.05.

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray and blue blankets, both single and double, for the year 1937. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at Fire Department Headquarters, 60 Bristol street, Boston, where a copy of the contract and specifications may also be examined. The amount of work to be done is approximately as follows: Five thousand five hundred and eighty (5,580) sheets per month; five thousand one hundred and forty-five (5,145) pillow slips per month; nineteen hundred and seventeen (1,917) towels per month; one hundred and seven (107) bedspreads per month; blankets, gray and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 18, 1936, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids; the other containing a certified check for two hundred (200) dollars, made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner, said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

EDWARD F. McLAUGHLIN,
Fire Commissioner.
(Dec. 12.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING STUDEBAKER SEDANS.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department Studebaker sedans as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 21, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Dec. 12.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and November 6, 1935, are amended as follows, effective December 14, 1936:

Section 8, Part 2, is amended by striking out the following:

Beacham Street, Charlestown.
East side, from West street to Main street, twenty-four hours.

Dorchester Avenue, South Boston.
Both sides, from West Second street to West Fourth street, 7 a. m. to 6 p. m.

Norman Street, Downtown Boston.
East side, from Merrimac street to Green street, twenty-four hours.

North Bennet Street, Downtown Boston.
Southwest side, from Hanover street to Salem street, twenty-four hours.

Park Street, Charlestown.
Both sides, from City square to Warren street, twenty-four hours.

Parker Street, Roxbury.
Both sides, from Tremont street to Fisher avenue, twenty-four hours.

South Margin Street, Downtown Boston.
South side, from Pitts street to Prospect street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Atherton Street, Roxbury.
Southeast side, from Amory street to Lamartine street, 7 a. m. to 6 p. m.

Arlington Avenue, Charlestown.
South side, from Beacham street to Dorchester street, twenty-four hours.

Arion Street, Dorchester.
Both sides, from Columbia road to Davenport avenue, twenty-four hours.

Beacham Street, Charlestown.
Both sides, from West street to Main street, twenty-four hours.

Brimmer Street, Downtown Boston.
East side, from Byron street to Chestnut street, 7 a. m. to 6 p. m.

Brown Avenue, West Roxbury.
North side, from Cummins Highway to a point one hundred and fifty (150) feet west of Cummins Highway, twenty-four hours.

South side, from Allen street to Seymour street, twenty-four hours.

Charles Street, Dorchester.
South side, from Dorchester avenue to Freeman street, twenty-four hours.

Chatham Row, Downtown Boston.
Both sides, from Chatham street to State street, twenty-four hours.

Clayton Street, Dorchester.
West side, from Leonard street to a point seventy-five (75) feet north of Leonard street, 7 a. m. to 6 p. m.

Congress Street, Downtown Boston.
Northeast side, from Atlantic avenue to Nelson court, twenty-four hours.

Columbus Avenue, Roxbury.
West side, from Washington street to a point one hundred and fifteen (115) feet north of Washington street, twenty-four hours.

Devonshire Street, Downtown Boston.
East side, from Summer street to Winthrop square, 7 a. m. to 6 p. m.

Dorchester Avenue, South Boston.
Both sides, from West Second street to West Fourth street, twenty-four hours.

West side, from Southampton street to Dexter street, twenty-four hours.

Gallivan Boulevard, Dorchester.
South side, from Cushing Hill road to Granite avenue, twenty-four hours.

Greenley Place, West Roxbury.
Southeast side, twenty-four hours.

Halleck Street, Roxbury.
East side, from Prentiss street to Station street, 7 a. m. to 6 p. m.

Haverhill Street, Downtown Boston.
Southwest side, from Causeway street to a point eighty-five (85) feet southeast of Causeway street, twenty-four hours.

Main Street, Charlestown.
North side, from Beacham street to Dorchester street, twenty-four hours.

Mt. Vernon Street, Downtown Boston.
Both sides, from Charles street to River street, twenty-four hours.

Norman Street, Downtown Boston.
Both sides, from Merrimac street to South Margin street, twenty-four hours.

East side, from South Margin street to Green street, twenty-four hours.

North Bennet Street, Downtown Boston.
Both sides, from Hanover street to Salem street, twenty-four hours.

Oak Street, Downtown Boston.
North side, from Ash street to Washington street, 7 a. m. to 6 p. m.

Park Street, Charlestown.
Southeast side, from City square to Henley street, twenty-four hours.

Parker Street, Roxbury.
West side, from Tremont street to Fisher avenue, twenty-four hours.

Raleigh Street, Downtown Boston.
East side, from Bay State road to Beacon street, twenty-four hours.

Sleeper Street, South Boston.
Both sides, from Congress street to Northern avenue, twenty-four hours.

South Margin Street, Downtown Boston.
South side, from Pitts street to Norman street, twenty-four hours.

Both sides, from Norman street to Staniford street, twenty-four hours.

South side, from Staniford street to Prospect street, twenty-four hours.

Station Street, Roxbury.
South side, from Columbus avenue to Parker street, 7 a. m. to 6 p. m.

Temple Place, Downtown Boston.
North side, from Tremont street to Washington street, 7 a. m. to 6 p. m.

Waldo Terrace, Brighton.
East side, from Henshaw street to Washington street, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

Dorrance Street, Charlestown.
From Main street to Arlington avenue.

Norman Street, Downtown Boston.
From Merrimac street to Green street.

Section 24, Part 1, is amended by adding the following:

Alcorn Street, Brighton.
From Commonwealth avenue to Gardner street.

(Dec. 5-12.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR STERILIZING, CLEANSING, REPAIRING AND REBUILDING FOOTBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for sterilizing, cleansing, repairing and rebuilding football equipment for the Boston Public Schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Sterilizing, Cleansing, Repairing and Rebuilding Football Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, December 22, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to accept any or all bids and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Dec. 12.)

CITY OF BOSTON.

COURT HOUSE COMMISSION.

PROJECT MASS. 1142-RS.
NOTICE TO CONTRACTORS.

Sealed proposals for sub-structure for additions to the Suffolk County Court House, Boston, Mass., will be received at the office of the Suffolk County Court House Commission, Rooms 802-803, One Beacon street, Boston, until 2 o'clock Eastern Standard Time, Tuesday, December 29, and at that time will be publicly opened and read. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, on Tuesday, December 15, upon deposit of certified check for one hundred fifty dollars (\$150.), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition within seven days after the opening of bids. Documents and drawings may be examined at the office of Brown's Letter Corporation, 38 Chauncy street, Boston. Bids must be accompanied by a certified check in the sum of seven thousand five hundred dollars (\$7,500), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of the bids. A duplicate sealed proposal, without certified check, shall be filed with the City Auditor of the City of Boston before the time for opening of bids. The project is to be financed under the terms of the Emergency Relief Appropriation Act of 1935, and chapter 474, Massachusetts Acts of 1935, and attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents. The office of the United States Employment Service designated for the Government for this project is National Reemployment Service, Edward L. Hanna, Manager, 100 Nashua street, Boston. The right is reserved by the Commission to reject any or all bids, to waive any informalities and no award can be made without the approval of the State Director, P. W. A. A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Massachusetts Acts of 1935.)
(Dec. 12-19.)

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

DEPARTMENT OF PUBLIC HEALTH.

HEAD OF RESEARCH LEARNING PROJECT,

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 31, 1936.

Last date for filing applications, Monday, December 14, 1936, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be

found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

NOTE.—One year of technical college will be considered the equivalent of one year's experience.

Grade I.—Junior Engineering Aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,560 a year.

Entrance Requirement: Applicants must have one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

A supplementary test in drafting, which will be optional, will be given in connection with this grade.

Grade II.—Senior Engineering Aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,560 to \$2,160 a year.

Entrance Requirement: Applicants must have one year's practical experience in engineering work.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

A supplementary test in drafting which will be optional, will be given in connection with this grade.

Grade III.—Junior Civil or other Engineers, Senior Engineering Draftsmen, and Chiefs of Survey Parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$2,160 to \$2,709 a year.

Entrance Requirement: Applicants must have not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

A supplementary test in drafting, which will be optional, will be given in connection with this grade.

Grade IV.—Assistant Civil or other Engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,940 to \$3,480 a year.

Entrance Requirement: Applicants must have not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the State Service as Senior Engineers and Associate, District and Chief Engineers, will be held only when vacancies exist.

Passing Requirements (for all grades): Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible.

(Supplementary drafting test.) At least 70 per cent in this subject in order to qualify.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

ASSISTANT PSYCHIATRIC SOCIAL WORKER,
GARDNER STATE HOSPITAL, JANU-
ARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

(Requisition is for a female, but the
examination is open to both males and
females.)

The salary is \$1,300 a year and one
meal.

At the present time, there is also a
vacancy at the Boston State Hospital at
\$1,020 a year and maintenance.

Duties: Under immediate supervision
to perform simpler kinds of social case
work in connection with the care and
treatment of psychiatric patients or
inmates of state institutions or other work
involving individuals needing psychiatric
social service investigation of after-care.
To perform related work as required.

Entrance Requirement: Applicants
must have two years' experience in psy-
chiatric social work.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined
by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination
in order to become eligible.

Physical fitness to be determined by
physical examination.

DENTIST, MASSACHUSETTS REFORMA-
TORY, JANUARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

The minimum salary is \$2,040 a year;
the maximum salary is \$2,520 a year.

At the present time, there is also a
vacancy at the Reformatory for Women
at \$10 a day and one meal.

Duties: To care for the teeth of the
inmates.

Entrance Requirement: Applicants
must be registered dentists under the
State Board of Dental Examiners.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined
by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination
in order to become eligible.

Physical fitness to be determined by
physical examination.

SOCIAL WORKER (MEDICAL), DEPART-
MENT OF PUBLIC HEALTH, JANUARY
9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

The entrance salary is \$1,200 a year
and maintenance.

Duties: Under direction, to perform
social case work in connection with hos-
pital patients, including follow-up visits.
To cooperate with the physician and
various social agencies in making social
and economic adjustments. To arrange
for after-care and supervision of patient
after discharge.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined
by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination
in order to become eligible.

Physical fitness to be determined by
physical examination.

INMATE TRAINING WORKER, STATE
PRISON COLONY, JANUARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

(This examination is open to males only.)

The minimum salary is \$1,560 a year;
the maximum salary is \$1,920 a year.

Duties: To supervise all community
activities, including standing and special
committees, the Council, the Colony news-
paper and print shop, lectures and con-
certs, entertainments, inmate dramatics,
glee club, orchestra, community singing,
and group meetings for informal studies.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined
by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination in
order to become eligible.

Physical fitness to be determined by
physical examination.

STATIONARY ENGINEERS, MARINE EN-
GINEERS AND OILERS, JANUARY 12, 1937.

Last date for filing applications, Tues-
day, December 29, 1936, at 5 p. m.

This examination will be held for the
service of the state and all cities and
such towns in the state as are classified
under civil service.

The examination for each kind of posi-
tion will include a statement of training
and experience, a physical examination,
and the possession of a license, either as
first, second, or third class stationary en-
gineer; or as chief, first assistant or
second assistant marine engineer. Oilers
are not required to have a license.

Passing Requirement: Applicants
must obtain a mark of at least 70 per
cent in experience in order to become
eligible.

The date given above is not the actual
examination date, but the date on which,
as nearly as possible, applicants who have
filed applications will be given a physical
examination.

DEPARTMENT OF PUBLIC HEALTH.

ASSISTANT BACTERIOLOGIST, WASSERMANN
LABORATORY, JANUARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

(Requisition is for a female, but the
examination is open to both males and
females.)

The minimum salary is \$2,160 a year;
the maximum salary is \$2,760 a year.

Duties: To do bacteriologic and sero-
logic research work on the diagnosis of
gonorrhea. To do gold sol reactions on
spinal fluids. To perform work in con-
nection with the standardization of blood
tests for syphilis.

Subjects and Weights: Training and
experience, 1; practical questions, 1;
total, 2.

Passing Requirements: At least 70 per
cent in each subject of the examination in
order to become eligible.

Physical fitness to be determined by
physical examination.

PUBLIC HEALTH NURSING SUPERVISOR,
JANUARY 9, 1937.

Last date for filing applications,
Saturday, December 26, 1936, at 12
noon.

(This examination is open to females
only.)

The minimum salary is \$2,040 a year;
the maximum salary is \$2,400 a year.

Duties: Under direction to have charge
of field work of the Department of Public
Health in an assigned district of the
state involved in the correlation of local
activities. To make surveys. To assist
at Well Child Conferences. To give
talks to mothers' groups and to other
organizations as required. To assist in
school hygiene and public health nursing.
To have charge of nursing organization in
assigned district. To perform related
work as required.

Entrance Requirements: Applicants
must be registered nurses under the State
Division of Registration of Nurses.

Applicants must have at least one year's
supervised experience in a public health
nursing agency, and experience in super-
vision and administration.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined by
an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination in
order to become eligible.

Physical fitness to be determined by
physical examination.

PUBLIC HEALTH NURSING SUPERVISOR
(PREMATURE INFANT PROGRAM),
JANUARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

(This examination is open to females
only.)

The minimum salary is \$2,040 a year;
the maximum salary is \$2,400 a year.

Duties: Under direction, to have charge
of field work in assigned districts of the
state involved in correlation of local
activities with special attention to teach-
ing and supervision of the care of prema-
ture infants in hospitals and homes. To
make surveys relative to prematurity.
To conduct classes of nurses for instruc-
tion in this field. To perform related
work as required.

Entrance Requirements: Applicants
must be registered nurses under the State
Division of Registration of Nurses.

Subjects and Weights: Training and
experience, 3; practical questions, 4;
personality and fitness, as determined by
an oral interview, 3; total, 10.

Passing Requirements: At least 70 per
cent in each subject of the examination
in order to become eligible.

Physical fitness to be determined by
physical examination.

Christmas Greeting

For my Friends and Fellow
Citizens I wish

A Merry Christmas

and

A Prosperous New Year

and a Yuletide Welcome
to all who visit us at this season

Samuel J. Menough

Mayor

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 28, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of Mohawk street, South Boston district, as a highway, from Old Colony avenue to Hyde street, bounded and described as follows:

A highway named Mohawk street is hereby laid out, from Old Colony avenue to Hyde street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Old Colony avenue, one hundred and thirty-nine feet; southerly

by the southerly line of said Mohawk street as hereby laid out, by two measurements, twenty-five and 83-100 feet on a curve of sixty-two feet radius and twenty and 86-100 feet on a curve of fifteen feet radius; southwesterly by Needham street, forty and 88-100 feet; westerly by the westerly line of said Mohawk street as hereby laid out, seventy-eight and 54-100 feet on a curve of fifty feet radius; southwesterly by the southwesterly line of said Mohawk street as hereby laid out, by two measurements, nine hundred twenty-nine and 86-100 feet and forty-nine and 63-100 feet on a curve of eighty feet radius; northerly by Hyde street, one hundred thirty-four and 99-100 feet; easterly by the easterly line of said Mohawk street as hereby laid out, thirty-two and 77-100 feet on a curve of thirteen feet radius; northeasterly by the northeasterly line of said Mohawk street as hereby laid out, eight hundred fifty-six and 78-100 feet; and northerly by the

northerly line of said Mohawk street as hereby laid out, by two measurements, thirty-six and 11-100 feet on a curve of thirty-three feet radius and twenty-five and 86-100 feet on a curve of sixty-two feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of Mohawk street, South Boston district, as a highway, from Old Colony avenue to Hyde street, under the order of the Board of December 9, 1936, and awards no damages therefor.

CITY HALL ABLAZE WITH YULE TIDE LIGHTS.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of an extension of Kemp street, South Boston district, as a highway, from Wakefield street to Albert street, bounded and described as follows:

An extension of the highway named Kemp street is hereby laid out from Wakefield street to Albert street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Wakefield street, by three measurements, forty-five and 70-100 feet on a curve of eight hundred nineteen and 1-100 feet radius, three and 37-100 feet and eighty-five and 48-100 feet on a curve of three hundred sixty and 80-100 feet radius; southerly by the southerly line of said extension of said Kemp street as hereby laid out, by two measurements, eighty-nine feet on a curve of seventy and 50-100 feet radius and thirty-eight and 15-100 feet; westerly by another part of Kemp street (highway), forty feet; and northerly by the northerly line of said extension of said Kemp street as hereby laid out, by two measurements, forty-three and 97-100 feet and sixty-eight and 22-100 feet on a curve of forty-three feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of an extension of Kemp street, South Boston district, as a highway, from Wakefield street to Albert street, under the order of the Board of December 2, 1936, and awards no damages therefor.

Transfers: Bernard D. Manning, institution employee, watchman, \$600 a year, from helper in serving room at \$526 a year; Anna J. Connolly, institution employee, attendant, \$600 a year, from waitress at \$316 a year; Thomas A. Connors, institution employee, porter, \$526 a year, from attendant at \$600 a year; Charles W. Murphy, institution employee, helper in engine room, \$600 a year, from porter at \$526 a year; Eliza-

beth M. Gibbons, institution employee, attendant, temporary, \$600 a year; from wardmaid at \$526 a year; Mary M. Harrington, institution employee, wardmaid, temporary, \$526 a year, from waitress at \$316 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: George Holland, deckhand, \$1,700 a year, temporary, during absence of Peter Johnston.

Employment Terminated: John O'Hare, deckhand, temporary, \$1,700 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the temporary appointment of Lucy G. Curley as relief matron in the Temporary Home for Women, for a period of three months from December 1, to be employed as emergencies may arise, at \$2.17 a day.

Approval has been given for the continued temporary employment of the following persons as stenographers, for a period of one month from December 15, at \$900 a year:

Cecelia F. Batchelder, Marie J. Bertsch, Frances G. Clarke, Lillian I. Coulton, Mabel R. Crowley, Irma Y. Dreayer, Edna M. Durgin, Mary F. Gottsell, Mary M. Kennedy, Zelda Lezar, Frances J. Montell, Mary T. McDonough, Mary B. McGowan, Mary O'Keefe, Elizabeth M. O'Leary, Marguerite Rooney, Alice Russo, Helen T. Shea, Margaret Sullivan, Esther G. Taranto, Rose G. Waters.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, from December 15, for a period of one month, at \$900 a year:

Alice Banard, Edna E. Condon, David Goldfine, Thelma Goldkrand, Celia Governor, Mary R. Grafton, Goldie Karp, Muriel L. Kraft, Mary F. Langdon, Myra H. McCarthy, Mary A. O'Hare, Honora M. O'Neil, Alice W. Short, Katherine P. Travers, Julia Wood.

Approval has been given for the continued temporary employment of the following persons as clerks, for a period of one month from December 15, at \$900 a year:

Philip Barber, Samuel G. Berger, Mary M. Cauley, John N. Chagaris, Thomas J. Connaughton, Mary E. Cronin, Russell E. Cullivan, Helen A. Curley, Mary E. Dillon, Anna M. Doyle, Charles H. Drew, Jr., Helen T. Fadden, Christopher J. Fay, Thomas F. Flanagan, Mary O. Greene, Anne Haligan, Frederick T. Hurley, Thomas P. Keeley, Mary P. Kelley, Stanislawia Kiwaczynska, Margaret E. Leahy, Edward F. Murphy, John J. McDonald, Bernard McGovern, Thomas W. Quigley, Michael J. Rizzo, Arthur Sawyer, John T. Scanlon, Lazard T. Seiff, William Miller, Helen T. Severance, Helen G. Skapinsky, Jacob Spiegel, George W. Stuart, Edward L. Sullivan, Agnes V. Sweeney, Mary Tatro, Alfred C. Troy, Ruth H. Walker.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to grant to Justin L. O'Farrell, rodman at \$1,200, a leave of absence with pay for a period of thirty days, on account of sickness, from November 27.

PUBLIC WORKS DEPARTMENT (Water Service).

James H. McNulty, district engineer at \$3,600 a year, confined at St. Eliza-

beth's Hospital recovering from a serious operation, has been granted a leave of absence with pay for a period of not more than thirty days from December 11.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Penal Institutions Department.

For the week ending Thursday, December 10:

Matthew L. Kelly, captain, 3½ hours, \$3.86; Leo F. Harrington, acting mate, 3½ hours, \$3.60; James Hallahan, acting chief engineer, 3½ hours, \$3.83; Patrick J. Lawler, John Doherty, Valentine Keeley, firemen, 3½ hours, \$3.26 each; William Silinsky, acting assistant engineer, 3½ hours, \$3.75; John Londrigan, deckhand, 3½ hours, \$2.59; James L. Foley, acting second mate, 3½ hours, \$2.81; Lawrence O'Keefe, Thomas Hughes, deckhands, 3½ hours, \$2.59 each; Thomas Bagley, fireman, 3½ hours, \$3.26; Fred Ferraro, deckhand, 3½ hours, \$2.48; Fulton Wesson, deckhand (temporary), 3½ hours, \$2.36. Total, \$43.50.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of an extension of Ralston street, South Boston district, as a highway, from near Dorchester avenue to Albert street, bounded and described as follows:

An extension of the highway named Ralston street is hereby laid out to Albert street (highway).

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by another part of Ralston street (highway), forty feet; northerly by the northerly line of said extension of said Ralston street as hereby laid out, seventy-four and 33-100 feet; northerly and easterly by the northerly and easterly lines of said extension of said Ralston street as hereby laid out, one hundred fifty-five and 41-100 feet on a curve of ninety-nine feet radius; easterly by the easterly line of said extension of said Ralston street as hereby laid out, twenty-five and 28-100 feet; southerly by Albert street (highway) forty feet; westerly by the westerly line of said extension of said Ralston street as hereby laid out, twenty-five and 28-100 feet; westerly and southerly by the westerly and southerly lines of said extension of said Ralston street as hereby laid out, ninety-two and 62-100 feet on a curve of fifty-nine feet radius; and southerly by the southerly line of said extension of said Ralston street as hereby laid out, seventy-four and 29-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of an extension of Ralston street, South Boston district, to Albert street, under the order of the Board of December 3, 1936, and awards no damages therefor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BUILDING DEPARTMENT.

Upon December 15 the Mayor approved a contract with the American Building Wrecking Company, Incorporated, to take down the buildings at 12 and 14 Olney street, Ward 15, for the sum of \$70. The following bids were received:

American Building Wrecking Company, Incorporated, \$70; City Building Wrecking Company, \$90; Mystic Building Wrecking Company, Incorporated, \$100; Hub Building Wrecking Company, Incorporated, \$119; New England Building Wrecking Company, \$125.

Upon December 16 the Mayor approved a contract with the Central Building Wrecking Company, Incorporated, to take down the buildings at 35 and 37 Rochester street, Ward 3, for the sum of \$47. The following bids were received:

Central Building Wrecking Company, Incorporated, \$47; Hub Building Wrecking Company, Incorporated, \$94; City Building Wrecking Company, \$139; American Building Wrecking Company, Incorporated, \$145; New England Building Wrecking Company, \$299.

HOSPITAL DEPARTMENT.

Upon December 14 the Mayor approved a contract with E. P. Robitaille Company for the purchase of bones, trimmings, grease, suets, cods and trap grease from Main Hospital, South Department and Haymarket Square Relief Station, Boston City Hospital. Bids, opened Tuesday, December 1, were as follows:

*Trimming*s.—James F. Morse & Co., 4½ cents a pound; Independent Tallow Company, 5 cents a pound; E. P. Robitaille Company, 6 cents a pound.

Bones.—James F. Morse & Co., 1½ cents a pound; Independent Tallow Company, 1 cent a pound; E. P. Robitaille Company, 1½ cents a pound.

Grease (Clear).—James F. Morse & Co., 6½ cents a pound; Independent Tallow Company, 6 cents a pound; E. P. Robitaille Company, 6½ cents a pound.

Suets.—James F. Morse & Co., 7 cents a pound; Independent Tallow Company, 8 cents a pound; E. P. Robitaille Company, 9 cents a pound.

Cods.—James F. Morse & Co., 7 cents a pound; Independent Tallow Company, 8 cents a pound; E. P. Robitaille Company, 9 cents a pound.

Trap Grease.—James F. Morse & Co., ½ cent a pound; Independent Tallow Company, ½ cent a pound; E. P. Robitaille Company, 1 cent a pound.

Upon December 14 the Mayor approved a contract with Francis B. Dolan for the purchase and removal of garbage from Main Department, Boston City Hospital. Bids, opened Tuesday, December 1, were as follows:

Francis B. Dolan, \$107 a month; Anthony F. Gawronski, \$66.75 a month; John D. Sheehy, \$60 a month; T. H. McVey & Sons, \$51 a month; Frank Murray, \$51 a month; Charles H. Wile, \$20 a month.

Upon December 14 the Mayor approved a contract with the Bay State Cleaning Company for window cleaning at Boston

City Hospital. Bids, opened Tuesday, December 1, were as follows:

Careful Cleaning Company, \$3,000 a year; Bay State Cleaning Company, \$2,970 a year.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Upon December 10 the Mayor approved a contract with the Standard Contracting Company for removing snow and ice in snow area No. 4. The following bids were received December 3:

Standard Contracting Company, 42 cents per cubic yard; A. Singarella, 43 cents per cubic yard; J. J. Callahan, 48 cents per cubic yard; Kelly, Dooley & Baker, 49 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 49 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Hugh Nawn, Incorporated, 55 cents per cubic yard; National Engineering and Contracting Company, 60 cents per cubic yard; Ward General Contracting Company, 60 cents per cubic yard; C. J. Maney Company, Incorporated, 60 cents per cubic yard; M. McGinnis Company, 60 cents per cubic yard; M. F. Gaddis, 63 cents per cubic yard; J. A. Singarella Construction Corporation, 65 cents per cubic yard; Coleman Brothers Corporation, 68 cents per cubic yard.

Upon December 10 the Mayor approved a contract with Coleman Brothers Corporation for removing snow and ice in snow area No. 1.

The contract has been awarded to Coleman Brothers Corporation as the low bidder, Edward M. Matz, Incorporated, has been awarded snow area No. 3.

The following bids were received December 3:

Edward M. Matz, Incorporated, 47½ cents per cubic yard; Coleman Brothers Corporation, 48 cents per cubic yard; Ward General Contracting Company, 48 cents per cubic yard; J. J. Callahan, 48 cents per cubic yard; Kelly, Dooley & Baker, 49 cents per cubic yard; J. A. Singarella Construction Corporation, 49 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; Hugh Nawn, Incorporated, 54 cents per cubic yard; M. DeMatteo, 54 cents per cubic yard; C. J. Maney Company, Incorporated, 55 cents per cubic yard; M. F. Gaddis, 55 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 58 cents per cubic yard; National Engineering and Contracting Company, 60 cents per cubic yard; Central Construction Company, 62 cents per cubic yard; M. McGinnis Company, 70 cents per cubic yard.

Upon December 10 the Mayor approved a contract with J. J. Callahan for removing snow and ice in snow area No. 2. The following bids were received December 3:

J. J. Callahan, 37 cents per cubic yard; J. A. Singarella Construction Corporation, 37½ cents per cubic yard; A. Singarella, 39 cents per cubic yard; Edward M. Matz, Incorporated, 39½ cents per cubic yard; Kelly, Dooley & Baker, 40 cents per cubic yard; Coleman Brothers Corporation, 40 cents per cubic yard; Hugh Nawn, Incorporated, 40 cents per cubic yard; M. F. Gaddis, 46 cents per cubic yard; M. McGinnis Company, 50 cents per cubic yard; J. P. McCabe, Incorporated, 50 cents per cubic yard; National Engineering and Contracting Company, 54 cents per cubic yard;

M. DeMatteo, 54 cents per cubic yard; C. J. Maney Company, Incorporated, 54 cents per cubic yard; A. G. Tomasello and Son, Incorporated, 55 cents per cubic yard; Ward General Contracting Company, 59 cents per cubic yard; Central Construction Company, 60 cents per cubic yard.

Upon December 10 the Mayor approved a contract with Edward M. Matz, Incorporated, for removing snow and ice in snow area No. 3. The following bids were received December 3:

Edward M. Matz, Incorporated, 36 cents per cubic yard; J. J. Callahan, 38 cents per cubic yard; Kelly, Dooley and Baker, 40 cents per cubic yard; J. A. Singarella Construction Corporation, 43 cents per cubic yard; Hugh Nawn, Incorporated, 45 cents per cubic yard; Ward General Contracting Company, 48 cents per cubic yard; A. G. Tomasello & Son, Incorporated, 49 cents per cubic yard; Joseph P. McCabe, Incorporated, 50 cents per cubic yard; M. McGinnis Company, 50 cents per cubic yard; M. F. Gaddis, 52 cents per cubic yard; C. J. Maney Company, Incorporated, 54 cents per cubic yard; M. DeMatteo, 58 cents per cubic yard; National Engineering and Contracting Company, 60 cents per cubic yard; Coleman Brothers Corporation, 68 cents per cubic yard.

Upon December 17 the Mayor approved a contract with Dooley Brothers, Incorporated, for collecting and removing garbage and refuse in the Dorchester district, the lowest bidder, at \$12,500 a month.

The following bids were received December 8:

Dooley Brothers, Incorporated, \$12,500 a month; Marinucci Brothers & Co., \$16,950 a month; Joseph P. McCabe, Incorporated, \$17,200 a month; Coleman Brothers Corporation, \$18,000 a month.

Upon December 17 the Mayor approved a contract with the Capitol Contracting Company for collecting and removing garbage and refuse in the East Boston district, the second bidder, at \$3,500 a month.

The lower bidder, E. J. McHugh & Son, has been rejected for the reason that various affidavits have been filed to the effect that this concern has violated the terms of its present contract relative to wages to be paid and the hours of labor; and inasmuch as the second bidder is only \$50 a month higher than the lower bidder it is deemed to be for the best interests of the city to award the contract to the Capitol Contracting Company.

The work to be done under this contract is to be completed December 31, 1937.

The following bids were received December 8:

E. J. McHugh & Son, \$3,450 a month; Capitol Contracting Company, \$3,500 a month.

Upon December 17 the Mayor approved a contract with Michael Feinstein for collecting and removing garbage and refuse in the Hyde Park district, the lowest bidder, at \$700 a month.

The following bids were received December 8:

Michael Feinstein, \$700 a month; Baker & Co., \$790 a month; John D. Sheehy, \$800 a month; Thomas E. Bryan, \$925 a month.

Upon December 17 the Mayor approved a contract with the T. J. McCue Company, Incorporated, for collecting and

removing garbage and refuse in the Brighton district, the lowest bidder, at \$2,895 a month.

The following bids were received December 8:

T. J. McCue Company, Incorporated, \$2,895 a month; Anthony J. Ryan, \$5,000 a month; J. H. McNamara, Incorporated, \$5,297 a month; Joseph P. McCabe, Incorporated, \$5,600 a month.

Upon December 17 the Mayor approved a contract with Marinucci Brothers & Co. for collecting and removing garbage and refuse in the Elm Hill district, the third bidder, at \$2,450 a month.

The Elm Hill district is a new contract district for the collection and removal of garbage and refuse and it is very essential that the work to be done under the contract be performed in a first-class manner from the very beginning.

The lowest bidder, A. J. Pieczkowski, is not to be considered as his work in a recent contract for the West Roxbury district was very unsatisfactory; the second bidder, Royal Trucking Company, has had no experience in this kind of work as far as the City of Boston is concerned; and the next two bidders, Marinucci Brothers & Co., and the Joseph P. McCabe, Incorporated, are tied, each having submitted a bid of \$2,450 a month. Both of these contractors have had the contract for the Dorchester district in recent years but, as the Marinucci concern, in our opinion, has rendered very satisfactory service, we feel that the award to this company will be for the best interests of the city.

The following bids were received December 8:

A. J. Pieczkowski, \$1,700 a month; Royal Trucking Company, \$1,750 a month; Joseph P. McCabe, Incorporated, \$2,450 a month; Marinucci Brothers & Co., \$2,450 a month; Anthony J. Ryan, \$3,450 a month; A. R. Doyle, Incorporated, \$4,248 a month.

Upon December 17 the Mayor approved a contract with the John J. Moore Company for collecting and removing garbage and refuse in the West Roxbury District.

The work in this district has been awarded to the John J. Moore Company because this concern has collected the garbage and refuse in West Roxbury for a great many years in a very satisfactory manner. The lowest bidder, Royal Trucking Company, has had no experience in this work as far as the City of Boston is concerned; and inasmuch as the Moore Company's bid is only \$7 per month higher than that of the lowest bidder, it is deemed to be for the best interests of the city to award the contract to the John J. Moore Company.

The following bids were received December 8:

Royal Trucking Company, \$4,770 a month; John J. Moore Company, \$4,777 a month; Joseph P. McCabe, Incorporated, \$5,200 a month; A. R. Doyle, Incorporated, \$6,560 a month.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon December 15 the Mayor approved a contract with J. D'Amico, Incorporated, for sewerage works in Pondred Circle, West Roxbury. The following bids were received December 9:

Clay Pipe.—J. D'Amico, Incor-

porated, \$804.39; The Prompt Contractors, Incorporated, \$880; R. Zoppo, \$925.96; Roxbury Concrete Construction Company, \$1,020.99; D. A. Rossano, \$1,045.60; Baker & Co., \$1,221.50.

Concrete Pipe.—J. D'Amico, Incorporated, \$804.39; The Prompt Contractors, Incorporated, \$877.50; R. Zoppo, \$925.96; Roxbury Concrete Construction Company, \$1,045.99; D. A. Rossano, \$1,045.60; Baker & Co., \$1,221.50.

SUPPLY DEPARTMENT.

Upon December 14 the Mayor approved a contract with Donohue & Riordan for furnishing uniforms for the Fire Department until December 31, 1937. The approximate amount of the contract was \$17,380. Bids, opened December 9, were as follows:

Approximate Amounts on All Items.

Cloth Per Yard.—Donohue & Riordan, \$3.875; Leopold Morse Company, \$3.875.

600 Privates' Winter Uniform Sackcoats, Each.—Donohue & Riordan, \$14.35; Leopold Morse Company, \$18.90.

60 Officers' Winter Uniform Sackcoats, Each.—Donohue & Riordan, \$16; Leopold Morse Company, \$22.50.

1,100 Pairs Winter Uniform Trousers, Per Pair.—Donohue & Riordan, \$7.10; Leopold Morse Company, \$8.50.

Approximate Total.—Donohue & Riordan, \$17,380; Leopold Morse Company, \$22,040.

Cash Discount, Ten Days.—Donohue & Riordan, one half of 1 per cent.

To be made of American Woolen Company No. 618 blue 18-ounce cloth.

Upon December 14 the Mayor approved a contract with the Wentworth-Forman Company, Incorporated, for furnishing uniform caps for the Fire Department until December 31, 1937. The approximate amount of the contract was \$1,065. Bids, opened December 9, were as follows:

Approximate Amounts on All Items.

225 Officers' Summer Uniform Caps, Each.—Bradford Novelty Hat Company, \$2.10; Wentworth-Forman Company, Incorporated, \$1.75; Basch Cap Company, \$1.90; Tobias Hat and Cap Company, \$2.20.

75 Officers' Winter Uniform Caps, Each.—Bradford Novelty Hat Company, \$2.10; Wentworth-Forman Company, Incorporated, \$1.75; Basch Cap Company, \$1.90; Tobias Hat and Cap Company, \$2.20.

400 Privates' Uniform Caps, Each.—Bradford Novelty Hat Company, \$1.60; Wentworth-Forman Company, Incorporated, \$1.35; Basch Cap Company, \$1.50; Tobias Hat and Cap Company, \$1.65.

Total.—Bradford Novelty Hat Company, \$1,270; Wentworth-Forman Company, Incorporated, \$1,065; Basch Cap Company, \$1,170; Tobias Hat and Cap Company, \$1,320.

Cash Discount, Ten Days.—Bradford Novelty Hat Company, 2 per cent; Wentworth-Forman Company, Incorporated, 2 per cent; Basch Cap Company, 2 per cent; Tobias Hat and Cap Company, 2 per cent.

W. P. A. SUPPLY DEPARTMENT.

Upon December 15 the Mayor approved a contract with low bidders as indicated for furnishing hard dry fill to the Park Department, W. P. A.

For furnishing 20,000 cubic yards of earth fill, to the M. McGinnis Company, 28 cents per cubic yard, a total of \$5,600.

For furnishing 1,500 cubic yards of gravel fill, to D. B. Raymond, at 34 cents per cubic yard, a total of \$510. Bids, opened December 10, were as follows:

20,000 Cubic Yards Earth Filling, Per Cubic Yard.—Earl M. Carriere, 37½ cents; M. McGinnis Company, 28 cents; D. B. Raymond, 39 cents; R. E. Cuniff, Incorporated, 34 cents; William J. Barry Company, 54 cents; Highland Sand and Gravel Company, Incorporated, 45 cents; Coleman Corporation, 34.5 cents; John W. Duffy, 44 cents; Francis L. Trainor, 58 cents.

1,500 Cubic Yards Gravel Fill, Per Cubic Yard.—M. McGinnis Company, 70 cents; D. B. Raymond, 34 cents; R. E. Cuniff, Incorporated, 76 cents; William J. Barry Company, 90 cents; Coleman Corporation, 70 cents; John W. Duffy, \$1; Francis L. Trainor, 58 cents.

Earth Filling Total.—Earl M. Carriere, \$7,500; M. McGinnis Company, \$5,600; D. B. Raymond, \$7,800; R. E. Cuniff, Incorporated, \$6,800; William J. Barry Company, \$10,800; Highland Sand and Gravel Company, Incorporated, \$9,000; Coleman Corporation, \$6,900; John W. Duffy, \$8,800; Francis L. Trainor, \$11,600.

Gravel Fill Total.—M. McGinnis Company, \$1,050; D. B. Raymond, \$510; R. E. Cuniff, Incorporated, \$1,140; William J. Barry Company, \$1,350; Coleman Corporation, \$1,050; John W. Duffy, \$1,500; Francis L. Trainor, \$870.

Cash Discount.—Earl M. Carriere, earth fill, 2 per cent; M. McGinnis Company, earth fill, 1 per cent; gravel fill, 1 per cent; D. B. Raymond, gravel fill, 2 per cent; earth fill, 2 per cent; R. E. Cuniff, Incorporated, earth fill, 1 per cent; gravel fill, 1 per cent; William J. Barry Company, earth fill, 2 per cent; gravel fill, 2 per cent; Coleman Corporation, earth fill, 1 per cent; gravel fill, 1 per cent; John W. Duffy, earth fill, 2 per cent; gravel fill, 2 per cent; Francis L. Trainor, earth fill, 1 per cent, gravel fill, 2 per cent.

Earth Filling Net Total.—Earl M. Carriere, \$7,350; M. McGinnis Company, \$5,544; D. B. Raymond, \$7,644; R. E. Cuniff, Incorporated, \$6,732; William J. Barry Company, \$10,584; Highland Sand and Gravel Company, Incorporated, \$9,000; Coleman Corporation, \$6,831; John W. Duffy, \$8,624; Francis L. Trainor, \$11,484.

Gravel Fill Net Total.—M. McGinnis Company, \$1,039.50; D. B. Raymond, \$504.80; R. E. Cuniff, Incorporated, \$1,128.60; William J. Barry Company, \$1,223; Coleman Corporation, \$1,039.50; John W. Duffy, \$1,470; Francis L. Trainor, \$852.60.

* Contract awarded.

WITHOUT ADVERTISING.

Upon several dates as indicated the Mayor approved the requests of the heads of various departments to award contracts for supplies, labor, etc., without advertising. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

Boston, December 11, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the renewal, for the year 1937, without advertising, of a contract made March 31, 1936, with the Otis Elevator Company for furnishing Otis elevator service to elevators in the Boston City Hospital. The present contract expires December 31, 1936.

There is nothing to be gained by advertising, inasmuch as twenty-three of the thirty elevators were manufactured and installed by the Otis Company.

The estimated cost of this service will be \$940 per month, or \$11,280 for the year. A deduction of \$100 per month will be allowed until such time as the elevators in the new Surgical Building are operating.

The service rendered by the Otis Company during the past nine months was most satisfactory, as there were no such interruptions in service as have been experienced in past years. In addition, the elevators, which represent an immense investment, are being systematically lubricated and cared for.

Your approval for the renewal of this contract is therefore strongly recommended.

Respectfully yours,

JOSEPH P. MANNING,
President, Board of Trustees.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 5, 1936.

To the Mayor of Boston.

The residue of the soft coal used in operating the ferryboats of the Ferry Service consisting of ashes, clinkers, etc., has been removed and carted away daily from the fire room of the boats and disposed of at a dump.

For the past seven years the work of removal, etc., has been done by Miss Delia L. Carter, 443 Lubec street, East Boston, under a contract awarded to her without public advertising. The Ferry Service owns two two-wheeled tip carts and Miss Carter furnishes two horses, harnesses and two drivers who daily assist in hoisting the ashes, etc., from the fire room while the boats are at dock at the slip, depositing said ashes in the tip carts and then disposing of same. The rate of pay has been \$9 per working day. The work has been done by Miss Carter in a very satisfactory manner and I doubt if a lesser price could be obtained by advertising for the furnishing of two horses, two drivers, etc., daily, and I respectfully request permission be given to award a contract for the year 1937 to Miss Delia L. Carter at \$9 per working day. Miss Carter furnishes all equipment, labor, etc., outside of the two tip carts, the property of the City of Boston.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 10, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Cambridge Instrument Company, Grand Central Terminal, New York, to deliver to the Boston City Hospital the following:

One only, complete, All-Electric mobile type electrocardiograph Stethograph, items (a) through (g), inclusive, as per specifications, delivered f. o. b. Boston City Hospital, for the sum of \$3,450.

The Boston City Hospital informs me that on account of the increased demand for electrocardiograms on patients the portable apparatus now in use at the Boston City Hospital is inadequate, and the purchase of this instrument is necessary. The Boston City Hospital has selected this instrument as best suited for its needs, and informs me that this instrument represents a considerable advance in diagnosing patients' illnesses.

The Boston City Hospital has an appropriation to cover this instrument in its 1936 budget.

As the Cambridge Instrument Company are the sole manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

CONTRACT AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Massachusetts Welding Company has been granted an extension of the contract for furnishing and installing furniture and equipment in the Intermediate School in the Washington Irving District, by striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor, the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The Contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the specifications."

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

MAYOR MANSFIELD ACTS FOR BOSTON CITIZENS IN QUABBIN RESERVOIR MATTER.

On December 16 the following letter was addressed to the Metropolitan District Water Supply Commission:

METROPOLITAN DISTRICT WATER SUPPLY COMMISSION, 20 Somerset Street, Boston.

GENTLEMEN,—It has been called to my attention that the Otis Company of Ware has conveyed to the Boston Duck Company and the Palmer Mills, Incorporated, certain real estate and water rights in Ware, Palmer and Belchertown.

If any effort to collect damages is made against the Commonwealth, because of the diversion of water which will take place when the Quabbin Dam is completed, or for any other cause, I hereby request notice and a public hearing before any settlements are made with these grantees, or with any other claimants for damages.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Thomas and Anna Sullivan, 1935 apportionment, Plan 1931-68, lot 4B, Ashmont street, Ward 16, assessed July 13, 1933, \$11.55.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department for permission to raze the following structures as fire menaces or nuisances:

The building at 44 Arborview road, Ward 19, a fire in this building has left this structure in a dangerous condition. The chimney is now standing unsupported; the roof is gone and the first floor has fallen in; now open to trespass. Have been unable to locate the owners of record, John A. and Nora G. McLean, but a notice of the unsafe condition has been posted on the external wall of the building. Nothing has been done to remove the cause for complaint.

The building at 37 Rochester street, Ward 3, is a serious fire menace, being open to trespass. The owners, Katherine M. McCarthy et al. of 98 Temple street, West Roxbury, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause for complaint.

The building at 35 Rochester street, Ward 3, is a serious fire menace, being open to trespass. The owner, Katherine M. McCarthy of 98 Temple street, West Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause for complaint.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

ASSISTANT PSYCHIATRIC SOCIAL WORKER,
GARDNER STATE HOSPITAL, JANU-
ARY 9, 1937.

Last date for filing applications, Satur-
day, December 26, 1936, at 12 noon.

(Requisition is for a female, but the

cent in each subject of the examination
in order to become eligible.

Physical fitness to be determined by
physical examination.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States
Conference of Mayors, Mayor F. H.
LaGuardia of New York has appointed
the Mayors of fourteen cities as an
advisory board on Federal legislation
affecting municipalities. The list com-
prises:

Watkins Overton, Memphis, Tenn.,
Chairman; Harold H. Burton, Cleveland,
Ohio; Joseph K. Carson, Jr., Portland,
Ore.; R. E. L. Clancy, Tampa, Fla.;
Frank Couzens, Detroit, Mich.; Harry
D. Durst, Springfield, Mo.; Meyer C.
Ellenstein, Newark, N. J.; Thomas
Gamble, Savannah, Ga.; Oscar F. Hol-
combe, Houston, Texas; Hilary E.
Howse, Nashville, Tenn.; James R. Law,
Madison, Wis.; J. Fred Manning, Lynn,
Mass.; Roy N. Towl, Omaha, Neb.;
George J. Zimmermann, Buffalo, N. Y.—
American City Magazine.

COST OF RESURFACING ATLANTIC AVENUE.

The following is a copy of a letter received at the Mayor's office from the Commissioner of Public Works:

BOSTON, December 10, 1936.

MR. JOSEPH F. MELLYN, *Secretary*, Mayor's Office, Boston.

DEAR SIR,—Reporting on the request of his Honor the Mayor for an estimated cost of resurfacing Atlantic avenue, I beg to submit the following report.

Causeway street, Commercial street, Atlantic avenue, Ward 3, from Beverly street to Kneeland street, has a length of 9,808 feet, roadway width of from 44 to 86 feet and sidewalk width of from 5 to 12 feet.

SHEET ASPHALT PAVEMENT ON CONCRETE BASE AND REGULATING.

2,000 linear feet edgestone reset at 18 cents.....	\$360
30,000 square feet artificial stone sidewalks at 18 cents.....	5,400
1,430 linear feet repairing sea wall and piling at \$42.....	60,600
82,000 square yards sheet asphalt pavement at \$2.60.....	213,200
Total.....	\$279,560
Engineering and contingencies.....	30,440
Grand total.....	\$310,000

NOTE.—This estimate is based on the Boston Elevated Railway removing its tracks from Commercial street and Atlantic avenue. The estimate includes the cost of paving the Union Freight Railroad tracks.

In addition to the above estimate, approximately \$38,500 will be required for sewerage works.

The present roadway has granite edgestones, artificial stone sidewalk and granite block pavement on a concrete base. Said roadway pavement is in very poor condition and the sea wall and pilings along the water should be repaired, said expense being included in the above estimate.

This work could be performed under a W. P. A. project, but if so performed the same conditions would have to prevail as in the case of a contract awarded to an individual under competitive bidding, namely, that the work be continuous with three eight-hour shifts, six days per week, in order to give the traveling public and also the abutting buildings as little trouble as possible during the period of resurfacing.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

STREETS FOR COASTING.

The Mayor has approved the following vote of the Board of Street Commissioners:

December 15, 1936.

Voted, That until otherwise ordered by this Board, coasting be allowed during the winter season, not later than 10 o'clock p. m., under the regulations herein set forth and under such restrictions that the Police Department may deem proper to impose, in the following-named streets:

Police Division 1.

Allen, Brighton, Norman, Poplar, Parkman, North Anderson streets; Chambers street, from Poplar street to Spring street.

Police Division 6.

Silver street, between Dorchester and F streets, also from F street to E street; F street, between West Third and West First streets; East First street, between N and P streets; East Fifth street, between I and K streets; East Seventh street, between G and H streets; H street, between Emerson and East First streets.

Police Division 7.

Sumner street, to Jeffries street; Cottage street, to Marginal street, Brooks street, between Lexington and Saratoga streets; Putnam street, between Lexington and Saratoga streets; Breed street, to Ashley street; Homer street, to Moore street; Byron street, to Coleridge street.

Police Division 9.

Laurel, Belden, Fountain, Marshfield, Dewey, Hazelwood, Wyoming, Fairland, Dunreath, Hulbert, Holborn, Robinhood, Rochdale, Moreland streets; Whiting street, between Warren and Winthrop streets; Devon street, easterly from Blue Hill avenue; Julian street, easterly from Rand street; Randall street, between Albany and Fellows streets; Schuyler

street, between Maple street and Blue Hill avenue; Bainbridge street, between Paulding and Dale streets.

Police Division 10.

Haskins, Hillside, Norfolk, Minden streets; Chestnut avenue; Lambert avenue, between Logan and Bartlett streets; Highland street, between Fort avenue and Cedar street; Thornton street, between No. 38 and Oakland street.

Police Division 11.

Bailey, Dix, Denny, Richfield, Sumner streets; Wrentham street, from Bruce to Florida street; Alpha road; Vinson street, between Park and Marlowe streets; Ocean street, between Welles avenue and Ashmont street; Park street, between Washington and Waldeck streets; Greenbrier street, between Park and Bloomfield streets; Buttonwood street, between Grafton street and Crescent avenue; Templeton street, easterly from Dorchester avenue to Florida street; Kenwood street, easterly from Washington street; Longfellow street; Hillsdale street, from Richview street northwesterly to land of the City of Boston; Medway street, from Huntoon street to Ventura street.

Police Division 13.

Cornwall street; Chestnut avenue; Spring Park avenue, between Enfield street and Chestnut avenue; Tower street; Woodlawn street to Hyde Park avenue.

Police Division 14.

Newton, Union, Everett, Hobart, Saunders, Dustin, Ridgemont, Mansfield streets; Burton street, between Washington street and Hunnewell avenue.

Police Division 15.

Perkins street; Carney street, between Bunker Hill and Medford streets; High street, between School and Sullivan

streets; Bartlett street, between School and Sullivan streets.

Police Division 17.

Howitt road; Montclair avenue; Maxfield, Newburn, Ridge streets; Wachusett street, from Patten street to Eldridge road; Aldrich street to Belgrade avenue; Newburg street to Belgrade avenue; Ainsworth street, between Centre and South streets; Bellevue street, between Robin and Martin streets; Kittredge street, between Metropolitan avenue and Albano street; Metropolitan avenue, from Poplar street to Burley street; Park street, between Martin and Oriole streets; Burt street, between Durnell avenue and Albano street; Avalon road, from Weld street toward the Newton boundary line; Chilton road, from Weld street toward the Newton boundary line.

Police Division 18.

West, Child, Sprague streets; Metropolitan avenue; Neponset avenue; Charles street to Roxana street.

Police Division 19.

Harvard street, between Deering road and Morton street; Wales street, between Harvard and Nightingale streets; Fairmount street, from Milton avenue to near Gallivan Boulevard; Spencer street, between Athelwold and Park streets; Wilmington avenue, from Milton avenue to Gallivan Boulevard; Westmore road, from top of hill at about Gilmer street to Deering road; Pleasant Hill avenue.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of Needham street, South Boston district, as a highway, from Mohawk street to Wakefield street, bounded and described as follows:

A highway named Needham street is hereby laid out from Mohawk street to Wakefield street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Mohawk street, forty and 88-100 feet; southeasterly by the southeasterly line of said Needham street as hereby laid out, five hundred fifty-nine and 22-100 feet; easterly by the easterly line of said Needham street as hereby laid out, fifty-seven and 20-100 feet; on a curve of forty-three feet radius; westerly by Wakefield street, by two measurements, forty-eight and 93-100 feet and eighty-three and 95-100 feet; northerly by the northerly line of said Needham street as hereby laid out, seventy-nine and 96-100 feet on a curve of forty-three feet radius; and northwesterly by the northwesterly line of said Needham street as hereby laid out, five hundred thirty-two and 65-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of Needham street, South Boston district, as a highway, from Mohawk street to Wakefield street, under the order of the Board of December 3, 1936, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 7.

Rule 56 of the Rules and Regulations of the Police Department relating to "Auctioneers," as amended by General Order No. 85, July 28, 1932, is further amended by adding a new paragraph to Section 1 of said Rule 56, as set out in General Order No. 85, referred to, so that as finally amended, said Section 1 of Rule 56 shall read as follows:

RULE 56. AUCTIONEERS.

(Italicized Words are New.)

1. The commissioner may, upon petition, license suitable persons, who have resided in Boston during the six months next preceding the application for such license, to be auctioneers within the same for the term of one year upon such conditions respecting the hours and places of selling goods and chattels within the city of Boston as the commissioner deems expedient. Applications for such licenses shall be examined and reported on by the commanding officer of the division in which the applicant's place of residence is situated. Such licenses shall be given subject to such terms, conditions and regulations as the commissioner shall prescribe in general orders or otherwise. The license fee shall be two dollars. (G. L. (Ter. Ed.), c. 100, s. 2; St. 1932, c. 156, s. 1; Police Rule.)

The words "auction" or "public auction," where appearing in this rule, shall include, in addition to sales coming within its ordinary need, any sale by public outcry where property is offered first at a stated price and thereafter successively or gradually at lower prices until an acceptor or purchaser is found, this method being commonly known as "down hill selling," "action sale" or "Dutch auction," and "auctioneer" shall include any person who personally sells or offers for sale any property by the above described method. (St. 1936, c. 209, s. 1.)

Rule 56 of the Rules and Regulations of the Police Department, relating to "Auctioneers," as amended by General Order No. 85, July 28, 1932, is hereby further amended by striking out sections 14 to 30, inclusive, of said General Order No. 85, and inserting in place thereof, new sections, to read as follows:

14. The police commissioner may upon petition license suitable persons to conduct or maintain an establishment to sell at auction: Gold, silver or plated ware, stones, precious or otherwise; watches, clocks, jewelry, bric-a-brac, crockery, glassware, art goods or leather goods, or articles or goods represented as such. (St. 1932, C. 156.)

15. No person, except a licensee under section 14, chapter 100, General Laws, as amended, shall conduct or maintain an establishment wherein is held any auction represented or advertised by any one of such descriptive terms as:

"Bankruptcy," "Assignee's,"
"Insolvent," "Removal,"
"Creditor's," "Closing Out,"
"Receiver's," "Selling Out,"
"Trustee's," "Going Out of Business,"
"Liquidation."

unless he is the holder of a license issued by the police commissioner, authorizing him to conduct or maintain such establishment for the holding of the auction represented or advertised by such descriptive term. (G. L. (Ter. Ed.), c. 100, s. 18, Added by St. 1936, c. 209, s. 2.)

16. Application for such license shall contain: (a) Name and place of resi-

dence of the applicant; (b) a description of the premises whereon the applicant intends to conduct or maintain such an establishment; and (c) a sworn statement of the reasons for and character of the auction intended to be held, and a detailed inventory and any other information necessary to fully identify the goods, wares, or merchandise intended to be sold at such auction. (St. 1936, c. 209, s. 2.)

17. The police commissioner may revoke or suspend any license issued by him (under s. 14 or 18, G. L., c. 100, as amended) for any cause deemed satisfactory to him, and without a hearing. (G. L. (Ter. Ed.), c. 100, s. 18, added by St. 1936, c. 209, s. 2.)

18. No goods, wares or merchandise, except those described in the application, shall be sold at such auction. (St. 1936, c. 209, s. 2.)

19. No such licensee shall bring or cause to be brought into the licensed establishment for the purpose of being sold at an auction represented or advertised under any one of the descriptive terms aforesaid, any goods, wares or merchandise not truly described by such term. (G. L. (Ter. Ed.), c. 100, s. 18, added by St. 1936, c. 209, s. 2.)

20. Such establishment shall be kept open only between the hours of 8 a. m. and 6 p. m. on week days. (St. 1932, c. 156, Police Rule.)

21. No person licensed hereunder shall conduct or maintain such an establishment in any place other than that set forth in the license. (St. 1932, c. 156; St. 1936, c. 209, s. 2.)

22. Every license granted hereunder shall expire sixty days from its date. (St. 1936, c. 209, s. 2.)

23. The fee for each license shall be ten dollars, which shall accompany the license therefor. (St. 1932, c. 156; St. 1936, c. 209, s. 2.)

24. No person shall act as auctioneer in the sale of:

Gold, silver or plated ware; stones, precious or otherwise (or articles or goods represented as such); watches; clocks; jewelry; bric-a-brac; crockery; glassware, art goods; leather goods;

in the city of Boston unless licensed by the police commissioner, or if a person is licensed as an auctioneer in some other city or town he shall not sell such goods at auction unless he secures a permit from the police commissioner to so act. Such a permit shall expire concurrently with the license or renewal thereof granted for the place of business where the goods are to be sold. The fee for such permit or renewal thereof shall be two dollars, which shall accompany the application thereof. Such permits shall be subject to revocations in the same manner as a license granted under section 2 of chapter 100 of the General Laws (Ter. Ed.) (St. 1932, c. 156).

25. A person acting as auctioneer under authority of such a permit shall be subject to all the provisions of chapter 156, Acts of 1932, and chapter 209, Acts of 1936, so far as apt, applicable to auctioneers and to the penalties prescribed therein for violation thereof. (St. 1932, c. 156; St. 1936 c. 209; Police Rule.)

26. The provisions of section 14 of chapter 100 of the General Laws, as amended, shall not apply to establishments whose principal business, as finally determined by the police commissioner, is the sale at auction of property other than the articles or goods hereinbefore specified in section 14 of this Police Rule. (St. 1932, c. 156, s. 2.)

27. No person shall act as auctioneer at any auction at such an establishment (the licensing of which is provided for in section 14 of this Police Rule) if he knows or has reason to believe that requirements of law regarding such business, shown in section 18, chapter 100, of the General Laws (Ter. Ed.) (added by Acts of 1936, chapter 209), have not been complied with.

28. No auctioneer, or licensee under section 14 or 18, chapter 100, General Laws, as amended, shall sell, offer for sale or give away or permit to be sold, offered for sale or given away, in connection with or as a part of a public auction, any goods, wares or merchandise as prize packages, gifts, premiums or bonus, or otherwise as an inducement to purchase any other goods, wares or merchandise; and no auctioneer or licensee aforesaid shall, at any public auction, sell, offer for sale or dispose of, or permit to be sold, offered for sale or disposed of, any goods, wares or merchandise by chance or lot or without first exhibiting to prospective bidders all such goods, wares or merchandise, including those in packages, bundles or containers; provided, that the foregoing requirement relative to the exhibition of the contents of packages, bundles and containers shall not apply in the case of auctions of unclaimed articles. (G. L. (Ter. Ed.), c. 100, s. 19, added by St. 1936, c. 209.)

29. No auctioneer, or licensee under section 14 or 18, chapter 100, General Laws, as amended, or any other person shall employ or permit to be employed, or allow, directly or indirectly, any person to act at any public auction as a "capper," "by-bidder" or in any like capacity for the purpose of bidding up the price of any goods, wares or merchandise offered for sale, in competition with bona fide bidders, or for the purpose of encouraging or enticing bona fide bidders to purchase, or stimulating competitive bidding or sale; and no person shall act in such a capacity at any public auction; nor shall any person make or accept any false bid to buy, or pretend to buy or sell, any goods, wares or merchandise at any public auction. (G. L. (Ter. Ed.), c. 100, s. 20, added by St. 1936, c. 209.)

30. Every such licensee, under section 14 or 18, chapter 100, General Laws, as amended, shall keep books in which shall be described and inventoried: (a) all goods received at such establishment; (b) the date of such receipt; (c) the name and place of the business of the person on whose account they are to be sold; (d) the cost price to the licensee if purchased by him for the purpose of sale, together with the name and place of business of the vendor; (e) the names and addresses of the purchasers at the auction; and (f) the dates when sold at auction and the prices paid by said purchasers, with a description of each article so sold. (G. L. (Ter. Ed.), c. 100, s. 15, as inserted by St. 1925, c. 331.)

31. Said books shall be open to the inspection, at all reasonable times, of the police commissioner, his agents or of any police officer. (G. L. (Ter. Ed.), c. 100, s. 15, as inserted by St. 1925, c. 331.)

PENALTIES PROVIDED IN STATUTES OF 1925.

32. Any person who violates any provision of section 14, chapter 100, General Laws (Ter. Ed.), as amended by Statutes 1932, chapter 156, or section 15, chapter 100, General Laws (Ter. Ed.), or any person licensed under said section 14, as amended, to conduct or maintain an auction establishment, who is guilty of fraud or deceit in relation to any sale thereat, shall be punished by a fine of not more

than one hundred dollars, or by imprisonment of ten days, or both. (C. 100, G. L. (Ter. Ed.), s. 17, added by St. 1925, c. 331.)

33. If a person licensed under said section 14, of chapter 100 of the General Laws (Ter. Ed.), as amended, is convicted of a violation of any provision of said chapter 331, Acts of 1925, as amended by chapter 156, Acts of 1932, such license shall be revoked by the police commissioner without a hearing. (G. L. (Ter. Ed.), c. 100, s. 17, added by St. 1925, c. 331.)

PENALTIES PROVIDED IN STATUTES OF 1932.

34. The police commissioner may revoke a license to conduct or maintain an establishment issued under section 14 of chapter 100 of the General Laws (Ter. Ed.), as amended, after notice to the licensee and reasonable opportunity for him to be heard, upon satisfactory proof that he has violated or permitted a violation of any condition thereof, or of any provision of any law, by-law or ordinance. (G. L. (Ter. Ed.), c. 100, s. 16, as amended by St. 1932, c. 156.)

35. The pendency of proceedings before a court shall not suspend or interfere with the power of the commissioner to revoke. (St. 1932, c. 156.)

36. If a license issued under section 14, chapter 100, of the General Laws, as amended, is revoked, the licensee shall be disqualified to receive a like license for one year after date of revocation. (St. 1932, c. 156.)

PENALTIES PROVIDED IN STATUTES OF 1936.

37. Any person who violates any provision of sections 18 to 20, inclusive (added by Acts of 1936, chapter 209, section 2, amending chapter 100 of the General Laws (Ter. Ed.), or any person licensed under said section 18 (added by Statutes of 1936, chapter 209, section 2), to conduct or maintain an auction establishment who is guilty of fraud or deceit in relation to any auction thereat, shall be punished as provided in section 17 of said chapter 100 (added by chapter 332, Acts of 1925), which provides a fine of not more than one hundred dollars, or by imprisonment for ten days or both. (G. L. (Ter. Ed.), c. 100, s. 21, as added by St. 1936, c. 209, s. 2.)

38. If the holder of a license under section 2 or 18 of chapter 100 of the General Laws (Ter. Ed.), as amended, is convicted of a violation of any provision of sections 18 to 20, inclusive, or of section 21, of said chapter 100 of the General Laws (Ter. Ed.), added by Acts of 1936, chapter 209, section 2, such license shall be revoked by the police commissioner without a hearing. (G. L. (Ter. Ed.), c. 100, s. 21, added by St. 1936, c. 209, s. 2.)

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 8.

There is hereby established in the Bureau of Records a "Summons File" for the purpose of facilitating the service of summonses.

Summonses for service outside the City of Boston, obtained by the several divisions and units, shall be forwarded to the commanding officer of the Bureau of Records, who shall cause the same to be recorded and sent to the Chief of Police of the city or town where the defendants reside.

(Continued on page 1445.)

POLICE DEPARTMENT ORDERS.

(Continued from page 1444.)

Summonses received from other police departments for service in this city shall be duly recorded in the Bureau of Records and forwarded to the respective division for service, and after said service shall be returned to the commanding officer of the Bureau of Records.

This order shall take effect at 7.45 a. m., Monday, December 14, 1936.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 9.

The following transfer and promotions are hereby ordered to take effect Tuesday, December 15, 1936, at 5.45 o'clock p. m.:

TO THE GRADE OF AIDE TO THE POLICE COMMISSIONER—SERGEANT.

Patrolman Joseph O. Chalifoux, Jr., from Commissioner's Office, as aide to the Police Commissioner, to Commissioner's Office, as aide to the Police Commissioner—Sergeant.

TO THE GRADE OF AIDE TO THE SUPERINTENDENT OF POLICE—SERGEANT.

Patrolman Robert J. Dalton, from Division 6 to Superintendent's Office, as aide to the Superintendent of Police—Sergeant.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of Wakefield street, South Boston district, as a highway, from Old Colony avenue to Mohawk street, bounded and described as follows:

A highway named Wakefield street is hereby laid out, from Old Colony avenue to Mohawk street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Old Colony avenue, forty feet; southerly by the southerly line of said Wakefield street as hereby laid out, by three measurements, ten feet, thirty-six and 14-100 feet on a curve of one hundred twelve and 89-100 feet radius and one hundred sixty-four and 6-100 feet on a curve of two hundred ninety-four and 31-100 feet radius; southwest-erly by the southwesterly line of said Wakefield street as hereby laid out, by three measurements, four hundred three and 83-100 feet, four hundred fifty-eight and 37-100 feet and two hundred twelve and 54-100 feet on a curve of three hundred sixty and 80-100 feet radius; westerly by the westerly line of said Wakefield street as hereby laid out, by two measurements, three and 37-100 feet and one hundred eighteen and 52-100 feet on a curve of eight hundred nine-teen and 1-100 feet radius; northwesterly by the northwesterly line of said Wakefield street as hereby laid out, two hundred eighty-eight and 55-100 feet on a curve of three hundred forty-nine and 30-100 feet radius; westerly by the west-erly line of said Wakefield street as hereby laid out, ninety-two and 43-100 feet on a curve of fifty feet ra-dius; northeasterly by Mohawk street, one hundred seventy-nine and 99-100 feet; southerly by the southerly line of said Wakefield street as hereby laid out, one hundred twenty and 98-100 feet on a curve of ninety-five and 50-100 feet radius; southeasterly by the southeast-erly line of said Wakefield street as hereby laid out, two hundred sixty-three and 62-100 feet on a curve of three hundred nine and 30-100 feet radius; easterly by the easterly line of said Wakefield street as hereby laid out, by two measurements, one hundred twelve and 74-100 feet on a curve of seven hundred seventy-nine and 1-100 feet radius and three and 37-100 feet; north-easterly by the northeasterly line of said Wakefield street as hereby laid out, by three measurements, one hundred eighty-eight and 98-100 feet on a curve of three hundred twenty and 80-100 feet radius, four hundred fifty-seven and 41-100 feet and four hundred two and 87-100 feet; and northerly by the north-erly line of said Wakefield street as hereby laid out, one hundred forty-one and 76-100 feet on a curve of two hundred fifty-four and 31-100 feet radius, twenty-three and 34-100 feet on a curve

of seventy-two and 89-100 feet radius and ten feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public im-provement, consisting of the laying out of Wakefield street, South Boston district, as a highway, from Old Colony avenue to Mohawk street, under the order of the Board of December 7, 1936, and awards no damages therefor.

EXTRA WORK UNDER CONTRACT.

A. Baruffaldi Company has been di-rected to perform the following extra work under the contract for sewerage works in Stony brook, Section 14, P. W. A. Docket No. 41939, West Roxbury district. Items ordered: Furnish two manhole covers composed of a series of small reinforced concrete slabs. Although this is in addi-tion to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$40.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and con-venience, during the Christmas period, parking of vehicles is prohibited in the following street, effective December 14, 1936, to December 24, 1936, inclusive:

Nashua Street, Downtown Boston.

West side, from Causeway street to Cotting street.

East side, from a point opposite Cotting street to a point two hundred (200) feet north of opposite Cotting street.

Voted, That as urgently required by considerations of public safety and con-venience, during the period of construc-tion of the New England Power Com-pany building, estimated to be twelve (12) months, parking of vehicles is pro-hibited in the following street, effective December 15, 1936:

Stuart Street, Downtown Boston.

South side, from Trinity place to Dartmouth street.

Voted, That as urgently required by considerations of public safety and con-venience, during the period of Children's Christmas party under the auspices of the New England Telephone and Tele-graph Company, the following rules are effective on December 17, 1936:

Vehicles must be parked with right rear wheel to the curb in the following street:

Huntington Avenue, Downtown Boston.

Northwest roadway, northwest side, from opposite Garrison street to West Newton street.

Parking of vehicles is prohibited in the following street:

West Newton Street, Downtown Boston.

Southwest side, from Falmouth street to Huntington avenue.

Voted, That as urgently required by considerations of public safety and con-venience, during the period of Christmas postal deliveries, parking of vehicles is prohibited in the following street, ef-fective December 17, 1936, to December 24, 1936, inclusive:

Myrtle Street, West Roxbury.

North side, from Centre street to a point one hundred (100) feet west of Centre street.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Stratford street, West Roxbury district, as a highway, from Woodard road southeasterly, bounded and described as follows:

An extension of the highway named Stratford street is hereby laid out from Woodard road southeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Stratford street (highway) forty and 2-100 feet; northeasterly by the northeasterly line of said extension of said Stratford street as hereby laid out, by two measurements, two hundred seventy-nine and 61-100 feet on a curve of twenty-six hundred and forty feet radius and one hundred twenty-one and 49-100 feet; southeasterly by Stratford street (highway) forty feet; and southwesterly by the southwesterly line of said extension of said Stratford street as hereby laid out, by two measurements, one hundred twenty-one and 49-100 feet and two hundred seventy-six and 47-100 feet on a curve of twenty-six hundred feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly and southwesterly sides of said extension of Stratford street and the abutting lot of land on the southwesterly side of Stratford street (highway) designated as lot 15, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Stratford Street, West Roxbury, Assessment Plan, November 23, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Stratford street, West Roxbury district, as a highway, from Woodard road southeasterly, under the order of the Board of December 9, 1936, and awards no damages therefor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe in Pondred Circle, between 315 feet north of Pond street and 110 feet northeasterly, in the West Roxbury district, at an estimated cost of \$1,300.

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 30, 1936.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.25 o'clock P. M., the Chairman presiding.

Present: Messrs. Lyons, Smith, Sullivan, and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

LEAVES OF ABSENCE

On the recommendation of the Superintendent, leaves of absence under a suspension of the regulations were granted as follows:

Dorchester High School for Boys—Lester S. Hart, junior master, Oct. 18 to Nov. 30, 1936.

Quincy District—Louise H. Reardon, assistant, elementary, Sept. 1 to Sept. 30, 1936, without pay.

Department of Household Science and Arts—Mary L. Dermody, teacher of sewing, intermediate, Oct. 1, to Dec. 31, 1936.

On motion of the Superintendent, it was

ORDERED, That Edward M. McDonough, Master, Boston Trade School, is hereby granted leave of absence without loss of pay for the period Nov. 30 to Dec. 4, 1936, inclusive, to attend the National Convention of the American Vocational Association, to be held at San Antonio, Texas.

ASSIGNMENTS

A communication was received from the Superintendent, under

date of Nov. 30, 1936, reporting that subject to the approval of the School Committee, he has assigned the following-named master's assistants to the Department of Practice and Training, without change of rank or salary and with no credit on any promotional rating for this service, said assignments to take effect Nov. 25, 1936, and to continue for the school year ending Aug. 31, 1937, unless earlier terminated by the Superintendent with the approval of the School Committee:

Chapman District—Rose E. Philbin.

Phillips Brooks District—Mary M. Cronin.

Placed on file and the assignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee, he has assigned Margaret A. Learson, teacher of cookery, intermediate, Department of Household Science and Arts, to the Roslindale High School, three-fifths time, to take effect Nov. 16, 1936, and to continue for the school year ending Aug. 31, 1937, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take place on the date stated.

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee, he has assigned the following-named teacher to a class attended exclusively by boys in a grade above the third in the district herein stated:

Michelangelo Intermediate District—Esther G. McGovern, assistant intermediate, Oct. 22, 1934.

Placed on file and the assignment approved, to take effect on the date stated.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee, he has assigned Ruth B. Dowd and Anna E. Madigan, temporary teachers, for home instruction of physically handicapped children, to take effect Nov. 23, 1936.

Approved.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTEN

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee, he has terminated the service of Helen S. Morrison, assistant, kindergarten, Samuel Adams District, in the afternoon sessions of that kindergarten, to take effect Nov. 6, 1936.

Placed on file and the termination of service approved.

COMPENSATION ALLOWED ACTING NUTRITION CLASS ATTENDANTS

On motion of the Superintendent, it was

ORDERED, That for the school year ending Aug. 31, 1937, and until otherwise ordered, the Superintendent is hereby authorized in his discretion to designate assistant nutrition class attendants as acting nutrition class attendants, additional compensation for such service to be at the rate of one dollar (\$1) per day of service.

NEWSBOYS TRIAL BOARD

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that the following-named newsboys have been elected members of the Newsboys Trial Board, to take effect Nov. 19, 1936:

Anthony Dell'Orfano, judge, Michelangelo School; Fred B. Frink, judge, English High School; Arthur Levene, judge, Boston Trade School

Placed on file

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that Joseph Cammarata, English High School, has been appointed clerk of the Newsboys Trial Board for the year 1936-1937, to take effect Nov. 19, 1936

Placed on file.

ORGANIZATION OF CLASSES AT BOSTON TRADE SCHOOL

On motion of the Superintendent, it was

ORDERED, That the employment of Henry D. Fallona, shop superintendent, Boston Trade School, in connection with the organization and administration of classes in pipe-welding and in aeroplane rigging in the Boston Trade School on Wednesday and Friday evenings, from Nov. 18, 1936, to June 24, 1937, is hereby authorized, compensation for such service to be at the rate of one dollar fifty cents (\$1.50) per session, the cost to be covered by Federal funds administered by the Commissioner of Education and allotted by special distribution to the City of Boston.

CLASSES IN AEROPLANE RIGGING

On motion of the Superintendent, the order passed at the meeting of Oct. 30, 1936 (see p. 194), providing for the conduct of a class for apprentices in aeroplane rigging at the Boston Trade School, Evening Classes, was rescinded.

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1937, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct a class in aeroplane rigging twice a week at the Boston Trade School,

the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education and allotted by special distribution to the City of Boston; reimbursement in the amount of fifty per cent (50%) for all other expenses in connection with the maintenance of the class to be made to the City of Boston by the State Department of Education.

On motion of the Superintendent, it was

ORDERED, That the employment of not more than two instructors in the class in aeroplane rigging at the Boston Trade School is hereby authorized, compensation to be at the rate of four dollars (\$4) per session of two hours.

A communication was received from the Superintendent, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the class in aeroplane rigging at the Boston Trade School, to take effect on the date stated:

Gerald R. Mitsch, George G. Nelson, instructors, Dec. 2, 1936.
Approved.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Nov. 30, 1936, transmitting the name of the successful candidate of the 1936 examinations for certificate XI. Special: Salesmanship, as reported by the Board of Examiners. This name should be inserted in School Document No. 2, 1936.

Special Certificates Valid in Day
High Schools
Salesmanship

Rating	Name	Certificate expires
916	Josephine L. Merriam	Dec. 31, 1942

Placed on file.

REINSTATEMENT OF SCHOOL PHYSICIAN

On motion and with the approval of the Division of Civil Service, the reinstatement of Dr. Gaetano Praino as permanent school physician, Department of School Hygiene, was approved to take effect Dec. 2, 1936, the four members present voting in the affirmative.

APPOINTMENT OF ASSISTANT, OFFICES OF SUPERINTENDENT-SECRETARY.

A communication was received from the Secretary, under date of Nov. 30, 1936, reporting that subject to the approval of the School Committee and with the approval of the Commissioner of Civil Service and the Chief Executive Officer, Boston Psychopathic Hospital, she has appointed Katharine R. Kelly as assistant, Group D, in the offices of the Superintendent-Secretary, by transfer from the Boston Psychopathic Hospital, to take effect Nov. 30, 1936.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was
ORDERED, That the salary of Katharine R. Kelly, assistant, Group D, in the offices of the Superintendent-Secretary, is hereby established at the rate of twenty dollars (\$20) per week, to take effect Nov. 30, 1936.

DEATH OF ASSISTANT, BUSINESS MANAGER'S OFFICE

A communication was received from the Business Manager, under date of Nov. 30, 1936, reporting the death, on Nov. 17, 1936, of Mary E. Ford, pay roll clerk in the office of the Business Manager.

Placed on file.

RECERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of Nov. 30, 1936, submitting recertification of the areas of the Robert Gould Shaw Schoolhouse, upon which the compensation for custodian service is based, to take effect Sept. 10, 1936.

Placed on file and the Chairman authorized to approve such recertification, to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 30, 1936, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Walter D. Crawford, custodian, Samuel Dexter Schoolhouse, Nov. 15 to 19, 1936, inclusive.

Thomas H. Walsh, custodian, Farragut Schoolhouse, Nov. 27 to Dec. 31, 1936, inclusive.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Nov. 30, 1936, recommending that the transfer of Francis J. Wachenheim to the Cudworth Schoolhouse, approved at the meeting of Oct. 30, 1936, be rescinded.

Placed on file and the action approving the transfer rescinded.

A communication was received from the Schoolhouse Custodian, under date of Nov. 30, 1936, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John J. Brennan from the Norcross to the Winchell Schoolhouse, Dec. 6, 1936

Joseph N. Cunning from the Bunker Hill to the Cudworth Schoolhouse, Dec. 6, 1936

Frederick M. Manning from the John Winthrop to the Edmund P. Tileston Schoolhouse, Dec. 6, 1936

Placed on file and the transfers approved, to take effect on the date stated.

SUPERVISOR OF HEALTH EDUCATION AND SAFETY EDUCATION

On motion, it was

ORDERED, That the rank of John P. Sullivan, Supervisor of Health Education, is hereby changed to that of Supervisor of Health Education and Safety Education.

ORDERED, That for the school year ending Aug. 31, 1937, the salary of Supervisor of Health Education and Safety Education is hereby established as follows:

Minimum \$3024, annual increase \$144, maximum \$4176.

Chairman: I feel that the development of appreciation of the necessity for instruction along the lines of safety education in the schools during recent years makes it imperative that we assign someone in the schools to that special field. I am sure that Mr. Sullivan will receive the cooperation of all the members of the department. The salary for the new rank is the same as that which has been in effect for the Supervisor of Health Education.

UNFINISHED BUSINESS

The two orders laid over at the meeting of Nov. 16, 1936 (see pp. 204-5) making changes in the Authorized List of Text Books, were taken up and passed, the four members present voting in the affirmative.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1937.

New Bedford, Friday, December 10.
New Bedford, Saturday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
JAMES G. REARDON,

PROCEEDINGS OF CITY COUNCIL.

Monday, December 14, 1936.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Gleason, Kilroy, Peter A. Murray, Norton, Tobin.

DEATH OF HON. JOHN E. BALDWIN.

Coun. GEORGE A. MURRAY and JOHN E. KERRIGAN offered the following:

Whereas, The City Council of the City of Boston, with a profound feeling of sorrow and regret, has learned of the recent death of the Honorable John E. Baldwin, late Clerk of Committees of the Boston City Council, former member of the Boston Common Council, former member of Massachusetts House of Representatives, former member of the Massachusetts State Senate, and former member of the Board of Aldermen of the City of Boston; therefore be it

Resolved, That the City Council of the City of Boston desires to record in the imperishable records of the city the gratitude and appreciation of the citizens of our city for the long, honorable and noteworthy services rendered by the Honorable John E. Baldwin; and the Boston City Council further records its joint and individual expression of personal affection and respect for the late Honorable John E. Baldwin, who, during his life, was loyal to his God, his country and his home; and who, in death, will ever be remembered for his integrity, his sincerity and his charity towards all.

The question came on the adoption of the resolution.

Coun. WILSON—Mr. President, we regret the passing of John E. Baldwin, former member of the Common Council, Board of Aldermen, Massachusetts House of Representatives and State Senate, and for seventeen years Clerk of Committees for the Boston City Council. Able public official and faithful public servant; counselor and trusted friend. Sympathetic and understanding, kindly but firm. Strong in his convictions, but warm in his friendships. Companion and associate of men old in public service; patiently helpful to youth. Genial and kindly host; reliable and loyal friend. No man who ever served in the Boston City Council but who valued his friendship and advice. Not just one who has gone on; but the worth-while and cherished memory of a real man,—“Johnnie” Baldwin.

The resolution was adopted by a unanimous rising vote.

Coun. KERRIGAN—Mr. President, out of respect to the memory of the late John E. Baldwin I move that the meeting do now adjourn.

Coun. McGRATH—Mr. President, I move that it be to meet tomorrow.

Coun. DOWD—Mr. President, I would move that when we adjourn it be to meet on December 28.

Coun. GEORGE A. MURRAY—Mr. President, I rise to a point of order, that Councilor McGrath's motion was that we meet tomorrow.

President FITZGERALD—The question on adjournment to December 28 takes precedence.

Coun. MELLE—Why do you so rule, Mr. President?

President FITZGERALD—The longest time is put first, under our rules, councilor.

Coun. GEORGE A. MURRAY—Mr. President, if that be so,

President FITZGERALD—No debate is in order on a motion to adjourn. The councilor is out of order.

Coun. DOWD—Mr. President, if there is no objection I withdraw my motion that when we adjourn it be to meet on December 28.

President FITZGERALD—Councilor Dowd has withdrawn his motion. The question now comes on Councilor McGrath's motion that when we adjourn it be to meet tomorrow.

The motion that when the Council adjourn it be to meet tomorrow was declared lost. Coun. MELLE doubted the vote and asked for a rising vote.

Coun. AGNEW—Mr. President, I move that we take a recess for five minutes.

President FITZGERALD—The motion is out of order, while the doubt is being solved.

Coun. McGrath's motion that when the Council adjourn it be to meet tomorrow at 2 p. m., was declared carried, 9 in favor, none against, on a rising vote.

Adjourned at 2.15 p. m., on motion of Coun. McGRATH, to meet on Tuesday, December 15, 1936, at 2 p. m.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

PROPOSALS ADVERTISED.

SUPPLY DEPARTMENT.

Readvertises for proposals for furnishing rock salt to the Fire Department and Water Division. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, December 24, at 12 m.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,771; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 30,034; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,423; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ROCK SALT.

The Supply Department of the City of Boston invites proposals for furnishing rock salt to the Fire Department and Water Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, December 24, 1936, at 12 o'clock noon, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 19.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR STORING, WASHING, DISINFECTING AND DEODORIZING GARBAGE TRUCKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for storing, washing, disinfecting and deodorizing garbage trucks and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Storing, Washing, Disinfecting and Deodorizing Garbage Trucks," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Monday, December 28, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Dec. 19.) Commissioner of Public Works.

CITY OF BOSTON.

COURT HOUSE COMMISSION.

PROJECT MASS. 1142-RS.
NOTICE TO CONTRACTORS.

Sealed proposals for sub-structure for additions to the Suffolk County Court House, Boston, Mass., will be received at the office of the Suffolk County Court House Commission, Rooms 802-803, One Beacon street, Boston, until 2 o'clock Eastern Standard Time, Tuesday, December 29, and at that time will be publicly opened and read. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, on Tuesday, December 15, upon deposit of certified check for one hundred fifty dollars (\$150.), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition within seven days after the opening of bids. Documents and drawings may be examined at the office of Brown's Letter Corporation, 38 Chauncy street, Boston. Bids must be accompanied by a certified check in the sum of seven thousand five hundred dollars (\$7,500), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of the bids. A duplicate sealed proposal, without certified check, shall be filed with the City Auditor of the City of Boston before the time for opening of bids. The project is to be financed under the terms of the Emergency Relief Appropriation Act of 1935, and chapter 474, Massachusetts Acts of 1935, and attention is called to the "Construction Regulations," prescribed by the P. W. A. Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents. The office of the United States Employment Service designated for the Government for this project is National Reemployment Service, Edward L. Hanna, Manager, 100 Nashua street, Boston. The right is reserved by the Commission to reject any or all bids, to waive any informalities and no award can be made without the approval of the State Director, P. W. A. A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Massachusetts Acts of 1935.)
(Dec. 12-19.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE FORDSON TRACTOR.

The Supply Department of the City of Boston invites proposals for furnishing one Fordson tractor to the Public Works Department, Sumner Traffic Tunnel. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., on Thursday, December 24, 1936, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 19.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING THREE STANDARD COMMERCIAL PICK-UP FORD CARS.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department three Standard Commercial Pick-Up Ford Cars as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, December 24, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Dec. 19.) Superintendent of Supplies.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR LAUNDRY WORK.

The Overseers of the Public Welfare of the City of Boston invite proposals for laundry work (sheets and pillow cases, bedspreads and blankets) according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids with a certified check for two hundred (200) dollars, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Monday, December 28, 1936, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening of the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any or all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet payments thereunder.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING ICE CREAM FOR BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, ice cream for use in the Boston Public School Cafeterias. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Ice Cream." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, December 23, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Dec. 19.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS AND BRONZE FITTINGS.

The Supply Department of the City of Boston invites proposals for furnishing iron castings and bronze fittings to the Sewer Division. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 28, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, DECEMBER 26, 1936.

No. 52

FINANCE COMMISSION SCORED BY SCHOOL COMMITTEE ON ATTITUDE TAKEN RELATIVE TO DISPOSAL OF VACANT PROPERTIES — MAYOR MANSFIELD RECEIVES LETTER FROM SECRETARY OF BOARD OUTLINING CONDITIONS SURROUNDING HOLDINGS AND CIRCUMSTANCES WHICH PRECLUDE ANY POSSIBILITY OF FOLLOWING SUGGESTIONS OUTLINED — MUCH OF PROPERTY UNDER DISCUSSION NEEDED FOR SCHOOL PURPOSES AS SOON AS FUNDS ARE AVAILABLE.

On December 18 Mayor Mansfield made public the following letter from Ellen M. Cronin, Secretary of the School Committee of Boston, relative to the sale of school lands as suggested by the Finance Commission:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MAYOR MANSFIELD,— In accordance with your request of November 25, 1936, the Boston School Committee is submitting a statement on the report of the Finance Commission under date of November 10, 1936.

The report is a plea for the sale of school property which is no longer needed for school purposes when the real estate market is favorable for such sale. Instead, however, of a suggestion to this effect, the report makes an appeal to your Honor to "use your influence to turn these properties into cash and thus restore them to the taxable list," as if your Honor and the School Committee were unfamiliar with the situation regarding the sale of unneeded school property and were neglectful of the city's interests.

The report, while addressed to your Honor as Chairman of the Board on Sale of Land and Buildings, deals entirely with alleged derelictions of the School Committee. The report is misleading to the public because it misstates and misrepresents facts that are easily verified, and because it embodies erroneous conclusions which are based on unwarranted assumptions.

Duties of Board.

The first paragraph of the report describes the creation and duties of the Board on Sale of Land and Buildings. The second paragraph then proceeds: "This Board of Sale has rarely functioned as the statute authorized it to do. The School Committee has not given it opportunity. The Committee has consistently neglected to release parcels that were acquired with school funds, which are not now required, and perhaps never will be for school purposes."

An examination of the records of the School Committee and of the Board on Sale of Land and Buildings discloses the fact that at least six of the parcels listed in the report were offered for sale by vote of the School Committee and are still offered for sale, but have attracted no bidders; that five other parcels cannot be sold because of conditions of gift or bequest or because of difficulties regarding title; and that in the case of two or three other parcels, the School Committee has refrained from voting it advisable to sell because of the known condition of the real estate market.

All the other parcels mentioned in the report will, in the opinion of the School Committee, be required for school purposes just as soon as funds are available.

Brainerd Road Property.

The story of the Brainerd road property in Brighton will serve to refute charges that the School Committee has consistently neglected to release parcels which are not now required, and will also serve to confirm the judgment of the School Committee in not offering additional school property for sale in a declining market.

The Brainerd road property was released for sale by vote of the School Committee on March 3, 1930. On March 10, 1930, the Board on Sale of Land and Buildings authorized the sale of this property at public auction at an upset price of \$20,000. Prices were lowered successively: August 5, 1930, to \$13,000; July 29, 1931, to \$10,000; and December 1, 1933, to \$6,000.

The report of the Finance Commission contains a list of twenty-eight school parcels which should be given "immediate attention" and a supplementary list of ten parcels which have been leased to various veterans' organizations and to the Boston Tuberculosis Association. In the case of this latter list of ten parcels, the Finance Commission makes no recommendation, and no consent seems necessary on the part of the School Committee.

The Committee would point out that the present School Committee has purchased none of the parcels listed by the Finance Commission.

The report fails to recognize that since the passage of chapter 491 of the Acts of 1929 a new policy governing the taking of school sites has been mandatory and that under this policy the Superintendent of Schools must approve every site selected. Since the adoption of this act the only sites listed in the report of the Finance Commission which have been purchased are three sites in Hyde Park. These three sites, of which two adjoin school property, are intended for the replacement of old wooden elementary buildings as soon as funds are available.

Nearly half the cash outlay mentioned in the report as incurred "within the time when accurate records have been kept" was expended for the Camden street site just prior to the reorganization of the Schoolhouse Department. This site will be used for a South End Intermediate School, and is in accord with a constructive suggestion made by the Survey of 1930 sponsored by the Finance Commission — that the intermediate school program be completed as soon as possible.

The School Committee is attaching hereto a list of properties owned by the School Committee but not being used for school purposes.

Very truly yours,

ELLEN M. CRONIN, *Secretary.*

(Continued on page 1455.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 28, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR MANSFIELD APPEALS TO PUBLIC-SPIRITED CITIZENS OF BOSTON IN BEHALF OF DISABLED VETERANS, SO THAT CHRISTMAS MAY BE AN ESPECIALLY HAPPY TIME FOR THEM — SPEAKS IN BEHALF OF DISABLED VETERANS CHRISTMAS MEMORIAL COMMITTEE, WHICH SEEKS FUNDS TO BRIGHTEN LIVES OF THESE MEN DURING YULETIDE SEASON RATHER THAN REMEMBERING THEM ON MEMORIAL DAY.

The following address was broadcast by Mayor Mansfield over Station WBZ on December 20:

What do the American people think of their Veteran Soldiers? Do they hold them in warm memory, conscious of the debt that our country owes to them? Do the people realize fully the extent of the obligation laid upon them by the sacrifices made by the soldier and the sailor who have borne arms for their country and have fought their nation's battles?

Oh, yes — we realize all that! We know our duty to the veterans. And do we not discharge it? Do we not on every Memorial Day pay tribute to our nation's heroic dead? On that day all over the land, in every city, town and village, drums are muffled, sounds of industry are hushed, flags are half-staffed, flowers and bronze markers decorate every grave. Orations are made and the glory of the veteran who died for his country, or who bore arms and offered to die for it, is everywhere extolled.

And after the eulogies are over, after the dirges are sung and funeral marches are finished, at noon-time the flag is raised again to the peak — the music is more martial and stirring and all the nation bears tribute to their dead heroes. Patriotic fervor is feverish again. Does not that show that we remember our nation's heroic dead? It does, certainly, and those beautiful ceremonies will always be continued by a grateful country.

But, my dear friends, I am moved to ask, why do we wait until Memorial Day to show our love and appreciation? Why do we wait until our veterans and our heroes are dead to do them honor? Can we not do something *now*? *Now* — while they are living and can appreciate and enjoy whatever tribute we may tender them?

And what memories are conjured up by that word — "veteran." We picture a manly figure in the uniform of the United States Army or Navy — in his youth — vigorous — boyish — throbbing with the joy of life, and filled with the spirit of adventure and above all imbued with patriotism and love of his native land — and willing if needs be to die for it.

But let me present another picture. It is of a veteran, too — but it is a *disabled veteran* — and he it is for whom I plead tonight. Disabled! Let that word sink into our hearts and let us ask ourselves — disabled? How? In the service of our country. And for what? In order that our country might endure and that you and I might live and enjoy those blessings that Almighty God has showered down upon us so abundantly. Let us remember those who served and suffered for us and in this Holy Christmas time help to swell the fund of the Disabled Veterans Christmas Memorial Committee. Let us brighten their lives a little so that they may know that martial music and stirring eulogies on Memorial Day are not to be their only recognition but that *now*, while they are with us, they are not forgotten and that the world takes notice of what they were and what they did and of their extreme need today.

And while we bless them, and thank them, let us mingle with our kind words something more substantial — some little gift that will make them smile again — that will light up in their faces the warm fires of hope, that will warm their hearts and our own, for it is ever more blessed to give than to receive. For the true secret of happiness lies in making others happy.

Let us then, to the extent that we can afford, help to make their Christmas happy and our own Christmas happier by remembering our Disabled Veterans and by sending our contributions, however modest they may be, to this unselfish and earnest committee which for sixteen years has discharged this loving duty so faithfully and so well. Please send contributions to Allan Forbes, State Street Trust Company.

COMMUNICATION FROM SCHOOL COMMITTEE.

(Continued from page 1452.)

PROPERTIES OWNED BY THE SCHOOL COMMITTEE BUT NOT BEING USED FOR SCHOOL PURPOSES.

I. Properties which the School Committee, in accordance with the provisions of chapter 259 of the Acts of 1906, and on the dates stated, voted it advisable to sell, and on which the Board on Sale of Land and Buildings has set upset prices:

Ward 2. Charles E. Daniels School, Mead street, Charlestown—land, July 22, 1932 (temporarily in use as a recreational center by W. P. A.).

Ward 3. Way street, South End—land, July 9, 1928.

Ward 9. Roxbury and King streets, Roxbury—land, July 1, 1929.

Ward 21. Brainerd road, Brighton—land, March 3, 1930.

Ward 21. Union street, Brighton—land, March 3, 1930.

Ward 22. Harvard School site, North Harvard street, Allston—land, December 5, 1932.

II. Properties which cannot be sold because of conditions of gift or difficulties regarding title:

Ward 13. Magnolia street and Alexander avenue, Dorchester—land.

Ward 16. Harris and Little Em'ly School site, Adams street and Victory road, Dorchester—land.

Ward 18. Butler School, River street, Hyde Park—land and building.

Ward 20. Grove street, West Roxbury—land.

Ward 20. Washington and Stimson streets, West Roxbury—land.

III. Properties which might be offered for sale if the conditions of the real estate market warranted:

Ward 18. Land across the street from Trescott School building.

Ward 20. Site of Old Baker Street School, West Roxbury.

Ward 21. St. Mary's street, Back Bay, part of site of William McKinley School.

IV. Properties which would have been offered for sale if they had not been leased to veterans' organizations in accordance with chapter 40 of the General Laws, and to the Boston Tuberculosis Association:

Ward 1. Austin School, East Boston.

Ward 2. Jacob Foss School, Charlestown.

Ward 3. Tyler Street School, South End.

Ward 5. Grant School, West End.

Ward 9. Cottage Place School, Roxbury.

Ward 12. Winthrop School, Roxbury.

Ward 16. Dorchester Avenue School, Dorchester.

Ward 19. Florence Street School, Roslindale.

Ward 19. Washington Street School, Forest Hills.

Ward 21. Mary L. Brock School, Brighton.

Ward 21. Washington Allston Annex, Allston.

V. Properties released to the Public Welfare Department and occupied for W. P. A. purposes:

Ward 5. Skinner School, South End.

Ward 8. Mount Pleasant Avenue School, Roxbury.

Ward 14. Glenway School Annex, Dorchester.

Ward 14. William Brewster School Annex, Dorchester.

Ward 22. Bennett School Annex, Brighton.

VI. Properties in use by Department of School Buildings:

Ward 3. Bowdoin School.

Ward 3. Washington School.

VII. Properties being held for future use:

Ward 1. Teragram street and St. Andrew road, East Boston, land for elementary school.

Ward 4. Scotia and Dalton streets, Back Bay, land for annex to Mechanic Arts High School.

Ward 9. Camden street and Shawmut avenue, South End, land for intermediate school.

Ward 12. Winthrop street, Roxbury, land for possible addition to High School of Practical Arts.

Ward 16. Adams street, Dorchester, land for elementary school.

Ward 18. Gordon avenue and Linwood street, Hyde Park, land for replacement of wooden building on adjoining lot.

Ward 18. Hyde Park avenue and Hawthorne street, Readville, land for replacement of wooden buildings and portables.

Ward 18. Safford and Lockwood streets, Hyde Park, land for replacement of wooden buildings on adjoining lot.

Ward 18. Warren and Fairmount avenues, Hyde Park, land for replacement of wooden building.

Ward 19. Hillside School, Jamaica Plain, land and building for annex to Jamaica Plain High School.

Ward 19. Pershing road, Jamaica Plain, land in rear of Mary E. Curley School for elementary school (now being used as school garden).

Ward 20. Washington street and Cottage avenue, West Roxbury, land for elementary school.

Ward 20. Weld and Buchanan streets, West Roxbury, land for elementary school.

DISTRICT ATTORNEY'S OFFICE.

Approval has been given to promote Michael J. Coyne, junior clerk, to principal clerk at \$2,300 a year.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

The Rugo Construction Company has been allowed to issue an order of change making an addition, in the sum of \$5,600 to the contract for the erection and completion of the addition to the South Boston High School, G street and Thomas park, South Boston. This amount is necessary in order to pay for furnishing the labor for removing the temporary heat for the new addition for approximately 4,000 hours at \$1.40 per hour.

If there is a lesser number of hours of labor requested by the Superintendent of Construction than the above, then there will be a deduction of the number of hours not consumed at the rate of \$1.40 per hour. If the Superintendent of Construction shall require more than the above number of hours for temporary heat then the additional number of hours shall be paid for at the rate of \$1.40 per hour.

This request is based on the same hourly basis as that specified for the Phillips Brooks District School Docket No. 1090-R, except that on this project (No. 1091-R) the general contractor will receive 10 per cent on top of what the heating contractor pays out for labor on temporary heat.

This request has been approved by the State Director of the P. W. A. in change order 22-1-17.

Rugo Construction Company has been allowed to add as follows to the contract for the South Boston High School addition: For sheathing the connection between the health room and typewriting room as requested by health director, \$126.90; for closing opening to form new closet in Room 316, \$65.20; for refitting unused door in present closet of teachers' lunch room and installing new trim and new shelves, \$24—\$216.10, and the amount of \$216.10 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$14,276.20; amount of contract, \$400,497.20.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School addition the following: Furnish and install asphalt tile floor in food preparation room and corridor adjacent to the boys' toilet as far as stair well in basement of present building, and the amount of \$584.10 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$14,060.10; amount of contract, \$400,281.10.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School addition the following: Remove old hard pine floor in Assembly Hall and relay with first quality new maple flooring over felt paper, floor to be finished according to specifications for maple floors, and the amount of \$948 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$13,476; amount of contract, \$399,697.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School addition the following: Remove bolts from wall holding in place metal lockers in the corridor adjacent to the girls' locker room, and the amount of \$12 will be added therefor, making the account as follows: Contract

price, \$386,221; total additions, \$12,528; amount of contract, \$398,749.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School the following: Furnish and install a new 2-inch brass water main on the basement ceiling of present building and connect all existing risers and fixtures, also rearrange supply piping for custodian's room, \$2,824.30; furnish and install an asphalt tile floor in present boys', girls' and teachers' lunch rooms and passageway between lunch rooms, \$2,484.90—\$5,309.20, and the amount of \$5,309.20 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$12,516; amount of contract \$398,737.

Rugo Construction Company has been allowed to add as follows to the contract for the South Boston High School: Remove old marble slab on the outside wall of boys' toilet room "C" on ground floor and replace with slate to match new partition, and the amount of \$258.50 will be added therefor, making the account as

follows: Contract price, \$386,221; total additions, \$7,206.80; amount of contract, \$393,427.80.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School addition the following additional work in connection with alterations to the boys' and girls' lunch rooms: Shoring, \$330; cutting pockets for two wall-bearing plates and patching same, \$20; cutting brickwork for bonding brick pilaster, \$20; 2.8 cubic yards concrete at \$14, \$39.20; brickwork, 480 brick at \$40 per M., \$19.20; setting bearing plates, \$4; setting structural steel, \$120; fireproofing steel, \$175; patching asphalt finish floors, \$25—\$752.40; heating work, \$168; painting, \$30; furnishing structural steel and columns, \$339—\$537; contractor's 10 per cent, \$53.70—\$590.70; total, \$1,343.10, and the amount of \$1,343.10 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$1,343.10; amount of contract, \$387,564.10.

P. J. Cantwell & Son have been allowed to add to the contract for the Washington

Irving School alterations the following: Bricking up under the three basement stairways with salt-glazed brick to match the present salt-glazed brick in stairway corridors, 2,200 salt-glazed brick at \$55 per M., \$121; materials and labor, \$165; general shop in basement, Unit 2, removing 2,200 square feet block on end flooring, \$33; 2,250 feet of 2-inch by 4-inch salt-treated wood screeds at 6 cents per foot including labor, \$135; 2,200 square feet of spruce underflooring at 60 cents per foot including labor, \$132; 2,800 feet clear No. 1 maple flooring including labor at 12 cents per foot, \$336; key boards for locker keys, lumber, \$18; hardware, \$9; labor, \$34—\$61; art rooms, Unit 3, second floor, removing the present maple flooring, \$46; relaying present maple flooring, \$54; furnishing and laying 250 extra square feet of clear No. 1 maple flooring at 12 cents per foot, \$30—\$84; total, \$1,113, and the amount of \$1,113 will be added therefor, making the account as follows: Contract price, \$39,420; total additions, \$1,113; amount of contract, \$40,533.

Upon December 21 the Mayor approved a contract with Andy's Service

Station for furnishing approximately 16,000 gallons gasoline to be delivered into the automobiles of the Boston Traffic Commission at the filling station as required, during 1937, at the posted service station price per gallon at the time of delivery, minus a differential of 3.5 cents per gallon, less a cash discount of 3 per cent for payment in ten days. The posted service station price per gallon on the day of the opening of the bids was 12 cents per gallon, exclusive of all Federal and State taxes. Therefore, the net price per gallon of the gasoline on the day of the opening of the bids was 8.245 cents per gallon, exclusive of all Federal and State taxes. The approximate amount of the contract as:

Approximately 16,000 gallons gasoline at 8.245 cents per gallon, \$1,319.20; State tax at 3 cents per gallon, \$480. Total, \$1,799.20.

Bids, opened December 15, were as follows:

Location of Filling Station.—The Texas Company, Massachusetts avenue and Southampton street; Socony-Vacuum Oil Company, Incorporated, corner Broadway and Albany street; Alfred J. Plunkett, 848 Massachusetts avenue, Roxbury; Andy's Service Station, corner Massachusetts avenue and Southampton street.

Minus the Following Differential Per Gallon from the Posted Service Station Price.—Alfred J. Plunkett, 3 cents; Andy's Service Station, 3.5 cents.

Cash Discount, Ten Days.—Andy's Service Station, 3 per cent.

Posted Service Station Price Per Gallon on December 15, 1936.—The Texas Company, 10.3 cents; Socony-Vacuum Oil Company, Incorporated, 12 cents, posted dealer station price; Alfred J. Plunkett, 12 cents; Andy's Service Station, 12 cents.

Trade Name of Gasoline.—The Texas Company, Texaco Fire Chief; Socony-Vacuum Oil Company, Incorporated, Mobilgas; Alfred J. Plunkett, Essolene; Andy's Service Station, Cities Service Koolmotor.

Maximum Price, Exclusive of All Discounts, Per Gallon.—Alfred J. Plunkett, 3 cents below posted price; Andy's Service Station, 12 cents.

* Contract awarded.

Upon December 22 the Mayor approved a contract with the Studebaker Sales Company for furnishing eight Studebaker sedans for the Fire Department.

The Fire Department requisitioned for Studebaker sedans. Notices of the advertisement for bids on these Studebaker sedans were mailed to thirteen Studebaker agencies, and only one bid was received.

As the Studebaker Sales Company of New England, the only bidder, are the direct agents of the manufacturers, no advantage would be gained by readvertising.

Bids, opened December 21, were as follows:

Item 1, 2 1937 Studebaker Dictator Cruising Four-Door Sedans, Each.—Studebaker Sales Company of New England, \$976.10; total, \$1,952.20.

Item 2, 6 1937 Studebaker Dictator Two-Door St. Regis Cruising Sedans, Each.—Studebaker Sales Company of New England, \$949.10; total, \$5,694.60.

Total Amount of Studebakers.—Studebaker Sales Company of New England, \$7,646.80.

Excise Tax.—Studebaker Sales Company of New England, Item 1, each, \$22.38; total, \$44.76; Item 2, each, \$21.71; total, \$130.26.

Amount of Studebakers Less Excise Tax.—Studebaker Sales Company of New England, \$7,471.78.

Less Allowance on the Following Cars to be Traded In.—Studebaker Sales Company of New England, 039 1929 Buick sedan, \$25; 040 1929 Buick sedan, \$25; 083 1925 Buick roadster, \$10; 084 1925 Buick roadster, \$10; 080 1924 Buick roadster, \$10; 079 1924 Buick roadster, \$10; 097 1926 Buick roadster, \$10; 087 1925 Buick roadster, \$10; total allowance, \$110.

Amount of Studebakers Less Excise Tax and Turn-Ins.—Studebaker Sales Company of New England, \$7,361.78.

Net Price of Studebakers Less Excise Tax, Turn-Ins and Cash Discount.—Studebaker Sales Company of New England, \$7,361.78.

Upon December 22 the Mayor approved a contract with the United States Rubber Products, Incorporated, for furnishing 300 rubber fire coats to be delivered to the Fire Department, as required, during 1937. Bids were opened December 9. The approximate amount of the contract was \$1,262. Bids were as follows:

Approximately 300 Rubber Fire Coats, 292 Size 34 to 46, 8 Size 48, Each.—Archer Rubber Company, \$4.20, sizes 34 to 46, plus 25 cents extra each size starting with size 48; total, \$1,262; cash discount, ten days, 2 per cent; United States Rubber Products, Incorporated, \$4.20, sizes 34 to 46; \$4.45, size 48; \$4.65, size 50; \$4.70, size 52; total, \$1,262; cash discount ten days, 2 per cent.

Upon December 22 the Mayor approved a contract with firms as indicated for furnishing flour (bread and pastry) for the various city departments, as required, from January 1, 1937, to March 31, 1937. Awards were made as follows:

To Washburn-Crosby Company, Incorporated, the lowest bidder, approximately 1,345 barrels "King Wheat" bread flour at \$6.99 per barrel, \$9,401.55; 2 per cent, ten days. To American Flour Company, Incorporated, the lowest bidder, approximately 135 barrels pastry flour at \$6.16 per barrel, \$831.60; 1 per cent, ten days.

Bids, opened December 18, were as follows:

Approximate Amounts on All Items. Prices Exclusive of All Taxes. Prices F. O. B. Destination.

Bread Flour, 520 Barrels Long Island Hospital, 300 Barrels Deer Island, 100 Barrels Sanatorium Division, 325 Barrels Boston City Hospital, 100 Barrels Suffolk County Jail, Per Barrel.—Washburn-Crosby Company, Incorporated, \$6.99; King Wheat; total, \$9,401.55; 2 per cent; on acceptance by December 21, 1936, \$9,213.52; Jacob Thurman, \$7.25, Sentinel; total, \$9,751.25; \$7.20, Cream Loaf; total, \$9,684; \$7.15, Falstaff, 12.2 protein, .48 ash; total, \$9,616.75; subject to acceptance by 10 a. m., December 19, 1936; American Flour Company, Incorporated, \$6.97, Big Baker; total, \$9,374.65; 1 per cent; Empire Milling Company, Minnesota, total, \$9,280.91; prices subject to acceptance by 12 noon December 19, 1936.

Pastry Flour, 52 Barrels Long Island Hospital, 25 Barrels Deer Island, 13 Barrels Sanatorium Division, 45 Barrels Boston City Hospital, Per Barrel.—Jacob Thurman, \$6.45, White Rose; total, \$870.75; American Flour Company, Incorporated, \$6.16*; total, \$831.60.

Cash Discount, Ten Days.—Washburn-Crosby Company, Incorporated, 2 per cent; American Flour Company, Incorporated, 1 per cent.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms and contractors for supplies, labor, etc. Communications from the heads of the several departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, December 15, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract

without publicly advertising for same, to the Packard Motor Car Company of Boston, 1089 Commonwealth avenue, Boston, to deliver to the Fire Department the following:

One Packard No. 120 touring sedan, equipped with six wheels, Group 2 equipment, radio, heater and defroster, at a delivered price of sedan, \$1,302; extra wheels, \$60; radio, \$59.50; heater, \$19.75; defroster, \$6.75; special painting, \$10; lettering, \$25—\$1,483; less excise tax, \$23.55—\$1,459.45; less allowance on Model 41, 1929 Buick sedan, Serial No. 038, \$50; net amount of the contract, \$1,409.45.

The Fire Department requisitioned for a Packard touring sedan, and as the Packard Motor Car Company of Boston are the agents of the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

BOSTON, December 18, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Linscott Sales and Service Company, 870 Commonwealth avenue, Boston, to deliver to the Public Works Department the following:

One Model 120, 8-cylinder, Packard sedan, five-passenger, completely equipped with Group 2 equipment, heater, windshield defroster, delivered at a price of sedan, \$1,302; heater, \$19.75; defroster, \$6.75—\$1,328.50; less excise tax, \$23.55—\$1,304.95; less allowance on 1932 Hupmobile sedan to be traded in, \$225; net amount of contract, \$1,079.95.

The Public Works Department requisitioned for a Packard sedan, and as the Linscott Sales and Service Company are the agents of the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

W. P. A. SUPPLY DEPARTMENT.

BOSTON, December 21, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to award a contract, without advertising, to the F. C. Henderson Company, for the rental of 865 sewing machines now in use at the Sewing Project of the Public Welfare Department, at the Army Base, Boston.

These machines have been in use for a long period of time, on a rental-purchase basis, the rent being \$2 per machine monthly.

Inasmuch as the rental price quoted for these machines is the lowest obtainable and the equipment has proven satisfactory, I believe that the best interests of the city would be served by making this contract without publicly advertising for same.

The rental period for this contract will be from January 1, 1937, to June 30, 1937.

The total amount of the contract will be \$10,354.74.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
JAMES G. REARDON,
THOMAS H. GREEN,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

McSWEENEY NOT FOR WHITE FUND MANAGER.

On December 18 Mayor Mansfield issued the following statement:

An article in a morning paper to the effect that former Police Commissioner McSweeney was to be appointed manager of the George Robert White Fund is absolutely without foundation of fact, and many of the statements contained in that article are erroneous.

The Mayor was of the opinion that under the terms of the will the fund had to be managed by city officials and, upon the termination of General Logan's contract as manager, the question was submitted by the trustees to Corporation Counsel Foley for an opinion. He sustained the Mayor's view. Since that time Public Buildings Commissioner Roswell Gleason Hall has acted as manager and the fund is being administered by city officials in accordance with the terms of the will.

The statement in the article that a number of pieces of property were vacant and returning no revenue, and that the trustees thought a Bostonian with wide contacts could remedy the situation, is pure "moonshine." The trustees are entirely satisfied with the management of the fund.

TUNNEL TOLL RATES

APPROVED.

The Mayor has approved the following from the Public Works Department:

BOSTON, December 21, 1936.

To the Honorable Mayor.

Attention is respectfully called to the fact that the approval of the Department of Public Utilities for the schedule of tolls and charges for use of the Sumner Vehicular Traffic Tunnel between Boston Proper and East Boston for a six months' period beginning June 23, 1936, expires December 23, 1936.

I respectfully recommend that the approval of said department be received for another six months' period.

A copy of the order from the Department of Public Utilities, dated June 22, 1936, is attached for your Honor's information.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

THE COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF PUBLIC UTILITIES,
June 22, 1936.

(D. P. U. 4835.)

Approval of Schedule of Tolls and Charges for the Use of Vehicular Tunnel between Boston Proper and East Boston, known as Sumner Tunnel.

After consideration of the schedule of tolls and charges hereinafter set forth, it is

Ordered, That under the provisions of section 9 of chapter 297 of the Acts of 1929, as most recently amended by section 2 of chapter 455 of the Acts of 1935, the approval of the department be, and hereby is, given to a schedule of tolls and charges for the use of the vehicular tunnel between Boston Proper and East Boston, known as Sumner Tunnel, established by the Public Works Department of the City of Boston, for the term of six (6) months beginning on June 23, 1936, as follows:

SUMNER TUNNEL—SCHEDULE OF TOLLS AND CHARGES OPERATIVE DURING THE TERM OF SIX MONTHS BEGINNING JUNE 23, 1936.

SINGLE TRIP TUNNEL TOLL RATES.

A. Passenger car.....	\$0 15
B. Tractor without trailer.....	15
C. Trailer not in excess of 2 tons capacity.....	15
D. Trailer over 2 tons up to 5 tons capacity.....	25
E. Trailer over 5 tons up to 10 tons capacity.....	35
F. Trailer over 10 tons up to 15 tons capacity.....	1 00
G. Trailer in excess of 15 tons capacity.....	1 25
H. Trucks not in excess of 2 tons capacity.....	15
I. Trucks over 2 tons up to 5 tons capacity.....	25
J. Trucks over 5 tons up to 10 tons capacity.....	35
K. Trucks over 10 tons up to 15 tons capacity.....	1 00

V. Bus.....	1 50

By order of the Department.

ALLAN BROOKS,
Administrative Secretary.

[SEAL.]

Attest: A true copy.

ALLAN BROOKS,
Administrative Secretary.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claims:

Alice Goodwin, 24 Melbourne street, Dorchester, in the sum of \$50, as compensation for personal injuries caused by hole in street on Melbourne street, about fifteen feet north of Brent street, Dorchester, May 5, 1936.

Jane Walsh, 437 Shawmut avenue, Boston, in the sum of \$100, as compensation for personal injuries caused by defective sidewalk in front of 1630 Washington street, Boston, September 17, 1936.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO BLUEPRINTERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to make and deliver blueprints for year of 1937, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, signed by the bidder and left before 2 o'clock p. m. of Wednesday, December 30, 1936, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check for the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of January 7, 1937, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(Dec. 26.) Superintendent of Construction.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

M. Solimando has been granted an extension of time until January 1 for the completion of the contract for constructing new control tower on roof of present tower, Administration Building, East Boston Airport.

PUBLIC WORKS DEPARTMENT.

Tuffo & Yehba, Incorporated, have been granted an extension of the time of completion of the contract for constructing White Oak road, from Wren street to Weld street, from December 15, 1936, to May 15, 1937. On account of freezing weather conditions, the contractor will be obliged to suspend operations until more favorable conditions prevail in the spring.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING TRUCKS FOR CARTAGE.

The Overseers of the Public Welfare of the City of Boston invite proposals for furnishing trucks according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids with a certified check for one hundred (100) dollars, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Monday, December 28, 1936, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of a bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

JAMES A. McMURRY,
(Dec. 19-26.) Chairman.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR LAUNDRY WORK.

The Overseers of the Public Welfare of the City of Boston invite proposals for laundry work (sheets and pillow cases, bedspreads and blankets) according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids with a certified check for two hundred (200) dollars, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Monday, December 28, 1936, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening of the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any or all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

JAMES A. McMURRY,
(Dec. 19-26.) Chairman.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, December 15, 1936.

Adjourned regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Peter A. Murray.

RECESS.

On motion of Coun. GALLAGHER the Council voted at 2.20 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 2.35 p. m.

RENTALS ILLEGALLY COLLECTED.

The following was received:

City of Boston,
Office of the Mayor, December 10, 1936.
To the City Council.

Gentlemen,—The order adopted by your Honorable Body on December 7, 1936, that the Law Department advise the City Council what steps have been taken in prosecution of persons illegally collecting rentals from city-owned property, has had my attention.

In reply I beg to say that a similar order was adopted by your Honorable Body on October 5, 1936, was forwarded to the Law Department for consideration and reply, and the reply of the Corporation Counsel was received in the Mayor's office on November 9, and transmitted to the City Council on November 10. That reply will be found in the minutes of the Proceedings of the City Council, of Monday, November 23, 1936.

I am informed by the Commissioner of Public Buildings that no other cases have come to his attention since the receipt of the letter from the Corporation Counsel.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

OLD AGE ASSISTANCE LAW.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1936.
To the City Council.

Gentlemen,—The order passed by your Honorable Body on December 7, 1936, ordering the Mayor to request the Welfare Board to comply with chapter 436, Acts of 1936, relative to the Old Age Assistance Law, has had my attention. In reply thereto I beg to say that I have conferred with the chairman of the Board of Overseers of Public Welfare, and am informed that the Board is complying with the law and intends to carry out the will of the Legislature.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

W. P. A. COAL ALLOTMENTS.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1936.
To the City Council.

Gentlemen,—In reference to the order adopted by your Honorable Body on December 7, 1936, that the Welfare Department be requested not to discontinue entirely coal allotments to those working on the W. P. A., I beg to say that the Welfare Department is still supplying coal to W. P. A. cases as usual, and that no change of policy in this regard is contemplated.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Coun. DOWD—Mr. President, I don't like to disagree with his Honor the Mayor on a statement like this. Nevertheless, I cannot well let what he has said go unanswered. We find this year that a man working for the W. P. A., getting something like \$12.19 a week, and a man getting \$13.75 a week, with five individuals in his family, is not getting coal, and sometimes he is obliged to pay out 20 cents a day for carfare. It is in the interest of that type of cases that I presented my order, because these people are not getting this help, and the Welfare Department will not give it to them. I simply call to the attention of the Mayor the fact that no family getting \$15 a week is receiving such aid in the matter of coal, regardless of what Mr. McMurtry tells the Mayor. I thought it only fair that the situation should be made clear.

The communication was placed on file.

DISCHARGES ON W. P. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1936.
To the City Council.

Gentlemen,—In reference to the order adopted by your Honorable Body on December 7, 1936,

requesting me to request the W. P. A. officials not to make any wholesale discharges of the men and women on W. P. A. projects, I beg to say that before this order was adopted I participated in a conference of the executive committee and trustees of the United States Conference of Mayors at Washington, D. C., where resolutions were adopted and a special cablegram sent to the President of the United States, in an effort to prevent discharges of W. P. A. workers.

No reply has as yet been received directly from the President, but your attention is called to a statement in the morning papers of this date, alleged to have been made by Harry L. Hopkins, to the effect that there will be no such wholesale discharges of workers.

I may add for your further information that at the regular meeting of the Conference, which was held in Washington in November, Harry L. Hopkins personally addressed the Mayors and informed them in direct language that W. P. A. aid would not be withdrawn, but that it would be continued indefinitely.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

SAVINGS BANK LIFE INSURANCE.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1936.
To the City Council.

Gentlemen,—The order adopted by your Honorable Body on November 16, 1936, providing that the Mayor of Boston should consider the advisability of conferring with the Directors of the Public Welfare relative to advising families on welfare, after a study has been made of each individual case, of the merits of Savings Bank Life Insurance, since it may mean a saving of from 25 per cent to 50 per cent has had my attention.

In reply I beg to say that this problem is one not likely to arise as the recipients of Public Welfare are persons who are unlikely to have sufficient funds to invest in insurance.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

CHARLESTOWN POOR'S FUND.

The following was received:

City of Boston,
Office of the Mayor, December 14, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Corporation Counsel relative to your order of October 19, 1936, concerning the administration of the Charlestown Poor's Fund.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, December 7, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office with which was submitted a copy of the following order passed by the City Council:

"Ordered, That his Honor the Mayor request the Corporation Counsel to take the proper legal steps to so amend the provisions of law under which the Charlestown Poor's Fund operate that the custody, management and disbursement will be placed in the hands of the City Treasurer and the practice of engaging a hired secretary-treasurer to the fund, be abolished."

You have requested my advice with reference to the proposal contained in said order.

It appears that certain bequests or donations were made from time to time prior to 1825 for the benefit of the poor of Charlestown. In 1825, by virtue of chapter 40 of the Acts of that year, a charitable corporation was established under the name of the Trustees of the Charlestown Poor's Fund for the purpose of managing the funds created by said bequests and donations and such other funds as might come into their hands for like purposes. Powers of management were vested in a Board of Trustees consisting of the two senior deacons of all regularly organized religious churches in the town of Charlestown and the selectmen of said town and their successors in the offices of selectmen and deacons. The corporation created by said chapter 40 has acted as trustee of the funds referred to in said act since its incorporation and only two changes have been attempted in its charter since said time. One provided for the removal of a restriction on the income which the corporation might receive (chapter 301 of the Acts of 1868) and the other provided, in connection with the annexation of the town of Charlestown to the City of Boston, that the members of the two branches of the City Council for the time being, residing in the then limits of Charlestown should, together with the senior deacons of the religious societies in said limits, constitute the Board of Trustees (section 12 of chapter 286 of the Acts of 1873).

It is my understanding that the member of the City Council residing in the Charlestown district of Boston, together with the two senior deacons of

the Protestant churches located in Charlestown now act as the Board of Trustees.

In opinion of the Justices to the Senate, 237 Mass. 613, the Justices of the Supreme Judicial Court said at pages 617 and 618:

"All the questions relate to religious societies and other charitable corporations. Of the several corporations mentioned in the bills accompanying the order, two, The First Church in Boston (House Nos. 1120 and 1243, St. 1828, c. 122) and The First Church in Roxbury (House No. 1152, St. 1824, c. 133), and perhaps others, were incorporated before March 11, 1831, the date of the passage of the first general law reserving to the General Court the right to amend, alter or repeal acts of incorporation. These, therefore, are within the protection of the principle of Dartmouth College v. Woodward, 4 Wheat. 518, to the effect that legislation impairing rights and privileges conferred by the charter of private eleemosynary corporations is invalid under the Constitution of the United States."

"Gifts to trustees or to eleemosynary corporations, accepted by them to be held upon trusts expressed in writing or necessarily implied from the nature of the transaction, constitute obligations which ought to be enforced and held sacred under the Constitution. It is not within the power of the Legislature to terminate a charitable trust, to change its administration on grounds of expediency, or to seek to control its disposition under the doctrine of *cy pres*. Cary Library v. Bliss, 151 Mass. 364. Crawford v. Nies, 224 Mass. 474, 488. Determination of the uses to which shall be devoted trust no longer susceptible of execution according to their foundation is a well recognized branch of chancery jurisdiction."

As the corporation now holding the so-called Charlestown Poor's Fund was established in 1825, and prior to the enactment of chapter 81 of the Acts of 1831, and as no right was reserved by the Commonwealth to affect its charter, it is my opinion that the Legislature cannot now either revoke the charter of said corporation, take away its powers of control of said fund, or essentially change the constitution of the Board of Trustees. It is, in my opinion, immaterial that the Legislature may be convinced that if it amends or revokes the charter it will improve the administration of the trust or eliminate actual abuses. The problems of trust administration are for the Court and not for the Legislature.

In view of the foregoing it is my opinion that no steps should be taken by this department to induce the Legislature to amend the charter of the trustees of the Charlestown Poor's Fund so as to place the custody, management and disbursement of said fund in the hands of the City Treasurer.

If the Board of Trustees is not acting properly in the administration of said trust, the matter may be called to the attention of the Court either by the Attorney-General or by a member of the Board. The city is not a beneficiary or trustee and has no legal standing to complain of the conduct of the Board. While the City Councilor from the Charlestown District is acting as a member of the Board, he does not, while so acting, act as a city official. (See Boston v. Doyle, 184 Mass. 381.)

Very truly yours,
HENRY E. FOLEY, Corporation Counsel.

Placed on file.

SCHOOL WARNING SIGNS, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, December 10, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Traffic Commissioner relative to your order of November 9, 1936, concerning the placing of school warning signs at West Eighth and F streets, South Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, December 9, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated November 9, 1936, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place school warning signs at West Eighth and F streets, South Boston, for the protection of children attending the Patrick Gavin School."

Orders have been issued to erect a "School Zone" sign in the northeast side of West Eighth street, South Boston, in accordance with the above Council order.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.
Vincenzo Carlise, for compensation for damage to truck by fire truck.

Patrick Connelley, for compensation for loss of clothing taken from locker at City Hospital.

Frances M. Cushing, for compensation for injuries caused by an alleged defect in Belvidere street.

Thomas Finn, for compensation for injuries caused by city truck.

N. Fiorentino, for refund on dog license.

John Gallagher, to be reimbursed for execution issued against him on account of his acts as employee of Public Works Department.

Charlotte Goldstein, for compensation for injuries and damage to property by city truck.

Beatrice Healy, for compensation for injuries caused by an alleged defect at 32 Oliver street.

Dennis Krokias, for compensation for injuries caused by city ambulance.

Robert McLaughlin, for compensation for damage to car caused by an alleged defect in Chelsea street.

Dr. M. H. Mirkin, for compensation for damage to car caused by an alleged defect at McLean street and Chambers street.

Annie Morrison, for compensation for damage to car by fire wagon.

N. Paciotti, for compensation for damage to car caused by an alleged defect in Dana avenue, Hyde Park.

Barney Rubin, for compensation for injuries and damage to car by city truck.

Ernest L. Worster, to be reimbursed for execution issued against him on account of his acts as police officer.

Thomas J. Holmes, for compensation for damage to car by city truck.

Clyde E. Strickland, for compensation for damage to property at 206 Stratford street, caused by backing up of sewage.

Executive.

Petition of Elizabeth A. Quigley to be paid an annuity on account of death of her husband, Edward M. Quigley, a member of the Fire Department.

COMMITTEE ON JITNEY LICENSES.

Petition of the Boston Elevated Railway for license to operate motor vehicles between junction of Broad street and Atlantic avenue and junction of East First street and P street, over Atlantic avenue, Summer street, L street, East Fourth street and/or East First street, P street; together with, and including, a loop over East Second street, Farragut road and East First street.

CONSTABLE'S BOND.

The constable's bond of Louis Levendorf, having been duly approved by the City Treasurer, was received and approved.

ELECTRIC LIGHT BULB CONTRACT.

The following was received:

Boston, December 11, 1936.

To the Honorable the City Council.

Gentlemen,—The Finance Commission has received a copy of an order adopted by the City Council on December 7, 1936, reading as follows: "Ordered, That the Boston Finance Commission be requested to furnish the Council with all the facts relative to the bids and award of the contract to furnish the city with electric light bulbs."

In reply the commission has authorized me to send to you the inclosed copy of a report which was sent to Mayor Mansfield on December 8.

Yours very truly,

ROBERT E. CUNNIFF, Secretary.

City of Boston,

Finance Commission, December 8, 1936.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Honorable Sir,—The Finance Commission desires to place before you the following facts in regard to an effort now being made by the Supply Department to find an excuse to give an award of a city contract to a favored bidder. Twice before the commission has reported on similar efforts by the Supply Department to favor this dealer at the expense of a competitor.

In 1935 when the contract for the annual supply of lamps for city departments was awarded, the then Superintendent of Supplies arbitrarily decided that the lowest bidder was not in business sufficiently long to warrant an award to him of a contract that might run to \$6,000 worth of purchases.

This decision deprived a firm of reputable financial standing of a contract which had been fairly won in advertised competition. This firm had filed with its bid the required certified check guaranteeing its good faith and was prepared to furnish a bond that would protect the city against failure to carry out the terms of the contract.

The contract in question was awarded to the New England Electrical Supply Company, Barney Victor, proprietor, a concern which was not the lowest bidder and had only recently begun to obtain city contracts. It was pointed out by the Finance Commission at the time that this award would necessitate the payment of approximately \$1,800 more for the year's supply than the lower bidder offered.

On July 10, 1936, bids were opened for a new year's supply. Marshall & Co., a local reputable dealer, was the lowest bidder. During the ensuing months the Supply Department made extensive effort to find basis for disqualification of Marshall & Co., even to the extent of consulting the Purchasing Agent of Milwaukee, Wisconsin, in regard to the quality of the lamp offered by the lowest bidder. The lowest bidder offered a lamp that had been tested and approved by the National Bureau of Standards and by the Electrical Testing Laboratories, Inc., of New York, the two leading laboratories on electrical equipment.

On August 21, 1936, no award having been made on the July 10 bids, the Finance Commission called your attention to the situation in a formal report. The commission pointed out that the School Committee annually made contract for lamps to run from January 1 to January 1. Your contract was to run from August 1 to August 1.

The commission recommended that you make award of the city contract to the lowest bidder, Marshall & Co., and that the contract run only to December 31. In the meantime, the commission recommended that the Supply Department be instructed to make arrangements for the purchases of lamps for all city departments and combine with the School Department in its requirements so as to obtain the lowest possible price.

In a letter in the *City Record*, dated October 7, the Superintendent of Supplies gave notice that he had accepted the Finance Commission recommendation in part. He extended the contract of the New England Electrical Supply Company for an additional six months, which the commission did not recommend. He promised, however, to make joint award with the School Department on a new contract to be awarded after competitive bidding to run from January 1 to January 1. He said "I believe the arrangement will result in a saving to the city of approximately \$1,000."

Later the Business Manager of the School Committee, Alexander Sullivan, and the Supply Department advertised for bids on agreed specifications to be opened November 23. This contract would require the furnishing of lamps to the amount of approximately \$20,000. Three days before the bids were to be opened, the prospective bidders received a supplementary notice from the Supply Department to the effect that the Superintendent of Supplies reserved the right to divide his purchases in two and make separate awards. That was in violation of the agreement made with the Business Agent of the School Committee and with the Supply Department's previous announcement.

When the bids were opened it was found that both Marshall & Co. and the New England Electrical Supply Company had lowered their prices, but that again Marshall & Co. were the lowest bidder for the whole contract. Again, however, the Supply Department began efforts to have Marshall & Co.'s bid thrown out. In these efforts the Superintendent of Supplies attempted to obtain from the General Electric Company, the manufacturer of a lamp offered by Marshall & Co., a letter stating that that company would refuse to give Marshall & Co. its supply. This letter was refused on the terms stated. Other bidders claim they have received notice from the manufacturer of the lamps offered by the New England Electrical Supply Company that that firm cannot deliver the lamps offered at the stipulated price.

The Business Agent of the School Committee, Alexander Sullivan, has had conference with the Superintendent of Supplies and the Corporation Counsel, and has informed both that he believes award to the New England Electrical Supply Company would not be keeping faith with the bidders. He informed them that in his opinion Marshall & Co. complied with all requirements and offered the lowest price and were, therefore, entitled to the contract.

In view of all these facts, the Finance Commission believes that to protect the city's good name, the Superintendent of Supplies should be instructed to make award to the lowest bidder.

Respectfully submitted,

E. MARK SULLIVAN, Chairman,

PHILIP A. CHAPMAN,

ROBERT ROBINSON,

JAMES E. MAQUIRE,

JOSEPH A. SCOLPNETTI,

The Finance Commission.

REORGANIZATION OF CITY DEPARTMENTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and ordinance (referred from Committee on Ordinances December 7) re consolidation of city departments—that same ought not to pass.

The report was accepted and the question came on the rejection of the ordinance.

Coun. WILSON—Mr. President, I am not particularly insistent on reading the report which I have personally prepared setting forth the objections to this particular ordinance unless the members so desire; but, in justice to myself and other members of the Council who are not against the consolidation but who are against this particular set-up, I desire personally to be placed on record. However, I have no objection to giving this to the stenographer to place in the record, instead of reading it.

Coun. NORTON—Mr. President, I think we are entitled to have this paper read here.

Coun. WILSON—Mr. President, we again have before us the proposed new city ordinance, drafted by the Law Department to embody the 1935 recommendations of the Mayor's special committee of three professors from M. I. T., concerning a reorganization of "the engineering departments" of the city government. There has been a great deal of discussion as to the merits of the proposed plan; and considerable commendation by a number of proponents for the plan, including newspaper editorial writers who not only have no experience whatever in city affairs, but who have not so much as read the proposed ordinance. I am not interested in controversies between the Mayor and the Finance Commission, except in feeling that the November 21, 1936, report of the Finance Commission has proved much more constructively helpful than other messages to us on the subject. I am not impressed by the logic of the Mayor's reply of December 2, 1936, in which he states that "the letter of the Finance Commission does not disclose that any experts in municipal government were consulted by them"; that "the full extent of the study made by the Finance Commission, according to its report, was a careful reading of the report of the committee which recommended the consolidation, a discussion of the report, examination of the proposed ordinance, and interviews with many familiar with the work of city departments" which "falls far short of a thorough and intensive study by experts in municipal government such as composed the committee which recommended the consolidation." While the judgment of the Finance Commission has never been infallible, yet I feel that in the present instance the Finance Commission is better qualified to express an opinion than most of the proponents of the plan who have warmly advocated its adoption. The Finance Commission has at least read the committee report, and examined the ordinance itself. Also, it may be said that the Finance Commission has not relied on a reading of some written essay by a department head as to his personal conception of the functions of his department, but instead has supplemented its annual experience of closely following all budget hearings by interviews with those "familiar with the work of city departments."

It also occurs to me that at least three members of the present Finance Commission have themselves been in the service of the city as department heads,—one of them as Corporation Counsel. I also have a very high regard for the ability of the three members of the Mayor's committee, each in his own profession; but I do not agree that the gentlemen are "experts in municipal government" or that their study was "thorough and intensive." Professor Breed, possessing undoubted qualifications as a professor and civil engineer, has done some work as a consulting engineer in city planning for the Canadian National Railway. Professor Norton, who was formerly head of the Physics Department at M. I. T., we are told has been a consultant on Boston building construction and building laws. Colonel Eddy stated his own qualifications to be chiefly along administration lines in army work. He frankly admitted that the three gentlemen never had any experience in erecting the framework of a city government; none of them ever prepared a similar report for consolidation, on a scale similar to or even smaller than the one they now propose for Boston; none of them ever had any practical experience in city government; no department in City Hall was so much as visited by any member of the committee; and no present or past department head was personally consulted or even interviewed at any time. The sole contact with any department head, past or present, was the reading of a short written report by each head as to the functions of his department submitted in response to a general inquiry from the Mayor. The value of even such a remote contact obviously depends both on the experience and ability of the department head who made such written

reply, and the official's literary skill in adequately setting forth his conception of the functions of his department, in composition form. Colonel Eddy expressed a conviction, "based on army experience which long ago recognized the fact that a man can deal with about five men," that "no man living is capable of dealing with more than four or five subordinates," and therefore "the fewer men the Mayor has to deal with the better." He felt that if the work of the Public Works Department and Street Laying-Out Department did not duplicate, it certainly overlapped. He made it clear that he shared the popular misconception that the Board of Street Commissioners, instead of merely accepting and laying out the lines for new streets, with the fixing of assessments and damages, also actually constructs streets. Although Colonel Eddy stated the present plan was based on cities of comparable size in the country, he was unable to recollect whether any city had a framework similar to our own in Boston, where the legislative branch of the government is unable to pass any measure over the veto of the Mayor, even unanimously. With no explanation why such improvements cannot now be made effective even in the existing departments, both Colonel Eddy and Mr. Loeffler of the Municipal Research Bureau, urged that the proposed consolidation would save money (1) by having regular city employees do the work additional temporary employees are called upon to do and (2) by having city employees do work that contractors in many cases now do. Neither gentlemen could even estimate roughly the amount of the proposed saving; nor even following the "thorough and intensive study" made, could they even roughly estimate the present number of temporary employees in the nine city departments concerned. On the second point, to my knowledge for some ten years, members of the Council have repeatedly protested the continued spoilsman use of contractors by one Mayor after another to do work and render city service which might better be done by city employees, irrespective of any consolidation of a few departments. No consolidation of these, or any other departments, will end the custom of favored contractors being given city work on a political plum basis, unless or until a Chief Executive of the city insists on entering the office without entangling alliances and free of political debts. The special committee was admittedly unaware that city employees can now be transferred from one department to another, without loss of civil service rights, and not aware that a job could be abolished, or a civil service employee let go, without the approval of the City Council. Colonel Eddy expressed the self-evident truth that it is "impossible to get efficient or economical service where you have four or five different people trying to do the same thing, regardless of anyone else," but was unable to point out one concrete example of such duplication in the existing set-up. He felt his plan would facilitate any needed transfer of men from one department to another, although of course over 2,600 of the 3,800 odd employees to be affected by the consolidation are already in some one of the four divisions of the Public Works Department. Not only did Colonel Eddy admit that "you don't need consolidation to carry out the no-hiring policy," but the Budget Commissioner assured the Council that the policy has already been adopted of not filling vacancies caused through deaths, retirements, resignations or promotions. As to the real extent of this no-hiring policy, the Mayor for some reason has consistently refused to furnish the Council any information, despite an order passed by the Council on June 29, September 1, and November 9, respectively asking for a complete list of city employees who had died or been retired or promoted during 1934, 1935 and 1936, giving in each instance the name of the employee, position held, amount of annual pay, and whether his position has been filled. In fact, the general attitude toward the City Council, relating to its action on the proposed ordinance, has been that the Council should just formally ratify the report of the Mayor's special committee, without asking too many questions, or raising any doubt whether the report is the result of really expert study. I have not always agreed with the Finance Commission, but I do agree with such of their recent conclusions as the following: "Such support as has been given outside City Hall to this proposal must have been based solely on the theory that any ordinance which accomplishes a consolidation of several existing departments will be a benefit to the city. Obviously, such a theory cannot be sound. An ill-advised grouping of departments . . . will defeat rather than help attain the desires of those who seek more efficiency in municipal administration at less cost . . . The commission is opposed to this particular consolidation because in its members it will not promote economy and it will multiply inefficiency. . . . Not more than 10 per cent of its activities will be engineering. . . . It still leaves engineering scattered into many divisions, which is another name for departments . . . It centralizes a lot of power in administration in another superofficial . . . and . . . does not provide a good grouping of municipal functions." If I remember correctly, only one of the gentlemen who appeared before the Council in support of the plan had so much as read the proposed ordinance. None of them had ever been in the active service of this

or any other city government. But they came to express their "interest in a matter which looks to the concentration of authority in a few hands," and a quite logical conviction that "in the long run efficiency means economy." I agree with that general statement of fact. The real test still remains whether this particular consolidation even substantially affects the benefits claimed for it. I do not believe there is any mysterious magic in the mere word "consolidation." I have no quarrel with the three gentlemen who signed the report. I would not venture even to dispute with them on civil engineering or physics. But I have given some study to municipal government, supplemented by an apprenticeship of nine years in the City Council. When I was elected to this body, it was on the understanding that I was to retain the right to exercise my independent judgment. Merely because the real issues here are distorted by some editorial writer, either due to misinformation, or orders from the boss, doesn't change the situation. I still don't believe the present report is based on adequate expert study. I agree with Colonel Eddy's own statement that "it is not advisable to disturb existing functions unless you can see a real gain in so doing." In their original report dated May 16, 1935, the Mayor's committee included, in the proposed consolidation, the Traffic Commission, which thereafter the Law Department decided must be left out. What departments are now included? To use Mr. Loeffler's descriptive words: The Public Works Department with 2,623 employees on June 1, 1935, is "the giant" in the whole set-up together with "two fair-sized departments" (Park and Public Buildings) and "six tiny ones" (Building, Street Laying-Out, Transit, Wire Division of Fire Department, Weights and Measures and Market). The four divisions of the Public Works Department, already under a single head, as of June 1, 1935, comprise over two thirds of the 3,861 employees affected by the proposed consolidation and eleven thirteenths of the annual current expense. The number of employees in each of the affected departments in 1933, as disclosed by City Document No. 91, of 1935, compared with the number of employees in the same departments as of June 1, 1935, as reported in the January 27, 1936, Bulletin of the Municipal Research Bureau, supports the contention that of course a no-hiring policy in no way is dependent on the proposed consolidation of departments. There already appears to have been almost a 12 per cent reduction in personnel in the nine departments in about two years.

	1933.	1935.
Public Works Department	2,896	2,623
Park Department	821	739
Public Buildings Department	190	177
Building Department	107	96
Street Laying-Out Department	103	92
Transit Department	183	66
Fire Department Wire Division	41	42
Weights and Measures Department	20	20
Market Department	7	6
	4,368	3,861

One other point concerns the terms of chapter 152 of the Acts of 1936, the provisions of which are aimed to assure city employees that the proposed consolidation cannot mean any loss of jobs. Of course, the statute does no more than cover the technical requirement in the formation of the proposed new department that all present employees in the nine departments shall retain their civil service ratings. In other words, it merely provides that the existing arrangement whereby an individual city employee on transfer from one department to another does not forfeit his civil service rights, shall properly be applicable to the suggested consolidation of nine departments into the proposed new department. But in no way does this statute possess any miraculous power to guarantee any man's job; if his services are no longer needed in the new department he can be dropped just as promptly as from the old department,—the only "protection" being the usual "protection," namely, that for a definite period of years no other man can be appointed to his old position with his old rating, over his objection. That is all that the new statute, which was enacted in March of this year, does do or should do,—and it should not be represented as doing one bit more than that. I am not against the principle of consolidation. One may question whether the city needs all three Transit Commissioners, at an annual cost of \$24,000, or all three Street Commissioners, costing \$19,000 per year. There is much in the city that can stand improvement. I see no logical reason for continued separation of the Public Welfare and Soldiers' Relief Departments. There is merit to the suggestion that the Park Department should take over, with its other custodian duties, the complete control of all municipal buildings. But I think there should be more than a thread on which to string several departments, and I don't agree that the mere joining of two or three departments automatically means either efficiency or economy. Finally, I do not agree that any theoretical study of some city where the acts,

and even the appointments, of the Mayor are subject to some real measure of control by a Council, or Board of Aldermen, or both, is conclusive in considering what is best for Boston, where the control of every city function is already so highly concentrated in the Mayor's office. I can readily appreciate the recent demand in New York City for consolidating into one city building department, the five separate building departments of five separate city boroughs. But that still doesn't prove that in Boston, the Sealer of Weights and Measures should be in the same combination with the Park Department, or that the Superintendent of Markets has much in common with the Wire Division of the Fire Department, so far as their joint consolidation in a new engineering department is concerned. For the reasons given, and not because I am against economy or efficiency or a proper consolidation of departments, I shall again vote against the present proposed ordinance. I do so after some study, and for what I believe to be the best interests of the city, its taxpayers and employees.

Coun. SHATTUCK—Mr. President, this measure has been before us on several previous occasions and has been subject to debate. I have heard no new reasons brought forward which would cause me to change my opinion. I have in the past voted for the ordinance and on this occasion I shall vote against the report that it ought not to pass. One of the criticisms most frequently made is that the economies that would be brought about have not been proved. I do not believe in a matter of this kind that one can prove economies in dollars and cents, so as to show exactly what they would be. But I do know something from experience concerning the consolidation which took place in the state departments at the State House in 1919. At that time sixty or more different departments were consolidated into twenty departments under the provisions of the amendment to the State Constitution. When that was done, I think there was no very specific proof of what the saving would be, but the fact is that there were savings, as shown by experience. The fact is that, with an increased volume of work from year to year, after the consolidation took place there was not a corresponding increase in the number of employees required to do that work. In fact, in some of the departments the vacancies were not filled and a greater amount of work was actually done with fewer people. I do not recall that anyone was disconnected from the service other than by death or resignation. But in the course of years—and I was up there for ten years after that and knew something about it, because I was on the Ways and Means Committee during the entire period,—we did find that more work was done with fewer employees than would have been done without the consolidation. The only new argument that I believe has been brought up at this time is that we might, with further study, bring in some substitute measure, and I understand it is proposed that there shall be a committee of the Council to consider that. I rather doubt that a committee of the Council, without the assistance of an appropriation and expert help, can give the time required for a detailed study which would lead to the drawing of a satisfactory ordinance. I do not desire to duck the question by voting against this measure and then turning the matter over to a committee that will probably after a few hearings come forth with practically nothing. I shall, therefore, vote against this report "Ought not to pass."

Coun. ROBERTS—Mr. President, I did not intend to speak on this matter but, having voiced some of my opinions in the Executive Committee, I would simply like at this time to call the attention of the Council to the fact that there will be in the incoming Legislature several very vicious attempts, which will be claimed to be on behalf of the people, to place on the City of Boston and other cities of this Commonwealth the so-called \$25 tax limitation, and the question of whether we in this body, on behalf of the City of Boston, are capable of accomplishing any economies at all will certainly be an issue before the Legislature. We must bear in mind the fact that recently, in the Boston wards that were called upon to vote on the limitation idea, there was a vote of three to one in favor of it. That shows the strong desire for economy on the part of our people. If we take no favorable action on this plan at this time, turn it down, attention will be called in the Legislature to the fact that we in Boston can do nothing to solve our problem, and the solution therefor will be taken out of our hands. I have here before me an itemized breaking down of the \$38 tax rate. It must be obvious to anyone that, with a reduction of the tax rate in the City of Boston to \$25 per thousand, a sales tax or some method of raising more money must be adopted, because otherwise important branches of our municipal service must be curtailed, with a wholesale discharge of a great many people. It is true that there are probably some defects in this proposed ordinance which would later have to be ironed out. But we should bear in mind that we will have to do something in the future to economize and to reduce our tax rate, having in mind the intense desire shown for economy in the agitation and the vote upon the \$25 tax limitation. There probably are defects in this plan, things that would later have to be corrected. Perhaps the Wire Division should not be treated as proposed.

But that is a very small matter, and that and other possible defects could be corrected later. It is evident, however, having in mind the temper of the people as shown by their recent vote on the tax limitation matter, that something looking to economy should be carried out, and possible defects can be considered and dealt with in the future. Therefore, I shall vote against the proposed action rejecting this ordinance.

Coun. NORTON—Mr. President, I am sure that the Council would welcome a reorganization plan—which, perhaps, we might wish would be somewhat different than the plan that has been presented. However, that is neither here nor there. Talking with members of the Council I know they believe in a consolidation, although they do not agree with some of the details of this plan. As I look at it every plan has defects, but, in spite of the defects there may be in this proposed plan, I am of the opinion, with the councilor from the Back Bay (Coun. Shattuck), that something should be done to relieve the crushing load which is slowly destroying our city. The colleague from Dorchester (Coun. Wilson) points out the fact that none of this committee can be considered experts in dealing with this question. That can probably be said, in a sense, of any committee that has dealt with a problem of this kind in any city of America. Practically every consolidation plan that has been suggested anywhere has involved questions where there was doubt and where the exact problems involved have not before been dealt with. That is so in questions that have concerned Federal, state and municipal governments. It is true that ordinarily on matters of this sort, involving consolidation, the opinions of the local city government and of local men have been sought, rather than the opinions of men who have been going all about the country considering various problems. Here we have three members of a committee appointed from the Massachusetts Institute of Technology to do this work. Colonel Eddy, I understand, spoke about Professor Breed going to Canada and having something to do with some municipal organization in Canada, tied up with the Canadian National Railways. Another member of the committee is familiar with materials and construction, and Colonel Eddy has had largely to do with questions of army organization. However, today these members have presented a report which, I believe, is 80 per cent accurate and correct. I believe it would be impossible to get a report of this nature without having some serious questions raised in the Council regarding certain phases of it. However, I believe the thing should be started at this time and minor changes that may be necessary can be considered later. The plan means, in my estimation, that the City of Boston will save money, that the unbearable load of taxation in this city will be reduced. We are more highly taxed than any city of the kind in the entire world. Here is a constructive effort by those who have made the consolidation study, which should not be lightly rejected. The members of the Council heard what was said by the secretary of the Municipal Research Bureau, who stated that this set-up is similar to that in other cities in the same category as Boston, and that in other places consolidations along a similar line have worked out satisfactorily. There is no reason in the world why that building across the street should pay more in taxes than any corresponding building in any city with half a million or more population in the entire world. As long as that sort of thing persists in Boston we will lose business and our people will continue to walk the streets unemployed, until we become the most down-at-the-heel city in America. Therefore, I am in favor of this plan, with a corollary, under an amendment which I would be glad to offer, that the Mayor come in and work with the Council for some form of consolidation that will meet with the views of the Council and the Mayor himself. I am convinced, however, that it is advisable, in some form, to have a consolidation plan. The fact that we have three or four departments dealing with that street in front of City Hall shows the importance of dealing with the present situation.

Coun. BRACKMAN—Mr. President, I have taken the attitude on this measure from the very start that it is a step in the right direction. We have here a city government that was established many years ago. We have been going along with what we may call an archaic system. There can be no question in the minds of anybody having to do with the city departments, for example, that at the present time any citizen having business to do with them has to run about from one to another, making very slow progress. Certainly, something should be done to simplify matters and to facilitate the city's business in the interests of the general public. It has been stated that there are defects in this proposed ordinance. There is no question about it. There are defects in any plan that may be instituted, defects that may very well be ironed out, but it has been evident to all of us for years that something should be done to relieve the pressure on the home owner and the rent payer. Of course, nobody wishes to see employees discharged, and I understand that the economies that this proposed reorganization points to have no reference to the discharge of employees, I am, therefore, going to vote consistently on this measure, against the committee's report.

Coun. DOWD—Mr. President, in my opinion there is not a member of the Council who does not

believe in economy, who does not believe in efficiency, who does not believe that there should be some plan of consolidation. But the very serious objections to the plan before us for action have been very clearly pointed out by the councilor from Dorchester (Coun. Wilson). I have not yet come to the point in my life where I am willing to agree that these engineers and professors from Technology have all the brains in the world. I am still of the opinion that there are a few practical men in this city and state, men, for example, familiar with the workings of our different departments, whose opinions should be sought in this matter as being worthy of consideration and as having great weight. Neither the Mayor nor any other individual can tell me that three men can sit around in their offices without consulting a single department head personally, without putting a foot into one of the departments, and draw up intelligently such a drastic reorganization plan as we have before us today. With a well thought-out plan for reorganization, though worked out after consultation with men who have had experience with our city departments and who are in a position to know what should be done, I believe we would all absolutely agree. But we all know that we have a peculiar situation in the City of Boston, that our state enters into the government of the city to such an extent that unusual questions are presented here, questions that might not be so important in the ordinary city. We know that even the Mayor who is supposed to have so much power in our city government, is very much hampered. I think the first step should be taken by the Legislature to return to the Mayor of Boston the rights that should be his, because after all the Mayor of Boston is only responsible, I believe, for 46 cents out of every dollar that comes into the city treasury. I believe that he should be held directly responsible for the 100 cents of the dollar. So far as any efficiency that may be obtained by a reorganization in our departments, I know every member of the Council favors, as I do, efficiency in our departments. But let me ask you one question—Is there not a happy medium somewhere? While objection is made to having a number of small departments, I wonder what would happen if you had one gigantic head of all the departments. Perhaps no member of the city government would even be allowed to see him, and the public would not get the service that it gets now. When we are told about economy, saving money, if the plan presented really resulted in a large saving, without interfering with the services performed by the city and without discharging employees, there is not a member here who would not agree with it. But under this far-fetched plan the only amount saved is a paltry \$10,000 or \$12,000, which in the final analysis would not mean anything in the tax rate of Boston. The Mayor found out when he came into office how little the ideas of some of these men meant when it really came to saving in the tax rate, that even a discharge of 400 or 500 individuals would not save an amount of money to the taxpayers that would mean anything in the tax rate. Personally, I believe that members of the city government who have been around here for years would have valuable ideas in regard to what should be done in all the departments, that the opinions of heads of departments, now and in the past, might well be of great value, and that the advice of many men in this city, engineers and otherwise, who have had more or less contact with our city affairs, might well be asked. That is something that has not been done by the gentlemen who have drawn up this plan. Like other members of the body, I am for consolidation to a certain extent, where it will not affect a single employee. It is all right for Mayor Mansfield to say that not one man or woman will be discharged if this consolidation goes through. But Mayor Mansfield is not to be the Mayor of Boston forever. We are going to have a new Mayor come in, and we don't know who he may be or what attitude he may take. He would have the power to discharge 300, 400 or 500 employees, if he chose—although God forbid!—and we all know how serious that situation might be. I do not wish by my vote to help in that possible result. For that reason I am going to vote against this proposed consolidation.

Coun. PETER J. FITZGERALD—Mr. President, one of the best statements I have heard upon this matter is that read by the member from Ward 17 (Coun. Wilson), but I cannot let the opportunity go by of referring to the evident fact that the proponents of this consolidation seem to be rather irritated because the majority of the members of your Committee on Ordinances are a bit old-fashioned and have used a little common sense. It is sometimes well to have our feet on the ground. We once had a President of the United States who as Governor of Massachusetts when he wanted to get the real opinion of the people used to sit in the shop of a shoemaker in Northampton and obtain his reaction to certain public questions, and who said that many times the wisdom that he gleaned from his shoemaker friend was a guiding light on some of the biggest questions that ever confronted him. I am a graduate of the old-fashioned school, and frankly I am surprised when I find a committee of three men brought in to pass upon this question who state that they have not visited any of the departments, that they have been guided in their report by letters from department heads and by department reports, and who admit that they have not even talked personally with the heads of the departments. Being a little

old-fashioned, I feel that if the problem had been presented to me I would at least have gone into the departments and would have given some thought to their workings before coming into this body with a report that I expected to be considered seriously. Every member of this Council is sincere in his desire to save money for the taxpayers. He wants to make a real saving, not a fanciful, hypothetical, possible saving. The gentleman from the Back Bay (Coun. Shattuck) with whom I had the honor to serve in the Legislature talks about the state departments being cut down to twenty. That was true, but he did not tell you of the sixty or seventy divisions that have been created within those departments, each of the division heads receiving a very fine salary. He did not tell you, either, that some of those departments were self-sustaining or created with the intention of their being self-sustaining. In the City of Boston we do want a really efficient measure that will save the taxpayers' money. As the councilor from Dorchester (Coun. Wilson) said, why not call in, when you are passing judgment on a matter of this kind, men who have spent their lives in the service of the departments and of the city, men who are perhaps now retired but who have had an opportunity for many years to arrive at a well-seasoned and valuable judgment in regard to the conduct of the work of the city, men who could furnish really practical information, with a strong foundation of common sense, from which a conclusion could be arrived at that would be of real benefit to the taxpayers. No editorials in the newspapers, Mr. President, can scare me. I have not found a newspaper that has presented the facts in this matter in a fair fashion. Some one once said that a newspaper has great power in molding the public viewpoint, the viewpoint of the man in the street. But if a newspaper is to have influence on public opinion, it must be fair, not like the writer who misrepresented the words I uttered the other day in regard to throwing this measure out the window. I doubt if the man who wrote that editorial ever read the proposed ordinance. I doubt if he ever attended a hearing on the matter or knew the facts. He is a member of the *Herald* staff. I might suggest something that that paper might do this year. It would be a very nice thing for those running the paper to take the \$15,000 salary that is being paid to a banking official in Boston and distribute it among its employees. I am for the taxpayer every moment while I am a member of this body. I realize that next year I may face re-election, and when I face my constituents I want them to know that I did what was expected of me, that I made an intelligent perusal of all legislation coming before us, subjecting it to close scrutiny in the light of my better judgment, and that I voted honestly and conscientiously in opposing this proposed consolidation.

Coun. McGRATH—Mr. President, this proposed ordinance, or any ordinance looking to such a reorganization, may well affect city employees, and I am going to offer an order that a committee selected by the employees be represented on any body or committee that may later consider this question of reorganization. It is a matter that affects them and they should be represented.

The Council voted to reject the ordinance. Coun. Shattuck doubted the vote and asked for a rising vote.

Coun. ROBERTS—Mr. President, I ask for a roll call.

President FITZGERALD—The question comes on rejection of the ordinance. Those in favor of rejection of the ordinance will, when the roll is called, answer, "Yes," those in favor of the ordinance will answer "No."

The ordinance was rejected, yeas 17, nays 4:

Yeas—Coun. Agnew, Doherty, Dowd, Finley, John I. Fitzgerald, Peter J. Fitzgerald, Gallagher, Gleason, Kerrigan, Kilroy, McGrath, Mellen, George A. Murray, Rosenberg, Selvitella, Tobin, Wilson—17.

Nays—Coun. Brackman, Norton, Roberts, Shattuck—4.

ANOTHER CONSOLIDATION PLAN.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of having the group of experts who drew up the consolidation plan, draw up another plan, and while doing so consult with his Honor the Mayor and a committee of City Council members.

Coun. NORTON—Mr. President, I believe all the members of this body are interested in consolidation of some kind or another. I don't believe any member of the body wants to see Boston in the worst condition of any city of America. I believe there are certain consolidations that members of the body will agree to if a little tact is exercised by the Mayor, and if we have an investigation of the subject in which consulting experts work and cooperate with the members of this body.

The order was passed under suspension of the rule.

INVESTIGATION OF CITY DEPARTMENT REORGANIZATION.

Coun. DOWD and Coun. WILSON offered the following:

Ordered, That the President of the City Council

appoint a committee of seven members to cause a suitable investigation to be made and to report with reference to possible steps for the consolidation of such city departments as will reasonably assure increased efficiency in the city service and appropriate economies in the operation of the city's business.

Coun. WILSON—Mr. President, speaking upon that order I venture to suggest that if the Mayor complies with the splendid suggestion which has been made by Councilor Shattuck, that the Mayor present to the Council the annual budget for 1937 promptly at the outset of the year, such a committee as is provided for by this order, when appointed by the President of the Council, can start off its work splendidly by attending the hearings on the budget. Then we might insist that every department head appear personally prepared not only to answer questions on the 1937 budget at the outset of the year, but also prepared to answer questions with reference to this proposed consolidation of departments.

The order was passed under suspension of the rule.

Later in the session President FITZGERALD announced the following as members of the committee:

Coun. Gallagher, Dowd, Shattuck, Wilson, Kerrigan, Peter J. Fitzgerald, Selvitella.

DAY FOR CHRISTMAS SHOPPING.

Coun. DOWD offered the following:
Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to give all employees of that institution one day off for Christmas shopping.

Passed under suspension of the rule.

REDUCTION OF TELEPHONE RATES.

Coun. McGRATH offered the following:
Resolved, That the members of the Boston City Council go on record as favoring the reduction of the present telephone rates, and that copies of this and similar orders and resolutions pertaining to telephone rates be forwarded to the president of the New England Telephone Company.

Coun. McGRATH—Mr. President, I note in the papers that telephone rates on long distance calls have been reduced \$12,000,000 all over the country, due to the agitation there has been on this matter, and this order proposes to reduce the local telephone rates. I would like to have introduced into the records newspaper statements in regard to this matter.

(Following are the newspaper articles referred to by Coun. McGrath:

From the Boston Daily Record of December 10, 1936:

"Drastic Phone Cut on January 15.

"Washington, Dec. 9 (I. N. S.).—New interstate telephone rate schedules to produce the \$12,000,000 rate reduction to become effective January 15 next, on the 'long lines' of A. T. & T. were announced today by the Federal Communications Commission.

"The commission said that because 'of the overall magnitude of the proposed reduction, practically every rate on this widespread system will be revised.'

"This reduction is in addition to the two previous rate cuts aggregating another \$10,000,000, which have been made on the A. T. & T. system since the commencement of the commission's pending telephone investigation.

"In general, at distances of 90 miles the reduction will become 10 cents, increasing to 15 cents at 150 miles, to 20 cents at 174 miles, and to 25 cents at 354 miles. At 462 miles, the reduction becomes 30 cents; at 570 miles it will be 35 cents, and so on up to 3,000 miles, where it will amount to \$1.25.

"Using New York as a basing point, this will mean that reductions in long-distance telephones, on a station-to-station basis, will occur as follows:

"Philadelphia, 5 cents; Providence, 15 cents; Boston, 20 cents; Washington, 20 cents; Pittsburgh, 20 cents; Detroit, 25 cents; Chicago, 30 cents; Atlanta, 30 cents; Minneapolis, 60 cents; Kansas City, 50 cents; Dallas, 50 cents; Denver, 75 cents; Los Angeles, \$1; San Francisco, \$1.

"Night and Sunday station-to-station rates will also receive material reductions, as will both day and night (and Sunday) person-to-person rates."

From Boston Evening American of Wednesday, December 9, 1936:

"Phone Rates Cut on Long Distance January 15.

"Reductions in long-distance calls, in line with the intended nationwide \$12,000,000 rate decrease, will become effective in Boston January 15, according to an announcement today by the Federal Communications Commission.

"This reduction, it was stated, is in addition to the two previous rate cuts made on the American Telephone and Telegraph system since the beginning of the commission's pending telephone investigation.

"The reductions are made according to distances. "At 90 miles, the reduction will become 10 cents, increasing to 15 cents at 150 miles, to 20 cents at 174 miles and to 25 cents at 354 miles.

"At 462 miles the reduction becomes 30 cents, and so on up to 3,000 miles, where it will amount to \$1.25.

"Persons phoning from Boston on a day station-to-station basis will enjoy the following reductions:

"New York, 20 cents; Providence, 5 cents; Baltimore, 25 cents; Philadelphia, 20 cents; Portland, 15 cents; Washington, D. C., 25 cents.

"Night and Sunday station-to-station rates will also receive material reductions, as will both night and day and Sunday person-to-person rates."

The order was passed under suspension of the rule.

THE NEXT MEETING.

The Council voted, on motion of Coun. FINLEY, that when it adjourn it be to meet on Monday, December 28, at 2 p. m.

NEW BUILDING, BOSTON SANATORIUM.

Coun. PETER J. FITZGERALD offered the following:

Ordered, That his Honor the Mayor include in the 1937 budget the sum of \$25,000 for the construction of a new building at the Boston Sanatorium, to be used for an admitting ward for those afflicted with tuberculosis.

Coun. PETER J. FITZGERALD—Mr. President, at the present time there is no admitting room for those afflicted with tuberculosis at the Boston Sanatorium, with the result that those coming there in the last stages of tuberculosis are in contact with those in the first stages. There should be a building provided to be used as an admitting ward where those coming to the Sanatorium may be placed for study of their cases by physicians.

The order was passed under suspension of the rule.

ENGROSSING OF RESOLUTIONS RE DEATH OF MR. BALDWIN.

Coun. GEORGE A. MURRAY and Coun. KERRIGAN offered the following:

Ordered, That the City Clerk be directed to have suitably engrossed the resolution adopted by the City Council on the death of John E. Baldwin; the expense to be charged to the Reserve Fund.

Passed under suspension of the rule.

FACTORY OF RAND & BYAM SOAP GREASE COMPANY.

Coun. MELLEN offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to investigate and report back to the City Council within one week, the unhealthy and obnoxious conditions surrounding the factory of the Rand & Byam Soap Grease Company, which company has been rendering grease and manufacturing soap at this location for over one hundred years.

Passed under suspension of the rule.

BUILDING AT BUNKER HILL AND BALDWIN STREETS.

Coun. MELLEN offered the following:

Ordered, That the Building Commissioner and the Fire Commissioner be instructed by his Honor the Mayor to make an inspection of the vacant building at the corner of Bunker Hill street and Baldwin street, and report back to the City Council within one week the condition of this building.

Passed under suspension of the rule.

MANAGEMENT OF CHARLESTOWN POOR'S FUND.

Coun. MELLEN offered the following:

Ordered, That the Attorney-General be requested, through his Honor the Mayor, to investigate the management of the Charlestown Poor's Fund, and if he finds it advisable, take the necessary steps at law to remove the funds from the present board of trustees.

Coun. MELLEN—Mr. President, I see by the communication from the Mayor that it would be necessary to take legal steps to transfer the management of the Charlestown Poor's Fund from the present trustees. I trust that this order will be deemed no reflection on the present trustees, with the exception of one. For purposes of the record I wish to say this.

The order was passed under suspension of the rule.

ADDITIONAL GROCERY ORDERS FOR CHRISTMAS.

Coun. MELLEN offered the following:

Ordered, That the Board of Overseers of the Public Welfare Department be instructed by his

Honor the Mayor to issue an additional five-dollar grocery order to every recipient of welfare next week to enable them to buy a suitable Christmas dinner.

Coun. MELLEN—Mr. President, I have often wondered where the Overseers obtained the information upon which they founded their diet schedule. I certainly cannot understand how people can exist on the scanty allowance furnished by the Board of Overseers. I know every member of the Council agrees with me that they would like to have at least one day in the year when the recipients had a suitable dinner. For that reason I offer this order.

The order was passed under suspension of the rule.

APPROPRIATION FOR SOCIAL LAW LIBRARY.

Coun. TOBIN offered the following:

Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars for the maintenance and enlargement of said library, said sum to be charged to the appropriation for County of Suffolk, Social Law Library.

Passed under suspension of the rule.

BABY CLINIC IN MEETING HOUSE HILL.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor request the Health Commissioner to consider the advisability of establishing a baby clinic in the Meeting House Hill section of Dorchester.

Passed under suspension of the rule.

RECREATION BUILDING FRANKLIN FIELD.

Coun. ROSENBERG offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in the 1937 budget for his department a sum sufficient to cover plans for the erection of a recreation building on Franklin Field and that further efforts be made to secure the approval of the same either as a W. P. A. project or otherwise.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

President FITZGERALD called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor December 7, 1936, of Gerald F. Hughes and Walter G. Shuttleworth, Jr., to be Weighers of Coal; and Joseph Lordon, to be a Weigher of Goods.

2. Action on appointment submitted by the Mayor December 7, 1936, of Israel Cooper, to be a Constable authorized to serve civil process.

The question came on confirmation. Committee, Coun. Rosenberg and Doherty. Whole number of ballots 17, yeas 15, nays 2, and the appointments were confirmed.

Adjourned, at 3.40 p. m., on motion of Coun. GALLAGHER, to meet on Monday, December 28, 1936, at 2 p. m.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.
